Would you believe me if I told you that half of our blessing comes from God's Blessings, while the other half comes through our battles? The Bible teaches that all blessings come from God and that He is the source of all good things in our lives. It says in James, "Every good and perfect gift is from above, coming down from the Father of the heavenly lights, who does not change like shifting shadows." The Bible also teaches that we will face trials and difficulties in life, but it is through these battles that we grow and mature in our faith. As Romans 5:3-5 says, "We also rejoice in our sufferings, because we know that suffering produces perseverance; perseverance, character; and character, hope. And hope does not disappoint us, because God has poured out his love into our hearts by the Holy Spirit, whom he has given us."

"Coming to church isn't enough to enter in what God has for you." Spend time with God through prayer, reading the Bible, and applying his word.

"God will take you where you are, but won't let you stay where you are." Serve God with your whole mind, heart and soul.

"Make a decision today to not lean on your own understanding. If God has blessed them, he will bless you." Don't become discouraged that your breakthrough is taking longer than others. Remain joyful throughout the process!

Luke . "People who are for and against you, are blessings to your life." God can turn any circumstance into a positive outcome. Look for the lesson God wants to teach you from each encounter made.

Don't ruin opportunities or regress your growth by speaking negatively about current circumstances. Those are defining moments in building faith and belief in God.

Little Stories of Your Life

Embrace the power of storytelling with Little Stories of Your Life. Start telling your own story, find your creative self and be more mindful. Combining the wellbeing benefits of mindfulness, creativity and daily photography, this book shows you how to use words and photographs to capture precious little moments and how to share these in order to connect with others. Each chapter explores the different ways you can tell your own stories, considers why you might choose to tell them and helps you to create a patchwork of tiny tales about your life, however small they might be. Throughout the book, Laura shares her own personal stories and research that shows you how to tune out of the bigger picture and focus on the everyday. There are exercises to gently guide you through how to journal and harness your inner creativity, as well as tips on improving your photography, photo challenges and writing prompts to get you started. It's easy to feel that our own lives are not enough, but real lives are not defined by bright, exciting events: we don't need a grand narrative arc. It's the stretches of time in between that matter, the tiny moments and the daily choices that make us who we are.

Smile Cry

A fun, flip-over picture book for children that reads from both front and back. Smile Cry is an innovative picture book for young kids, showcasing the full emotional range of their formative years. Readers' follow three adorable characters - piglet, bunny and cat - as they react emotionally to a variety of events and circumstances from everyday life. From an 'ate all the pies' smile to an 'ice-cream plopping down cry'; from a 'cosy under blanket smile' to a 'need a band-aid quick cry', children will empathize with the tear-jerking calamity of a popped balloon or lost toy, or feel the smiley warmth of a being tickled. It's the little things that touch the hearts of children the most, and Smile Cry typifies both the small joys and challenges that are the essence of childhood. Younger kids will respond to the soft whimsical illustrations, while older readers will learn more about the range of their emotions - how it's possible to cry with happiness and also smile with trepidation. A heartfelt picture book that will be treasured for years, Smile Cry is perfect for ages 3 and upwards.

No Time to Cry

Every story has a beginning, a journey, and an end. Author Vera Leinvebers's story begins in her beloved homeland of Latvia, just prior to the outbreak of World War II. Her early childhood is filled with joy and music, but this idyllic, carefree existence is irrevocably silenced by the advancing drumbeats of war. The journey that follows proves so intense and harrowing that in order to find the emotional separation necessary to face her traumatic childhood memories, Leinvebers filters her experiences through the eyes of a young Latvian girl called Lara. No Time to Cry tells the story of Lara's harrowing

ordeal in war-ravaged Europe. It is a story about brutality, hatred, and unimaginable loss, but it is also a lasting testament to one little girl's indomitable will to survive. When she loses nearly everything she holds dear, Lara desperately clings to the all that remains—the music indelibly etched in her memory and a small, smooth stone that she retrieved from the charred remains of her former home. That small stone became her symbol of strength. If it could survive the inferno and devastation, so could she. Join Lara as a traveller on the path of her war-ravaged childhood, a path that clearly proves that no matter how much one might suffer, when the goal is to survive there is simply no time to cry.

