The Dead Years

Poignant Holocaust Survivor Story, offering a unique perspective on the lessons of the Holocaust for future generations. Holocaust survivor stories need to be kept alive. Every year, survivors with unique testimonies are passing away. Soon, we will no longer be able to hear first-hand from the people who survived the Holocaust. Books and video testimonials will be the only ways to get to know their moving stories. Joseph Schupack has fulfilled a vow to those who did not survive: to write his Holocaust memoirs and offer a unique perspective on the lessons of the Holocaust for future generations. In The Dead Years, Joseph Schupack (1922 - 1989) describes his life in Radzyn-Podlaski, a typical Polish shtetl from where he was transported to the concentration camps of Treblinka, Majdanek, Auschwitz, Dora / Nordhausen and Bergen-Belsen during the Second World War. We witness how he struggled to remain true to his own standards of decency and being human. Considering the premeditated and systematic humiliation and brutality, it is a miracle that he survived and came to terms with his

memories. The Dead Years is different from most Holocaust survivor stories. Not only is it a testimony of the 1930s in Poland and life in the Nazi concentration camps - it also serves as a witness statement. This Holocaust book contains a wealth of information, including the names of people and places, for researchers and those interested in WW2, or coming from Radzyn-Podlaski and surroundings. The book takes us through Joseph Schupack's pre-war days, his work in the underground movement, and the murder of his parents, brothers, sister and friends. The Dead Years is deeply personal and moving. We witness how people in the depths of misery shared their last morsel of food, how they were prepared for any sacrifice. There are many examples of brotherly love that grew out of empathetic pain. Finally freed, Schupack encountered rampant anti-Semitism when he tried to reclaim his possessions in Poland after the end of the war. For the Poles in his home town, the best Jews were the ones who did not return. A new, strictly anti-Semitic organization had been founded and its primary goal was the liquidation of all Jews returning from hiding or concentration camps. Decades after WWII, the author, mentally scarred by his war experiences, confronted his demons. "Like a stranded man among the stranded, like a sufferer bound to all sufferers, I stood alone in front of the shambles of my life which had stopped when I was seventeen years old and from which nothing could be salvaged or repaired." We are grateful that Schupack confided his memories to paper, so we never forget.

We are Still Here

Pp. 9-334 contain 39 chapters, many of which were originally written as individual essays. Citron is a Holocaust survivor from Poland; the foreword (p. 1-5) relates her experiences in 1942-45, when at the age of thirteen she was deported to Auschwitz, then sent to various work camps. In April 1945 she and her mother were placed in a cattle-car transport with ca. 1,000 women, which was bombed by the Allies near Berlin; she and her mother survived, but about 500 women were killed in the bombing. Later she settled in Israel. The chapters discuss issues such as the roots of antisemitism, Christian hatred of the Jews throughout the centuries, anti-Jewish propaganda on the part of the Church, the Nazis, and now the Arabs who aim to destroy the Jewish people and the State of Israel. The indictment is against all of the forces who in the past and in the present have hated the Jews and wished to destroy them. Pp. 335-356 contain 13 appendixes relating to the Arab conflict with Israel.

Hank Brodt Holocaust Memoirs [eBook - NC Digital Library]

The Troubling but ultimately Triumphant Memoirs of Holocaust Survivor Hank Brodt A story of resilience, Hank Brodt Holocaust Memoirs - A Candle and a Promise makes the memories of Holocaust survivor Hank Brodt come alive. It offers a detailed historical account of being a Jewish teenager under the Nazi regime, shedding light on sickening truths in an honest, matter-of-fact way. Hank Brodt lived through one of the darkest periods of human history and survived the devastation of World War II. Born in 1925 into a poor family in Boryslaw (Poland), he was placed in a Jewish orphanage. Losing his family when the Germans invaded Poland, he waged a daily battle to survive. Moving from forced labor camps to concentration camps, one of which features in Schindler's List, his world behind the barbed wire consisted of quiet resistance, invisible tears and silent cries for years on end. This story of survival includes rare photographs from the United States Holocaust Memorial Museum that powerfully illustrate these intimate and shocking memoirs. One recently discovered picture shows Hank Brodt in prison uniform removing the dead on carts at the liberated Ebensee concentration camp on May 7, 1945. It is hard to believe that someone who endured such horrific events could go on to live a life of gratitude. Through his unwavering compassion towards others, Hank Brodt managed to keep his humanity and find a way to move forward. After the Second World War, Hank Brodt testified at the trial of Nazi war criminal Amon Goeth in Dachau, Germany. He has joined the March of the Living since 2006, walking from Auschwitz to Birkenau on Yom Hashoah to pay tribute to the millions that died. Lighting the candle, he made a promise to himself to always answer the call to talk.

