The Wounds of Civil War

Politics and the Novel clarifies the role of revolutionary ideas in fiction, establishing the role of the political novel, and tracing the growth of this novel into the 20th century. Examples are drawn from such classics as Stendhal's *The Red and the Black*, Dostoevsky's *The Possessed*, Conrad's *The Secret Agent*, and Turgenev's *Fathers and Sons*. Howe examines how American novels failed to integrate ideology into their works, including DeForest's *Playing the Mischief*, Adams' *Democracy*, James' *The Bostonians*, and Hawthorne's *The Blithedale Romance*. He also discusses political fiction after World War II: Kundera's *Book of Laughter and Forgetting*, Naipaul's *Bend in the River*, and Solzhenitsyn's *The First Circle*, among others.

The Myth of the Phoenix According to Classical and Early Christian Traditions

Alexander the Great, according to Plutarch, carried on his campaigns a copy of the *Iliad*, kept alongside a dagger; on a more pronounced ideological level, ancient Romans looked to the *Aeneid* as an argument for imperialism. In this major reinterpretation of epic poetry beginning with Virgil, David Quint explores the political context and meanings of key works in Western literature. He divides the history of the genre into two political traditions: the Virgilian epics of conquest and empire that take the victors' side (the *Aeneid* itself, Camões's *Lusíadas*, Tasso's *Gerusalemme liberata*) and the countervailing epic of the defeated and of republican liberty (Lucan's *Pharsalia*, Ercilla's *Araucana*, and d'Aubigné's *Les tragiques*). These traditions produce opposing ideas of historical narrative: a linear, teleological narrative that belongs to the imperial conquerors, and an episodic and open-ended narrative identified with "romance," the story told of and by the defeated. Quint situates *Paradise Lost* and *Paradise Regained* within these rival traditions. He extends his political analysis to the scholarly revival of medieval epic in the late eighteenth and nineteenth centuries and to Sergei Eisenstein's epic film, *Alexander Nevsky*. Attending both to the topical contexts of individual poems and to the larger historical development of the epic genre, *Epic and Empire* provides new models for exploring the relationship between ideology and literary form.

Politics and the Novel

In the 300 hundred years following the translation of *The Arabian Nights* into French and English, a chain of editions, compilations, translations, and variations has circled the globe. Here scholars from across the world reassess the influence of the *Nights* in Enlightenment and Romantic literature and beyond.

Epic and Empire

Drawing on statistical techniques and samples this book offers an estimate of medieval production rates of manuscripts in the Latin West. Such information is a helpful production indicator for a period of which we have so little other quantitative data.

The Arabian Nights in Historical Context

This is a collection of poems by Aurelius Prudentius Clemens, a Christian author and poet who lived in the late 4th and early 5th centuries AD. A major literary figure in late antiquity, Prudentius wrote on a wide range of topics, including faith, morality, and history. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. Medieval Manuscript Production in the Latin West

A timeless study of the 'Experience of Death' by a thinker who was to die early in a German concentration camp. He writes with freshness and vitality rarely met with in works of philosophy. Also includes 'The Moral Problem of Suicide'. "The human race is the only one that knows it must die, and it knows this only through its experience." Voltaire About this Book: One of the great works of Twentieth Century Philosophy, its investigation and analysis of the "Experience of Death" is as important as that of Martin Heidegger in his 'Being and Time', though for many years unavailable and therefore underestimated. Paul-Louis Landsberg was part of the group embracing Sartre, Camus and de Beauvoir. Landsberg approaches his subject-matter from the Christian point-of-view as well as from that of a secular existentialist. He was himself a Christian yet he did not force this belief upon readers through his writing. This is a book that makes a deep impact upon anyone who dares to accompany the author on his dark yet exciting exploration of the ultimate 'end'. About the Author: Paul-Louis Landsberg was born in Bonn in 1901. Having completed his studies he went on to become Professor of Philosophy at the University of this City, however, due to his opposition to Nazism he fled Germany one day before the coming to power of Hitler in 1933. Between 1934 and 1936 he held lecturing positions in Madrid and Barcelona, where his thought exerted a great influence over his pupils and where it is still studied avidly to this day. However, with the coming of the Civil War in Spain Landsberg transferred to Paris where he gave courses at the Sorbonne on the meaning of existence, at which time he also became closely involved with the journal 'Esprit', where his thought was very influential. At this time he also became friends with the 'Personalist' philosopher Emmanuel Mounier, whose themes were similar to those studied in his own works. A friend of Max Scheler's, and a disciple of some of his phenomenological methods, Landsberg was like him a Christian. He was hounded by the Gestapo for a long period of time and In 1943 Landsberg was deported from Paris for being of Jewish origin. He was transported to the Work Camp at Oranienburg, Berlin. He died of exhaustion in 1944. FEATURES: The Complete Texts of both these key works of Landsberg. Textual Annotations and a Select Bibliography of his works. Not only the "Experience of Death"

