Roseta - from the Ashes

The land is torn by a war that has waged on for centuries between three races of Adepts that each have their own unique elemental abilities and enhanced physical prowess. The battle thirsty Truyn Captain, known as Isaac the Reaper, longs for a formidable match and he may just find one in the mysterious and silver eyed warrior from the Arcain race. He was once an outcast, due to his differences from the rest of his kind, but now all know him as the undefeated Silver Fang. The war, that has waged on for centuries, could be reaching its tipping point when these two titans clash.

Rosetta

The scandalous Australian woman who enchanted British society Headstrong and beautiful, in 1905 Rosetta escaped her safe Melbourne life, deserting her respectable husband and five-year-old daughter to run away with Zeno the Magnificent, a half-Chinese fortune teller and seducer of souls. The pair reinvented themselves in London, where they beguiled European society and risked everything for a life of glamour and desire. Rosetta said she was American; Zeno claimed to be a brilliant Japanese professor. Together they attracted the patronage of famous writers, inventors and scientists, lords and ladies, dukes and duchesses. Empress Eugenie, the widow of Napoleon III, and Princess Charlotte, sister of Germany's last Kaiser, were among their greatest devotees. Rosetta revelled in a life few women of her time would have dared to embrace, yet all the while she hid her secret shame- the daughter she had left behind. This is the compelling story of Alexandra Joel's quest to uncover the truth about her scandalous great-grandmother, and the shocking century-old secret she would discover at the heart of her family.

Black Rose-The Final Thirteen: the Ultimate Twist

Red rose, Blue rose, mines I give you black, I give to the world what you cant give me back. I am positive; I walk this road a dead man. My footprints lie silently behind me, but thus they follow. I kiss you slowly as I dig your grave. Mercy, no mercy, no man can save. lies deceit, betrayal all because I loved I loved a woman who his behind a mask of unclaimed sickness when she knew it was her fault. Her life, your life is now at a half. I marked a vendetta, mark vengeance to their soul; I die, we die, I refuse to die alone. Venom, disaster, evil pierced through my vein as I sweetly embed my rose as ashes to your grave. A gift for you my dearly beloved, a kiss for you and every minute youll love it. 1 rose, 2 rose 3, 4

and give enjoy every moment because youre truly living to die. 6, 7, 8, 9, 10 if you thought I loved you, think, think again. 11, 12, at last 13 Welcome to the 13th black rose find out what it means.

HOUSE OF JAGUAR

Chopper pilot and Vietnam war hero Joe Murphy finds himself in the middle of the brutal Guatemalan revolution when he witnesses an attack on a Mayan village by the Guatemalan Army and its CIA "advisors". Badly injured, he escapes on a nightmare trek through the jungle, hunted by the Army, the CIA, and death squads. Healed by guerrilla doctor Dona Villalobos, he falls in love with her and tries to save her from the revolution's widening horror of insanity, tragedy, and death. She convinces him to return to San Francisco to reveal this hidden war to the US media, but the CIA hunts him down there, killing everyone he turns to. He returns to Guatemala to find Dona and to face the war in the jungle and the death squads. Based on the author's own experiences as the only foreign war correspondent left alive in Guatemala when over 150 journalists had been killed by death squads, *Night of the Dead* is "a riveting thriller of murder, politics, and lies" -- London Broadcasting

When love means more to you than your own life... Everyone believes Duardo died on Vistaria, when the Insurrectos rampaged through the country. Minnie's heart tells her otherwise. She risks everything to steal onto the war-torn island with the help of an unexpected ally. Minnie is arrested and imprisoned as an enemy spy. The Insurrectos' infamous intelligence officer, Zalaya, will stop at nothing to extract everything Minnie knows about the Loyalists. Can Minnie escape? Even if she does, how will she find Duardo? The biggest question of them all--could Duardo have survived, after all? Get your copy now of the second book in the Vistaria Has Fallen romantic suspense series reviewers are calling "original", "compelling" and "a rollercoaster ride." 1.0: Vistaria Has Fallen 2.0: Prisoner of War 3.0: Hostage Crisis 4.0: Freedom Fighters 5.0: Casualties of War 6.0: V-Day [Reader Note: This series was previously published as erotic romance titles in the Vistaria Affair series. The best...I've read in quite a while. I literally could not put it down. Tracy Cooper-Posey creates a masterful suspense that will haunt you and linger in your thoughts. This is an author on the rise! THIS WAS FABULOUS...yes, in shouty caps. I couldn't read it fast enough. What a RIDE! When you run the gamut of emotions while reading a book (including tears at one point), you know it's good. Fantastically written romantic suspense that will draw you in completely. Complex, hard-hitting, with gutsy characters so real you'll want to meet them in person. High adrenaline action-packed read that doesn't quit. I love when an author can keep you turning the pages furiously and trying to read ahead. Everything from love, passion, and friendship to terror, fear and tragedy. It has everything -- action, suspense, surprises, romance! I could really see the scenes unfolding on a screen. ___ Tracy Cooper-Posey is a #1 Best Selling Author. She writes romantic suspense,