Memoirs of a Holocaust Survivor

Powerful in its stark simple language, Icek Kuperberg chronicles his personal experiences as a concentration camp prisoner during World War II. Interned in various work and death camps, Icek had to use his guile and wits to simply stay alive. That he persevered despite tremendous horrors and obstacles, testifies to his strong will to survive.

At Great Risk

Holocaust survivors write about how they were rescued by those who refused to stand by during the war.

Trauma and Resilience in Holocaust Memoir

Through narrative analysis of the memoirs of six holocaust survivors from a single extended family, *Trauma and Resilience in Holocaust Memoir: Strategies of Self-Preservation and Inter-Generational Encounter with Narrative* examines strategies of self-preservation of young people exposed to violence and persecution at different ages and life stages. Through the lens of studying resilience in child development, this book describes the striking diversity of holocaust-era experiences and traces the arc of a remarkable global diaspora. Birnbaum argues that stories from the past can enhance understanding of the internal lives of today's young refugees and survivors of violent conflict. Exploring the socio-politics of narrative and memory, this book considers the ways that children of holocaust survivors may honor the past while also allowing a new generation to engage family history in a conversation with contemporary concerns.

Chosen

By the time the Nazis had overrun Eta Fuchs's village of Tasnad, they had developed a system of "murder by bureaucracy," routinely processing Jewish communities for destruction, singling out strong workers and efficiently killing everyone else. When soldiers herded the Tasnad Jews into boxcars, Eta Fuchs was twenty-one. Four years later, she arrived in Canada with her husband Myer Berkowitz, a survivor of the slaughter in Poland. She had seen her entire family gassed at Auschwitz, clung to life in a slave labour factory, and endured the miseries of a German camp for stateless refugees.

Triumph of Hope

Triumph of Hope From Theresienstadt and Auschwitz to Israel Now available in English, here is the award-winning and internationally acclaimed testament of a Jewish woman who was taken to Auschwitz while several months pregnant, where she was forced to confront perhaps the most agonizing choice ever imposed upon any woman, upon any human being . so that both she and her newborn infant should not die in a Nazi "medical" experiment personally conducted by the infamous Dr. Josef Mengele. And just as vividly, Ruth Elias recounts the aftermath of her imprisonment, and the difficult path to a new life in a new land: Israel, where new challenges, new obstacles awaited. "One of the most powerful memoirs provided to us by a survivor." --Indiana Jewish Post and Opinion "Well-written . not only provides a remarkably honest picture of the unspeakable reality of living in ghettos and slave-labor and death camps, but also what it meant to be Jewish in Europe. in the 1920s and 1930s.. This is one of the best Holocaust memoirs I have read." --Washington Jewish Week "The understated tone of this memoir adds to the author's powerful re-creation of her life as a young Czechoslovak Jewish woman during the Holocaust." --Publishers Weekly

Holocaust Memoir Digest

The Holocaust Memoir Digest consists of detailed summaries of the published memoirs of Holocaust survivors. For some survivors, the need to write and record their eyewitness accounts began as soon as the war ended; for others, it is their advancing years that have created the impetus to publish their personal testimonies. Their memoirs have become a body of knowledge, which the Holocaust Memoir Digest presents in a standardized format. The Digest uses quotations from each memoir to convey the experiences, personality and perspectives of the author in a concise and comprehensive manner.

Because of Romek

This volume chronicles the events in the life of the author and the horrors of living in Nazi concentration camps. The author was born in 1926 and suffered Nazi persecution from 1939 to 1945, his teenage years. During the Holocaust, he witnessed the murder of his parents and six of his seven siblings. He was imprisoned in eight different concentration camps, including Auschwitz. In the mid-1960s, the German government contacted the author to testify against Nazi war criminals. Until then, he did not

know that his older brother, Romek, whom the Nazis had tortured to death many years earlier, had been involved in a Polish Underground plot to avert Nazi Germany's ability to create an atomic bomb. When the author finally agreed to testify, he began to relive all the horrors of his experiences during the war: concentration camps, murders, tortures, starvation, and disease. When finally liberated in 1945 from the concentration camp Bergen-Belsen, he weighed a mere 72 pounds. This work fulfills the author's promise to his dead mother that he would survive and tell the world about the horrors committed against him and his family.

