Hidden Treasure to Them That Believe

The ability to change your life into a more desired one is in within grasp to everyone that will follow this one simple law and that is to believe. It is the will of God to bless you with your hearts desires. Everything that we do is based on what we believe by faith or by our fears. The only thing that affects you is what you believe. Why not believe what is more favorable for you instead of what your circumstance has to offer you. The only thing that you deal with is what you think about and the only thoughts that affect you are the ones you believe. If this is so, then believe all things are possible and watch the impossible in your life become possible as they become possible in your heart of thoughts.

Hidden Treasures to Them That Believe

The only things we deal with is our own thoughts and the only thoughts that affect us are the ones we believe, so why not believe all things are possible? If our thoughts are our life then all things are possible according to our mental attitude and not our surroundings. If you can change your thoughts, your life is guaranteed to reflect the images of your mind into your circumstances. Stop focusing on your troubles and all the limits will be removed. It's how we see the things that we see which determines all possibilities. Come and see...

Asking the questions who?, what?, when? and why?, Janice has found many hidden treasures and that the Bible is not only a Book of many stories, but one story - all pointing to the Lamb of God, our savior, Jesus Christ.

Hidden Treasures in the Book of Job (Reasons to Believe)

Arguably the oldest book in the Bible, the book of Job has a surprising amount to say about some of the newest scientific discoveries and controversies. Far from a book that is just about suffering, Job is filled

with rich insight into both ancient and modern questions about the formation of the world the difference between animals and humans cosmology dinosaurs and the fossil record how to care for creation and more With careful consideration and exegesis, internationally known astrophysicist and Christian apologist Hugh Ross adds yet another compelling argument to the case for the veracity of the biblical commentary on the history of the universe, Earth, life, and humanity. Hidden Treasures in the Book of Job shows that the Bible is an accurate predictor of scientific discoveries and a trustworthy source of scientific information, and that both the book of Scripture and the book of nature are consistent both internally and externally.

Hidden Treasures

The nature of this book Hidden Treasures is based on certain principles that God desires for us to live by that we might be better equipped to live for him and to be a light in this world that we live in. This book is designed to detail some of the principles that we talk about daily and how important it is that we apply them in our everyday lives. It is not that they are hidden to us, but the fact that until they become practical and practiced in our lives, all they will be is something that we read about but never become effective in. This book I believe is also a road map to living a life in the spirit that will bring glory to God by allowing our lives to be a tool that he can use for the sake of showing others the grace, power, and the ability of the Holy Ghost to change lives. It has been written with the purpose of being easy to read and follow.

All Things Are Possible

The only things we deal with are our own thoughts; the only thoughts that affect us are the ones we believe. Miracle happens when you can see them happening, but not until you can see past your circumstances and the things which afflicts you. See things differently and they will be.

Hidden Treasures in the Biblical Text

This book was inspired by the book of John, the first chapter. In the beginning the word already existed. The word was with God and the word was God. He existed in the beginning with God. God created everything through him, and nothing was created except through him. The word gave life to everything that was created, and his life brought light to everyone. The light shines in the darkness, and the

darkness can never extinguish it. My eyes have been opened to these verses by the light of Christ penetrating into my soul leading me to see and understand the true meaning of life. Everything there is has a word attached to it. When we can take time to slow down with understanding and, yes, even break words down a little more with acronyms, the power of those words can speak life to ourselves and to others. When driving down a road, we have become accustomed to pushing on gas or the brake pedal as needed by our sight. In life, we can do the same thing with our thinking whether good or bad to steer us away from disaster or to find peace. If we only take the time and affiliate our words with knowledge just like slamming on our brakes when a kid runs out in front of us. My book will teach you how to find peace that turns into lasting joy which is surrounded by love. Little things like words put together with roots (acronyms) make our lives stronger. Here are a couple of acronyms just to get you started that have made a life-changing transformation in me: Chaos: Creating hell allowing overwhelming sin. When we act before thinking it through. Grace: GodaEUR(tm)s riches abundantly coming everyday. Now thataEUR(tm)s treasure.

