Hospice services are designed to provide comprehensive interdisciplinary team- based palliative care for patients with serious medical illness & a prognosis of 6 months or less if the disease follows its natural course.

In 1982, the Medicare hospice benefit was authorized under part A of the Medicare program. Both the hospice medical director & attending physician must agree that the patient is clinically appropriate to have hospice services.

Family must agree to the hospice program which manage the terminal illness with palliative Treatments which are related to the terminal diagnosis are free of cost if palliative in nature.

Drugs related to the terminal prognosis or symptom relief are provided at no cost.
