same supplier. One homeowner was forced to sign a non-disclosure agreement prior to receiving a cash payment to repair their property. O'Connell knows of other houses, built in recent years, with same deleterious material in County Wexford and County Carlow. Introduction

What does Mick respect about Eric?

What does Eric respect about Mick?

What does Curt respect about each

Skeptic vs. Debunker (Mick... which are you?)

Salutary role of skepticism and Eric's thoughts on Mick

The "woo" that's concomitant with UFO research

UFO research isn't a "hobby"

Mick's "agenda" (or non-agenda)

There's no convincing data on UFOs available to the public

The "superposition" argument: Exotic explanations that Mick entertains

Where is the evidence?

Outlying data points matter

Some debunkers stifle the UFO community, but not all debunkers

What's the disagreement between Eric and Mick

Mick has changed his mind about UFOs

CE5 and invitations to Skin Walker (would Mick / Eric go?)

Cattle mutilation? Remote viewing?

Classifying different UFO craft

Why are there so many sober UFO witnesses?

Brandon Fugal's story

UFOs as "technology" vs. "new physics"

The secret history of anti-gravity research with Lefschetz and DeWitt

What terrene explanations are left?

Eric's "sighting" in 1988...

The Skin Walker TV show doesn't help the stigma

Does Brandon have any high quality data points he's not releasing?

Opinions on Bob Lazar

The opprobrium because of stigma is too much. Most can't handle it.

Clearing the air: the Twitter squabble between Eric and Mick

The opprobrium thrown at people who have first hand accounts (continued)

Defending claims made without physical evidence

Some conspiracies are real

Rectifying the ridicule in ufology (from both sides)

What does Eric think should happen, to precipitate disclosure?

What does Mick think should happen, to precipitate disclosure?

Eric asks Curt: "What do you want to see happen?"
