St. Louis Rams

Get your football fanatic readers into the action. Inside the NFL uses chronological narratives to tell the beginnings of the Saint Louis Rams, relate the greatest and lowest moments of the team, introduce the best players and coaches, and share other fun facts that help round out Rams' history. Mini-biographies, sidebars, fun facts, fantastic quotes, and full-color, action-packed photographs will bring the NFL to your library.

St. Louis Rams

Code on page 2 provides access to weblinks, audio and video clips, slide show, activities, and quiz.

St. Louis Rams

The St. Louis Rams are among the most exciting and popular teams in the NFL. Join veteran NFL professional Rick Smith as he recounts the best tales of this terrific franchise.

Kurt Warner and the St. Louis Rams

Profiles the quarterback who sent the St. Louis Rams to the Super Bowl in 2000, and describes the eventful game between the Rams and the Tennessee Titans.

The Games That Changed the Game

Professional football in the last half century has been a sport marked by relentless innovation. For fans determined to keep up with the changes that have transformed the game, close examination of the coaching footage is a must. In The Games That Changed the Game, Ron Jaworski—pro football's #1 game-tape guru—breaks down the film from seven of the most momentous contests of the last

fifty years, giving readers a drive-by-drive, play-by-play guide to the evolutionary leaps that define the modern NFL. From Sid Gillman's development of the Vertical Stretch, which launched the era of wide-open passing offenses, to Bill Belichick's daring defensive game plan in Super Bowl XXXVI, which enabled his outgunned squad to upset the heavily favored St. Louis Rams and usher in the New England Patriots dynasty, the most cutting-edge concepts come alive again through the recollections of nearly seventy coaches and players. You'll never watch NFL football the same way again.

Placekicking in the NFL

NFL placekicking has an extensive history, from the early days of the dropkick, to the placekick, to kicking barefoot, to soccer style kicking. Each season, approximately 30 percent of all games in pro football are won by field goals. Field goals and extra points account for 20 percent of the league's yearly total points. This book discusses all aspects of NFL placekicking in historical perspective: the effectiveness of different kicking styles; the use of artificial turf and the development of domed stadiums as they relate to placekicking accuracy; individual kickers who helped to change the way a football is kicked; the mental aspects of the skill, so vital to a kicker's success; the development of the square-toe kicking shoe used by straight-on kickers to make better contact with the ball; changes in goal posts and the shape of the ball; and the fine points of centering, blocking and holding for the kicker.

Greatest Comebacks in Sports

Sports are unpredictable. They're wacky. They can be totally off-the-wall! This title highlights some of the most memorable tales and traditions from sports history and is brought to life with exciting detail. Informative sidebars offer even more stories. You can also find a glossary, additional resources, and more! This title is a must-read for any sports fan. Aligned to Common Core Standards and correlated to state standards. SportsZone is an imprint of ABDO Publishing Company.

The St. Louis Rams

Provides an overview of the history and key personalities associated with the team that joined the National Football League in 1937 as the Cleveland Rams, played in Los Angeles, before moving to St. Louis in 1995.

On Every Play Eleven Men Believed

"The eleven men who lined up on every play for the St. Louis Rams knew something the rest of the world did not. Something the fans thought would take a miracle. Something the sportscasters and odds-makers doubted. Something the other NFL teams, at least at the beginning of the season, considered impossible. But the players and coaches of the 1999-2000 St. Louis Rams shared one common mission: to win the Super Bowl. They showed up for work every day, they did their jobs and did them well. They believed in something almost no one else did. Themselves. They worked through adversity and trusted in their teammates to step up when it counted most. Week in and week out, the Rams executed their plan with workmanlike precision and an air of quiet confidence that made it seem as if they knew all along that this was where they'd end up. The St. Louis Rams were unlikely heroes. Nobody on this team set out to be a superstar. There was no one player trying to win the game by himself, for himself. Just eleven men, on every play, lining up on either side of the ball, ready to do their job. Which is why the 1999-2000 St. Louis Rams, like no other sports franchise in recent memory, displayed the power of a "team." Because when eleven men believe in themselves. Believe in each other. And believe the impossible is possible. The history can be rewritten. Old scores are settled. Dreams are made real. And a football team considered to be castoffs can become the champions of the world"--Jacket.