From Victim to Witness

Faye Schulman was a teenager when the Nazis invaded her town on the Russian-Polish border. She survived, and the photographs she took testify to her experiences and the persecution she witnessed.

A Partisan's Memoir

Accurate numbers can never be known, but it is estimated that more than one million children under the age of sixteen perished during the Holocaust. For the children who survived, what they saw and heard, and what they lost, remains an indelible trauma that affects them each, differently, in profound and unspeakable ways. In 1987 in Sydney, a number of child survivors formed a group so that they could meet in a safe environment to share their stories and begin the process of their grief. Later the group began creative writing sessions. ... In this indescribably moving collection, 30 members of the group share their unfathomable experience of loss, and the stories of their ultimate endurance. -- COVER.

The Words to Remember It

After the Nazis invaded Czechoslovakia in 1939, Vera Schiff and her family were sent to Theresienstadt. Touted as the "model ghetto" for propaganda purposes, as well as to deceive Red Cross inspectors, it was in fact a holding camp for famous Jews--in case the world was to inquire. For most, however, it was the last stop on the way to the gas chambers. Those "lucky" enough to remain alive faced slave labor, starvation and disease. Schiff's intimate narrative of endurance recounts her and her family's three years in Theresienstadt, the challenges of life under postwar communism, and her escape to the nascent and turbulent state of Israel.

Surviving Theresienstadt

They came from Czechoslovakia, Poland, Romania, and Ukraine, and are now members of a Survivors Group in Pembroke Pines, Florida. A Triumph of the Spirit

Primary witnessing, in its original forms—from survivor and bystander testimonies, to memoirs and diaries—inform our cultural understanding of the multiple experiences of the Holocaust. Henri Lustiger Thaler and Habbo Knoch look at many of these expressions of primary witnessing in *Witnessing Unbound: Holocaust Representation and the Origins of Memory*, which is particularly relevant today with the hastening decline of the Holocaust survivor demographic and the cultural spaces for representation it leaves in its wake, in addition to the inevitable and cyclical search for generational relevancy, siphoned through acts of memory. The essays in *Witnessing Unbound* are written by some of the leading figures on the theme of witnessing as well as scholars exploring new primary sources of knowledge about the Holocaust and genocide. These include a focus on the victims: the perished and survivors whose discursive worlds are captured in testimonies, diaries, and memoirs; the witnessing of peasant bystanders to the terror; historical religious writing by rabbis during and after the war as a proto memoir for destroyed communities, and the archive as a solitary witness, a constructed memory in the aftermath of a genocide. The experiences showcased and analyzed within this memorializing focus introduce previously unknown voices, and end with reflections on the Belzec Memorial and Museum. One survivor moves hearts with the simple insight, "I died in Auschwitz, but no one knows [sees] it."

In counterpoint is a court case with SS General Karl Wolff, who has conveniently forgotten his crimes during the Holocaust. Original experience and its reimagination within contemporary frameworks make sense of an event that continues to adapt and change metaphorically and globally. As one of the contributors writes: "In my mind, the 'era of the witness' begins when the historical narrative consists of first-person accounts." *Witnessing Unbound* augers in the near completion of that defining era, by introducing a collection of diverse reflections and mediations on witnessing and memory. A must-read for the further understanding of the Holocaust, its cruel reality, and its afterdeath.