Assassination Cry of a Failed Revolution

This gripping account of William Gregory Smith aka Cyril Johnson is indicative of twenty-five years of deception, abuse of power and character assassination by the Working People Alliance (WPA). This brutally honest book exposes the WPA in the web of Lies and Betrayal. My brother, William Gregory Smith, did not seek out Dr. Walter Rodney and the WPA. They sought him for his brilliance in the field of electronics. The resulting alliance led to the loss of a brilliant mind and son of Guyana. It will become quite clear after reading this account, that once can safely conclude that history, as we know it, is not always accurate.

Cry With Me

Cry With Me is a moving and heartrending, personal account by the author about how she grew up and suffered untold hardships and injustices in a war-torn and corrupt African country-Zimbabwe-and how she finally took the courageous step to seek asylum in Britain. Mabel, who writes from the heart, recreates the loving relationship she had as a child with her Shona grandmother, a practical woman who, though married to a white British man, lived simply, preferring to sleep on the floor by the stove and eat her bush meals than live by western standards. The warm loving relationship with her family, her parents and her children, shine through the various tragedies and hardships. She is ruthlessly honest in describing the inhuman cruelties of the guerrillas ('freedom fighters' or 'war veterans') who murdered and raped her cousin, and the Zimbabwean police who 'arrested' and abused her, throwing her into a stinking prison when she was nine months pregnant. The ultimate poignancy comes from the anguish with which she recreates her sweet daughter Aida's plight, dying from a kidney infection in the unhygienic and unbelievably filthy conditions of hospitals in Zimbabwe. Though Mabel proved herself to be an enterprising and resourceful businesswoman, the persistent harassment of government officials, the unrelenting havoc of crime and plunder, eventually drove her to seek a new life in Britain, the home of her forefathers. However, the five-year long and ongoing delay in granting her asylum, with the prospect of her appeal being refused and her being returned to the Zimbabwe hell-hole at the age of 53, has been a sword of Damocles over her life, resulting in stress and ill-health.

The Crows Are Crying

Bridget Ryan with her young sister Elizabeth heard the cries of their mother dying in childbirth. Their broken-hearted father, unable to cope with them, sent them to a Convent to be raised by Nuns. There Bridget's life was made difficult as a result of the severe discipline imposed by one of the nuns. Eventually the sisters were fostered out to the Island of Fada in the Hebrides. When they became teenagers, Elizabeth went with a family to America and Bridget went to find work in the mainland. Young and innocent, she had many trials. This is a heart-warming story that conjures up the magic of a Hebridean island in a bygone age at the turn of the century, and follows the heroine's adventures and trials on the mainland, in Glasgow and a farm, before returning to the island where her destiny unfolds in a surprise ending.

Crying Soul of a Woman

This is a true story of seven children put in an orphanage and later were adopted. One of these seven orphans tells her life of fifty years and how she made a complete circle back to where she started. I hope this story touches the hearts of people who have been through what she has. Never give up on yourself, and tell your story. Even though no one would listen to her cry for help, she still found her way back home. She still has a crying soul and faces not only seven siblings but fifteen.

Certified sleep consultant Natalie Willes, known also as The Baby Sleep Trainer, shares her effective and efficient sleep training method in her new book, *Getting Your Baby to Sleep the Baby Sleep Trainer Way*. Thousands of families throughout the world have used the Baby Sleep Trainer method to help their infants and toddlers learn to sleep through the night and take healthy naps, all with the fewest tears possible. Backed by thorough scientific data and years of professional experience, the Baby Sleep Trainer Method offers parents a tried and true solution for children aged 16 weeks through 3.5 years. Step-by-step, comprehensive contents include: The science of baby sleep habits How to prepare your child's room for optimal sleep Discussions on cortisol and crying in babies Creating healthy sleep habits with newborns Exactly when and how to start sleep training for nighttime sleep and naps Tips and tricks for multiples Troubleshooting common sleep training issues and pitfalls Detailed eat-wake-sleep schedules for children on 3, 2, and 1 nap Sleep training toddlers and children in beds Praise for the Baby Sleep Trainer method: "My 5 month old was waking up every 2-3 hours at night and I was seriously sleep deprived. My sleep deprivation was affecting every aspect of my life. I read several books on sleep

training, as well as blogs and websites. I was at my wits end. After following the program for two weeks, my child was consistently sleeping 11-12 hours a night and was on a consistent schedule during the day! This program has literally given me my life back." - McKel Neilsen "Two months ago I was at the end of my sleep rope with our 6-month-old, boy/girl twins. Exhausted doesn't begin to explain it, I felt desperate. After using the Baby Sleep Trainer Method we feel like we have our lives back. The babies are happy and well rested, and so are we! We have our evenings back to cook dinner, spend time with our 4-year-old daughter, hang out together, and actually do things we enjoy. The process took commitment but has been absolutely worth every bit of it." - Beth Oller, MD "Using the Baby Sleep Trainer Method, my daughter quickly went to a routine nap schedule during the day and sleeping through the night from 6:30pm to 6:30am! Also, rather than the exhausting and often unsuccessful rocking or soothing or feeding to sleep, we were able to put her down awake in her crib and she would fall asleep on her own in just a few minutes. It was just incredible." - Online Review

Cry Out!