Super Bowl Champions: St. Louis Rams

Some of professional sports' most famous heroes wear football spikes and helmets. This series puts readers ages six and up into the action, acquainting them with the story and larger-than-life stars of every National Football League team ever to win the game's biggest prize—the Super Bowl trophy. Historical Dictionary of Football

Gridiron football or American football or just plain football is the most popular sport in the United States in the 21st century. Although attempts have been made to develop the sport outside North America, it is

still predominantly a North American sport with similar games (but significant rules differences) played in the United States and Canada. The Historical Dictionary of Football covers the history of American football through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 600 cross-referenced entries on both amateur (collegiate) and professional players, coaches, teams and executives from all eras. This book is an excellent access point for students, researchers, and anyone wanting to know more about the sport of football.

Cramer's Choice

Mike Cramer's first love was baseball cards. Before high school he had a mail-order trading card business. At age 30 he founded Pacific Trading Cards with money he made fishing crab in the Bering Sea. From 1980 to 2004, Pacific created more than 200 successful trading card products. In 2021, a Pacific Tom Brady rookie card sold for \$117,000. Pacific's cards remain some of the hobby's most sought-after and other companies still emulate their innovations. Cramer's memoir offers a behind-the-scenes look at the birth of a major card company, from one kid's overgrown collection to every hands-on facet of building a business with hundreds of employees producing cards for retail stores worldwide.

NFC West

Introduces the four teams that make up the National Football Conference West of the National Football League.

St. Louis Rams

Explores the history of the St. Louis Rams from its earliest days in 1937, the team's most notable coaches, players, where they play during the football season, and their years as Super Bowl Champions.

Kurt Warner

Led by quarterback Kurt Warner, the St. Louis Rams' dramatic 23 - 16 victory over the Tennessee Titans in Super Bowl XXXIV was the culmination of a dream season. The Rams high-octane offense simply overpowered opponents in the 1999 season, setting a league record for points scored. Warner, who was both the regular season and Super Bowl Most Valuable Player, is himself a remarkable story of a young man who would not give up on his football career until he was in the NFL. He has gone from an anonymous backup to Ram starter Trent Green, Kurt who?, to All-Pro icon, all in a period of less than five months. His is a story of absolute self-belief, though a quiet, self-assured confidence. No in-your-face arrogance with Kurt. At age 28, he has the Rams on top, and many would argue they will be there a while as long as he is their quarterback.

Beyond Xs and Os

Arguably the finest offensive line coach in the history of professional football, Jim Hanifan of the St. Louis Rams tells the story of his life in the NFL as he enters his final season.

NFL Today: St. Louis Rams

No professional sports league in America can match the popularity of the National Football League, and no books can match the drama and excitement of NFL Today! This hit series has been fully revised and updated to encapsulate the origins, stars, and unforgettable moments of all 32 NFL teams, from the pioneering Packers to the rising Texans. Brilliant photos capture all of the game's hard-hitting energy, while "Sideline Stories" and "Meet the Team" panels present fascinating anecdotes and introductions to all-time gridiron greats.

Celebrating the Super Bowl

A de facto American national holiday and phenomenon, the Super Bowl claims a spot as one of the most significant sporting events in the world and the most widely celebrated, feasted and feasting event of the year— with \$14+ billion at stake, commercials costing \$7 million for a 30-second spot, record-setting broadcast ratings, and 113+ million viewers. More avocados (105 million pounds) are consumed, and more beer is drunk (325 million gallons) on the single day of Superbowl Sunday. But there is much more at play than partying at our annual sports extravaganza, as this scholarly researched yet readable volume demonstrates: Here you will read a historical perspective that includes discussions of the meta-event's economics (stakeholders, host cities, advertising, gambling, and media), fandom, ratings, halftime entertainment, the roles of mythic spectacle and religion, football's sexist, militaristic language, gender issues like cheerleaders and sex trafficking, the Puppy Bowl, medical concerns like concussions and violence, tailgating and foodie ideas—all along with tidbits about your favorite team(s) and player(s). Touchdown!

The Cleveland Rams

In 2016 the Rams left St. Louis for Los Angeles--having departed L.A. for St. Louis in 1995--and caused much heartbreak among fans. NFL teams are notorious for decamping to more profitable markets and the Rams' history of opportunistic moves goes back to 1946, when they left Cleveland, their original hometown, where fans had cheered them to a championship a month earlier. The move to L.A. from Cleveland shocked the NFL and shook up its power structure. It also jolted the all-white league into reintegration, prepared the way for the Browns, and made the Rams the only NFL champs ever to have spent the following season in a different city. This is the story of how the Rams went from a home-grown Ohio team funded by local businessmen to the first major-league franchise on the West Coast, and how their departure jumpstarted a chain of events in Cleveland that continues to this day.

