Dr. John Walker And The Sufferings Of The Clergy

Winner • Modern Language Association's Scaglione Prize for Translation Bawdier than The Canterbury Tales, The Fabliaux is the first major English translation of the most scandalous and irreverent poetry in Western literature. Composed between the twelfth and fourteenth centuries, these virtually unknown erotic and satiric poems lie at the root of the Western comic tradition. Passed down by the anticlerical middle classes of medieval France, The Fabliaux depicts priapic priests, randy wives, and their cuckolded husbands in tales that are shocking even by today's standards. Chaucer and Boccaccio borrowed heavily from these riotous tales, which were the wit of the common man rebelling against the aristocracy and Church in matters of food, money, and sex. Containing 69 poems with a parallel Old French text, The Fabliaux comes to life in a way that has never been done in nearly eight hundred years.

A. Marshall Elliott

"The Bodleian Library at Oxford" by Falconer Madan. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten or yet undiscovered gems of world literature, we issue the books that need to be read. The History of the Province of Moray

The Romance of a King's Life is an unchanged, high-quality reprint of the original edition of 1896. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

The Chronicle of Lanercost, 1272-1346: Translated, With Notes

Stunning, controversial work that immediately outraged audiences at the 1896 premiere with its scatological references, features a cruel, gluttonous, and grotesque main character — the author's metaphor for modern man.

Entomologist's Weekly Intelligencer

It has been said that zarzuela means to Spain what operetta means to Vienna, Offenbach to Paris, Gilbert and Sullivan to London, and the musical to Broadway. Zarzuela is Spain's unique contribution to lyric theatre, a mixture of spoken and sung drama with a complex history extending over four centuries. The Zarzuela Companion is a comprehensive guide to zarzuela's most popular and romantic works written after 1850, with chapters devoted to the major Spanish zarzuela composers, writers and singers. Complete synopses of all sixty works selected are delivered at the level of detail necessary for non-Spanish speakers to follow along with ease. The book also features special sections on the history of the genre, and on the parallel Catalan and Cuban zarzuela traditions. A foreword by Plácido Domingo, a selected discography with current catalog reference numbers, a brief bilingual bibliography and glossary of Spanish terms make this book indispensable for the newcomer and aficionado alike.

New American Poets

Tragic Seneca undertakes a radical re-evaluation of Seneca's plays, their relationship to Roman imperial culture and their instrumental role in the evolution of the European theatrical tradition. Following an introduction on the history of the Roman theatre, the book provides a dramatic and cultural critique of the whole of Seneca's corpus, analysing the declamatory form of the plays, their rhetoric, interiority, stagecraft and spectacle, dramatic, ideological and moral structure and their overt theatricality. Each of Seneca's plays is examined in detail, locating the force of Senecan drama not only in the moral complexity of the texts and their representations of power, violence, history, suffering and the self, but the semiotic interplay of text, tradition and culture. The later chapters focus on Seneca's influence on Italian, English and French drama of the Renaissance. A.J. Boyle argues that tragedians such as Cinthio, Kyd, Marlowe, Shakespeare, Webster, Corneille, and Racine owe a debt to Seneca that goes beyond allusion, dramatic form and the treatment of tyranny and revenge to the development of the tragic sensibility and the metatheatrical mind. Tragic Seneca attempts to restore Seneca to a central position in the European literary tradition. It will provide readers and directors of Seneca's plays with the essential critical guide to their intellectual, cultural and dramatic complexity.

The Trojans

The roots and effects of insomnia are complex, Eluned Summers-Bremner reveals in this fascinating study, and humans have employed everything from art to science to understand, explain, and mitigate this problem.

The Boke of Nurture

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. Sketch of the Geology of Moray

Prankster, warrior, seducer, fool – Old Man Coyote is the most enduring legend in Native American culture. Crafty and cagey – often the victim of his own magical intrigues and lusty appetites – he created the earth and man, scrambled the stars and first brought fire . . . and death. Barry Lopez – National Book Award-winning author of *Arctic Dreams* and recipient of the John Burroughs Medal for his bestselling masterwork *Of Wolves and Men* – has collected sixty-eight tales from forty-two tribes, and brings to life a timeless myth that abounds with sly wit, erotic adventure, and rueful wisdom.

Little Women

This richly illustrated book explores over seven hundred years of European warfare, from the time of Charlemagne to the end of the middle ages (c.1500). The period covered has a distinctive character in military history. It was an age when organization for war was integral to social structure, when the secular aristocrat was by necessity also a warrior, and whose culture was profoundly influenced by martial ideas. Twelve scholars, experts in their own fields, have contributed to this finely illustrated book. It is divided into two parts. Part I seeks to explore the experience of war viewed chronologically with separate chapters on, for instance, the Viking age, on the wars and expansion of the eleventh and twelfth centuries, on the Crusades and on the great Hundred Years War between England and France. The chapters in Part II trace thematically the principal developments in the art of warfare; in fortification and siege craft; in the role of armoured cavalymen; in the employment of mercenary forces; the advent of gunpowder artillery; and of new skills in navigation and shipbuilding. In both parts of the book, the overall aim has been to offer the general reader an impression, not just of the where and the when of great confrontations, but above all of the social experience of warfare in the middle ages, and of the impact of its demands on human resources and human endurance.

Fra Diavolo; Or, the Inn of Terracina. A Comic Opera in Three Acts ... Libretto by R. Lacy [or Rather, Translated by R. Lacy from the Libretto by Scribe], Etc

Henry Miller called *The Smile at the Foot of the Ladder* his “most singular story.” First published in 1959, this touching fable tells of Auguste, a famous clown who could make people laugh but who sought to impart to his audiences a lasting joy. Originally inspired by a series of circus and clown drawings by the cubist painter Fernand Léger, Miller eventually used his own decorations to accompany the text in their stead. “Undoubtedly,” he says in his explanatory epilogue, “it is the strangest story I have yet written. . . . No, more even than all the stories which I based on fact and experience is this one the truth. My whole aim in writing has been to tell the truth, as I know it. Heretofore all my characters have been real, taken from life, my own life. Auguste is unique in that he came from the blue. But what is this blue which surrounds and envelopes us if not reality itself? . . . We have only to open our eyes and hearts, to become one with that which is.”

To Step Aside is Human

Boxing is one of the oldest and most exciting of sports: its bruising and bloody confrontations have permeated Western culture since 3000 BC. During that period, there has hardly been a time in which young men, and sometimes women, did not raise their gloved or naked fists to one other. Throughout this history, potters, sculptors, painters, poets, novelists, cartoonists, song-writers, photographers and film-makers have been there to record and make sense of it all. In her encyclopaedic investigation, Kasia Boddy sheds new light on an elemental sports and struggle for dominance whose weapons are nothing more than fists. Boddy examines the shifting social, political and cultural resonances of this most visceral of sports, and shows how from Daniel Mendoza to Mike Tyson, boxers have embodied and enacted our anxieties about race, ethnicity, gender and sexuality. Looking afresh at everything from neoclassical sculpture to hip-hop lyrics, *Boxing* explores the way in which the history of boxing has intersected with the history of mass media, from cinema to radio to pay-per-view. The book also offers an intriguing new perspective on the work of such diverse figures as Henry Fielding, Spike Lee, Charlie Chaplin, Philip Roth, James Joyce, Mae West, Bertolt Brecht, and Charles Dickens. An all-encompassing study, *Boxing* ultimately reveals to us just how and why boxing has mattered so much to so many.