historical, paranormal and science fiction romance. She has published over 90 novels since 1999, been nominated for five CAPAs including Favorite Author, and won the Emma Darcy Award. She turned to indie publishing in 2011. Her indie titles have been nominated four times for Book Of The Year. Tracy won the award in 2012, and a SFR Galaxy Award in 2016 for "Most Intriguing Philosophical/Social Science Questions in Galaxybuilding" She has been a national magazine editor and for a decade she taught romance writing at MacEwan University. She is addicted to Irish Breakfast tea and chocolate, sometimes taken together. In her spare time she enjoys history, Sherlock Holmes, science fiction and ignoring her treadmill. An Australian Canadian, she lives in Edmonton, Canada with her husband, a former professional wrestler, where she moved in 1996 after meeting him on-line.

Housed in the former 16th-century convent of Santo Domingo church, now the Regional Museum of Oaxaca, Mexico, is an important collection of textiles representing the area's indigenous cultures. The collection includes a wealth of exquisitely made traditional weavings, many that are now considered rare. The *Unbroken Thread: Conserving the Textile Traditions of Oaxaca* details a joint project of the Getty Conservation Institute and the National Institute of Anthropology and History (INAH) of Mexico to conserve the collection and to document current use of textile traditions in daily life and ceremony. The book contains 145 color photographs of the valuable textiles in the collection, as well as images of local weavers and project participants at work. Subjects include anthropological research, ancient and present-day weaving techniques, analyses of natural dyestuffs, and discussions of the ethical and practical considerations involved in working in Latin America to conserve the materials and practices of living cultures.

The Western Greats Anthology - Zane Grey Edition

Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled "Historical Painting Techniques, Materials, and Studio Practice" at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

The Unbroken Thread

This unique book shares the knowledge and experience of experts and scientists who apply high-quality findings and input from their research to issues concerning the management of water resources and their quality in Baltic countries including Poland, Lithuania, Latvia, Germany and Russia. It summarizes the latest results of several systematic investigations, and assesses the occurrence and quality of surface and underground waters within the Baltic countries to help decision-makers plan for sustainable development. The book addresses a range of water resources management issues, especially those that are relevant to the water quality in these Baltic countries. It presents cutting-edge information and findings that can be effectively used to solve a variety of problems in integrated water resources management. Accordingly, it will be of interest to graduate students, researchers, water scientists, professionals, experts and practitioners working in water resources management.

Grey's novels – however denigrated by critics as empurpled froths of 'virgins, villains and varmints' – were only part of the allure that fixed his name in the hearts of millions of Americans. Zane Grey was a self-made model of rugged rural virtue overimbued with what the critic Heywood Brown acidly called "the sanity, the strength and the wholesomeness" of his novels; a teetotaler opposed to the "jiggle and toddle and wiggle" of jazz-age dancing; and a staunch champion of clean outdoor living and hard work

and righteous, simple codes of conduct. — The New York Times This selection specially chosen by the literary critic August Nemo, contains the following stories: Amber's Mirage The Ranger Don: The Story Of A Lion Dog The Wolf Tracker Lure of the River A Missouri Schoolmarm Monty Price's Nightingale

Big Book of Best Short Stories: Volume 3

The space between life and death is a moment. But it will remain alive in me for hundreds of thousands of future moments. One phone call. That's all it took to change Stephanie Wittels Wachs' life forever.. Her younger brother Harris, a star in the comedy world known for his work on shows like Parks and Recreation, had died of a heroin overdose. How do you make sense of such a tragic end to a life of so much hilarious brilliance? In beautiful, unsentimental, and surprisingly funny prose, Stephanie Wittels Wachs alternates between her brother's struggle with addiction, which she learned about three days before her wedding, and the first year after his death, in all its emotional devastation. This compelling portrait of a comedic genius and a profound exploration of the love between siblings is A Year of Magical Thinking for a new generation of readers. A heartbreaking but hopeful memoir of addiction, grief, and family, Everything is Horrible and Wonderful will make you laugh, cry, and wonder if that possum on the fence is really your brother's spirit animal.

Journal of the Franklin Institute

This book comprehensively describes social responsibility and sustainable development, with contributions from scientists and representatives from industry working in the field. The papers are innovative, cross-cutting and many share practice-based experiences, some of which may be replicable elsewhere. Prepared by the Inter-University Sustainable Development Research Programme (IUSDRP) and the World Sustainable Development Research and Transfer Centre (WSD-RTC), it reiterates the current need to promote social responsibility. Social responsibility and sustainable development are two different concepts, whose integration over the years has led to significant advances in the way enterprises see and perceive their operations. It is not only about policies or steps taken to meet legal requirements, but is also about social equality and environmental accountability, also bearing in mind the links with eco-efficiency, innovation, and the health and wellbeing of workers. According to ISO 26000, social responsibility is the responsibility of an organisation for the impacts of its decisions and activities on society and the environment, through transparent and ethical behaviour that: a) contributes to sustainable development, including health and the welfare of society b) takes into account the expectations of stakeholders c) is in compliance with applicable law and consistent with international norms of behaviour d) is integrated throughout the organisation and practised in its relationships. But even though the relations between social responsibility and sustainability are strong, it is still necessary to encourage organisations to adhere to, or at least follow the principles of sustainable development in their operations, giving something back to the community. As such, there is a need for a better understanding of how social responsibility is related to sustainable development, and of the identification of processes, methods and tools that may help the integration of these two important elements. There is also a real need to showcase successful examples of how to structure behaviour and institutional practice in line with the sustainability challenges we face today. Chapter [Reviewing the Stakeholder Value Creation Literature: Towards a Sustainability Approach] is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

