Black Enterprise

"Practical Wealth for Black Folk\$" guides the reader from understanding how and why they never seem to have enough, into a specific plan of action to eliminate low income from their lives. It's a must read and must "do" book for every Black American with low or middle income and for those who make more but still live poor or unfulfilled. "Practical Wealth for Black Folk\$" introduces three types of wealth and inspires individuals to choose how they want to live. The reader is guided to understand their purpose in life and how to design their own personal path towards fulfillment. The book will help you map out a plan to get from where ever you are now to where you want to be. The "Key Questions" the author asks are worth the price of the book alone! You are led to contemplate your life in ways you may never have before. You will think about your dreams, make them into realistic goals, and figure out how to make them come true. A wealth of resources are at the readers fingertips to take immediate advantage of topics from money management, business, career choices, and financing your education. The practicality of the book is most clearly illustrated in the free financial education course the author assembled from resources readily available on the Internet. Anyone completing the "course" will be more financially savvy than the overwhelming majority of all Americans. This is the "Ultimate guide for Blacks (and anyone else) to discover: * their purpose for living and how to pursue it. * how changing your thinking can get you where you want to be. * what politicians and the government have to do with poverty. * why you aren't wealthy, yet. * the 3 levels of Practical Wealth and which one works for you. * how to change your financial future, make and manage money more effectively. * career, education and business options that can bring financial independence. Wake up everyday with a smile on your face excited about your life, your finances, relationships and new opportunities. Join the movement and spread the word for Black America to raise their economic level and live debt free. Invest in your own future, and that of your family by purchasing a copy for every teen and preteen in your home too. Make your own dreams come true!

This guide offers practical suggestions for black Americans to develop mental awareness, a psychological game plan, and an increased level of business savvy in order to negotiate the minefield of the white work world. Included are commonsense scenarios and real-life solutions that will help every black American evaluate his or her options--from getting hired to getting fired, from adjusting one's attitude to suing an employer. Tips are offered on how African Americans can fit their styles, mindsets, and history into the workplace, and insight is provided into how best to deal with situations, problems, and issues unique to being black in a white working world. This new edition has been updated to account for changes in social networking, the Obama effect, the economic downturn, and recent court decisions.

The Guide To Black Wealth What does it take to become wealthy today in America? This is a question that everyone is searching to answer. What if I told you becoming wealthy has more to do with what you do with your money rather than how much you make? There are many people that make over \$100k a year, but are living paycheck to paycheck. We all want to become wealthy one day, but becoming wealthy is a choice that you have to make. This book will provide you with actionable steps on how to budget, cut expenses, pay-off debt, save money, invest in the stock market and more. I know this works because I've used it to build wealth for my family. I guarantee that if you apply these actionable steps to your life, you'll also build wealth.-Sheldon Campbell

EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

The Guide to Black Wealth

In this invaluable guide, a registered investment advisor provides black women with the tools they need to build financially independent lives. Using worksheets and straightforward explanations of savings strategies and investment options, Broussard makes understanding personal finance easy--even for those who have yet to open their first savings account.

IFA Newsletter

The only reference source providing readily accessible information on the broad range of topics that illuminate black business history.

Ebony

Contains over 4700 entries providing contact information on a wide range of non-profit, private, public, educational and governmental organizations and agencies concerned with black Americans. There are also descriptions of important sources of information, educational programmes, media, and more.

The Black Woman's Guide to Financial Independence

After looking at the 'fashionable' religion that pervades Western society, from Hollywood to Washington, from the schoolroom to the boardroom, this guide to the New Age Movement further explores the ramifications of its appeal.

The Black Collegian

Davis-Adeshoté's discussions of the "bell curve" and its problems, Afro-American contributions and achievements, and the effects of prejudice in American society provides insight into why the black community has lost its cohesiveness. She maintains that the desire to enter the mainstream has resulted in community erosion and urges parents in particular to instill black values and images in their children.--Adapted from Midwest Book Review.

Encyclopedia of African American Business History

The Souls of Black Folk is W.E.B. Du Bois' most famous work. While the work is often viewed as a classic in African American literature and the history of the African American experience, the sociological significance of the work has been understated. In his initial discussions with the book's original publisher, Du Bois desired to prepare a volume that would showcase his ongoing sociological work on "the Negro problems." While many editions of Du Bois' classic text have appeared, no edition has focused primarily on the eight previously published essays in their original form and chronological order. This fact alone makes The Sociological Souls of Black Folk unique. An introductory essay by the volume's editor, Robert Wortham, highlights the sociological significance of the original essays by addressing such themes as the concept of the self, the social construction of the African American experience, and racial inequality. Eight additional essays originally published between 1897 and 1900 are added by the editor in a second section. These additional sociological essays focus on African

American entrepreneurship, crime, race relations, liberal arts education, the Black Church's function within the African American community, and the quality of African American life in the Southern Black Belt. The essays included in *The Sociological Souls of Black Folk* provide the reader with an opportunity to gain a greater appreciation for Du Bois' early sociological work and recognize that Du Bois was indeed one of the pioneering figures in the development of sociology in the United States.