Dr. Cole writes to share about what it's like to grow-up with an abusive father and no one else knows about it. Connect and understand her journey as she shares, learns, connects with others, and finally accepts and grow to an independent adult. It's a world that finally knows what's it like to finally understand that God has a purpose and loves all of his children. Learning to love oneself, family, friends, with the guidance of God's love, faith, trust, and confidence is a major accomplishment for Dr. Cole. She feels and knows there are many like herself, now, past and future that she needs to share her personal experience to help others to cry out with faith, love, confidence, and trust in God that she will overcome the inequities of abuse to a Christian life.

Royal Road to Happiness; Or, The Picture Preacher

As *The Giving Tree* turns fifty, this timeless classic is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to continue the legacy and love of a classic that will now reach an even wider audience. "Once there was a tree...and she loved a little boy." So begins a story of unforgettable perception, beautifully written and illustrated by the gifted and versatile Shel Silverstein. This moving parable for all ages offers a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Every day the boy would come to the tree to eat her apples, swing from her branches, or slide down her trunk...and the tree was happy. But as the boy grew older he began to want more from the tree, and the tree gave and gave and gave. This is a tender story, touched with sadness, aglow with consolation. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with *Lafcadio, the Lion Who Shot Back*. He is also the creator of picture books including *A Giraffe and a Half*, *Who Wants a Cheap Rhinoceros?*, *The Missing Piece*, *The Missing Piece Meets the Big O*, and the perennial favorite *The Giving Tree*, and of classic poetry collections such as *Where the Sidewalk Ends*, *A Light in the Attic*, *Falling Up*, *Every Thing On It*, *Don't Bump the Glump!*, and *Runny Babbit*. And don't miss the other Shel Silverstein ebooks, *Where the Sidewalk Ends* and *A Light in the Attic*!

The Giving Tree

The Ceremony at the Crying Tree depicts the life of a typical Sinixt Indian family living along the upper Columbia River during the last half and the first half of the nineteenth/twentieth centuries. This family traveled from Revelstoke, British Columbia, Canada, each summer in their sturgeon-nosed canoes to Kettle Falls on the Columbia to fish for salmon. Their way of life was ended when the US government built the Grand Coulee Dam and the backwater covered the falls. The salmon could no longer swim from the ocean up the river to spawn. That affected fourteen tribes whose high-protein diet of salmon was effectively ended.

Are you happy? That's the question that prompted me to start scribbling down my thoughts in this journal. I can remember so clearly the moment that I realized I wasn't particularly happy, that I was just going through the motions. It was during brunch with my husband, Harold, and my two daughters, Sylvia and Samantha. The morning had been quiet and easy going, Sundays were never particularly busy days for us and we had decided to treat ourselves to going to our favorite breakfast place, Delilah's for their all-inclusive brunch. So, there I was, sitting with my daughters listening to them chatter endlessly about the latest vampire movie to come out when out of the corner of my eye, I caught a glimpse of someone. Turning my head slightly to the right, I realized that it was one of the gorgeous tall, silver mirrors that adorned Delilah's and the person that I was seeing was none other than myself. This woman looked tired. She looked worn out beyond all reasoning and worst of all, she was raggedy. As I stared at my own reflection, I was forced to realize just how unhappy I looked. A drooping expression on my face, frayed and uneven nails, clothes that were mismatched. What happened to me, I had wondered. My heart sank as I realized there was an unfortunate truth about myself. I had given up. How long ago? My mind had darted back to before my 30th birthday, when my husband and I were barely married for two years. There was so much vim and vigor in our relationship, so much pleasure. Then... little by little my life grew busy. I became pregnant with our first daughter, then a few years later ended up pregnant again. I got that busy new job working as an industrial cleaner, putting in long mornings and sometimes even working nights. In other words, I had grown too busy to even notice how worn out I looked. They say that eyes are the mirror to the soul, but as I looked into my own eyes, examining the crow's feet, the weary expression and cracked lips of my face, I realized that somewhere along the line I lost my soul. I had left it behind and I had no idea where it went. In that moment was the moment that I realized that I wanted to find my soul again. I wanted to find real happiness. Memories had flashed through my mind, reminding me of the many times I snapped at my children while on the road. The times that I turned Harold's romantic advances away because I was exhausted. The stress eating, the mismatched clothes, the time I spent vegging out on the TV instead of working out, all of those moments came to

