The Routledge Companion to the Christian Church

The nature and story of the Christian church is immensely important to theology students and scholars alike. Written by an international team of distinguished scholars, this comprehensive book introduces students to the fundamental historical, systematic, moral and ecclesiological aspects of the study of the church, as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues. It divides into six parts: the church in its historical context the different denominational traditions global perspectives methods and debates in ecclesiology key concepts and themes ecclesiology and other disciplines: social sciences, philosophy, literature and film. Authoritative, accessible and easily navigable, this book is indispensable for everyone interested in the nature and history of the Christian Church.

Routledge Companion to Christianity in Africa

The Routledge Companion to Christianity in Africa offers a multi-disciplinary analysis of the Christian tradition across the African continent and throughout a long historical span. The volume offers historical and thematic essays tracing the introduction of Christianity in Africa, as well as its growth, developments, and effects, including the lived experience of African Christians. Individual chapters address the themes of Christianity and gender, the development of African-initiated churches, the growth of Pentecostalism, and the influence of Christianity on issues of sexuality, music, and public

health. This comprehensive volume will serve as a valuable overview and reference work for students and researchers worldwide.

The Routledge Companion to Modern Christian Thought

This Companion provides an unrivalled view of the field of modern Christian thought, from the Enlightenment to the twentieth century and beyond. Written by an outstanding team of theologians and philosophers of religion, it covers the following topics within Christian thought: Key figures and influencers Central events and movements Major theological issues and key approaches to Christian Theology Recent topics and trends in Christian thought Each entry is clear and accessible, making the book the ideal resource for students of Christian thought and history and philosophy of religion, and a valuable reference for professional theologians and philosophers.

The Routledge Companion to the Practice of Christian Theology

This Companion introduces readers to the practice of Christian theology, covering what theologians do, why they do it, and what steps readers can take in order to become theological practitioners themselves. The volume aims to capture the variety of practices involved in doing theology, highlighting the virtues that guide them and the responsibilities that shape them. It also shows that the description of these practices, virtues and responsibilities is itself theological: what Christian theologians do is shaped by the wider practices and beliefs of Christianity. Written by a team of leading theologians, the Companion provides a unique resource for students and scholars of theology alike.

The Routledge Companion to Christian History

The Routledge Companion to Christian History is an indispensable aid for anyone seeking comprehensive coverage of the facts in clear, concise and easy to use language. It covers: all key events in the Christian calendar from the persecution of the Roman Empire to the fall of Communism and the rise of Fundamentalism the impact of Islam, the Crusades, Monasticism, and the spread of popular religious movements cross-cultural coverage; as well as Western Christendom, the Orthodox churches of the East and the 'new' churches of Asia and Africa. Fully cross referenced throughout with a combination of chronologies, glossary and statistics this packed volumes contains everything for the first time student or for anyone revisiting the subject.

The Routledge Companion to Early Christian Thought

The shape and course which Christian thought has taken over its history is largely due to the contributions of individuals and communities in the second and third centuries. Bringing together a remarkable team of distinguished scholars, The Routledge Companion to Early Christian Thought is the ideal companion for those seeking to understand the way in which Early Christian thought developed within its broader cultural milieu and was communicated through its literature, especially as it was directed toward theological concerns. Divided into three parts, the Companion: asks how Christianity's development was impacted by its interaction with cultural, philosophical, and religious elements within the broader context of the second and third centuries. examines the way in which Early Christian thought was manifest in key individuals and literature in these centuries. analyses Early Christian thought as it was directed toward theological concerns such as God, Christ, Redemption, Scripture, and the community and its worship.

The Routledge Companion to Religion and Popular Culture

Religion and popular culture is a fast-growing field that spans a variety of disciplines. This volume offers the first real survey of the field to date and provides a guide for the work of future scholars. It explores: key issues of definition and of methodology religious encounters with popular culture across media, material culture and space, ranging from videogames and social networks to cooking and kitsch, architecture and national monuments representations of religious traditions in the media and popular culture, including important non-Western spheres such as Bollywood This Companion will serve as an enjoyable and informative resource for students and a stimulus to future scholarly work.

The Routledge Companion to the Study of Religion

The Routledge Companion to the Study of Religion contains everything a student needs for a full understanding of theory and methods in religious studies. It begins by explaining the most important

methodological approaches to religion, including psychology, philosophy, anthropology, and comparative study, before moving on to explore a wide variety of critical issues. Written entirely by renowned international specialists and using clear and accessible language throughout, it is the perfect guide to the problems and questions found in courses and exams.

The Routledge Companion to Religion and Film

The Routledge Companion to Religion and Film brings together a lively and experienced team of contributors to investigate the ways in which this exciting discipline is developing.

The Routledge Companion to Literature and Religion

This unique and comprehensive volume looks at the study of literature and religion from a contemporary critical perspective. Including discussion of global literature and world religions, this Companion looks at: Key moments in the story of religion and literary studies from Matthew Arnold through to the impact of 9/11 A variety of theoretical approaches to the study of religion and literature Different ways that religion and literature are connected from overtly religious writing, to subtle religious readings Analysis of key sacred texts and the way they have been studied, re-written, and questioned by literature Political implications of work on religion and literature Thoroughly introduced and contextualised, this volume is an engaging introduction to this huge and complex field.

The Routledge Companion to Christianity in Africa

The Routledge Companion to Christianity in Africa offers a multi-disciplinary analysis of the Christian tradition across the African continent and throughout a long historical span. The volume offers historical and thematic essays tracing the introduction of Christianity in Africa, as well as its growth, developments, and effects, including the lived experience of African Christians. Individual chapters address the themes of Christianity and gender, the development of African-initiated churches, the growth of Pentecostalism, and the influence of Christianity on issues of sexuality, music, and public health. This comprehensive volume will serve as a valuable overview and reference work for students and researchers worldwide.

The Routledge Companion to the Study of Religion

The Routledge Companion to the Study of Religion is a major resource for everyone taking courses in religious studies. It begins by explaining the most important methodological approaches to religion - including psychology, philosophy, anthropology and comparative study - before moving on to explore a wide variety of critical issues, such as gender, science, fundamentalism, ritual, and new religious movements. Written by renowned international specialists, and using clear and accessible language throughout, it is an excellent guide to the problems and questions found in exams and on courses. * Surveys the history of religious studies and the key disciplinary approaches * Highlights contemporary issues such as globalization, diaspora and politics * Explains why the study of religion is relevant in today's world * A valuable resource for courses at all levels

The Routledge Companion to John Wesley

The Routledge Companion to John Wesley provides an overview of the work and ideas of one of the principal founders of Methodism, John Wesley (1703-91). Wesley remains highly influential, especially within the worldwide Methodist movement of some eighty million people. As a preacher and religious reformer his efforts led to the rise of a global Protestant movement, but the wide-ranging topics addressed in his writings also suggest a mind steeped in the intellectual developments of the North Atlantic, early modern world. His numerous publications cover not only theology but ethics, history, aesthetics, politics, human rights, health and wellbeing, cosmology and ecology. This volume places Wesley within his eighteenth-century context, analyzes his contribution to thought across his multiple interests, and assesses his continuing relevance today. It contains essays by an international team of scholars, drawn from within the Methodist tradition and beyond. This is a valuable reference particularly for scholars of Methodist Studies, theology, church history and religious history.

The Routledge Companion to Christian Ethics

The Routledge Companion to Christian Ethics brings together two different but related disciplines; the first is contemplative or theoretical, asking what are the beliefs or doctrines that characterize

Christianity, whilst the second is practical, asking what are the ethical practices that attend its teachings. The movement between the theoretical and practical aspects is not, however, one way, as doctrine and life are mutually informing. In this comprehensive volume, leading scholars address key topics, problems and debates in this hotly debated topic within a truly global context. Comprising over 35 chapters by a team of international contributors, the handbook is divided into three parts based on the three persons of the Trinity: God the Father, God the Son, and God the Holy Spirit. Within these sections, cutting-edge issues are examined, including: God and genetics War, peace, and violence White supremacy Creation and sexuality Digital ethics Transgender studies Climate change Immigration and refugees Adopting a practical approach that must consider new concerns that have arisen with recent social, political, and cultural shifts, The Routledge Companion to Christian Ethics is essential reading for students and researchers in Christian ethics, religious ethics and Christianity studies. The handbook will also be very useful for those in related fields such as ethics and philosophy.

Companion Encyclopedia of Theology

The Companion Encyclopedia of Theology provides a comprehensive guide to modern theological thought. An international team of theologians and practitioners of both the Christian and Jewish faiths investigate and consider aspects of theology in 48 self-contained articles. Neither partisan and denominational, nor detached and abstract, this Companion explores the resources and applications of theology in the light of Christianity's place in the modern world. The Structure The Companion Encyclopedia of Theology is divided into six parts. The first three deal with major foundational aspects of Western theological reflection: * the Hebrew and Christian Bible * the Tradition * the contribution of Philosophy The second half of the Companion is concerned with application: * in relation to Spirituality * in relation to contemporary Ethics * in relation to issues in and aspects of present-day theological construction The 48 essays are descriptive, informative and analytical; their wide-ranging content is bound into a unified perspective by the editors' general introduction and the introductions to each of the six parts. At the end of each article, there are suggestions for further reading and the work is concluded with a comprehensive index. This Companion Encyclopedia is a valuable source of reference for students, teachers and both lay and clerical practitioners of Christian and Jewish theology. Key Features * Broad Coverage - contains 48 in-depth essays covering both the history and application of Western theological thought * International Authorship - written in non-technical language by a distinguished team of editors and authors from both Christian and Jewish faiths * Balanced Approach - discusses and analyses the key issues without imposing any single viewpoint * Clearly Presented - at the end of each article, there are suggestions for further reading and the work contains a comprehensive index

The Routledge Companion to Death and Dying

Few issues apply universally to people as poignantly as death and dying. All religions address concerns with death from the handling of human remains, to defining death, to suggesting what happens after life. The Routledge Companion to Death and Dying provides readers with an overview of the study of death and dying. Questions of death, mortality, and more recently of end-of-life care, have long been important ones and scholars from a range of fields have approached the topic in a number of ways. Comprising over fifty-two chapters from a team of international contributors, the companion covers: funerary and mourning practices; concepts of the afterlife; psychical issues associated with death and dying; clinical and ethical issues; philosophical issues; death and dying as represented in popular culture. This comprehensive collection of essays will bring together perspectives from fields as diverse as history, philosophy, literature, psychology, archaeology and religious studies, while including various religious traditions, including established religions like Christianity, Judaism, Islam, Hinduism, and Buddhism as well as new or less widely known traditions such as the Spiritualist Movement, the Church of Latter Day Saints, and Raëlianism. The Routledge Companion to Death and Dying is essential reading for students and researchers in religious studies, philosophy and literature.

Companion Encyclopedia of Theology

In 48 separately-authored, self-contained articles by an international team of both Christian and Jewish theologians and practitioners, this Companion provides a thorough examination of the place of Christianity in the modern world.

Ecclesiology and Postmodernity

What in the world is postmodernity? Is it the dominant reality today? If it is, what does it mean to be a church in a postmodern world? It seems that the church had a difficult time coming to terms with a modern world, an era ruled by the claims of scientific certainty. Having done so, more or less, it is now confronted by the claims of postmodernity, which seem to reverse the whole equation, to say that certainty and objectivity are chimeras. What is truth?" Pilate asked, and postmodernity 'at least as caricatured by its opponents' responds: "There's no such thing." Gerard Mannion, in *Ecclesiology and Postmodernity*, addresses the situation of the church in a postmodern world. The fundamental changes in human society and culture wrought by the twentieth century require the church to consider its response in the twenty-first century. What is the church's moral Vision, how does its practice look, what is the nature of its aspiration toward holiness in our times? Mannion believes that since Vatican II, the Catholic Church has been in a kind of limbo, awaiting a Vision of its own life for the future. Rather than focusing on specific controversies, Mannion offers concrete suggestions about how the church can create a better harmony between its own self-understanding, its ecclesiological Vision, and its day-to-day life, its ecclesial practice. Gerard Mannion, PhD, educated at King's College, Cambridge University and New College, Oxford University, is Associate Professor of Ecclesiology and Ethics in the Department of Theology and Religious Studies at Liverpool Hope University, UK. He is also the director of Church In Our Times: Centre for the Study of Contemporary Ecclesiology, co-director of the Applied Ethics Initiative at Liverpool Hope, co-chair of the AAR (American Academy of Religion) Ecclesiological Investigations Program Unit and co-ordinator of the Ecclesiological Investigations International Research Network. Mannion is the author of *Schopenhauer, Religion and Morality* and co-editor of *Readings in Church Authority 'Gifts and Challenges for Contemporary Catholicism*, both published by Ashgate in 2003, and co-editor of the forthcoming volumes *The Routledge Companion to the Christian Church* and *Catholic Social Justice: Theological and Practical Explorations*. "

The Routledge Companion to the Study of Religion

The Routledge Companion to the Study of Religion is a major resource for courses in Religious Studies. It begins by explaining the most important methodological approaches to religion, including psychology, philosophy, anthropology and comparative study, before moving on to explore a wide variety of critical issues, such as gender, science, fundamentalism, ritual, and new religious movements. Written by renowned international specialists, this new edition: includes eight new chapters, including post-structuralism, religion and economics, religion and the environment, religion and popular culture, and sacred space surveys the history of religious studies and the key disciplinary approaches explains why the study of religion is relevant in today's world highlights contemporary issues such as globalization, diaspora and politics includes annotated reading lists, a glossary and summaries of key points to assist student learning.