The Franklin Journal, and American Mechanics' Magazine

After years of cowboying, Charles A. Siringo had settled down to store-keeping in Caldwell, Kansas, when a blind phrenologist, traveling through, took the measure of his "mule head" and told him that he was "cut out" for detective work. Thereupon, Siringo joined the Pinkerton National Detective Agency in 1886. A Cowboy Detective chronicles his twenty-two years as an undercover operative in wilder parts of the West, where he rode with the lawless, using more stratagems and guises than Sherlock Holmes to bring them to justice and escaping violent death more often than Dick Tracy. He survived the labor riots at Coeur d'Alene, Idaho, in 1892 (his testimony helped convict eighteen union leaders), hounded moonshiners in the Appalachians, and chased Butch Cassidy's Wild Bunch. Once described as "a small wiry man, cold and steady as a rock" and "born without fear," Charlie Siringo became a favorite of high-ups in the Pinkerton organization. Nevertheless, the Pinkertons, ever sensitive to criticism, went to court to block publication of Siringo's book. Frank Morn, in his introduction to this Bison Books edition, discusses the changes that resulted from two years of litigation. Finally published in 1912 without Pinkerton in the title or the text, A Cowboy Detective has Siringo working for the "Dickensen Detective Agency" and meeting up with the likes of "Tim Corn," whom every western buff will recognize. The deeper truth of Siringo's book remains. As J. Frank Dobie wrote, "His cowboys and gunmen were not of Hollywood and folklore. He was an honest reporter."

Best Short Stories Omnibus - Volume 1

In 1981, Plenum Press published a text entitled The Nature and Treatment of the Stress Response by Robert Rosenfeld, M. D. , and me. That text attempted to do what no other text from a major publisher had previously attempted, that is, to create a clinically practical guide for the treatment of excessive stress and its arousal-related syndromes-this to be captured between the same covers in combination with a detailed, clinically relevant pedagogy on the neurological and endocrinological foundations of the stress response itself. That volume has enjoyed considerable success having found markets among practicing professionals and clinical students as well. The fields of psychosomatic medicine, health psychology, behavioral medicine, and applied stress research have appreciably expanded their boundaries since the publication of the aforementioned volume. Although remarkably little of the clinical utility of that volume has been eroded with time, it was felt that an updated and more integrative clinical textbook needed to be offered to practicing clinicians and students within clinical rather than simply create a second edition of training programs. Therefore, was made to create a significantly revised the original volume, the decision and expanded volume that would cover many of the same topics as the original volume but would provide a primary emphasis on the treatment of excessive stress and that would employ an integrative phenomenological model to facilitate that end. This present volume entitled A Clinical Guide to the Treatment of the Human Stress Response is the result.

The Mining Almanack for ...

The Western, though a singularly American art form, is one of the great genres of world literature with a truly global readership. It is also durable despite being often unfairly maligned. Ever since James Fenimore Cooper transformed frontier yarns into a distinct literary form, the Western has followed two paths: one populist - what Time magazine famously billed 'the American Morality Play' - capable of taking many points of view, from red to redneck, but always populist, with a sentimental attachment to the misfit; the other literary - eschewing heroism, debunking with unsettling candour many of the

myths of the West. It can sometimes be difficult to draw a sure line between the two forms, but both are represented in this outstanding collection which includes stories by Rick Bass, Walter Van Tilburg Clark, Larry McMurtry, Mari Sandoz, Christopher Tilghman, and Mark Twain, among many others.

Big Book of Best Short Stories

Once upon a time we put The mad at the end of the village We enchained them Like wild beasts And beat them to death ... Once upon a time We built the Asylums And surrounded them with Tall walls Bighting wire And isolation Ted Volcin's poetry has always explored his inner life and feelings as he attempted to immerse himself in the struggles of those around him. In a debut collection of thoughtful poems, Volcin shares a profound, philosophical meditation about the meaning of madness across humanity and life itself while shining a light on the brutality surrounding the centuries-long isolation of mentally ill people from the rest of society. His poems offer a raw, candid look into life inside mental institutions where its occupants must endure unthinkable torture while precariously hanging on the edge of human darkness. Asylums is a volume of poetry that provides a lyrical glimpse into the lives of hundreds of the anonymous forgotten, neglected, and forsaken asylum heroes.