Aurelii Prudentii Clementis Carmina

The 13 essays presented here shed new light on the role of panegyric in the western and eastern Roman Empire in the late antique world. Introductory chapters give an overview of panegyric theory and practice, followed by studies of major writers of the early empire and the anonymous Panegyrici latini. The core of the volume deals with prose and verse panegyric under the Christian Roman Empire (4th-7th century): key themes addressed are social and political context, the 'hidden agenda', and the impact of Christianity on the pagan tradition of the panegyric, including the portrayal of patriarchs and holy men.

The Social Interpretation of the French Revolution

The best and most helpful presentation of the French genius's work in bilingual form for English-language readers and students."

Moses in Greco-Roman Paganism

In August 2009 the fourteenth International Congress for Neo-Latin Studies was held in Uppsala, Sweden. The proceedings in this volume, ninety-nine individual and five plenary papers, are collected under the motto „Litteras et artes nobis traditas excolere – Reception and Innovation“.

The Experience of Death

The Propaganda of Power

"More than any other canonical English writer, Geoffrey Chaucer lived and worked at the centre of political life--yet his poems are anything but conventional. Edgy, complicated, and often dark, they reflect a conflicted world, and their astonishing diversity and innovative language earned Chaucer renown as the father of English literature. Marion Turner, however, reveals him as a great European writer and thinker. To understand his accomplishment, she reconstructs in unprecedented detail the cosmopolitan world of Chaucer's adventurous life, focusing on the places and spaces that fired his imagination. Uncovering important new information about Chaucer's travels, private life, and the early circulation of his writings, this innovative biography documents a series of vivid episodes, moving from the commercial wharves of London to the frescoed chapels of Florence and the kingdom of Navarre, where Christians, Muslims, and Jews lived side by side. The narrative recounts Chaucer's experiences as a prisoner of war in France, as a father visiting his daughter's nunnery, as a member of a chaotic Parliament, and as a diplomat in Milan, where he encountered the writings of Dante and Boccaccio. At the same time, the book offers a comprehensive exploration of Chaucer's writings, taking the reader to the Troy of Troilus and Criseyde, the gardens of the dream visions, and the peripheries and thresholds of The Canterbury Tales. By exploring the places Chaucer visited, the buildings he inhabited, the books he read, and the art and objects he saw, this landmark biography tells the extraordinary story of how a wine merchant's son became the poet of The Canterbury Tales." -- Publisher's description.

A Looking Glasse for London and England

Tells of Greek life during the 4th century, the type of men it produced, and important events which took place.

Schools of Gaul

"Posterior Analytics" is an insightful work by Aristotle that contains his account of demonstrations and their role in knowledge. He claims that each science consists of a set of first principles that are necessarily true and knowable. Moreover, he stated that science includes a set of truths logically derivable from and causally defined by the first principles.

The Poems

The papers in this volume derive from the 13th International Morphology Meeting (Vienna 2008). They all address the main topic of the meeting, viz. variation and change in morphology. Inflectional and derivational morphology are represented on equal terms. The focus is on cases of language-internal variation, such as pattern competition, base variation, form–function mismatches, or morphological pleonasm. Other recurring themes are language contact as a cause of variation, the output-orient-edness of morphological patterns, and linguistic economy. The contributions cover a wide variety of languages, both Indo-European (Romance, Germanic and Slavic; Latin, Lithuanian and Romani) and non-Indo-European (Hungarian, Maay, Chinese).