The Routledge Companion to the Crusades

A compilation of facts, figures, maps, family trees, summaries of the major crusades and their historiography, the Routledge Companion to the Crusades spans a broad chronological range from the eleventh to the eighteenth century, and gives a chronological framework and context for modern research on the crusading movement. Not just a history of the Crusades, but an overview of the logistical, economic, social and biographical history, this is a core text for students of history and religious studies.

The Routledge Companion to Medieval Iconography

Sometimes enjoying considerable favor, sometimes less, iconography has been an essential element in medieval art historical studies since the beginning of the discipline. Some of the greatest art historians – including Mâle, Warburg, Panofsky, Morey, and Schapiro – have devoted their lives to understanding and structuring what exactly the subject matter of a work of medieval art can tell. Over the last thirty or so years, scholarship has seen the meaning and methodologies of the term considerably broadened. This companion provides a state-of-the-art assessment of the influence of the foremost iconographers, as well as the methodologies employed and themes that underpin the discipline. The first section focuses on influential thinkers in the field, while the second covers some of the best-known methodologies; the third, and largest section, looks at some of the major themes in medieval art. Taken together, the three sections include thirty-eight chapters, each of which deals with an individual topic. An introduction, historiographical evaluation, and bibliography accompany the individual essays. The authors are recognized experts in the field, and each essay includes original analyses and/or case studies which will hopefully open the field for future research.

The Routledge Companion to Medieval Philosophy

Like any other group of philosophers, scholastic thinkers from the Middle Ages disagreed about even the most fundamental of concepts. With their characteristic style of rigorous semantic and logical analysis, they produced a wide variety of diverse theories about a huge number of topics. The Routledge Companion to Medieval Philosophy offers readers an outstanding survey of many of these diverse theories, on a wide array of subjects. Its 35 chapters, all written exclusively for this Companion by leading international scholars, are organized into seven parts: I Language and Logic II Metaphysics III Cosmology and Physics IV Psychology V Cognition VI Ethics and Moral Philosophy VII Political Philosophy In addition to shedding new light on the most well-known philosophical debates and problems of the medieval era, the Companion brings to the fore topics that may not traditionally be associated with scholastic philosophy, but were in fact a veritable part of the tradition. These include chapters covering scholastic theories about propositions, atomism, consciousness, and democracy and representation. The Routledge Companion to Medieval Philosophy is a helpful, comprehensive introduction to the field for undergraduate students and other newcomers as well as a unique and valuable resource for researchers in all areas of philosophy.

The Routledge Companion to Eve

The Routledge Companion to Eve is a comprehensive and interdisciplinary collection which explores the history of interpretation that surrounds Eve's character in both religious writings and cultural texts. The primary themes discussed in the volume include the religious, historical, and cultural ideologies that have influenced interpretations of Eve, as well as the cultural impact of these interpretations on gender identities and injustices. Chapters trace the evolution of Eve's interpretive history from ancient biblical texts up to the present day. The contributors engage with both traditional modes of inquiry in text-based religious research as well as the newer fields of reception history and cultural criticism to explore the rich history of interpretation and reception surrounding Eve, as well as the cultural and historical impact these interpretations have had on women's religious and social lives across space and time. The Routledge Companion to Eve is an original and important collection which will equip readers to begin their own explorations of Eve's extraordinary legacy. It will be an invaluable resource for scholars of Gender Studies, Biblical Studies, Theology, Religion and Gender, Literary Studies, History of Art, and Cultural Studies.

A Reader in Ecclesiology

This Reader presents a diverse and ecumenical cross-section of ecclesiological statements from across the twenty centuries of the church's existence. It builds on the foundations of early Christian writings, illustrates significant medieval, reformation, and modern developments, and provides a representative look at the robust attention to ecclesiology that characterizes the contemporary period. This collection of readings offers an impressive overview of the multiple ways Christians have understood the church to be both the 'body of Christ' and, at the same time, an imperfect, social and historical institution, constantly subject to change, and reflective of the cultures in which it is found. This comprehensive survey of historical ecclesiologies is helpful in pointing readers to the remarkable number of images and metaphors that Christians have relied upon in describing the church and to the various tensions that have characterized reflection on the church as both united and diverse, community and institution, visible and invisible, triumphant and militant, global and local, one and many. Students, clergy and all interested in Christianity and the church will find this collection an invaluable resource.

The Routledge Handbook of Early Christian Philosophy

This volume offers the most comprehensive survey available of the philosophical background to the works of early Christian writers and the development of early Christian doctrine. It examines how the same philosophical questions were approached by Christian and pagan thinkers; the philosophical element in Christian doctrines; the interaction of particular philosophies with Christian thought; and the constructive use of existing philosophies by all Christian thinkers of late antiquity. While most studies of ancient Christian writers and the development of early Christian doctrine make some reference to the philosophic background, this is often of an anecdotal character, and does not enable the reader to determine whether the likenesses are deep or superficial, or how pervasively one particular philosopher may have influenced Christian thought. This volume is designed to provide not only a body of facts more compendious than can be found elsewhere, but the contextual information which will enable readers to judge or clarify the statements that they encounter in works of more limited scope. With contributions

by an international group of experts in both philosophy and Christian thought, this is an invaluable resource for scholars of early Christianity, Late Antiquity and ancient philosophy alike.

The Routledge Handbook of African Theology

Theology has a rich tradition across the African continent, and has taken myriad directions since Christianity first arrived on its shores. This handbook charts both historical developments and contemporary issues in the formation and application of theologies across the member countries of the African Union. Written by a panel of expert international contributors, chapters firstly cover the various methodologies needed to carry out such a survey. Various theological movements and themes are then discussed, as well as biblical and doctrinal issues pertinent to African theology. Subjects addressed include: • Orality and theology • Indigenous religions and theology • Patristics • Pentecostalism • Liberation theology • Black theology • Social justice • Sexuality and theology • Environmental theology • Christology • Eschatology • The Hebrew Bible and the New Testament The Routledge Handbook of African Theology is an authoritative and comprehensive survey of the theological landscape of Africa. As such, it will be a hugely useful volume to any scholar interested in African religious dynamics, as well as academics of Theology or Biblical Studies in an African context.

Religion and Change in Modern Britain

This book offers a fully up-to-date and comprehensive guide to religion in Britain since 1945. A team of leading scholars provide a fresh analysis and overview, with a particular focus on diversity and change. They examine: relations between religious and secular beliefs and institutions the evolving role and status of the churches the growth and 'settlement' of non-Christian religious communities the spread and diversification of alternative spiritualities religion in welfare, education, media, politics and law theoretical perspectives on religious change. The volume presents the latest research, including results from the largest-ever research initiative on religion in Britain, the AHRC/ESRC Religion and Society Programme. Survey chapters are combined with detailed case studies to give both breadth and depth of coverage. The text is accompanied by relevant photographs and a companion website.

The Ashgate Research Companion to Contemporary Religion and Sexuality

The Ashgate Research Companion to Contemporary Religion and Sexuality provides academics and students with a comprehensive and authoritative state-of-the-art review of current research in the area of sexuality and religion, broadly defined. This collection of expert essays offers an inter-disciplinary study of the important aspects of sexuality and religion, calling upon sociological, cultural, historical and theological contributions to an under-researched subject. The Companion focuses on the exploration of diverse religious faiths, spiritualities, and sexualities with contributions that embrace many contrasting approaches related to the contemporary context. By adopting a truly inter-disciplinary and multi-dimensional perspective, the Companion embraces the complexities of both sexuality and religion. Aimed primarily at a readership with specialist interest in both, The Ashgate Research Companion to Contemporary Religion and Sexuality offers an innovative and refreshing analysis of key theoretical and empirical issues in an increasingly relevant and expanding area of academic interest. The Companion comprises five main thematic sections, each with chapters ranging across a variety of crucial topics traversing various faith traditions. The principal themes are: epistemological and methodological issues; the significance of religious text; institutional religious settings; stability transformation and change; contesting hegemonic structures and discourses. Each section includes four chapters contributed by leading international experts in their respective fields and who are at the cutting-edge of current research. Collectively, they offer an inter-disciplinary and comprehensive survey of sexuality and religion.

The Vision of John Paul II

The Vision of John Paul II assesses the writings, work, and ecclesial Vision of this long-serving pontiff. Moving beyond the scope of so many other books on John Paul II, this volume seeks to fill a gap by focusing on his lasting influence on pressing issues facing the church today: social justice, women's roles, collegiality, ecumenism, and interreligious dialogue. Readers will appreciate the contributions of internationally known and respected scholars: ' Michael Walsh ' Ronald Modras ' Paul McPartlan ' Gerard Mannion ' Judith Merkle ' Jim Voiss ' Charles E. Curran ' Mario I. Aguilar ' Susan Rakoczy ' Paul Lakeland ' Gemma Simmonds ' Raymond G. Helmick ' Peter Phan This accessibly written volume allows readers to engage with a variety of viewpoints and to understand the ways in which

the legacy of John Paul II continues to impact today's church. Gerard Mannion serves as chair of the Ecclesiological Investigations International Research Network and is presently a Visiting Senior Fellow of the Katholieke Universiteit Leuven in Belgium. The founding director of the Centre for the Study of Contemporary Ecclesiology, he is also cochair of the Ecclesiology Program Group of the American Academy of Religion. His most recent publications include *Ecclesiology and Postmodernity: Questions for the Church in Our Time* (Liturgical Press, 2007) and *The Routledge Companion to the Christian Church* (2007, ed. with Lewis Mudge).

The Routledge Handbook of Religion and Cities

Like an ecosystem, cities develop, change, thrive, adapt, expand, and contract through the interaction of myriad components. Religion is one of those living parts, shaping and being shaped by urban contexts. The Routledge Handbook of Religion and Cities is an outstanding interdisciplinary reference source to the key topics, problems, and methodologies of this cutting-edge subject. Representing a diverse array of cities and religions, the common analytical approach is ecological and spatial. It is the first collection of its kind and reflects state-of-the-art research focusing on the interaction of religions and their urban contexts. Comprising 29 chapters, by a team of international contributors, the Handbook is divided into three parts: Research methodologies Religious frameworks and ideologies in urban contexts Contemporary issues in religion and cities Within these sections, emerging research and analysis of current dynamics of urban religions are examined, including: housing, economics, and gentrification; sacred ritual and public space; immigration and the refugee crisis; political conflicts and social change; ethnic and religious diversity; urban policy and religion; racial justice; architecture and the built environment; religious art and symbology; religion and urban violence; technology and smart cities; the challenge of climate change for global cities; and religious meaning-making of the city. The Routledge Handbook of Religion and Cities is essential reading for students and researchers in religious studies and urban studies. The Handbook will also be very useful for those in related fields, such as sociology, history, architecture, urban planning, theology, social work, and cultural studies.

The Routledge Research Companion to the History of Evangelicalism

Evangelicalism, an inter-denominational religious movement that has grown to become one of the most pervasive expressions of world Christianity in the early twenty-first century, had its origins in the religious revivals led by George Whitefield, John Wesley and Jonathan Edwards in the middle decades of the eighteenth century. With its stress on the Bible, the cross of Christ, conversion and the urgency of mission, it quickly spread throughout the Atlantic world and then became a global phenomenon. Over the past three decades evangelicalism has become the focus of considerable historical research. This research companion brings together a team of leading scholars writing broad-ranging chapters on key themes in the history of evangelicalism. It provides an authoritative and state-of-the-art review of current scholarship, and maps the territory for future research. Primary attention is paid to English-speaking evangelicalism, but the volume is transnational in its scope. Arranged thematically, chapters assess evangelicalism and the Bible, the atonement, spirituality, revivals and revivalism, worldwide mission in the Atlantic North and the Global South, eschatology, race, gender, culture and the arts, money and business, interactions with Roman Catholicism, Eastern Christianity, and Islam, and globalization. It demonstrates evangelicalism's multiple and contested identities in different ages and contexts. The historical and thematic approach of this research companion makes it an invaluable resource for scholars and students alike worldwide.

The Church Unfinished

Like human life, the Catholic or universal Church is lived forward but understood backward. To appreciate the Church's past, however, does not require that we simply repeat it. Using such a framework, this book puts the present period of the Church in vast historical context. It traces how the Church came from the "community of unexpected persons" whom Jesus gathered around himself and was then shaped, over the course of centuries, by human decisions made in the Spirit. The Church's catholicity is seen to involve an ever expanding memory, embracing the immense richness of past and present times, places, and cultures, and at the same time an openness to assimilating, and possibly being transformed by, a future history in which God offers new possibilities. The book thus proposes that the Church's leadership would do well to nurture a renewed eschatological attitude that embraces a genuine openness to the newness and surprise of the future, leaving room not only for continuity but

also for the important elements of change and transformation. For, what the Church is, only the entirety of its history will fully reveal.

