I Think It Would Be an Enormous Strategic Blunder That's Not To Say that Iran Itself and some of Its Policies and Certainly Its Nuclear Ambitions Aren't a Problem That the Many People Including John and Me See Has a Real Problem the Question Is What's the Best Way To Deal with that Problem and It Seems to Me First of all Threatening a Country with Regime Change as We Have Been Doing for the Last 10 Years or So Is Not the Way To Convince It that It Doesn't Need a Nuclear Deterrent the Second Second Trying To Take Out that Nuclear Capability Is Just another Way of Getting Them To Redouble Their Efforts that It's Not Going To Destroy the Knowledge They've Acquired on How To Acquire a Nuclear Capability

Our Point Is that We Should Be Able as Americans To Talk about that and To Criticize the Lobby To Criticize Israel and To Criticize the Us-Israeli Relationship but It Is Almost Impossible To Do and the Fact that You Disagree with Us Is Wonderful because that's What the American System Is All about It's People Getting Up and Having a Debate about Serious Policy Issues but Again this Is a Subject on Which We Have Not Had Much Debate in the Past

The Idea that It's Sort of Working behind the Scenes like a Kabbalah Conspiracy Bears Little Resemblance to Reality in Fact in the Old Days When We First Started Doing Research on this Subject Apec Used To Advertise Its Power on Its Website Just Go Look at Its Website Sometime for those of You Haven't Googled Apec Go to Its Website It's Not Something That's Operating in the Dark I Mean I Understand Why Steve Rosen Said that but It's Just Simply Not True and Talking about It in those Terms Lends Credence to this Notion that We're Talking about a Cabal or a Conspiracy If You Go Back and Research the Question of How Closely Linked Al Gore Is with the Lobby You'll See that He's Had a Long-Standing Intimate Relationship with the Lobby He Just Fortunately Had the Good Sense To Be against the Iraq War and but if He Were Elected President if He Were To Come into the Race and He Were To Win in 2008 Al Gore That Is There'd Be no Substantial Change in American Policy towards Israel It Seems to Me that a Lot of Your Argument that the Lobby Is Responsible or a Prime Mover of Us Middle Eastern Policy Depends on Your Something That Israel Is Not a Strategic Asset

And We Tried To Contain both Iraq and Iran by Ourselves Instead of Playing Them Off against each Other the Israel Lobby Was Very Important in Pushing Us To Adopt that Policy of Dual Containment and Then We Abandoned Dual Containment under George Bush and We Adopted a Policy of Regime Change Not Only We're Going To Deter both Iraq and Iran those Were the Clinton Years We Then Decided under George Bush That We Were Going To Start Invading Countries in the Arab and Islamic World Specifically in the Middle East and We Were Going To Turn Them into Democracies Those Were the Clinton Years We Then Decided under George Bush That We Were Going To Start Invading Countries in the Arab and Islamic World Specifically in the Middle East and We Were Going To Turn Them into Democracies at the End of a Rifle Barrel and What Steve and I Would Like To Do Is Go Back to the Policy Which We Pursued in the Cold War Which Is To Get Off Shore and Only Come in When You Absolutely Have To and if an Iran and Iraq Decide They Don't Like each Other and Want To Fight It Out that's Their Business Not Ours We Just Want To Make Sure that Nobody Wins and Dominates the Region

It's for all of the Problems That the Israeli Government Has It Looks a Lot Better than the One That

the Palestinians Have Had over the Years There Is Surprising Support for American Culture All Right American Culture of Course Is Quite Addictive as We all Know Right but Then if You Start Asking Questions How Do You Feel about American Policy towards the Middle East in General towards the Israeli-Palestinian Conflict towards Terrorism Etc Then the Numbers Go Sharply Overwhelmingly Negative You Know Three Percent Support 97 Percent Opposition Which Says One of the Reasons Why Anyone Who's Looked Carefully at this Realizes that Most of the Animosity Would You See that Ever Actually Happening Simply due to the Fact that the Palestinians Would Demand as a Capital Jerusalem and the Israelis Would Never Give that Up and Would the United States because of Our Past Relationship with Israel Would They Even Be the Best Broker for the Palestinians and Israelis To Sit Down at a Table-First of all To Have a Viable Palestinian State the Palestinians Have To Get East Jerusalem as a Capital and Many Israelis Understand that Full Well It's You'Re Just Not Going To Have a Deal the Most Difficult Issue To Settle in My Opinion Is the Question of the Holy Sites

How Do How Do People across the World and in America Separate Jews and Israel Lobby and Not Revive Anti-Semitism if What You'Re Saying Is True and Then We'Re To Say that Terrorism Is a the Results a Huge Big Part of Terrorism and across the World and Here in the United States Is the Direct the Big Part Is He Israeli Lobby Don't You Think that that's Going To Revive Even More and Support Anti-Semitism and the Views of Jews in this Country and across across the World Well I Would Make a Couple Points First of all We'Re Not Talking about a Jewish Lobby We'Ve Gone to Great Lengths in the Book