Napoleon, the Last Phase

The contributions in this volume deal with crucial subjects of political and theological dialogue and controversy that characterized the varying responses of the Christian communities in the Byzantine Eastern provinces to the Islamic conquest and its subsequent impact on Byzantine society and history.

Phillis

'The Essential Plotinus is a lifesaver. For many years my students in Greek and Roman Religion have depended on it to understand the transition from antiquity to the Middle Ages. The translation is crisp and clear, and the excerpts are just right for an introduction to Plotinus's many-layered view of the world and humankind's place in it' - F. E. Romer, University of Arizona

Short History

'My father and I head towards a nervous breakdown as he attempts to erase three years of Communist indoctrination in the course of a single evening. I simply cannot comprehend that Lenin, the friend of all children, is now allegedly an arsehole.' When seven-year-old Mischka and her family flee the oppressive USSR for the freedom of Vienna, her world seems to divide neatly in two: there's life as she knew it before, and life as she must relearn it now. But even as she's busy dressing her new Barbie, perfecting her German and gorging on fresh fruit, Mischka is aware that there's part of her that can never escape her homeland, with its terrifying folktales, its insidious anti-Semitism and its old family secrets. As her parents' marriage splinters and her sister retreats into silence, Mischka has to find her own way of living when her head and her heart are in two places at once. There is darkness galore in this novel. But there is also much comedy to be had in its twisted enchanted tales. It is as seductive and unsettling as similar work by Angela Carter or Margaret Atwood, while it shares a geography with *Everything Is Illuminated* and *If I Told You Once*.

Acta Conventus Neo-Latini Upsaliensis (set, two volumes)

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Origins of Rome

The field of lexicography is undergoing a major revolution. The rapid replacement of the traditional paper dictionary by electronic dictionaries opens up exciting possibilities but also constitutes a major challenge to the field. The eLexicography in the 21st Century: New Challenges, New Applications conference organized by the Centre for English Corpus Linguistics of the Université catholique de Louvain in October 2009 aimed to bring together the many researchers around the world who are working in the fast developing field of electronic lexicography and to act as a showcase for the latest lexicographic developments and software solutions in the field. The conference attracted both academics and industrial partners from 30 different countries who presented electronic dictionary projects dealing with no less than 22 languages. The resulting proceedings volume bears witness to the tremendous vitality and diversity of research in the field. The volume covers a wide range span of topics, including: -the use of language resources for lexicographic purposes, in the form of lexical databases like WordNet or corpora of different types - innovative changes to the dictionary structure afforded by the electronic medium, in particular multiple access routes and efficient integration of phraseology -specialised dictionaries (e.g. SMS dictionaries, sign language dictionaries) -automated customisation of dictionaries in function of users' needs -exploitation of Natural Language Processing tools - integration of electronic dictionaries into language learning and teaching

Chaucer

The seventeen contributions to this volume, written by leading experts, show that animals and humans in Graeco-Roman antiquity are interconnected on a variety of different levels and that their encounters and interactions often result from their belonging to the same structures, 'networks' and communities or at least from finding themselves together in a certain setting, context or environment – wittingly or unwittingly. Papers explore the concrete categories of interaction between animals and humans that can be identified, in what contexts they occur, and what types of evidence can be productively used to examine the concept of interactions. Articles in this volume take into account literary, visual, and other types of evidence. A comprehensive research bibliography is also provided.

The Echo of Greece

Gilbert Highet was a legendary teacher at Columbia University, admired both for his scholarship and his charisma as a lecturer. *Poets in a Landscape* is his delightful exploration of Latin literature and the Italian landscape. As Highet writes in his introduction, "I have endeavored to recall some of the greatest Roman poets by describing the places where they lived, recreating their characters and evoking the essence of their work." The poets are Catullus, Vergil, Propertius, Horace, Tibullus, Ovid, and Juvenal. Highet brings them life, setting them in their historical context and locating them in the physical world, while also offering crisp modern translations of the poets' finest work. The result is an entirely sui generis amalgam of travel writing, biography, criticism, and pure poetry—altogether an unexcelled introduction to the world of the classics.