Witnessing Unbound

Echoes from the Holocaust A Memoir Mira Ryczke Kimmelman "During the most difficult times of World War II," Mira Kimmelman writes, "I wondered whether the world really knew what was happening to us. I lived in total isolation, not knowing what was taking place outside the ghetto gates, outside the barbed wires of concentration camps. After the war, would anyone ever believe my experiences?" Kimmelman had no way of preserving her experiences on paper while they happened, but she trained herself to remember. And now, as a survivor of the Holocaust, she has preserved her recollections for posterity in this powerful and moving book—one woman's personal perspective on a terrible moment in human history. The daughter of a Jewish seed exporter, the author was born Mira Ryczke in 1923 in a suburb of the Baltic seaport of Danzig (now Gdansk, Poland). Her childhood was happy, and she learned to cherish her faith and heritage. Through the 1930s, Mira's family remained in the Danzig area despite a changing political climate that was compelling many friends and neighbors to leave. With the Polish capitulation to Germany in the autumn of 1939, however, Mira and her family were forced from their home. In calm, straightforward prose—which makes her story all the more harrowing—Kimmelman recalls the horrors that befell her and those she loved. Sent to Auschwitz in 1944, she escaped the gas chambers by being selected for slave labor. Finally, as the tide of war turned against Germany, Mira was among those transported to Bergen-Belsen, where tens of thousands were dying from starvation, disease, and exposure. In April 1945, British troops liberated the camp, and Mira was eventually reunited with her father. Most of the other members of her family had perished. In the closing chapters, Kimmelman describes her marriage, her subsequent life in the United States, and her visits to Israel and to the places in Europe where the events of her youth transpired. Even when confronted with the worst in humankind, she observes, she never lost hope or succumbed to despair. She concludes with an eloquent reminder: "If future generations fail to protect the truth, it vanishes. . . . Only by remembering the bitter lesson of Hitler's legacy can we hope it will never be repeated. Teach it, tell it, read it." The Author: Mira Ryczke Kimmelman is a resident of Oak Ridge, Tennessee, and lectures widely in schools about her experiences during the Holocaust.

Memoirs of a Holocaust survivor; continues his "Shtetl Memoirs". In September 1939, when the Germans were advancing to Warsaw, Schoenfeld and his family left the city and fled to his native Eastern Galicia. They settled in Lvov, under Soviet rule, and when the city was occupied by the Nazis they were imprisoned in the ghetto of Lvov. Schoenfeld's wife and elder son perished in the ghetto; with his second son, Stefan, he was sent to the camp on Yanivska street. They fled from the camp, were arrested, and imprisoned in the labor camp in Tarnopol. From there they also fled, reached Lvov, and were liberated in July 1944. Stefan volunteered for the Red Army and died in battle. After the war, Schoenfeld settled in Canada. Pp. 184-328 contain recollections of 13 Jewish survivors, mainly from Lvov and its vicinity. Some of them were deported by the Soviets before the German attack on the USSR and survived in its eastern regions, others survived under Nazi rule; one of the latter survived in Zaporozhye, Eastern Ukraine, passing as a Polish worker.

The Iron Furnace: A Holocaust Survivor's Story (New Edition)

The forgotten story of 200,000 Polish Jews who escaped the Holocaust as refugees stranded in remote corners of the USSR. Between 1940 and 1946, about 200,000 Jewish refugees from Poland lived and toiled in the harsh Soviet interior. They endured hard labor, bitter cold, and extreme deprivation. But out of reach of the Nazis, they escaped the fate of millions of their coreligionists in the Holocaust. *Survival on the Margins* is the first comprehensive account in English of their experiences. The refugees fled Poland after the German invasion in 1939 and settled in the Soviet territories newly annexed under the Molotov-Ribbentrop Pact. Facing hardship, and trusting little in Stalin, most spurned the offer of Soviet citizenship and were deported to labor camps in unoccupied areas of the east. They were on their own, in a forbidding wilderness thousands of miles from home. But they inadvertently escaped Hitler's 1941 advance into the Soviet Union. While war raged and Europe's Jews faced genocide, the refugees were permitted to leave their settlements after the Soviet government agreed to an amnesty. Most spent the remainder of the war coping with hunger and disease in Soviet Central Asia. When they were finally allowed to return to Poland in 1946, they encountered the devastation of the Holocaust, and many stopped talking about their own ordeals, their stories eventually subsumed within the central Holocaust narrative. Drawing on untapped memoirs and testimonies of the survivors, Eliyana Adler rescues these important stories of determination and suffering on behalf of new generations.