me in a flash. I realized that at age 35, I had almost completely given up on the idea of a happy life. And so...so I decided to write this book. I don't want to be that kind of woman anymore. I don't want to be the type of person who's always screaming on the road or treating her family like they're a pain in the butt. I resolved in that moment, to find what it means to be happy. So... I'm inviting you, dear reader, to come along with me on my journey into happiness, to find out what works and what doesn't. I'm going to write stream of consciousness, each month that passes you'll find me doing all sorts of different things. I'm going to give it everything that I have to try and find out the path to happiness. So, come along with me on this grand experiment and see what happens! Love, Sarah Cornwell

THE OLDEST SECRET SOCIETY OF INDIA. THE GREATEST TREASURE IN THE HISTORY OF MANKIND. THE MOST EPIC MYSTERY OF THE ANCIENT WORLD. When the richest man of India confesses to being part of a secret society in a live press conference; chaos ensues. His daughter Aanya Vashishtha takes the help of Aarav Kohrrathi, a brilliant but egoistic treasure hunter and his friend Rehann to solve the mystery of The Ring of the Seven, a society of influential men who are tasked to protect the greatest treasure in history. What starts off as a quest to uncover her father's secret leads them to something bigger which they themselves couldn't have fathomed. They take the help from her father's associate, Shayna Maheshwari, a billionaire banker and someone herself involved with the secret, as they progress towards a treasure hidden somewhere in the Himalayas. They brave bullets, puzzles, deadly chases, cult of assassins, and betrayal as their quest takes them across the length and breadth of South Asia; from the bustling metropolises of Mumbai and Delhi to the ancient temples of Nepal; from the serene beaches of Sri Lanka to the towering mountains of the Himalayas. They try to uncover a set of secret books of lost arts, which are believed to reveal the map of the treasure, and strive to discover the identities of the masters of the Ring of the Seven to solve the penultimate mystery. In a tale of love and loss, logic and emotions, religion and history, action and adventure, and the trial

of a few good men against the most powerful organization in the history of mankind. Will they find the secret of the Himalayan treasure?

Tell Them I Didn't Cry

Yer believed that her life would be peaceful and wonderful forever; that she would always be surrounded by family and friends in a small village. When the Secret War ended, American troops deserted her people and a sudden oppression from the Communists forced Yer and her family to flee into the jungle. There, they faced many hardships and must risk crossing a deadly river for a chance at freedom. Based on actual events, this stunning book stresses the importance of family. Yer's mother is the strength and glue that holds everyone together, showing unending courage and faith despite illness, starvation, exhaustion and fear of enemy detection. "The Crying River is an incredible story. Yer shows what it was like to be a Hmong living in Laos after the Secret War, describing the hardships and sacrifices so candidly that I cried. It's one thing to hear history in terms of the facts and dates, but reliving it through a young girl's eyes makes it come alive like nothing else can. This story is one that deserves to be read, not just to learn about one girl's childhood journey, but also to hear the voices of the Hmong, whose similar stories might never be told." -

Back to Happy

Around the world communities that have suffered the trauma of unspeakable violence--in Liberia, Somalia, West Africa, Columbia, and elsewhere--are struggling to recover and reconcile, searching for ways not just to survive but to heal. In *When Blood and Bones Cry Out*, John Paul Lederach, a pioneer of peace-building, and his daughter, Angela Jill Lederach, show how communities can recover and reconnect through the power of making music, creating metaphors, and telling their extraordinary stories of suffering and survival. Instead of relying on more common linear explanations of healing and reconciliation, the Lederachs demonstrate how healing is circular, dynamic, and continuing, even in the midst of ongoing violence. They explore the concept of "social healing," a profoundly important intermediary step between active warfare and reconciliation. Social healing focuses on the lived experience of those who have suffered protracted violence and their need to give voice to that experience, both individually and collectively. Giving voice, speaking the unspeakable, in words and sounds that echo throughout traumatized communities, can have enormous healing power. Indeed, the Lederachs stress the remarkable effects of sound and vibration through tales of Tibetan singing bowls, Van Morrison's transcendent lyrics, the voices of mothers in West Africa, and their own personal journeys. And they include inspiring stories of transformation: a mass women's protest movement in Liberia that forces leaders to keep negotiating until a peace agreement is signed; elders in Somalia who walk between warring clans year after year to encourage dialogue; former child soldiers who run drum workshops and grow gardens in refugee camps; and rape victims in Sierra Leone who express their pain in poetry. With equal measures of insight and compassion, *When Blood and Bones Cry Out* offers a promising new approach to healing traumatized communities.