Boileau's Lutrin

In *The Age of Martyrs*; the famous Catholic historian Abbot Giuseppe Ricciotti records the epochal events of Roman history from the rise of Diocletian (284) to the death of Constantine the Great (337); a period which witnessed the last and greatest of the 10 persecutions of the Christians by the Roman government. Impr. 318 pgs; PB

Organon - Posterior Analytics

This title explores the theoretical and practical issues pertaining to the creation and use of corpora in contrastive and translation studies. It represents the latest developments in corpus-based translation studies, corpus-based contrastive studies, parallel corpus development and bilingual lexicography.

Les Guèpes (Classic Reprint)

Excerpt from Les Guèpes De ce recueil, complètement épuisé en librairie, on me demande une nouvelle édition. J'antais cru mà probité intéressée à ne faire aucuns changements, ui aux idées, ui aux appréciations, quand même mes idées et mes appréciations auraient changé, cc qui n'est pas. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

A Bal Masqué

Music and fashion: the deep connection between these two expressive worlds is firmly entrenched. Yet little attention has been paid to the association of sound and style in the early twentieth century—a period of remarkable and often parallel developments in both high fashion and the arts, including music. This beautifully written book, lavishly illustrated with fashion plates and photographs, explores the relationship between music and fashion, elegantly charting the importance of these arts to the rise of transatlantic modernism. Focusing on the emergence of the movement known as Neoclassicism, Mary E. Davis demonstrates that new aesthetic approaches were related to fashion in a manner that was perfectly attuned to the tastes of jazz-age sophisticates. Looking in particular at three couturiers—Paul Poiret, Germaine Bongard, and Coco Chanel—and three breakthrough fashion magazines—La Gazette du Bon Ton, Vanity Fair, and Vogue—Davis illuminates for the first time the ways in which fashion's imperatives of originality and constant change influenced composers such as Erik Satie, Igor Stravinsky, and Les Six. She also considers the role played by the Ballets Russes, and explores the contributions of artists including costume and set designer Léon Bakst, writer and director Jean Cocteau, Amédée Ozenfant, and Pablo Picasso. The first study to situate music in this rich context, Classic Chic demonstrates the profound importance of the linked endeavors of composition and couture to modernist thought. In addition to its innovative approach to this important moment in history, Davis's focus on the social aspects of the story makes the book a tremendously engaging read.

Le Masque Tombé, Ou Le Bal de l'Opéra

Excerpt from *Histoires de Masques Meme*, qu'ils vaguent, ces masques, par les rues, au plein soleil, la repulsion n'est pas moindre. On les voit, en effet, sous leurs loques, greles et hideux ou puissants et rouges ils ont des jambes torses, des thorax déjetés, de pires misères peut-être; ils vont par deux, par quatre, marchant vite, harponnés par l'ennui qui les tenaille et les mord; ils guettent du plus loin qu'ils peuvent les déguisés comme eux, ils s'interpellent, et ils veulent toujours de leur pas alerte, pour chasser, battant les rues, les yeux aux vitres des cafés, les masques exténués et mélancoles. Le Masque Rouge, Vol. 1 (Classic Reprint)

Excerpt from *Les Masques Anglais: Etude sur les Ballets Et la Vie de Cour en Angleterre (1512-1640)*; These pour le Doctorat Es Lettres Presentee A la Faculte des Lettres de l'Universite de Paris Au surplus, les plaisirs d'une époque ou d'une société ne sont-ils pas l'expression la plus spontanée et la plus sûre de ses goûts et de sa valeur morale? Dans de pareilles conditions, l'étude du milieu, ou de ce que les Anglais expriment peut-être mieux par leur mot *surroundings* m'a paru essentielle, et je lui ai fait une part très large. Dans le même esprit, j'ai cherché, en étudiant les divers éléments de ce petit genre, à les relier, chacun à tour de rôle, à l'histoire de l'art, dont ils ne sont souvent qu'une manifestation éphémère et des moindres. En d'autres termes, j'ai tâché de ne jamais perdre de vue les causes et les conséquences, car une étude sur le masque en soi, isolé du milieu social, de la littérature, du drame, de l'art de l'époque, me fait l'effet d'un contre-sens et presque d'un non-sens. Les Masques Anglais

