Easy Vintage Envelope Junk Journal/Folio - Design Team Project/Digital Collage Club - Easy Vintage Envelope Junk Journal/Folio - Design Team Project/Digital Collage Club by 49dragonflies 33,742

views 3 years ago 45 minutes - Please join me for this fun and easy **envelope**, project, creating a vintage **envelope**, junk journal/folio using wonderful map digitals ...

start off by inserting one flap into the other envelope

glue it on the bottom part of the envelope

putting the glue on the inside of the flap

leave a tiny tiny little edge on the envelope

put another piece of the map paper

bend it again in the creases

close the envelope

make a closure

put the hole closer to the right edge of the flap

use a hole punch on the flap

cut off the short end underneath the circle

measuring a little smaller than the envelope

measuring the height

create a pocket on the inside front

glue this on the back of the image

put my glue on the left side

glue down the flaps

add a piece of cheesecloth

glue that to the spine after folding it in half

use one of my inked masking tapes

cut into that flap of the envelope

find a spot for it in my signature

put a hole in the middle of my signature

make a double knot

rounding the edges to fit the edges of the card stock

moving to the inside front cover

roughing up the edges of this image with my stanley knife

adding some more cheese cloth on the background

trying to make a tag shape by cutting off one corner

gluing this on to the cardstock

punch a hole in the top