SECRET OF THE HIMALAYAN TREASURE

The infant management concepts presented in this book have found favor with over two million parents and twice as many contented babies. *On Becoming Babywise* brings hope to the tired and bewildered parents looking for an alternative to sleepless nights and fussy babies. The Babywise Parent Directed Feeding concept has enough structure to bring security and order to your baby's world, yet enough flexibility to give mom freedom to respond to any need at any time. It teaches parents how to lovingly guide their baby's day rather than be guided or enslaved to the infant's unknown needs. The information contained within *On Becoming Babywise* is loaded with success. Comprehensive breast-feeding follow-up surveys spanning three countries, of mothers using the PDF method verify that as a result of the PDF concepts, 88% breast-feed, compared to the national average of only 54% (from the National Center for Health Statistics). Of these breast-feeding mothers, 80% of them breast-feed exclusively without a formula complement. And while 70% of our mothers are still breast-feeding after six months, the national average encourage to follow demand feeding without any guidelines is only 20%. The mean average time of breast-feeding for PDF moms is 33 1/2 weeks, well above the national average. Over 50% of PDF mothers extend their breast-feeding toward and well into the first year. Added to these statistics is another critical factor. The average breast-fed PDF baby sleeps continuously through night seven to eight hours between weeks seven and nine. Healthy sleep in infants is analogous to

healthy growth and development. Find out for yourself why a world of parents and pediatricians utilize the concepts found in *On Becoming Babywise*.

The Crying Sea

Perfect for expecting parents who want to provide a soothing home for the newest member of their family, *The Happiest Baby on the Block*, the national bestseller by respected pediatrician and child development expert Dr. Harvey Karp, is a revolutionary method for calming a crying infant and promoting healthy sleep from day one. In perhaps the most important parenting book of the decade, Dr. Harvey Karp reveals an extraordinary treasure sought by parents for centuries --an automatic "off-switch" for their baby's crying. No wonder pediatricians across the country are praising him and thousands of Los Angeles parents, from working moms to superstars like Madonna and Pierce Brosnan, have turned to him to learn the secrets for making babies happy. Never again will parents have to stand by helpless and frazzled while their poor baby cries and cries. Dr. Karp has found there IS a remedy for colic. "I share with parents techniques known only to the most gifted baby soothers throughout history ...and I explain exactly how they work." In a innovative and thought-provoking reevaluation of early infancy, Dr. Karp blends modern science and ancient wisdom to prove that newborns are not fully ready for the world when they are born. Through his research and experience, he has developed four basic principles that are crucial for understanding babies as well as improving their sleep and soothing their senses: ·The Missing Fourth Trimester: as odd as it may sound, one of the main reasons babies cry is because they are born three months too soon. ·The Calming Reflex: the automatic reset switch to stop crying of any baby in the first few months of life. ·The 5 "S's": the simple steps (swaddling, side/stomach position, shushing, swinging and sucking) that trigger the calming reflex. For centuries, parents have tried these methods only to fail because, as with a knee reflex, the calming reflex only works when it is triggered in precisely the right way. Unlike other books that merely list these techniques Dr. Karp teaches parents exactly how to do them, to guide cranky infants to calm and easy babies to serenity in minutes...and help them sleep longer too. ·The Cuddle Cure: the perfect mix the 5 "S's" that can soothe even the most colicky of infants. In the book, Dr. Karp also explains: What is colic? Why do most babies get much more upset in the evening? How can a parent calm a baby--in mere minutes? Can babies be spoiled? When should a parent of a crying baby call the doctor? How can a parent get their baby to sleep a few hours longer? Even the most loving moms and dads sometimes feel pushed to the breaking point by their infant's persistent cries. Coming to the rescue, however, Dr. Karp places in the hands of parents, grandparents, and all childcare givers the tools they need to be able to calm their babies almost as easily as...turning off a light. From the Hardcover edition.