Ringleaders of Redemption

In popular thought, Christianity is often figured as being opposed to dance. Conventional scholarship traces this controversy back to the Middle Ages. Throughout the medieval era, the Latin Church denounced and prohibited dancing in religious and secular realms, often aligning it with demonic intervention, lust, pride, and sacrilege. Historical sources, however, suggest that medieval dance was a complex and ambivalent phenomenon. During the High and Late Middle Ages, Western theologians, liturgists, and mystics not only tolerated dance; they transformed it into a dynamic component of religious thought and practice. This book investigates how dance became a legitimate form of devotion in Christian culture. Sacred dance functioned to gloss scripture, frame spiritual experience, and imagine the afterlife. Invoking numerous manuscript and visual sources (biblical commentaries, sermons, saints' lives, ecclesiastical statutes, mystical treatises, vernacular literature, and iconography), this book highlights how medieval dance helped shape religious identity and social stratification. Moreover, this book shows the political dimension of dance, which worked in the service of Christendom, conversion, and social cohesion. In *Ringleaders of Redemption*, Kathryn Dickason reveals a long tradition of sacred dance in Christianity, one that the professionalization and secularization of Renaissance dance obscured, and one that the Reformation silenced and suppressed.

The Philosophy of Early Christianity

First published in 2014. Routledge is an imprint of Taylor & Francis, an informa company.

Church of Churches

Except for some excellent studies on the notion of *koinonia*, few works have been devoted to a revival of the entire vision of the Church around communion, a vision of ecclesiology which is rooted in the solidarity that finds its locus in Jesus Christ. *Church of Churches*, the fruit of several years of research, teaching, and ecumenical involvement, is intended to overcome this lack. It is not an exhaustive study but rather a point of departure for discussing how the vision of the ecclesiology of communion - the most difficult question of the ecumenical debate - can break down the barrier of misunderstanding, suspicions, and claims in which the diverse ecclesial traditions are locked.

Welfare and Religion in 21st Century Europe

Historically, European churches have played a large part in the provision of welfare. Responsibility, however, has gradually shifted to the state - a shift that forms an integral part of the process of secularization and one that has been readily accepted by European populations. But what happens when the state itself begins to recede - a process that is occurring in most, if not all, European societies for a wide variety of reasons? The implications for welfare are considerable, not least for the role of the churches which begin to resume the responsibilities previously shed but in new and different ways. This book looks at the connections between religion and welfare in Europe, exploring in detail eight European societies - Finland, Norway, Sweden, England, Germany, France, Italy and Greece. The different theological traditions, different church-state relationships and different welfare regimes are all examined. The analysis is based on first hand empirical research which considers not only the changing situation on the ground, but attitudes towards this within a range of different constituencies - the churches, local government and the general public. Particular attention is paid to the significance of gender in both the process of change and in attitudes towards this. *Welfare and Religion in 21st Century Europe: Volume 1* represents comparative research at its best and highlights key policy implications for the future. A companion book, *Welfare and Religion in 21st Century Europe: Volume 2* explores thematically the changing nature of religion and welfare and the new relationships that are emerging between the religious and the secular, and between church and state in the 21st century.

The Routledge Companion to Leadership

Leadership has never been more important – and divisive – than it is today. The idea and discourse of the leader remains a critical factor in organizational and societal performance, but there is evident tension between the persistent focus on the critical importance of individual leaders and the increasing emphasis on collective leadership. The *Routledge Companion to Leadership* provides a survey of

the contentious and dynamic discipline of leadership. This collection covers key themes in the field, including advances in leadership theory, leadership in a range of contexts and geographies, leadership failure, leadership process, and leadership development. Topics range from micro studies to wider political analyses of leadership, taking in unusual but important aspects such as portrayals of leadership in architecture, media, and science fiction. Contributions from 61 internationally renowned authors from 16 countries make available the full range of perspectives, approaches, and insights on the idea of leadership. Providing both a social sciences and a psychological approach, these go beyond common themes to offer diverse perspectives on such topics as emotion and leadership, portrayals of leadership. This volume situates leadership debates and evidence within contemporary leadership crises, while ensuring that the explorations of the issues are of enduring relevance. With wide and critical coverage of the key topics and potent contextualization of themes in current events, The Routledge Companion to Leadership is the ideal resource for graduate study in leadership.

Routledge Handbook on Jerusalem

Few cities around the world transcend their physical boundaries the way Jerusalem does. As the spiritual capital of monotheism, Jerusalem has ancient roots and legacies that have imposed themselves on its inhabitants throughout the centuries. In modern times, and aside from all the religious complexities, Jerusalem has become enmeshed in the Palestinian and Israeli national identities and political aspirations, which have involved and dragged into the fray other actors from around the world. Consisting of 35 chapters from leading specialists, the Routledge Handbook on Jerusalem provides a broad spectrum of studies related to the city and its history. Beginning with a historical overview starting from the end of the Bronze age, the chapters go on to look at a range of topics including: religious symbolism and pilgrimage religious and social relations social and economic history architecture and archaeology maps eschatology politics By bringing together contributions from leading scholars of different disciplines, this Handbook provides a comprehensive overview of the various layers that make up this unique and special city. It will appeal to students and scholars of Middle East Studies, religion and cultural history, and anyone with an interest in learning more about Jerusalem.

The Witness of God

The Witness of God is a constructive revision of Trinitarian *missio Dei* theology. In it John G. Flett argues that the neglect of mission as a theological locus has harmful consequences both for understanding the nature of God's connection with world and the corresponding nature of the Christian community.

Impeccability and Temptation

In Christian theology, the teaching that Christ possessed both a human and divine will is central to the doctrine of two natures, but it also represents a logical paradox, raising questions about how a person can be both impeccable and subject to temptation. This volume explores these questions through an analytic theology approach, bringing together 15 original papers that explore the implications of a strong libertarian concept of free will for Christology. With perspectives from systematic theologians, philosophers, and biblical scholars, several chapters also offer a comparative theology approach, examining the concept of impeccability in the Muslim tradition. Therefore, this volume will be of interest to scholars and graduate students working in analytic theology, biblical scholarship, systematic theology, and Christian-Islamic dialogue.

The Routledge Companion to Landscape Studies

As a concept, landscape does not respect disciplinary boundaries.

The Routledge Companion to the American Landscape

The Routledge Companion to the American Landscape provides a comprehensive overview of the American landscape in a way fit for the twenty-first century, not only in its topical and regional scope but also in its methodological and disciplinary diversity. Critically surveying the contemporary scholarship on the American landscape, this companion brings together scholars from the social sciences and humanities who focus their work on understanding the polyphonic evolution of the United States' landscape. It simultaneously assesses the development of the US landscape as well as the scholarly thought that has driven innovation and continued research about that landscape. Four broad sections focus on key areas of scholarship: environmental landscapes, social, cultural, and popular identities in the landscape, political landscapes, and urban/economic landscapes. A special essay, "American Landscapes Under Siege" and accompanying short case studies call attention to the legacies and realities of race in the American landscape, bridging the discussion of social and political landscapes. This companion offers an invaluable and up-to-date guide for scholars and graduate students to current thinking across the range of disciplines which converge in the study of place, including Geography, Cultural Studies, and History as well as the interdisciplinary fields of American Studies, Environmental Studies, and Planning.

The Routledge Companion to Landscape Studies

This new edition of The Routledge Companion to Landscape Studies contains an updated and expanded selection of original chapters which explore research directions in an array of disciplines sharing a concern for 'landscape', a term which has many uses and meanings. It features 33 revised and/or updated chapters and 14 entirely new chapters on topics such as the Anthropocene, Indigenous landscapes, challenging landscape Eurocentrisms, photography and green infrastructure planning. The volume is divided into four parts: Experiencing landscape; Landscape, heritage and culture; Landscape, society and justice; and Design and planning for landscape. Collectively, the book provides a critical

review of the various fields related to the study of landscapes, including the future development of conceptual and theoretical approaches, as well as current empirical knowledge and understanding. It encourages dialogue across disciplinary barriers and between academics and practitioners, and reflects upon the implications of research findings for local, national and international policy in relation to landscape. The Companion provides a comprehensive and up-to-date guide to current thinking about landscapes, and serves as an invaluable point of reference for scholars, researchers and graduate students alike.

Routledge Research Companion to Landscape Architecture

The Routledge Research Companion to Landscape Architecture considers landscape architecture's increasingly important cultural, aesthetic, and ecological role. The volume reflects topical concerns in theoretical, historical, philosophical, and practice-related research in landscape architecture – research that reflects our relationship with what has traditionally been called 'nature'. It does so at a time when questions about the use of global resources and understanding the links between human and non-human worlds are more crucial than ever. The twenty-five chapters of this edited collection bring together significant positions in current landscape architecture research under five broad themes – History, Sites and Heritage, City and Nature, Ethics and Sustainability, Knowledge and Practice – supplemented with a discussion of landscape architecture education. Prominent as well as up-and-coming contributors from landscape architecture and adjacent fields including Tom Avermaete, Peter Carl, Gareth Doherty, Ottmar Ette, Matthew Gandy, Christophe Girod, Anne Whiston Spirn, Ian H. Thompson and Jane Wolff seek to widen, fuel, and frame critical discussion in this growing area. A significant contribution to landscape architecture research, this book will be beneficial not only to students and academics in landscape architecture, but also to scholars in related fields such as history, architecture, and social studies.

The Routledge Companion to Iberian Studies

"The Routledge Companion to Iberian Studies takes an important place in the scholarly landscape by bringing together a compelling collection of essays that reflect the evolving ways in which researchers think and write about the Iberian Peninsula. Features include: A comprehensive approach to the different languages and cultural traditions of the Iberian Peninsula; -- Five chronological sections spanning the period from the Middle Ages to the 21st century; -- A state-of-the-art account of the field, reaffirming Iberian Studies as a dynamic and evolving discipline with promising areas for future research; -- An array of topics of an interdisciplinary nature (history and politics, language and literature, cultural studies and visual arts), focusing on the cultural distinctiveness of Iberian traditions; -- New perspectives and avenues of inquiry that aim to promote a comparative mode within Iberian Studies and Hispanism. The fifty authoritative, original essays will provide readers with a diverse cross-section of texts that will enrich their knowledge of Iberian Studies from an international perspective"--

The Routledge Research Companion to Energy Geographies

Energy has become a central concern of many strands of geographical inquiry, from global climate change to the effects of energy decisions on our lives. However, many aspects of the 'black box' of relationships at the energy-society interface remain unopened, especially in terms of the spatial underpinnings of energy production and consumption within nations, cities and regions. Debates focusing on the location and nature of energy flows frequently fail to consider the multiple geographical networks that illustrate and explain the distribution of fuels and services around the world. Providing an integrated perspective on the complex interdependencies between energy and geography, The Routledge Research Companion to Energy Geographies offers a timely conceptual framework to study the multiple facets of energy geography, including security, space and place, planning, environmental science, economics and political science. Illustrating how a geographic approach towards energy can aid decision-making pathways in the domains of social justice and environment, this book provides insights that will help move the international community toward greater cooperation, stability, and sustainability.

The Routledge International Handbook of Practice-Based Research

The Routledge International Handbook of Practice-Based Research presents a cohesive framework with which to conduct practice-based research or to support, manage and supervise practice-based researchers. It has been written with an inclusive approach, with the intention of presenting deep and

meaningful knowledge for the benefit of all readers. This handbook has been designed to present specific detail of practice-based research by outlining its shared traits with all forms of research and to highlight its core distinguishing features into a cohesive, principled and methodical approach. To this end, the handbook is presented in five sections: 1. Practice-Based Research, 2. Knowledge, 3. Method, 4. The Practice-Based PhD and 5. Practitioner Voices. Each section begins with a leading chapter that outlines each of the distinct areas as they relate to practice-based research. This is followed by a series of contributing chapters that discuss pertinent themes in more detail. Practitioners from a broad range of backgrounds will find these chapters helpful: research students or final year graduates will be introduced to the principled nature of practice-based research PhD researchers embarking on a research project or are in the flow of research will find this guidance supportive professionals such as designers, makers, engineers, artists and creative technologists wishing to strengthen their research into their practice will be guided through the principled and focused nature of practice-based research supervisors, managers and policy makers will benefit from the potential and rigour of practice-based researchers in the pursuit of new knowledge.

The Routledge Research Companion to Security Outsourcing

Conveniently structured into five sections, The Routledge Research Companion to Outsourcing Security offers an overview of the different ways in which states have come to rely on private contractors to support interventions. Part One puts into context the evolution of outsourcing in Western states that are actively involved in expeditionary operations as well as the rise of the commercial security sector in Afghanistan. To explain the various theoretical frameworks that students can use to study security/military outsourcing, Part Two outlines the theories behind security outsourcing. Part Three examines the law and ethics surrounding the outsourcing of security by focusing on how states might monitor contractor behaviour, hold them to account and prosecute them where their behaviour warrants such action. The drivers, politics and consequences of outsourcing foreign policy are covered in Part Four, which is divided into two sections: section one is concerned with armed contractors (providing the provision of private security with the main driver being a capability gap on the part of the military/law enforcement agencies), and section two looks at military contractors (supporting military operations right back to antiquity, less controversial politically and often technologically driven). The final Part takes into consideration emerging perspectives, exploring areas such as gender, feminist methodology, maritime security and the impact of private security on the military profession. This book will be of much interest to students of military and security studies, foreign policy and International Relations.