Top 10 Football Teams

NFL sensation Kurt Warner tells the incredible story of faith and perseverance that captured the hearts of millions and rocketed him from obscurity to become MVP and Super Bowl champion.

All Things Possible

The weekly source of African American political and entertainment news.

Praise for Way of the Trade + Online Video Course "Jea Yu's Way of the Trade offers serious traders a comprehensive and compelling approach to short-term trading. Jea writes in a reader-friendly style, connecting market realities with sound trading techniques and risk management strategies. If you are dedicated to succeeding in the trading world, Way of the Trade belongs on your bookshelf." Toni Turner, President, TrendStar Trading Group, Inc.; author of A Beginner's Guide to Day Trading Online and Invest to Win: Earn and Keep Profits in Bull and Bear Markets with the GainsMaster Approach "In his new book, Way of the Trade, Jea Yu does a great job explaining market truths and delivering the tools helpful for profitable trading. There is so much valuable information in this book, but the section on 'The 5 Laws of the Marketplace' alone is worth the price of this book. A must-read for the serious trader!" Bennett A. McDowell, President, TradersCoach.com, and author of The ART® of Trading, A Trader's Money Management System, and Survival Guide for Traders "Jea Yu's powerful new book offers a wide range of tools, strategies, and insights to help traders at all experience levels. Combining his unique market methodology with high-powered tape reading techniques, Yu's well-written narrative presents serious-minded readers with a detailed road map to short-term profits." Alan Farley, Editor/Publisher, Hard Right Edge "Jea is like the Kevin Smith of trading. His knowledge and historical perspective are rivaled only by his passion for the business. From X-Men comics to Bloomberg stock pickers, Jea takes you on a journey through the culture and mind of a Wall Street trader." Jeremy Frommer, CEO, Jerrick Ventures; former CEO of Carlin Financial Group; former Head of Global Prime Services, Royal Bank of Canada "Jea Yu's latest masterpiece, Way of the Trade, illuminates a path of trading success appropriate for new hopeful traders and veterans alike. Way of the Trade encapsulates the strategic wisdom of Sun Tzu with the modern street smarts of a market master. Skillful use of trading examples, along with lessons of individuals who beat seemingly impregnable odds, make Way of the Trade incredibly difficult to put down and impossible not to learn from." Robert Weinstein, TheStreet.com contributor, founder of Paid2Trade.com, and full-time trader

Way of the Trade

Who are the best quarterbacks in NFL history? How about running backs? Wide receivers? How can we objectively rate the performance of individual defensive players? And how can we make reasonable judgments about players at different positions and from different eras? Who is the greatest football player of all time? Jerry Rice? Lawrence Taylor? Jim Brown? Such are the questions pondered by pro football writer Steve Silverman late at night (and during the day). As statistician Elliott Kalb did with baseball, basketball, and golf, Silverman now takes the next step with Who's Better, Who's Best in Football?. Taking the analytical methods he developed over his years as a senior editor at Pro Football Weekly, he applies them to an evaluation of players going back to the earliest days of the NFL. The result is a fascinating ranking of the best of the gridiron, from legendary old-timers like Sammy Baugh to present-day superstars like Peyton Manning. Throughout, Silverman discusses the many considerations that must be made when comparing modern players with players of past eras and players at different positions. Including biographical essays on those top 75 players and detailed statistics for their playing careers, Who's Better, Who's Best in Football? is a must have for anyone who considers football to be more than just a game.

Black Enterprise

Presents the history of football, describes the rules of the game, and profiles notable players and coaches from the National Football League throughout history.

Who's Better, Who's Best in Football?

Provides brief histories, statistics, and player and coach profiles for every team in the NFL.

Learn about the key players, the highs and lows of their seasons, and the long team history of the St. Louis Rams that goes back to 1937.

History of the NFL 1933-2023

Doug Lennox, the all-pro of Q&A, tells us why a touchdown is worth six points, who first decided to pick up the ball and throw it, and how a childrens toy changed the sports biggest championship.

St. Louis Rams

The 1970 merger between the American Football League and the National Football League laid the foundation for a stronger brand of gridiron competition, providing a new level of excitement for fans. This book examines each year of the NFL's pivotal decade in detail, covering the great names, great rivalries and great games, as well as the key changes in both strategy and rules. Along the way, the author explains how pro football developed into a near-religious American tradition.
