Wii Sports Resort - All 12 Sports! - Wii Sports Resort - All 12 Sports! by AwesomeGamerland 218,021 views 1 year ago 3 hours, 30 minutes - How's it going everyone? I want to Welcome to one of my first long plays ever, playing through every sport in **Wii Sports Resort**,!

In this **sport**,, there are three **game**, modes for you to ...

2. Wakeboarding. In this sport, it has three difficulties that I played. The boat makes "V" shaped waves for you to jump and land tricks. In the later difficulties, they add in additional barriers to make it harder for you to tricks on either side. This one isn't my cup of tea, but I do appreciate the strategy you have to utilize to get a high score.

3. Frisbee. This sport is one of the more underrated sports to play in my opinion. It's one of the games that needed an additional tracker to help throw the frisbee to where it needs to go. Both game modes, Frisbee Dog and Frisbee Golf, rely on you throwing it to a specified target. Both of them can help with your arm motion if you happen to play Frisbee in real life, like I do.

4. Archery. This game takes archery to a great level and can be a cool addition to your practice for archery. As the difficulty increases, it relies on the target moving more or barriers to help time the

shot perfectly. However, like with wakeboarding, this one isn't too addicting for me. It is hilarious that you can find secret targets to get an easy ten points, which is needed for a perfect score in the later stages.

5. Basketball. This sport is one of those that you can have a blast with your friends. Playing both modes, 3-Point Contest and Pickup Game, aren't that fun playing by yourself. Plus, the controls aren't the best and didn't feel like you have complete control over the ball.

... is a miniature version of the tennis **game**, in **Wii Sports**,.

7. Golf. A clear classic to the original game. It was one of the most addicting games to play to play by yourself with the different replays and highlights that they have implemented. I decided to show not only the 18 classic and resort holes, but the special courses as well. This golf game feels more fast-paced compared to the other ones in the series.

Another clear classic to the original **Wii Sports**,. Not only ...

9. Power Cruising. It's one of these games that I play when I'm bored with my Nunchuk in tact. I like going through the different rings and the realistic feeling that you're on a jet-ski.

10. Canoeing. In my mind, the worst sport in the game. It's not that it's bad, it's not my style at all. It can also be incredibly difficult to steer and get to the goal not as fast you can.

11. Cycling. Another game that I play when I'm bored with my Nunchuk. In this match up, I find it pretty interesting how I placed first in the 5th race and just continue from that. It's pretty interesting if you ask me.

12. Air Sports. There are three different Air Sports to enjoy. Like in the intro, skydiving has you link up with others for pictures. In my mind, it's one of those games that I wish I can play more often. In Island Flyover, you have your own plane and you get to know every single attraction there is in store on Wuhu Island. This one is definitely very rewarding with new features you can get as you fly around the island. It's one of my favorite game son here for sure. In Dogfighting, you battle with one other person to see who can have the most balloons. If there was a radar in the middle of the screen, it would've been way more fun.