The Routledge Companion to Digital Media and Children

This companion presents the newest research in this important area, showcasing the huge diversity in children's relationships with digital media around the globe, and exploring the benefits, challenges, history, and emerging developments in the field. Children are finding novel ways to express their passions and priorities through innovative uses of digital communication tools. This collection investigates and critiques the dynamism of children's lives online with contributions fielding both global and hyper-local issues, and bridging the wide spectrum of connected media created for and by children. From education to children's rights to cyberbullying and youth in challenging circumstances, the interdisciplinary approach ensures a careful, nuanced, multi-dimensional exploration of children's relationships with digital media. Featuring a highly international range of case studies, perspectives, and socio-cultural contexts, The Routledge Companion to Digital Media and Children is the perfect reference tool for students and researchers of media and communication, family and technology studies, psychology, education, anthropology, and sociology, as well as interested teachers, policy makers, and parents.

Routledge International Handbook of Rural Studies

Rural societies around the world are changing in fundamental ways, both at their own initiative and in response to external forces. The Routledge International Handbook of Rural Studies examines the organisation and transformation of rural society in more developed regions of the world, taking an interdisciplinary and problem-focused approach. Written by leading social scientists from many countries, it addresses emerging issues and challenges in innovative and provocative ways to inform future policy. This volume is organised around eight emerging social, economic and environmental challenges: Demographic change. Economic transformations. Food systems and land. Environment and resources. Changing configurations of gender and rural society. Social and economic equality. Social dynamics and institutional capacity. Power and governance. Cross-cutting these challenges are

the growing interdependence of rural and urban; the rise in inequality within and between places; the impact of fiscal crisis on rural societies; neoliberalism, power and agency; and rural areas as potential sites of resistance. The Routledge International Handbook of Rural Studies is required reading for anyone concerned with the future of rural areas.

Routledge Handbook of Landscape Character Assessment

In this multi-authored book, senior practitioners and researchers offer an international overview of landscape character approaches for those working in research, policy and practice relating to landscape. Over the last three decades, European practice in landscape has moved from a narrow, if relatively straightforward, focus on natural beauty or scenery to a much broader concept of landscape character constructed through human perception, and transcending any of its individual elements. Methods, tools and techniques have been developed to give practical meaning to this idea of landscape character. The two main methods, Landscape Character Assessment (LCA) and Historic Landscape Characterisation (HLC) were applied first in the United Kingdom, but other methods are in use elsewhere in Europe, and beyond, to achieve similar ends. This book explores why different approaches exist, the extent to which disciplinary or cultural specificities in different countries affect approaches to land management and landscape planning, and highlights areas for reciprocal learning and knowledge transfer. Contributors to the book focus on examples of European countries – such as Sweden, Turkey and Portugal – that have adopted and extended UK-style landscape characterisation, but also on countries with their own distinctive approaches that have developed from different conceptual roots, as in Germany, France and the Netherlands. The collection is completed by chapters looking at landscape approaches based on non-European concepts of landscape in North America, Australia and New Zealand. This book has an introductory price of £125/\$205 which will last until 3 months after publication - after this time it will revert to £140/\$225.

The Routledge Companion to Accounting Communication

One of the prime purposes of accounting is to communicate and yet, to date, this fundamental aspect of the discipline has received relatively little attention. The Routledge Companion to Accounting Communication represents the first collection of contributions to focus on the power of communication in accounting. The chapters have a shared aim of addressing the misconception that accounting is a purely technical, number-based discipline by highlighting the use of narrative, visual and technological methods to communicate accounting information. The contents comprise a mixture of reflective overview, stinging critique, technological exposition, clinical analysis and practical advice on topical areas of interest such as: The miscommunication that preceded the global financial crisis The failure of sustainability reporting The development of XBRL How to cut clutter With an international coterie of contributors, including a communication theorist, a Big Four practitioner and accounting academics, this volume provides an eclectic array of expert analysis and reflection. The contributors reveal how accounting communications represent, or misrepresent, the financial affairs of entities, thus presenting a state-of-the-art assessment on each of the main facets of this important topic. As such, this book will be of interest to a wide range of readers, including: postgraduate students in management and accounting; established researchers in the fields of both accounting and communications; and accounting practitioners.

The Routledge Companion to Rural Planning

The Routledge Companion to Rural Planning provides a critical account and state of the art review of rural planning in the early years of the twenty-first century. Looking across different international experiences – from Europe, North America and Australasia to the transition and emerging economies, including BRIC and former communist states – it aims to develop new conceptual propositions and theoretical insights, supported by detailed case studies and reviews of available data. The Companion gives coverage to emerging topics in the field and seeks to position rural planning in the broader context of global challenges: climate change, the loss of biodiversity, food and energy security, and low carbon futures. It also looks at old, established questions in new ways: at social and spatial justice, place shaping, economic development, and environmental and landscape management. Planning in the twenty-first century must grapple not only with the challenges presented by cities and urban concentration, but also grasp the opportunities – and understand the risks – arising from rural change and restructuring. Rural areas are diverse and dynamic. This Companion attempts to capture and analyse at least some of this diversity, fostering a dialogue on likely and possible rural futures between a

global community of rural planning researchers. Primarily intended for scholars and graduate students across a range of disciplines, such as planning, rural geography, rural sociology, agricultural studies, development studies, environmental studies and countryside management, this book will prove to be an invaluable and up-to-date resource.

The Routledge International Handbook of Heritage and Politics

The Routledge International Handbook of Heritage and Politics surveys the intersection of heritage and politics today and helps elucidate the political implications of heritage practices. It explicitly addresses the political and analyses tensions and struggles over the distribution of power. Including contributions from early-career scholars and more established researchers, the Handbook provides global and interdisciplinary perspectives on the political nature, significance and consequence of heritage and the various practices of management and interpretation. Taking a broad view of heritage, which includes not just tangible and intangible phenomena, but the ways in which people and societies live with, embody, experience, value and use the past, the volume provides a critical survey of political tensions over heritage in diverse social and cultural contexts. Chapters within the book consider topics such as: neoliberal dynamics; terror and mobilisations of fear and hatred; old and new nationalisms; public policy; recognition; denials; migration and refugeeism; crises; colonial and decolonial practice; communities; self- and personhood; as well as international relations, geopolitics, soft power and cooperation to address global problems. The Routledge International Handbook of Heritage and Politics makes an intervention into the theoretical debate about the nature and role of heritage as a political resource. It is essential reading for academics and students working in heritage studies, museum studies, politics, memory studies, public history, geography, urban studies and tourism.

The Routledge Companion to Women in Architecture

The Routledge Companion to Women in Architecture illuminates the names of pioneering women who over time continue to foster, shape, and build cultural, spiritual, and physical environments in diverse regions around the globe. It uncovers the remarkable evolution of women's leadership, professional perspectives, craftsmanship, and scholarship in architecture from the preindustrial age to the present. The book is organized chronologically in five parts, outlining the stages of women's expanding engagement, leadership, and contributions to architecture through the centuries. It contains twenty-nine chapters written by thirty-three recognized scholars committed to probing broader topographies across time and place and presenting portraits of practicing architects, leaders, teachers, writers, critics, and other kinds of professionals in the built environment. The intertwined research sets out debates, questions, and projects around women in architecture, stimulates broader studies and discussions in emerging areas, and becomes a catalyst for academic programs and future publications on the subject. The novelty of this volume is in presenting not only a collection of case studies but in broadening the discipline by advancing an incisive overview of the topic as a whole. It is an invaluable resource for architectural historians, academics, students, and professionals.

The Routledge Companion to Urban Imaginaries

The Routledge Companion to Urban Imaginaries delves into examples of urban imaginaries across multiple media and geographies: from new visions of smart, eco, and resilient cities to urban dystopias in popular culture; from architectural renderings of starchitecture and luxury living to performative activism for new spatial justice; and from speculative experiments in urban planning, fiction, and photography to augmented urban realities in crowd-mapping and mobile apps. The volume brings various global perspectives together and into close dialogue to offer a broad, interdisciplinary, and critical overview of the current state of research on urban imaginaries. Questioning the politics of urban imagination, the companion gives particular attention to the role that urban imaginaries play in shaping the future of urban societies, communities, and built environments. Throughout the companion, issues of power, resistance, and uneven geographical development remain central. Adopting a transnational perspective, the volume challenges research on urban imaginaries from the perspective of globalization and postcolonial studies, inviting critical reconsiderations of urbanism in its diverse current forms and definitions. In the process, the companion explores issues of Western-centrism in urban research and design, and accommodates current attempts to radically rethink urban form and experience. This is an essential resource for scholars and graduate researchers in the fields of urban planning and architecture; art, media, and cultural studies; film, visual, and literary studies; sociology and political science; geography; and anthropology.

The Routledge Companion to Local Media and Journalism

This comprehensive edited collection provides key contributions in the field, mapping out fundamental topics and analysing current trends through an international lens. Offering a collection of invited contributions from scholars across the world, the volume is structured in seven parts, each exploring an aspect of local media and journalism. It brings together and consolidates the latest research and theorisations from the field, and provides fresh understandings of local media from a comparative perspective and within a global context. This volume reaches across national, cultural, technological and socio-economic boundaries to bring new understandings to the dominant foci of research in the field and highlights interconnection and thematic links. Addressing the significant changes local media and journalism have undergone in the last decade, the collection explores the history, politics, ethics and contents of local media, as well as delving deeper into the business and practices that affect not only the journalists and media-makers involved, but consumers and communities as well. For students and researchers in the fields of journalism studies, journalism education, cultural studies, and media and communications programmes, this is the comprehensive guide to local media and journalism.

Routledge Companion to Ancient Philosophy

The Routledge Companion to Ancient Philosophy is a collection of new essays on the philosophy and philosophers of the ancient Greek and Roman worlds. Written by a cast of international scholars, it covers the full range of ancient philosophy from the sixth century BC to the sixth century AD and beyond. There are dedicated discussions of the major areas of the philosophy of Plato and Aristotle together with accounts of their predecessors and successors. The contributors also address various problems of interpretation and method, highlighting the particular demands and interest of working with ancient philosophical texts. All original texts discussed are translated into English.

Routledge Handbook of Cultural Landscape Practice

Cultural landscapes, which in the field of heritage studies and practice relates to caring for and safeguarding heritage landscapes, is a concept embedded in contemporary conservation. Heritage conservation has shifted from an historical focus on buildings, city centres, and archaeological sites to encompass progressively more diverse forms of heritage and increasingly larger geographic areas, embracing both rural and urban landscapes. While the origin of the idea of cultural landscapes can be traced to the late-19th century Euro-American scholarship, it came to global attention after 1992 following its adoption as a category of 'site' by the UNESCO World Heritage Committee. Today, cultural landscape practice has become increasingly complex given the expansion of the values and meanings of heritage, the influence of environmental challenges such as human induced climate change, technological advancements, and the need to better understand and interpret human connections to place and landscapes. The aim of this handbook is to strike a balance between theory and practice, which we see as inseparable, while also seeking to achieve a geographical spread, disciplinary diversity and perspectives, and a mix of authors from academic, practitioner, management, and community backgrounds.

Routledge Companion to Global Heritage Conservation

The act of identifying, protecting, restoring, and reusing buildings, districts, and built landscapes of historic and cultural significance is, at its best, a reflective and consequential process of urban and socio-economic reform. It has the potential to reconcile conflicting memories, meanings, and cultural tensions, bridging and expanding the perceived boundaries of multiple disciplines towards bigger aspirations of city-making and social justice. How and where do such aspirations overlap and differ across nations and societies across the world? In places with different histories, governance structures, regulatory stringency, and populist dispositions, who are the specific players, and what are the actual processes that bring about bigger and deeper change beyond just the conservation of an architectural or urban entity of perceived value? This collection of scholarly articles by theorists, academics, and practitioners explores the global complexity, guises, and potential of heritage conservation. Going from Tokyo to Cairo, Shenzhen to Rome, and Delhi to Moscow, this volume examines a vast range of topics – indigenous habitats, urban cores, vernacular infrastructure, colonial towns, squatters, burial sites, war zones, and modern landmarks. It surfaces numerous inherent issues – water stress, deforestation, social oppression, poverty, religion, immigration, and polity, expanding the definitions of heritage conservation as both a professional discipline and socio-cultural catalyst. This book argues that the intellectual and praxis limits of heritage conservation – as the agency of reading, defining, and intervening with built heritage – can be expansive, aimed at bigger positive change beyond a specific

subject or object; plural, enmeshed with multiple fields and specializations; and empathetic, born from the actual socio-political realities of a place.

Routledge Handbook of Urban Landscape Research

Landscape architecture is one of the key professions dedicated to making cities hospitable and healthy places to live, work and play, while respecting and enhancing the natural environments and landscapes we inhabit. This edited collection presents current writing about the pivotal roles that landscape architects play in addressing some of the most pressing problems facing the planet, its environments and its populations through their research, analysis and speculative practice. The book has assembled current writings on recent research structured around five major themes: governance, power and partnership; infrastructure, systems and performance; environment, resilience and climate change; people, place and design; and culture, heritage and identity. As a collection, the chapters demonstrate the diversity of themes and topics that are expanding the scholarly body of knowledge for the discipline and its relevance to the practice of landscape architecture. The contributors to this book are academic researchers and practitioners from the discipline of landscape architecture. The chapters draw on their research, teaching and experience as well as analysis of project examples. Fifty-two contributors from the United States, United Kingdom, Sweden, Denmark, the Netherlands, Nigeria, Malaysia, Spain, Colombia, Australia, New Zealand and Canada discuss a diverse range of contemporary themes in urban landscape architecture. Collectively, the contributors demonstrate the breadth of experience, shared concerns and distinct issues that challenge urban landscape architecture and cities in the 21st century.

