

The Discovery Of America By The Turks

[#Ottoman Empire](#) [#America discovery](#) [#Pre-Columbian voyages](#) [#Turkish history](#) [#Historical controversies](#)

The claim that Turks discovered America before Columbus remains a controversial topic, often intertwined with nationalist sentiments and historical revisionism. While evidence suggests no definitive proof of widespread Turkish voyages to the Americas prior to 1492, the debate highlights the importance of critical analysis of historical sources and the complexities of understanding pre-Columbian interactions between different cultures.