Excerpt from *Masques Et Visages* Cette aventure très - fréquente au théâtre représente plus exactement que toutes les définitions ce personnage irrégulier et fantasmatique qu'on appelle la postérité. Elle dédaigne presque toujours ceux qui travaillent le plus assidûment pour elle, pour se jeter dans les bras d'un insouciant qui ne s'est jamais inquiété de savoir ce qu'il serait avant pas plus qu'après sa mort. Gavarni est le type de cet homme célèbre malgré lui. Il eût été bien étonné, quand il apportait tous les jours au C^{on}seil sa pierre lithographiée, si quelqu'un lui eût annoncé que la réunion de ces saynètes qu'il croyait si fugitives et si légères deviendrait un jour l'expression la plus saisissante et la plus vraie des mœurs de toute une nation et de toute une époque. Masques Et Visages (Classic Reprint)

How did Paris and its musical landscape influence Verdi's *La traviata*? In this book, Emilio Sala re-examines *La traviata* in the cultural context of the French capital in the mid-nineteenth century. Verdi arrived in Paris in 1847 and stayed for almost two years: there, he began his relationship with Giuseppina Strepponi and assiduously attended performances at the popular theatres, whose plays made frequent use of incidental music to intensify emotion and render certain dramatic moments memorable to the audience. It is in one of these popular theatres that Verdi probably witnessed one of the first performances of Dumas fils' *La Dame aux camélias*, which became hugely successful in 1852. Making use of primary source material, including unpublished musical works, journal articles and rare documents and images, Sala's close examination of the incidental music of *La Dame aux camélias* - and its musical context - offers an invaluable interpretation of *La traviata*'s modernity.

The Sounds of Paris in Verdi's La traviata

The 683 Oddest, Most Inspiring, Totally Scandalous and Just Plain Weird Things You Never Knew about New Orleans With its colorful past, outsized personalities and tragic history of natural disasters, New Orleans is a city like no other. Now, Monica M. Dalide gives us 683 reasons the birthplace of Jazz has been called "the most unique city in America." Presented in a series of bite-sized trivia nuggets,

683 Things About New Orleans amuses, surprises and shocks with the juiciest bits culled from the city's history books and diverse cultural milieu. Readers can: - Take a beginner's class in the New Orleans lexicon, where "make a do do" means "get some shuteye" and a "yat" is the essential sign of a native - Get the skinny on the city's rich musical heritage-the birthplace of Mahalia Jackson, Fats Domino and Louis Armstrong, to name a few - Learn how New Orleans' infamous legal prostitution district came to an end (and meet the unfortunate city official it was named for) - Hear the story behind Crescent City-invented drinks like the hurricane, Sazerac cocktail and powerful "hand grenade" - Meet dozens of famous New Orleanians-from Lee Harvey Oswald to Reese Witherspoon - Much, much more! Divided into 22 sections covering everything from sports to slave revolts (and, of course, Mardi Gras), 683 Things About New Orleans is the ultimate insider's bible-a field guide to the city's special quirks, only-in-New Orleans traditions and betcha-didn't-know past-that's sure to appeal to the native, the traveler and the former resident alike. But most of all, it's a reminder of just what makes this city so great.