Survival on the Margins

Americans now learn about the Holocaust in high school, watch films about it on television, and visit museums dedicated to preserving its memory. But for the first two decades following the end of World War II, discussion of the destruction of European Jewry was largely absent from American culture and the tragedy of the Holocaust was generally seen as irrelevant to non-Jewish Americans. Today, the Holocaust is widely recognized as a universal moral touchstone. In *Reluctant Witnesses*, sociologist Arlene Stein--herself the daughter of a Holocaust survivor--mixes memoir, history, and sociological analysis to tell the story of the rise of Holocaust consciousness in the United States from the perspective of survivors and their descendants. If survivors tended to see Holocaust storytelling as mainly a private affair, their children--who reached adulthood during the heyday of identity politics--reclaimed their hidden family histories and transformed them into public stories. *Reluctant Witnesses* documents how a group of people who had previously been unrecognized and misunderstood managed to find its voice.

It tells this story in relation to the changing status of trauma and victimhood in American culture. At a time when a sense of Holocaust fatigue seems to be setting in and when the remaining survivors are at the end of their lives, it affirms that confronting traumatic memories and catastrophic histories can help us make our world mean something beyond ourselves.

Reluctant Witnesses

During the Nazi regime, Sam Offen suffered slave labor, ghetto confinement and concentration camp horror. More than 50 members of his immediate and extended family were killed. Despite the pain he has faced, Sam's story of survival is a testimony to triumph of the human spirit. He has shared his experiences with groups at schools, events and the Holocaust Memorial Center in Farmington Hills, Michigan. After much urging by friends and family, he has put his story in writing. This is the hardcover edition of his book.

When Hope Prevails

A penetrating memoir by the founder of the Dallas Holocaust Memorial Center. Mike Jacobs was born in the small Polish town of Konin. After Poland was invaded by the Nazis in 1939, Jacobs spent five years confined in ghettos and concentration camps, but he kept hope alive in his heart.

Sentenced to Live

Issues such as guilt, anger, religious faith, and accountability are explored in deeply felt memories, narratives, and poems. Jew and German alike speak openly of forming and affirming their own identities and working through the psychological effects of intergenerational transmission of trauma."--BOOK JACKET.

Sunrise West

This distinctive volume contains twenty first-person narrative essays from Holocaust survivors who were children at the time of the atrocity. As children aged two to sixteen, these authors had different experiences than their adult counterparts and also had different outlooks in understanding the events that they survived. While most Holocaust memoirs focus on one individual or one country, *And Life Is Changed Forever* offers a varied collection of compelling reflections. The survivors come from Germany, Poland, Austria, Romania, Hungary, Italy, Greece, France, the Netherlands, Belgium, Latvia, and Czechoslovakia. All of the contributors escaped death, but they did so in myriad ways. Some children posed as Gentiles or were hidden by sympathizers, some went to concentration camps and survived slave labor, some escaped on the Kindertransports, and some were sent to endure hardships in a "safe" location such as Siberia or unoccupied France. While each essay is intensely personal, all speak to the universal horrors and the triumphs of all children who have survived persecution. *And Life Is Changed Forever* also focuses on what these children became-teachers, engineers, physicians, entrepreneurs, librarians, parents, and grandparents-and explores the impact of the Holocaust on their later lives.

Dan Stone tells the story of the last great unknown archive of Nazism, the International Tracing Service. Set up by the Allies at the end of World War II, the ITS has worked until today to find missing persons and to aid survivors with restitution claims or to reunite them with loved ones. From retracing the steps of the 'death marches' with the aim of discovering the burial sites of those murdered across the towns and villages of Central Europe, to knocking on doors of German foster homes to find the children of forced labourers, *Fate Unknown* uncovers the history of this remarkable archive and its more than 30 million documents. Under the leadership of the International Committee of the Red Cross, the tracing service became one of the most secretive of postwar institutions, unknown even to historians of the period. Delving deeply into the archival material, Stone examines the little-known sub-camps and, after the war, survivors' experience of displaced persons' camps, bringing to life remarkable stories of tracing. *Fate Unknown* combs the archives to reveal the real horror of the Holocaust by following survivors' horrific journeys through the Nazi camp system and its aftermath. The postwar period was an age of shortage of resources, bitterness, and revenge. Yet the ITS tells a different story: of international collaboration, of commitment to justice, and of helping survivors and their relatives in the context of Cold War suspicion. These stories speak to a remarkable attempt by the ITS, before the Holocaust was a matter of worldwide interest, to carry out a programme of ethical repair and to counteract some of the worst effects of the Nazis' crimes.