Routledge International Handbook of Outdoor Studies

The 'outdoors' is a physical and ideological space in which people engage with their environment, but it is also an important vehicle for learning and for leisure. The Routledge Handbook of Outdoor Studies is the first book to attempt to define and survey the multi-disciplinary set of approaches that constitute the broad field of outdoor studies, including outdoor recreation, outdoor education, adventure education, environmental studies, physical culture studies and leisure studies. It reflects upon the often haphazard development of outdoor studies as a discipline, critically assesses current knowledge in outdoor studies, and identifies further opportunities for future research in this area. With a broader sweep than any other book yet published on the topic, this handbook traces the philosophical and conceptual contours of the discipline, as well as exploring key contemporary topics and debates, and identifying important issues in education and professional practice. It examines the cultural, social and political contexts in which people experience the outdoors, including perspectives on outdoor studies from a wide range of countries, providing the perfect foundation for any student, researcher, educator or outdoors practitioner looking to deepen their professional knowledge of the outdoors and our engagement with the world around us.

The Routledge Handbook of Cultural Landscape Heritage in The Asia-Pacific

The Routledge Handbook of Cultural Landscape Heritage in the Asia-Pacific revisits the use, growth, and potential of the cultural landscape methodology in the conservation and management of culture-nature heritage in the Asia-Pacific region. Taking both a retrospective and prospective view of the management of cultural heritage in the region, this volume argues that the plurality and complexity of heritage in the region cannot be comprehensively understood and effectively managed without a broader conceptual framework like the cultural landscape approach. The book also demonstrates that such an approach facilitates the development of a flexible strategy for heritage conservation. Acknowledging the effects of rapid socio-economic development, globalization, and climate change, contributors examine the pressure these issues place on the sustenance of cultural heritage. Including chapters from more than 20 countries across the Asia-Pacific region, the volume reviews the effectiveness of theoretical and practical potentials afforded by the cultural landscape approach and examines how they have been utilized in the Asia-Pacific context for the last three decades. The Routledge Handbook of Cultural Landscape Heritage in the Asia-Pacific provides a comprehensive analysis of the processes of cultural landscape heritage conservation and management. As a result, it will be of interest to academics, students, and professionals who are based in the fields of cultural heritage management, architecture, urban planning, landscape architecture, and landscape management.

The Routledge Handbook of Landscape Ecology

The Handbook provides a supporting guide to key aspects and applications of landscape ecology to underpin its research and teaching. A wide range of contributions written by expert researchers in the field summarize the latest knowledge on landscape ecology theory and concepts, landscape processes, methods and tools, and emerging frontiers. Landscape ecology is an interdisciplinary and holistic discipline, and this is reflected in the chapters contained in this Handbook. Authors from varying disciplinary backgrounds tackle key concepts such as landscape structure and function, scale and connectivity; landscape processes such as disturbance, flows, and fragmentation; methods such as remote sensing and mapping, fieldwork, pattern analysis, modelling, and participation and engagement in landscape planning; and emerging frontiers such as ecosystem services, landscape approaches to biodiversity conservation, and climate change. Each chapter provides a blend of the latest scientific understanding of its focal topics along with considerations and examples of their application from around the world. An invaluable guide to the concepts, methods, and applications of landscape ecology, this book will be an important reference text for a wide range of students and academics in ecology, geography, biology, and interdisciplinary environmental studies.

The Routledge Handbook of Landscape Architecture Education

"In this handbook, sixty authors, senior and junior educators and researchers from six continents, provide an overview of two hundred years of landscape architectural education. They tell the stories of schools and people, of visions, and of experiments that constitute landscape architecture education heritage. Through taking an international perspective, the handbook centers inclusivity with an appreciation for how education develops in different political and societal contexts. Part one introduces the field of education history research, including research approaches and international research exchange. Spanning more than one hundred years, part two and three investigate and compare early and recent histories of landscape architecture education in different countries and schools. In part four, the book offers new perspectives for landscape architecture education. Education research presents a substantial opportunity for challenging studies to increase the pedagogic and didactic, the academic and historic, and the disciplinary knowledge basis. Through a boundary-crossing approach, these studies about landscape architecture education provide a reference to teachers and students, policy makers and administrators, who strive for innovative, holistic and interdisciplinary practice"--

The Routledge Companion to Contemporary Art, Visual Culture, and Climate Change

International in scope, this volume brings together leading and emerging voices working at the intersection of contemporary art, visual culture, activism, and climate change, and addresses key questions, such as: why and how do art and visual culture, and their ethics and values, matter with regard to a world increasingly shaped by climate breakdown? Foregrounding a decolonial and climate-justice-based approach, this book joins efforts within the environmental humanities in seeking to widen considerations of climate change as it intersects with social, political, and cultural realms. It simultaneously expands the nascent branches of ecocritical art history and visual culture, and builds toward the advancement of a robust and critical interdisciplinarity appropriate to the complex entanglements of climate change. This book will be of special interest to scholars and practitioners of contemporary art and visual culture, environmental studies, cultural geography, and political ecology.

Landscape as Heritage

This edited book provides a broad collection of current critical reflections on heritage-making processes involving landscapes, positioning itself at the intersection of landscape and heritage studies. Featuring an international range of contributions from researchers, academics, activists, and professionals, the book aims to bridge the gap between research and practice and to nourish an interdisciplinary debate spanning the fields of geography, anthropology, landscape and heritage studies, planning, conservation, and ecology. It provokes critical enquiry about the challenges between heritage-making processes and global issues, such as sustainability, economic inequalities, social cohesion, and conflict, involving voices and perspectives from different regions of the world. Case studies in Italy, Portugal, Spain, Slovenia, the Netherlands, Turkey, the UK, Columbia, Brazil, New Zealand, and Afghanistan highlight different approaches, values, and models of governance. This interdisciplinary book will appeal to researchers, academics, practitioners, and every landscape citizen interested in heritage studies, cultural landscapes, conservation, geography, and planning.

The Routledge Companion to Criticality in Art, Architecture, and Design

The Routledge Companion to Criticality in Art, Architecture, and Design presents an in-depth exploration of criticism and criticality in theory and practice across the disciplines of art, architecture, and design. Professional criticism is a vital part of understanding the cultural significance of designed objects and environments that we engage with on a daily basis, yet there is evidence to show that this practice is changing. This edited volume investigates how practitioners, researchers, educators, and professionals engage with, think about, and value the practice of critique. With contributions from a multi-disciplinary authorship from nine countries - the UK, USA, Australia, India, Netherlands, Switzerland, South Africa, Belgium, and Denmark - this companion provides a wide range of leading perspectives evaluating the landscape of criticality and how it is being shaped by technological and social advances. Illustrated with over 60 black and white images and structured into five sections, The Routledge Companion to Criticality in Art, Architecture, and Design is a comprehensive volume for researchers, educators, and students exploring the changing role of criticism through interdisciplinary perspectives.

The Routledge Companion to Media and Tourism

The Routledge Companion to Media and Tourism provides a comprehensive overview of the research into the convergence of media and tourism and specifically investigates the concept of mediatized tourism. This Companion offers a holistic look at the relationship between media and tourism by drawing from a global range of contributions by scholars from disciplines across the humanities and social sciences. The book is divided into five parts, covering diverse aspects of mediatization of tourism including place and space, representation, cultural production, and transmedia. It features a comprehensive theoretical introduction and an afterword by leading scholars in this emerging field, delving into the ways in which different forms of media content and consumption converge, and the consequential effects on tourism and tourists. The collection is an invaluable resource for students and scholars of tourism studies, cultural studies, and media and communication, as well as those with a particular interest in mediatization, convergence culture, and contemporary culture.

The Routledge Companion to International Human Resource Management

International human resource management (IHRM) is a key area of research in the sphere of international business and management. Described as a field in its infancy in the 1980s, IHRM has quickly advanced through adolescence and into maturity. Today, it is a vibrant and diverse discipline which boasts a large and active body of researchers across the globe. This volume examines cutting-edge themes, with the input of contributions from both established and emerging scholars. The Routledge Companion to International Human Resource Management gives a state-of-the-art overview of the key themes, topics and debates in the discipline, with valuable insights into directions for future research. Drawing on a large and respected international contributor base and with its focus on mature and emerging markets, this book is an essential resource for researchers, students and IHRM professionals alike.

The Routledge Companion to Architectural Drawings and Models

Architectural drawings and models are instruments of imagination, communication, and historical continuity. The role of drawings and models, and their ownership, placement, and authorship in a ubiquitous digital age deserve careful consideration. Expanding on the well-established discussion of the translation from drawings to buildings, this book fills a lacuna in current scholarship, questioning the significance of the lives of drawings and models after construction. Including emerging, well-known, and world-renowned scholars in the fields of architectural history and theory and curatorial practices, the thirty-five contributions define recent research in four key areas: drawing sites/sites of knowledge construction: drawing, office, construction site; the afterlife of drawings and models: archiving, collecting, displaying, and exhibiting; tools of making: architectural representations and their apparatus over time; and the ethical responsibilities of collecting and archiving: authorship, ownership, copyrights, and rights to copy. The research covers a wide range of geographies and delves into the practices of such architects as Sir John Soane, Superstudio, Eugène-Emmanuel Viollet-le-Duc, Frank Lloyd Wright, Wajiro Kon, Germán Samper Gnecco, A+PS, Mies van der Rohe, and Renzo Piano.

The Routledge Companion to Alternative and Community Media

The Routledge Companion to Alternative and Community Media provides an authoritative and comprehensive examination of the diverse forms, practices and philosophies of alternative and community

media across the world. The volume offers a multiplicity of perspectives to examine the reasons why alternative and community media arise, how they develop in particular ways and in particular places, and how they can enrich our understanding of the broader media landscape and its place in society. The 50 chapters present a range of theoretical and methodological positions, and arguments to demonstrate the dynamic, challenging and innovative thinking around the subject; locating media theory and practice within the broader concerns of democracy, citizenship, social exclusion, race, class and gender. In addition to research from the UK, the US, Canada, Europe and Australia, the Companion also includes studies from Colombia, Haiti, India, South Korea and Zimbabwe, enabling international comparisons to be made and also allowing for the problematisation of traditional - often Western - approaches to media studies. By considering media practices across a range of cultures and communities, this collection is an ideal companion to the key issues and debates within alternative and community media.

The Routledge Research Companion to Heritage and Identity

Heritage represents the meanings and representations conveyed in the present day upon artifacts, landscapes, mythologies, memories and traditions from the past. It is a key element in the shaping of identities, particularly in the context of increasingly multicultural societies. This Research Companion brings together an international team of authors to discuss the concepts, ideas and practices that inform the entwining of heritage and identity. They have assembled a wide geographical range of examples and interpret them through a number of disciplinary lenses that include geography, history, museum and heritage studies, archaeology, art history, history, anthropology and media studies. This outstanding companion offers scholars and graduate students a thoroughly up-to-date guide to current thinking and a comprehensive reference to this growing field.

The Routledge Companion to Modernity, Space and Gender

The Routledge Companion to Modernity, Space and Gender reframes the discussion of modernity, space and gender by examining how "modernity" has been defined in various cultural contexts of the twentieth and twenty-first centuries, how this definition has been expressed spatially and architecturally, and what effect this has had on women in their everyday lives. In doing so, this volume presents theories and methods for understanding space and gender as they relate to the development of cities, urban space and individual building types (such as housing, work spaces or commercial spaces) in both the creation of and resistance to social transformations and modern global capitalism. The book contains a diverse range of case studies from the US, Europe, the UK, and Asian countries such as China and India, which bring together a multiplicity of approaches to a continuing and common issue and reinforces the need for alternatives to the existing theoretical canon.

Teaching Landscape

Teaching Landscape: The Studio Experience gathers a range of expert contributions from across the world to collect best-practice examples of teaching landscape architecture studios. This is the companion volume to The Routledge Handbook of Teaching Landscape in the two-part set initiated by the European Council of Landscape Architecture Schools (ECLAS). Design and planning studio as a form of teaching lies at the core of landscape architecture education. They can simulate a professional situation and promote the development of creative solutions based on gaining an understanding of a specific project site or planning area; address existing challenges in urban and rural landscapes; and often involve interaction with real stakeholders, such as municipality representatives, residents or activist groups. In this way, studio-based planning and design teaching brings students closer to everyday practice, helping to prepare them to create real-world, problem-solving designs. This book provides fully illustrated examples of studios from over twenty different schools of landscape architecture worldwide. With over 250 full colour images, it is an essential resource for instructors and academics across the landscape discipline, for the continuously evolving process of discussing and generating improved teaching modes in landscape architecture.