Fashion in Paris

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

New York Magazine

In this engrossing book, Hollis Clayson provides the first description and analysis of French artistic interest in women prostitutes, examining how the subject was treated in the art of the 1870s and 1880s by such avant-garde painters as Cézanne, Degas, Manet, and Renoir, as well as by the academic and low-brow painters who were their contemporaries. Clayson not only illuminates the imagery of prostitution-with its contradictory connotations of disgust and fascination-but also tackles the issues and problems relevant to women and men in a patriarchal society. She discusses the conspicuous sexual commerce during this era and the resulting public panic about the deterioration of social life and civilized mores. She describes the system that evolved out of regulating prostitutes and the subsequent rise of clandestine prostitutes who escaped police regulation and who were condemned both for blurring social boundaries and for spreading sexual licentiousness among their moral and social superiors. Clayson argues that the subject of covert prostitution was especially attractive to vanguard painters because it exemplified the commercialization and the ambiguity of modern life.

This Is A New Release Of The Original 1921 Edition.

Painted Love

"The Harlequin Years presents a highly readable yet thorough examination of the Parisian music scene in the decade following World War I. Through Nichols's lively prose and in his accounts of institutional politics, reception histories, and behind-the-scenes debates, these places and personalities spring to life."—Susan McClary, author of *Conventional Wisdom*

Orchestral Music in Print

Games for Actors and Non-Actors is the classic and best selling book by the founder of Theatre of the Oppressed, Augusto Boal. It sets out the principles and practice of Boal's revolutionary Method, showing how theatre can be used to transform and liberate everyone – actors and non-actors alike! This thoroughly updated and substantially revised second edition includes: two new essays by Boal on

major recent projects in Brazil Boal's description of his work with the Royal Shakespeare Company a revised introduction and translator's preface a collection of photographs taken during Boal's workshops, commissioned for this edition new reflections on Forum Theatre.

Historic Paris

The Burial of the Rats Bram Stoker - The Burial of the Rats has the distinctive flavor of an Edwardian gentlemen's magazine thriller, and it features all the necessary tropes for this genre: a young man forced to prove his manhood through his mental prowess and physical stamina, a white-knuckled chase scene, last minute escapes, themes of Social Darwinism and Nietzschean philosophy, a sense that the struggle is a coded rite of passage, a distant lover, degenerate villains without mercy or scruples, a battle against the natural elements, and a seemingly hopeless race against time. This type of story would become even more popular after World War One (its heyday being the 20s, 30s, and 40s) and revived after World War Two (where these sorts of action thrillers the lone man fighting for survival against Nature and mankind alike were beautifully adapted for male-centered radio programs like *Escape* and *Suspense*). Although he was preceded in the man-on-the-run thriller by Ambrose Bierce (*An Occurrence at Owl Creek Bridge*), Robert Louis Stevenson (*The Suicide Club*), and Rudyard Kipling (*The Man Who Would Be King*), Stoker's *Burial of the Rats* is among the first to perfectly epitomize the formula of the modern suspense thriller...

Sword and Womankind

Hélène Cixous -- author, playwright and French feminist theorist -- is a key figure in twentieth-century literary theory. *Stigmata* brings together her most recent essays for the first time. Acclaimed for her intricate and challenging writing style, Cixous presents a collection of texts that get away -- escaping the reader, the writers, the book. Cixous's writing pursues authors such as Stendhal, Joyce, Derrida, and Rembrandt, da Vinci, Picasso -- works that share an elusive movement in spite of striking differences. Along the way these essays explore a broad range of poetico-philosophical questions that have become characteristic of Cixous' work: * love's labours lost and found * feminine hours * autobiographies of writing * the prehistory of the work of art *Stigmata* goes beyond theory, becoming an extraordinary writer's testimony to our lives and times.

The Harlequin Years

Explores the rich and varied interactions between nineteenth-century science and the world of opera for the first time.

Games for Actors and Non-Actors

Assouline presents the autobiography of Giancarlo Giammetti, Valentino's trusted business partner for fifty years. Beginning with his childhood in Rome under Nazi occupation and his chance meeting at a café with a certain rising fashion designer, Giammetti shares stories from his remarkable life. This beautiful collector's volume features in-depth interviews, recollections from his personal journals, and a curated selection of exclusive images from Giammetti's archive of 50,000 photos, vividly portraying the exciting world of fashion.

