WJEC GCSE History: Changes in Health and Medicine c.1340 to the present day and Changes in Crime and Punishment, c.1500 to the present day

This book has been written and developed to support candidates attempting Section 3: European and World (Part 4: Hitler and Nazi Germany, 1919-39) of the SQA National 5 History Question Paper. The Question Paper is worth 80% of a candidate's overall course award. Understanding and practising the skills that the Question Paper demands are key to academic success. Knowing the facts is not enough to score highly in this assessment. Throughout the Question Paper there is a balance of the assessment of skills and the assessment of knowledge and understanding. The Question Paper requires candidates to show an ability to: develop and apply knowledge and understanding and skills across contexts from Scottish, British, and European and World history. evaluate the origin, purpose, content and context of a wide range of historical sources. explain the impact of historical developments. analyse the factors contributing to historical developments and draw a reasoned conclusion. demonstrate a detailed factual knowledge and understanding of historical themes and events in Scottish, British, and European and World contexts. There are six different types of question that can be asked in this section of the Question Paper, one requiring the application of source analysis skills only (the 'source comparison' question - Skill 1), three questions that demand the application of knowledge only (the 'Describe' question - Skill 4, the 'Explain' question - Skill 5 and the '9 mark question' - Skill 6) and two questions that require the application of both knowledge and source analysis skills (the 'How fully' question - Skill 3 and the 'Evaluate the usefulness' question - Skill 2). Not all types of question will be asked in every section. The combination of questions is determined by the SQA in each examination. The format of this workbook allows for the breakdown of each skill using a graphic organizer. This is then followed by a practice question and a writing frame for completion either within the book or to use as a guide. A model answer is offered as a guide to how each question may be answered. There are five practice questions for Skills 1-5 and three for Skill 6. This 80 page book includes 28 original questions, source technique guidelines, writing frames and model answers. This book supports directly the application of the course content of the Hitler and Nazi Germany option of study. This option covers the study of attempts to establish democracy in Weimar Germany, the reasons for its collapse and the nature of the Nazi State. This book covers the content required and includes a range of revision exercises and study techniques to assist candidates with the understanding and retention of factual information. The questions presented in this workbook are original and offer additional question practice to support those published by the SQA in the form of Specimen Question Papers and past examination papers. An accompanying textbook will be available in January 2020. Visit www.historysuccessguides.com for more resources and guidance (from December 2019)