The Routledge Companion to Twenty-First Century Literary Fiction

The study of contemporary fiction is a fascinating yet challenging one. Contemporary fiction has immediate relevance to popular culture, the news, scholarly organizations, and education – where it is found on the syllabus in schools and universities – but it also offers challenges. What is 'contemporary'? How do we track cultural shifts and changes? The Routledge Companion to Twenty-First Century

Literary Fiction takes on this challenge, mapping key literary trends from the year 2000 onwards, as the landscape of our century continues to take shape around us. A significant and central intervention into contemporary literature, this Companion offers essential coverage of writers who have risen to prominence since then, such as Hari Kunzru, Jennifer Egan, David Mitchell, Jonathan Lethem, Ali Smith, A. L. Kennedy, Hilary Mantel, Marilynne Robinson, and Colson Whitehead. Thirty-eight essays by leading and emerging international scholars cover topics such as: • Identity, including race, sexuality, class, and religion in the twenty-first century; • The impact of technology, terrorism, activism, and the global economy on the modern world and modern literature; • The form and format of twenty-first century literary fiction, including analysis of established genres such as the pastoral, graphic novels, and comedic writing, and how these have been adapted in recent years. Accessible to experts, students, and general readers, *The Routledge Companion to Twenty-First Century Literary Fiction* provides a map of the critical issues central to the discipline, as well as uncovering new perspectives and new directions for the development of the field. It is essential reading for anyone interested in the past, present, and future of contemporary literature.

The Routledge Companion to Digital Journalism Studies

The Routledge Companion to Digital Journalism Studies offers an unprecedented collection of essays addressing the key issues and debates shaping the field of Digital Journalism Studies today. Across the last decade, journalism has undergone many changes, which have driven scholars to reassess its most fundamental questions, and in the face of digital change, to ask again: 'Who is a journalist?' and 'What is journalism?'. This companion explores a developing scholarly agenda committed to understanding digital journalism and brings together the work of key scholars seeking to address key theoretical concerns and solve unique methodological riddles. Compiled of 58 original essays from distinguished academics across the globe, this Companion draws together the work of those making sense of this fundamental reconceptualization of journalism, and assesses its impacts on journalism's products, its practices, resources, and its relationship with audiences. It also outlines the challenge presented by studying digital journalism and, more importantly, offers a first set of answers. This collection is the very first of its kind to attempt to distinguish this emerging field as a unique area of academic inquiry. Through identifying its core questions and presenting its fundamental debates, this Companion sets the agenda for years to come in defining this new field of study as Digital Journalism Studies, making it an essential point of reference for students and scholars of journalism.

The Routledge Companion to Human Resource Development

The field of Human Resource Development (HRD) has grown in prominence as an independent discipline from its roots in both management and education since the 1980s. There has been continual debate about the boundaries of HRD ever since. Drawing on a wide and respected international contributor base and with a focus on international markets, this book provides a thematic overview of current knowledge in HRD across the globe. The text is separated into nine sections which explore the origins of the field, adjacent and related fields, theoretical approaches, policy perspectives, interventions, core issues and concerns, HRD as a profession, HRD around the world, and emerging topics and future trends. An epilogue rounds off the volume by considering the present and future states of the discipline, and suggesting areas for further research. *The Routledge Companion to Human Resource Development* is an essential resource for researchers, students and HRD professionals alike.

The Routledge Companion to Photography and Visual Culture

The Routledge Companion to Photography and Visual Culture is a seminal reference source for the ever-changing field of photography. Comprising an impressive range of essays and interviews by experts and scholars from across the globe, this book examines the medium's history, its central issues and emerging trends, and its much-discussed future. The collected essays and interviews explore the current debates surrounding the photograph as object, art, document, propaganda, truth, selling tool, and universal language; the perception of photography archives as burdens, rather than treasures; the continual technological development reshaping the field; photography as a tool of representation and control, and more. One of the most comprehensive volumes of its kind, this companion is essential reading for photographers and historians alike.

The Routledge Companion to Political Journalism

This international edited collection brings together the latest research in political journalism, examining the ideological, commercial and technological forces that are transforming the field and its evolving relationship with news audiences. Comprising 40 original chapters written by scholars from around the world, *The Routledge Companion to Political Journalism* offers fundamental insights from the disciplines of political science, media, communications and journalism. Drawing on interviews, discourse analysis and quantitative statistical methods, the volume is divided into six parts, each focusing on a major theme in the contemporary study of political journalism. Topics covered include far-right media, populism movements and the media, local political journalism practices, public engagement and audience participation in political journalism, agenda setting, and advocacy and activism in journalism. Chapters draw on case studies from the United Kingdom, Hungary, Russia, Malaysia, Myanmar, Italy, Brazil, the United States, Greece and Spain. *The Routledge Companion to Political Journalism* is a valuable resource for students and scholars of media studies, journalism studies, political communication and political science.

The Routledge Companion to Race and Ethnicity

The Routledge Companion to Race and Ethnicity is a comprehensive guide to the increasingly relevant, broad and ever changing terrain of studies surrounding race and ethnicity. Comprising a series of essays and a critical dictionary of key names and terms written by respected scholars from a range of academic disciplines, this book provides a thought provoking introduction to the field, and covers: The history and relationship between "race" and ethnicity The impact of colonialism and post colonialism Emerging concepts of "whiteness" Changing political and social implications of race Race and ethnicity as components of identity The interrelatedness and intersectionality of race and ethnicity with gender and sexual orientation Globalization, media, popular culture and their links with race and ethnicity Fully cross referenced throughout, with suggestions for further reading and international examples, this book is indispensable reading for all those studying issues of race and ethnicity across the humanities and social and political sciences.

The Routledge Companion to Race and Ethnicity

The second edition of *The Routledge Companion to Race and Ethnicity* offers readers a broad overview of scholarly exploration of the ways that humans have organized themselves (and have been organized) according to racial and ethnic divisions. More than 80 scholars from around the world and representing multiple academic traditions contribute entries to this accessible yet sophisticated volume that addresses contemporary issues in historical context. The first half of the book challenges readers to grapple with some of the most controversial aspects of categorization, prejudice and discrimination through focused chapters ranging from the notion of Whiteness to the supposed biological rationale for racial categorization. The second half is comprised of 70 shorter entries on specialized concepts, persons and groups that are crucial to understanding these issues. Taken as a whole, this volume provides a broad, multi-disciplinary and global overview of issues that continue to provide challenges to notions of equality and justice.

The Routledge Companion to Media and Race

The Routledge Companion to Media and Race serves as a comprehensive guide for scholars, students, and media professionals who seek to understand the key debates about the impact of media messages on racial attitudes and understanding. Broad in scope and richly presented from a diversity of perspectives, the book is divided into three sections: first, it summarizes the theoretical approaches that scholars have adopted to analyze the complexities of media messages about race and ethnicity, from the notion of "representation" to more recent concepts like Critical Race Theory. Second, the book reviews studies related to a variety of media, including film, television, print media, social media, music, and video games. Finally, contributors present a broad summary of media issues related to specific races and ethnicities and describe the relationship of the study of race to the study of gender and sexuality.

The Routledge Companion to Media and Race

The Routledge Companion to Media and Race serves as a comprehensive guide for scholars, students, and media professionals who seek to understand the key debates about the impact of media messages on racial attitudes and understanding. Broad in scope and richly presented from a diversity

of perspectives, the book is divided into three sections: first, it summarizes the theoretical approaches that scholars have adopted to analyze the complexities of media messages about race and ethnicity, from the notion of "representation" to more recent concepts like Critical Race Theory. Second, the book reviews studies related to a variety of media, including film, television, print media, social media, music, and video games. Finally, contributors present a broad summary of media issues related to specific races and ethnicities and describe the relationship of the study of race to the study of gender and sexuality. Chapters 1, 3, and 11 of this book are freely available as downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

The Routledge Companion to Gender, Sexuality and Culture

The Routledge Companion to Gender, Sexuality, and Culture is an intersectional, diverse, and comprehensive collection essential for students and researchers examining the intersection of sexuality and culture. The book seeks to reflect established theories while anticipating future developments within gender, sexuality, and cultural studies. A range of international contributors, including leaders in their field, provide insights into dominant and marginalised subjects. Comprising over 30 chapters, the volume is comprised into five thematic parts: Identifying, Embodying, Making, Doing, and Resisting. Topics explored include homonormativity, poetry, video games, menstruation, fatness, disability, sex toys, sex work, BDSM, dating apps, body modifications, and politics and activism. This is an important and unique collection aimed at scholars, researchers, activists, and practitioners across cultural studies, gender studies and sociology.

Routledge Handbook of Sport, Race and Ethnicity

Few issues have engaged sports scholars more than those of race and ethnicity. Today, globalization and migration mean all major sports leagues include players from around the globe, bringing into play a complex mix of racial, ethnic, cultural, political and geographical factors. These complexities have been examined from many angles by historians, sociologists, anthropologists and scientists. This is the first book to offer a comprehensive survey of the full sweep of approaches to the study of sport, race and ethnicity. The Routledge Handbook of Sport, Race and Ethnicity makes a substantial contribution to scholarship, presenting a collection of international case studies that map the most important developments in the field. Multi-disciplinary in its approach, it engages with a wide range of disciplines including history, politics, sociology, philosophy, science and gender studies. It draws upon the latest cutting-edge research to address key issues such as racism, integration, globalisation, development and management. Written by a world-class team of sports scholars, this book is essential reading for all students, researchers and policy-makers with an interest in sports studies.

The Routledge Companion to the Philosophy of Race

For many decades, race and racism have been common areas of study in departments of sociology, history, political science, English, and anthropology. Much more recently, as the historical concept of race and racial categories have faced significant scientific and political challenges, philosophers have become more interested in these areas. This changing understanding of the ontology of race has invited inquiry from researchers in moral philosophy, metaphysics, epistemology, philosophy of science, philosophy of language, and aesthetics. The Routledge Companion to Philosophy of Race offers in one comprehensive volume newly written articles on race from the world's leading analytic and continental philosophers. It is, however, accessible to a readership beyond philosophy as well, providing a cohesive reference for a wide student and academic readership. The Companion synthesizes current philosophical understandings of race, providing 37 chapters on the history of philosophy and race as well as how race might be investigated in the usual frameworks of contemporary philosophy. The volume concludes with a section on philosophical approaches to some topics with broad interest outside of philosophy, like colonialism, affirmative action, eugenics, immigration, race and disability, and post-racialism. By clearly explaining and carefully organizing the leading current philosophical thinking on race, this timely collection will help define the subject and bring renewed understanding of race to students and researchers in the humanities, social science, and sciences.

The Wiley Blackwell Companion to Race, Ethnicity, and Nationalism

A broad examination of the rise of nationalism, populism, xenophobia, and racism throughout the world The Wiley Blackwell Companion to Race, Ethnicity, and Nationalism provides expert insight into

the complex, interconnected factors that are influencing patterns of human relations worldwide in a time of rising populist nationalism, intensified racial and religious tensions, and mounting hostilities towards immigrants and minorities. Analyzing the underlying forces which continue to drive global trends, this volume examines contemporary patterns based on the most recent evidence spanning five continents—offering a diversity of interpretations, models and perspectives that address the challenges facing the study of race, ethnicity, and nationalism. The Companion features original contributions by both established experts and emerging scholars that explore an expansive range of theoretical, historical, and empirical case studies. Organized into five sections, the text first discusses growing trends in the United States, the significance of populism in major societies around the globe, and how global changes are influencing regional variations in race, ethnicity, and nationalism. An investigation of global migration patterns is followed by examination of conflict and violence, from urban riots and boundary disputes to warfare and genocide. The final section focuses on the policy debates resulting from changing patterns and their impact on politics, the economy, and society. Timely and highly relevant, this book: Discusses contemporary issues such as the failure of school systems to provide equal opportunities to minorities, the evolution of the School-to-Prison pipeline, and the Black Lives Matter movement Explores shifts in American race relations, the influence of social media and the internet, and the links between increased globalization and contemporary forms of nationalism, racism, and populism Features essays on national and ethnic identity in China, Japan, and South Korea, India, Central Asia, Africa, Latin America, and Europe Analyzes policies regarding borders, immigration, refugees, and human rights in different countries and regions Offers perspectives on the radicalization of social movements, the creation of ethnic, linguistic and other boundaries between groups, and the models used to understand intractable conflicts in many global settings The Wiley Blackwell Companion to Race, Ethnicity, and Nationalism is an indispensable resource for scholars, researchers, instructors, and students across the social sciences, including sociology, political science, global affairs, economics, comparative race and ethnic relations, international migration, social change, and sociological theory.

The Routledge Companion to Asian American Media

The Routledge Companion to Asian American Media offers readers a comprehensive examination of the way that Asian Americans have engaged with media, from the long history of Asian American actors and stories that have been featured in mainstream film and television, to the birth and development of a distinctly Asian American cinema, to the ever-shifting frontiers of Asian American digital media. Contributor essays focus on new approaches to the study of Asian American media including explorations of transnational and diasporic media, studies of intersectional identities encompassed by queer or mixed race Asian Americans, and examinations of new media practices that challenge notions of representation, participation, and community. Expertly organized to represent work across disciplines, this companion is an essential reference for the study of Asian American media and cultural studies.

The Routledge International Handbook of Race, Culture and Mental Health

This handbook presents a thorough examination of the intricate interplay of race, ethnicity, and culture in mental health – historical origins, subsequent transformations, and the discourses generated from past and present mental health and wellness practices. The text demonstrates how socio-cultural identities including race, gender, class, sexual orientation, disability, religion, and age intersect with clinical work in a range of settings. Case vignettes and recommendations for best practice help ground each in a clinical focus, guiding practitioners and educators to actively increase their understanding of non-Western and indigenous healing techniques, as well as their awareness of contemporary mental health theories as a product of Western culture with a particular historical and cultural perspective. The international contributors also discuss ways in which global mental health practices transcend racial, cultural, ethnic, linguistic, and political boundaries. The Routledge International Handbook of Race, Culture and Mental Health is an essential resource for students, researchers, and professionals alike as it addresses the complexity of mental health issues from a critical, global perspective.