Cornish Saints and Sinners

The world-famous French singer Édith Piaf (1915-63) was never just a singer. This book suggests new ways of understanding her, her myth and her meanings over time at home and abroad, by proposing the notion of an 'imagined' Piaf.

The Burial of the Rats

'A groundbreaking work . . . Federici has become a crucial figure for . . . a new generation of feminists' Rachel Kushner, author of *The Mars Room* A cult classic since its publication in the early years of this century, *Caliban and the Witch* is Silvia Federici's history of the body in the transition to capitalism. Moving from the peasant revolts of the late Middle Ages through the European witch-hunts, the rise of scientific rationalism and the colonisation of the Americas, it gives a panoramic account of the often horrific violence with which the unruly human material of pre-capitalist societies was transformed into a set of predictable and controllable mechanisms. It is a study of indigenous traditions crushed, of the enclosure of women's reproductive powers within the nuclear family, and of how our modern world was

forged in blood. 'Rewarding . . . allows us to better understand the intimate relationship between modern patriarchy, the rise of the nation state and the transition from feudalism to capitalism' Guardian

General Catalogue of Printed Books to 1955

"The Real Latin Quarter" by F. Berkeley Smith. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten or yet undiscovered gems of world literature, we issue the books that need to be read. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Stigmata

"Accompanying an exhibition in honor of Philippe de Montebello, Director Emeritus of The Metropolitan Museum of Art, this engaging book examines the influence of music and theater on the art of Jean-Antoine Watteau (1684-1721). Fifteen major paintings and a number of drawings by Watteau that illustrate the connections between painting and the performing arts in Paris are explored. In addition, drawings and prints by other 18th-century artists featuring musical or theatrical subjects and objects and musical instruments are included."--Publisher description.

Dwight's Journal of Music

Key works of popular fiction are often rewritten to capitalize on their success. But what are the implications of this rewriting process? Such is the question addressed by this detailed study of several rewritings of Eugène Sue's *Mystères de Paris* (1842-43), produced in the latter half of the nineteenth century, in response to the phenomenal success of Sue's archetypal urban mystery. Pursuing a compelling analogy between city and text, and exploring the resonance of the palimpsest trope to both, Amy Wigelsworth argues that the *mystères urbains* are exemplary rewritings, which shed new light on contemporary reading and writing practices, and emerge as early avatars of a genre still widely consumed and enjoyed in the 21st century.

Nineteenth-Century Opera and the Scientific Imagination

This book examines, for the first time, the history of the social, cultural, political and economic presence of the French in London, and explores the multiple ways in which this presence has contributed to the life of the city. The capital has often provided a place of refuge, from the Huguenots in the 17th century, through the period of the French Revolution, to various exile communities during the 19th century, and on to the Free French in the Second World War. It also considers the generation of French citizens who settled in post-war London, and goes on to provide insights into the contemporary French presence by assessing the motives and lives of French people seeking new opportunities in the late 20th and early 21st centuries. It analyses the impact that the French have had historically, and continue to have, on London life in the arts, gastronomy, business, industry and education, manifest in diverse places and institutions from the religious to the political via the educational, to the commercial and creative industries.

Private

Attempting to bridge the gap between specialised scholarship in the humanistic disciplines and an interdisciplinary project of cultural analysis, Mieke Bal has written an intellectual travel guide that charts the course 'beyond' cultural studies. As with any guide, it can be used in a number of ways and the reader can follow or willfully ignore any of the paths it maps or signposts. Bal's focus for this book is the idea that interdisciplinarity in the humanities - necessary, exciting, serious - must seek its heuristic and methodological basis in concepts rather than its methods. Concepts are not grids to put over an object. The counterpart of any given concept is the cultural text or work or 'thing' that constitutes the object of analysis. No concept is meaningful for cultural analysis unless it helps us to understand the object better on its own terms. Bal offers the reader a sustained theoretical reflection on how to 'do' cultural analysis through a tentative practice of doing just that. This offers a concrete practice to theoretical constructs, and allows the proposed method more accessibility. Please note: illustrations have been removed from the ebook at the request of the rightsholder.