The Routledge Companion to Black Women's Cultural Histories

In the social and cultural histories of women and feminism, Black women have long been overlooked or ignored. The Routledge Companion to Black Women's Cultural Histories is an impressive and comprehensive reference work for contemporary scholarship on the cultural histories of Black women across the diaspora spanning different eras from ancient times into the twenty-first century. Comprising

over 30 chapters by a team of international contributors, the Companion is divided into five parts: A fragmented past, an inclusive future Contested histories, subversive memories Gendered lives, racial frameworks Cultural shifts, social change Black identities, feminist formations Within these sections, a diverse range of women, places, and issues are explored, including ancient African queens, Black women in early modern European art and culture, enslaved Muslim women in the antebellum United States, Sally Hemings, Phillis Wheatley, Black women writers in early twentieth-century Paris, Black women, civil rights, South African apartheid, and sexual violence and resistance in the United States in recent history. The Routledge Companion to Black Women's Cultural Histories is essential reading for students and researchers in Gender Studies, History, Africana Studies, and Cultural Studies.

The Routledge International Companion to Multicultural Education

This volume is the first authoritative reference work to provide a truly comprehensive international description and analysis of multicultural education around the world. It is organized around key concepts and uses case studies from various nations in different parts of the world to exemplify and illustrate the concepts. Case studies are from many nations, including the United States, the United Kingdom, Canada, Australia, France, Germany, Spain, Norway, Bulgaria, Russia, South Africa, Japan, China, India, New Zealand, Malaysia, Singapore, Indonesia, Brazil, and Mexico. Two chapters focus on regions – Latin America and the French-speaking nations in Africa. The book is divided into ten sections, covering theory and research pertaining to curriculum reform, immigration and citizenship, language, religion, and the education of ethnic and cultural minority groups among other topics. With forty newly commissioned pieces written by a prestigious group of internationally renowned scholars, The Routledge International Companion to Multicultural Education provides the definitive statement on the state of multicultural education and on its possibilities for the future.

The Routledge Companion to Children's Literature

The Routledge Companion to Children's Literature is a vibrant and authoritative exploration of children's literature in all its manifestations. It features a series of essays written by expert contributors who provide an illuminating examination of why children's literature is the way it is. Topics covered include: the history and development of children's literature various theoretical approaches used to explore the texts, including narratological methods questions of gender and sexuality along with issues of race and ethnicity realism and fantasy as two prevailing modes of story-telling picture books, comics and graphic novels as well as 'young adult' fiction and the 'crossover' novel media adaptations and neglected areas of children's literature. The Routledge Companion to Children's Literature contains suggestions for further reading throughout plus a helpful timeline and a substantial glossary of key terms and names, both established and more cutting-edge. This is a comprehensive and up-to-date guide to an increasingly complex and popular discipline.

Routledge Companion to Christianity in Africa

The Routledge Companion to Christianity in Africa offers a multi-disciplinary analysis of the Christian tradition across the African continent and throughout a long historical span. The volume offers historical and thematic essays tracing the introduction of Christianity in Africa, as well as its growth, developments, and effects, including the lived experience of African Christians. Individual chapters address the themes of Christianity and gender, the development of African-initiated churches, the growth of Pentecostalism, and the influence of Christianity on issues of sexuality, music, and public health. This comprehensive volume will serve as a valuable overview and reference work for students and researchers worldwide.

Routledge Handbook of Race and Ethnicity in Asia

"The Routledge Handbook of Race and Ethnicity in Asia introduces theoretical approaches to the study of race, ethnicity and indigeneity in Asia beyond those commonly grounded in the Western experience. The volume's twenty-eight chapters consider not only the relationship between ethnic or racial minorities and the state, but social relations within and between individual and transnational communities. These shape not only the contours of governance, but also the means by which knowledge of national identity, 'self' and 'other' have been constructed and reconstructed over time. Divided into four sections, it provides holistic and comparative coverage of South, South East, and East Asia, as well as Australasia and Oceania; an area that extends from Pakistan in the West to Hawai'i in the East. Contributors to this handbook offer a variety of disciplinary and interdisciplinary perspectives, opening

a domain of scholarship wherein the relationship between phenotype and racism is less pronounced than European and North American approaches, which have often privileged the so-called 'colour stigmata', leading to further exclusions of particular ethnic, racial, and indigenous communities. This volume seeks to overcome racisms and white ideologies embedded in theories of race and ethnicity in Asia, proving a valuable resource to both students and scholars of comparative racial and ethnic studies, international relations and human rights"--

The Routledge Companion to Literature and Disability

The Routledge Companion to Literature and Disability brings together some of the most influential and important contemporary perspectives in this growing field. The book traces the history of the field and locates literary disability studies in the wider context of activism and theory. It introduces debates about definitions of disability and explores intersectional approaches in which disability is understood in relation to gender, race, class, sexuality, nationality and ethnicity. Divided broadly into sections according to literary genre, this is an important resource for those interested in exploring and deepening their knowledge of the field of literature and disability studies.

The Routledge Companion to Beauty Politics

The growth of the service economy, widespread acceptance of cosmetic technologies, expansion of global media, and the intensification of scrutiny of appearance brought about by the internet have heightened the power of beauty ideals in everyday life. A range of interdisciplinary contributions by an international roster of established and emerging scholars will introduce students to the emergence of debates about beauty, including work in history, sociology, communications, anthropology, gender studies, disability studies, ethnic studies, cultural studies, philosophy, and psychology. The Routledge Companion to Beauty Politics is an essential reference work for students and researchers interested in the politics of appearance. Comprising over 30 chapters by a team of international contributors the Handbook is divided into six parts: Theorizing Beauty Politics Competing Definitions of Beauty Beauty, Activism, and Social Change Body Work Beauty and Labor Beauty and the Lifecourse The Routledge Companion to Beauty Politics is essential reading for students in Women and Gender Studies, Sociology, Media Studies, Communications, Philosophy, and Psychology.

The Routledge Companion to African American Art History

This Companion authoritatively points to the main areas of enquiry within the subject of African American art history. This book will be of interest to graduate students, researchers and professors and may be used in African American art, visual culture, and culture classes.

Race and Ethnicity

Examines the shifting meanings of 'race' and ethnicity and the essential concepts. From Marxist views to post-colonialism, this book investigates the attendant debates, issues and analyses within the context of global change. It uses international case studies to explain the difficult elements of theory and focuses on everyday life issues.

The Routledge Companion to Asian American and Pacific Islander Literature

The Routledge Companion to Asian American and Pacific Islander Literature offers a general introduction as well as a range of critical approaches to this important and expanding field. Divided into three sections, the volume: Introduces "keywords" connecting the theories, themes and methodologies distinctive to Asian American Literature Addresses historical periods, geographies and literary identities Looks at different genre, form and interdisciplinarity With 41 essays from scholars in the field this collection is a comprehensive guide to a significant area of literary study for students and teachers of Ethnic American, Asian diasporic and Pacific Islander Literature. Contributors: Christine Bacarez Balance, Victor Bascara, Leslie Bow, Joshua Takano Chambers-Letson, Tina Chen, Anne Anlin Cheng, Mark Chiang, Patricia P. Chu, Robert Diaz, Pin-chia Feng, Tara Fickle, Donald Goellnicht, Helena Grice, Eric Hayot, Tamara C. Ho, Hsuan L. Hsu, Mark C. Jerng, Laura Hyun Yi Kang, Daniel Y. Kim, Jodi Kim, James Kyung-Jin Lee, Rachel C. Lee, Jinqi Ling, Colleen Lye, Sean Metzger, Susette Min, Susan Y. Najita, Viet Thanh Nguyen, erin Khuê Ninh, Eve Oishi, Josephine Nock-Hee Park, Steven Salaita, Shu-mei Shi, Rajini Srikanth, Brian Kim Stefans, Erin Suzuki, Theresa Tensuan, Cynthia Tolentino, Thuy Linh Nguyen Tu, Eleanor Ty, Traise Yamamoto, Timothy Yu.

The Routledge Companion to Latina/o Media

The Routledge Companion to Latina/o Media provides students and scholars with an indispensable overview of the domestic and transnational dynamics at play within multi-lingual Latina/o media. The book examines both independent and mainstream media via race and gender in its theoretical and empirical engagement with questions of production, access, policy, representation, and consumption. Contributions consider a range of media formats including television, radio, film, print media, music video and social media, with particular attention to understudied fields such as audience and production studies.

The Routledge Companion to the Study of Local Musicking

The Routledge Companion to the Study of Local Musicking provides a reference to how, cross-culturally, musicking constructs locality and how locality is constructed by the musicking that takes place within it, that is, how people engage with ideas of community and place through music. The term "musicking" has gained currency in music studies, and refers to the diverse ways in which people engage with music, regardless of the nature of this engagement. By linking musicking to the local, this book highlights the ways in which musical practices and discourses interact with people's everyday experiences and understandings of their immediate environment, their connections and commitment to that locality, and the people who exist within it. It explores what makes local musicking "local." By viewing musicking from the perspective of where it takes place, the contributions in this collection engage with debates on the processes of musicking, identity construction, community-building and network formation, competitions and rivalries, place and space making, and local-global dynamics.

The Routledge Companion to Feminist Philosophy

The Routledge Companion to Feminist Philosophy is an outstanding guide and reference source to the key topics, subjects, thinkers, and debates in feminist philosophy. Fifty-six chapters, written by an international team of contributors specifically for the Companion, are organized into five sections: (1) Engaging the Past; (2) Mind, Body, and World; (3) Knowledge, Language, and Science; (4) Intersections; (5) Ethics, Politics, and Aesthetics. The volume provides a mutually enriching representation of the several philosophical traditions that contribute to feminist philosophy. It also foregrounds issues of global concern and scope; shows how feminist theory meshes with rich theoretical approaches that start from transgender identities, race and ethnicity, sexuality, disabilities, and other axes of identity and oppression; and highlights the interdisciplinarity of feminist philosophy and the ways that it both critiques and contributes to the whole range of subfields within philosophy.

The Routledge Companion to Australian Literature

In recent years, Australian literature has experienced a revival of interest both domestically and internationally. The increasing prominence of work by writers like Christos Tsiolkas, heightened through television and film adaptation, as well as the award of major international prizes to writers like Richard Flanagan, and the development of new, high-profile prizes like the Stella Prize, have all reinvigorated interest in Australian literature both at home and abroad. This Companion emerges as a part of that reinvigoration, considering anew the history and development of Australian literature and its key themes, as well as tracing the transition of the field through those critical debates. It considers works of Australian literature on their own terms, as well as positioning them in their critical and historical context and their ethical and interactive position in the public and private spheres. With an emphasis on literature's responsibilities, this book claims Australian literary studies as a field uniquely positioned to expose the ways in which literature engages with, produces and is produced by its context, provoking a critical re-evaluation of the concept of the relationship between national literatures, cultures, and histories, and the social function of literary texts.

The Routledge Companion to the Contemporary Musical

The Routledge Companion to the Contemporary Musical is dedicated to the musical's evolving relationship to American culture in the late twentieth and early twenty-first centuries. In the past decade-and-a-half, international scholars from an ever-widening number of disciplines and specializations have been actively contributing to the interdisciplinary field of musical theater studies. Musicals have served not only to mirror the sociopolitical, economic, and cultural tenor of the times, but have helped shape and influence it, in America and across the globe: a genre that may seem, at first glance, light-hearted and escapist serves also as a bold commentary on society. Forty-four essays examine the contemporary musical as an ever-shifting product of an ever-changing culture. This volume

sheds new light on the American musical as a thriving, contemporary performing arts genre, one that could have died out in the post-Tin Pan Alley era but instead has managed to remain culturally viable and influential, in part by newly embracing a series of complex contradictions. At present, the American musical is a live, localized, old-fashioned genre that has simultaneously developed into an increasingly globalized, tech-savvy, intensely mediated mass entertainment form. Similarly, as it has become increasingly international in its scope and appeal, the stage musical has also become more firmly rooted to Broadway—the idea, if not the place—and thus branded as a quintessentially American entertainment.

Race and Ethnicity

Race and ethnicity have shaped the social, cultural and political character of much of the world, and remain an important influence on contemporary life in the 21st Century. *Race and Ethnicity: The Basics* is an accessible introduction to these potent forces. Topics covered include: The forms and dynamics of racial and ethnic relations The dynamics of inequality The relationship between prejudice and discrimination Ethnic conflict Models of inclusion Including plenty of examples, chapter summaries and a glossary, this book is an essential read for all those interested in the contested field of race and ethnicity.

Race and Ethnicity: The Basics

The Routledge Companion to American Journalism History revisits media history across forms, formats, and multiple fault lines, including gender, ethnicity, race, and citizenship status. Original contributions highlight areas of journalism history in desperate need of further treatment, with a special focus on diversity, equity, and accountability. Sections cover the early origins and development of journalism in the United States, pivotal moments and personalities in various strands of journalism, underrepresented groups and formats in journalism history, and key issues in "doing" journalism history. Authors aim to fill in the gaps left by traditional historical narratives by examining overlooked subjects, such as labor reporting, and overdue theoretical perspectives, such as intersectionality. Collectively, the voices in this book offer a more inclusive paradigm for the field. Written by a range of recognized journalism scholars, both well-established and emerging, this collection offers a thought-provoking starting point for researchers and advanced students seeking a critical understanding of American journalism history as conceived in the current era.

The Routledge Companion to American Journalism History

This cutting-edge handbook brings together an international roster of scholars to examine many facets of comics and graphic novels. Contributor essays provide authoritative, up-to-date overview of the major topics and questions within comic studies, offering readers a truly global approach to understanding the field. Essays examine: the history of the temporal, geographical, and formal development of comics, including topics like art comics, manga, comix, and the comics code; issues such as authorship, ethics, adaptation, and translating comics connections between comics and other artistic media (drawing, caricature, film) as well as the linkages between comics and other academic fields like linguistics and philosophy; new perspectives on comics genres, from funny animal comics to war comics to romance comics and beyond. The Routledge Companion to Comics expertly organizes representative work from a range of disciplines, including media and cultural studies, literature, philosophy, and linguistics. More than an introduction to the study of comics, this book will serve as a crucial reference for anyone interested in pursuing research in the area, guiding students, scholars, and comics fans alike.

The Routledge Companion to Comics

This handbook offers a unique decolonial take on the field of Critical Whiteness Studies by rehistoricising and re-spatialising the study of bodies and identities in the world system of coloniality. Situating the critical study of whiteness as a core intellectual pillar in a broadly based project for racial and social justice, the volume understands whiteness as elaborated in global coloniality through epistemology, ideology and governmentality at the intersections with heteropatriarchy and capitalism. The diverse contributions present Black and other racially diverse scholarship as crucial to the field. The focus of inquiry is expanded beyond Northern Anglophone contexts to challenge centre/margin relations, examining whiteness in the Caribbean, South Africa and the African continent, Asia, the Middle East as well as in the United States and parts of Europe. Providing a transdisciplinary approach and addressing debates about knowledges, black and white subjectivities and newly defensive forms of

whiteness, as seen in the rise of the Radical Right, the handbook deepens our understanding of power, place, and culture in coloniality. This book will be an invaluable resource for researchers, advanced students, and scholars in the fields of Education, History, Sociology, Anthropology, Psychology, Political Sciences, Philosophy, Critical Race Theory, Feminist and Gender Studies, Postcolonial and Decolonial Studies, Security Studies, Migration Studies, Media Studies, Indigenous Studies, Cultural Studies, Critical Diversity Studies, and African, Latin American, Asian, American, British and European Studies.

Routledge Handbook of Critical Studies in Whiteness

Unique in its global and interdisciplinary scope, this collection will bring together comparative insights across European, Ottoman, Japanese, and US imperial contexts while spanning colonized spaces in Latin America, the Caribbean, Africa, the Indian Ocean, the Middle East, and East and Southeast Asia. Drawing on interdisciplinary perspectives from cultural, intellectual and political history, anthropology, law, gender and sexuality studies, and literary criticism, The Routledge Companion to Sexuality and Colonialism combines regional and historiographic overviews with detailed case studies, making it the key reference for up-to-date scholarship on the intimate dimensions of colonial rule. Comprising more than 30 chapters by a team of international contributors, the Companion is divided into five parts: Directions in the study of sexuality and colonialism Constructing race, controlling reproduction Sexuality in law Subjects, souls, and selfhood Pleasure and violence. The Routledge Companion to Sexuality and Colonialism is essential reading for students and researchers in gender, sexuality, race, global studies, world history, Indigeneity, and settler colonialism.

The Routledge Companion to Sexuality and Colonialism

A Companion to Gender Studies presents a unified and comprehensive vision of its field, and its new directions. It is designed to demonstrate in action the rich interplay between gender and other markers of social position and (dis)privilege, such as race, class, ethnicity, and nationality. Presents a unified and comprehensive vision of gender studies, and its new directions, injecting a much-needed infusion of new ideas into the field; Organized thematically and written in a lucid and lively fashion, each chapter gives insightful consideration to the differing views on its topic, and also clarifies each contributor's own position; Features original contributions from an international panel of leading experts in the field, and is co-edited by the well-known and internationally respected David Theo Goldberg.

A Companion to Gender Studies

It is impossible to overestimate the importance of Stuart Hall's work in shaping the field of racial and ethnic studies for nearly five decades. From his groundbreaking work *Policing the Crisis* through to his paradigm shattering 'New Ethnicities', Hall's writing has redefined how race research is thought and done, while Hall himself stands as an exemplar of the public and politically engaged intellectual. This collection of essays, from established and emerging scholars, critically engages with Hall's legacy across this body of work, from the foundations of cultural studies as a field of enquiry, through his work on race and articulation, to his insights into 'the politics of difference' and diaspora identities. These essays both reflect back on Hall's interventions and locate them within some of the key spaces and questions of our time – from the 'political theology' of race in South Africa to the terrain of the contemporary city, from reflections on memory, nationhood and belonging to new ethnicities online and the formation of postcolonial subjectivities. The collection includes an in-depth conversation between Les Back and Stuart Hall, in which Hall reflects on his career and explores the challenges facing contemporary multicultural, multifaith societies in a globalised world. This book was published as a special issue of *Cultural Studies*.

Stuart Hall and 'Race'

Covers the history of the entire African continent, from prehistory to the present day A Companion to African History embraces the diverse regions, subject matter, and disciplines of the African continent, while also providing chronological and geographical coverage of basic historical developments. Two dozen essays by leading international scholars explore the challenges facing this relatively new field of historical enquiry and present the dynamic ways in which historians and scholars from other fields such as archaeology, anthropology, political science, and economics are forging new directions in thinking and research. Comprised of six parts, the book begins with thematic approaches to African history—exploring the environment, gender and family, medical practices, and more. Section two covers Africa's early history and its pre-colonial past—early human adaptation, the emergence of kingdoms,

royal power, and warring states. The third section looks at the era of the slave trade and European expansion. Part four examines the process of conquest—the discovery of diamonds and gold, military and social response, and more. Colonialism is discussed in the sixth section, with chapters on the economy transformed due to the development of agriculture and mining industries. The last section studies the continent from post World War II all the way up to modern times. Aims at capturing the enthusiasms of practicing historians, and encouraging similar passion in a new generation of scholars. Emphasizes linkages within Africa as well as between the continent and other parts of the world. All chapters include significant historiographical content and suggestions for further reading. Written by a global team of writers with unique backgrounds and views. Features case studies with illustrative examples. In a field traditionally marked by narrow specialisms, *A Companion to African History* is an ideal book for advanced students, researchers, historians, and scholars looking for a broad yet unique overview of African history as a whole.

A Companion to African History

"The Routledge Companion to Art and Disability explores disability in visual culture to uncover the ways in which bodily and cognitive differences are articulated physically and theoretically, and to demonstrate the ways in which disability is culturally constructed. This companion is organized thematically and includes artists from across historical periods and cultures in order to demonstrate the ways in which disability is historically and culturally contingent. The book engages with questions such as how are people with disabilities represented in art; how are notions of disability articulated in relation to ideas of normality, hybridity, and anomaly; and how do artists use visual culture to affirm or subvert notions of the normative body. Contributors consider the changing role of disability in visual culture, the place of representations in society, and the ways in which disability studies engages with and critiques intersectional notions of gender, race, ethnicity, class, and sexuality. This book will be particularly useful for scholars in art history, disability studies, visual culture, and museum studies"--

The Routledge Companion to Art and Disability

The Routledge Companion to Dance Studies maps out the key features of dance studies as the field stands today, while pointing to potential future developments. It locates these features both historically--within dance in particular social and cultural contexts--and in relation to other academic influences that have impinged on dance studies as a discipline. The editors use a thematically based approach that emphasizes that dance scholarship does not stand alone as a single entity, but is inevitably linked to other related fields, debates, and concerns. Authors from across continents have contributed chapters based on theoretical, methodological, ethnographic, and practice-based case studies, bringing together a wealth of expertise and insight to offer a study that is in-depth and wide-ranging. Ideal for scholars and upper-level students of dance and performance studies, The Routledge Companion to Dance Studies challenges the reader to expand their knowledge of this vibrant, exciting interdisciplinary field.

The Routledge Companion to Dance Studies

Theories of Race and Racism is an important and innovative collection that brings together the work of scholars who have helped to shape the study of race and racism as a historical and contemporary phenomenon. The Reader's contributions have been chosen to reflect the different theoretical perspectives and to help readers gain a feel for the changing terms of the race and racism debate over time. Theories of Race and Racism is divided into the following main sections: Origins and Transformations, Sociology, Race and Social Theory, Racism and Anti-Semitism, Colonialism, Race and the Other, Feminism, Difference and Identity, Changing Boundaries and Spaces. The editors go further to shed light on the relatively new areas of interest that are likely to attract attention in years to come. Contributors include; Theodor Adorno, K. Anthony Appiah, Michael Banton, Zygmunt Bauman, Ruth Benedict, Homi Bhabha, Chetan Bhatt, Gargi Bhattacharyya, Avtar Brah, Hazel Carby, Barbara Christian, Oliver C. Cox, Richard Dyer, Frantz Fanon, Ruth Frankenberg, Sander Gilman, Paul Gilroy, David T. Goldberg, Stuart Hall, Patricia Hill Collins, bell hooks, Max Horkheimer, Winthrop Jordan, Michael Keith, Anne McClintock, Kobena Mercer, Robert Miles, Chandra Talpade Mohanty, George Mosse, Gunnar Myrda, Robert Park, John Rex, John Solomos, Stephen Steinberg, Ann Laura Stoler, Tzvetan Todorov, Russo and Lourdes Torres, Patricia Williams, Kimberle Williams Crenshaw, Howard Winant, Lola Young, Slavoj Žižek.

Theories of Race and Racism

This Companion is a comprehensive examination of the varied ways in which gender issues manifest throughout culture in Japan, using a range of international perspectives to examine private and public constructions of identity, as well as gender- and sexuality-inflected cultural production. The Routledge Companion to Gender and Japanese Culture features both new work and updated accounts of classic scholarship, providing a go-to reference work for contemporary scholarship on gender in Japanese culture. The volume is interdisciplinary in scope, with chapters drawing from a range of perspectives, fields, and disciplines, including anthropology, art history, history, law, linguistics, literature, media and cultural studies, politics, and sociology. This reflects the fundamentally interdisciplinary nature of the dual focal points of this volume—gender and culture—and the ways in which these themes infuse a range of disciplines and subfields. In this volume, Jennifer Coates, Lucy Fraser, and Mark Pendleton have brought together an essential guide to experiences of gender in Japanese culture today—perfect for students, scholars, and anyone else interested in Japan, culture, gender studies, and beyond.

The Routledge Companion to Gender and Japanese Culture

Why does inequality have such a hold on American society and public policy? And what can we, as citizens, do about it? *Inequality in America* takes an in-depth look at race, class, and gender-based inequality across a wide range of issues from housing and education to crime, employment, and health. Caliendo explores how individual attitudes can affect public opinion and lawmakers' policy solutions. He also illustrates how these policies result in systemic barriers to advancement that often then contribute to individual perceptions. This cycle of disadvantage and advantage can be difficult—though not impossible—to break. "Representing" and "What Can I Do?" feature boxes highlight key public figures who have worked to combat inequality and encourage students to do the same. The third edition has been thoroughly revised to include the most current data and cover recent issues and events such as Trump Administration policies, the #MeToo movement, and U.S. Supreme Court decisions affecting issues of racial representation and voting rights. Concise and accessible, *Inequality in America* paves the way for students to think critically about the attitudes, behaviors, and structures of inequality. New to the Third Edition New to the Third Edition Considers the heightened discussion of racial reckoning that has been occurring since the summer of 2020. Covers the disproportional effect to communities of color of the Covid-19 global pandemic and related recession Takes an early glimpse into Biden Administration priorities compared to Trump Administration policies on education, immigration, housing and urban development. Updates feature boxes, including a spotlight on U.S. Representative Alexandria Ocasio-Cortez and Bryan Stevenson of the Equal Justice Initiative. Discusses the January 6, 2021 riot at the U.S. Capitol, the #MeToo and #TimesUp Movements, and much more.

Inequality in America

Organizational diversity has become a topic of interest for practitioners and academics alike. This book explores how diversity in organizations is, and can be researched, providing readers with insights into the potential research designs for studies in contemporary organizations. This includes paying attention to methods but also to the role of the researcher and research bodies in the field, their potential as activists as well as to the theoretical question of standpoints in researching organizational diversity. Chapters also consider the diversity of research participants, inclusive research, and intersectionality. All contributors are experts in diversity research, and in their contributions, they reflect upon the appropriate methods for the specific type of diversity research they conduct, noting strengths and weaknesses and illustrating their arguments with practical examples from their work. This handbook will be of great value to academics, students, researchers, practitioners, and professionals with an interest in broadening their understanding of how to research organizational diversity in contemporary organizations or seeking to develop their awareness of diversity when researching management and organization, more generally.

The Routledge Companion to Organizational Diversity Research Methods