As you read the unbelievable testimony of the trials and overcoming successes of Carols life, you will both stand in awe and praise God for His faithfulness. Though many would have given up if they had faced insurmountable obstacles of physical, mental, emotional, relational, and financial difficulties, these obstacles taught Carol and Jim to rely more on the sovereignty of our Lord. You will be challenged to use this book as a catalyst to allow our God to work through the heartaches and roadblocks in your life just as Carol has beautifully surrendered her marriage, her family, her work, and her gifts to Him.

Hidden Treasures

God's last word in human affairs is not about the Cross, but about the Resurrection. Jesus is the resurrection and the life no man comes to the Father but by Him. He tells us to "go". "All power is given unto me in heaven and in earth. Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost. Teaching them to observe all things whatsoever I have commanded you: and lo, I am with you always, even unto the end of the world". (Matthew 28:18-20). Evangelism involves communicating the good news of salvation through relationships. It will require a strong effort on your part to witness to the lost. Christ must be highly demonstrated in love, compassion, and adoration. You must develop sensitivity to the spiritual condition of people. President Obama alluded to empathy, looking at others through your eyes, or walking in others footsteps. I encourage compassion, looking at others through the eyes of Jesus. This book will inform, empower, inspire, and instructed you in the right way. It gives examples of building spiritual relationships with believers, nonbelievers, neighbors, unknown, business associates, asking God for wisdom of their needs and understanding, and attitudes. From Genesis to Revelation God raised up inspirers, demonstrator, prophets and prophetess, those that had a godly heart to rescue the lost, and to recapture His people. He used men and women for instruments of His love. Those who would endure hardness as a good soldier of Jesus Christ. God always takes the initiative to come to His people. Without Him we would all go our own way, and lack understanding. For there is a way that seems right unto men but it is the way of destruction. This book makes it clear that it is not about defeat, but all about Victory. Therefore, our responsibility as His children is to convince the world through witnessing that the best is yet to come. Luke 12:48 says, "But he that knew not, and did commit things worthy of stripes, shall be beaten with few stripes. For unto whomsoever much is given, of him shall be much required, and to whom men have committed much, of him they will ask the more". Isaiah 11:9 says, "For the earth shall be full of knowledge of the Lord, as the waters cover the sea". Our hope for a non-violent world is by spreading the message of God's love, forgiveness, and prosperity. The true knowledge of God, Jesus His Son, and why the Holy Spirit was sent is conveyed by our true witness. This is why witnessing is so incredible, and a hidden treasure. It is the Spirit working. And we know very little about the Holy Spirit and His works. It is like a wind! In according to Isaiah Chapter One; "The ox knows his owner, the ass his master's crib, but my people do not know me, says the Lord". This is a hard saying, but if God said it, it is true and appropriate. Now when a hard saying is given it is to convince the hearers of their status and merit with God. You can neglect or ignore many things, but not God's word. It is a mandate for living. The Lord requires that we live justly and glorify Him as the Lord God Almighty. The above scripture was given to the children of God for a warning. It was given for conviction of sin, directions, and duty, and for consolation in trouble and danger of being lost. It was given to scare them straight. God's word is given to build and plant, or pluck up and pull down for a change in heart. Everything that proceeds out of the mouth of God is for our benefit, because it will come to pass exactly as it was

foretold, sooner or later. In this prophesy everything looks bad, very bad, with Judah and Jerusalem. The prophet Isaiah is speaking for God, he is blowing God's triumph, reminding the people what bad shape they were in. Isaiah in speaking for God calls the people of God "stupid" senseless people. You have had plenty of time to get it right, I have feed, clothe, and kept y

In the Secret Place of the Most High

Professor Markus Kellow was the first to suspect that the anomalous energy burst the Stargazer Observatory intercepted was of such significance that he set out with nothing more than a Geiger counter to confront the aliens he suspected were located in a mountain range near Area 51. Now, fifty years later, after another energy signature is captured by the observatory, Simon Forrest sets out on his own investigation to discover what dreaded creatures could be lurking within walking distance of his home. Deep within the mountain range, Simon discovered a strange woman, Kai'alla, who told him that she was guarding the most coveted treasure the whole of mankind could imagine. But Simon found that discovering who this ancient woman really was turned out to be the most coveted secret mankind could imagine.

The Hidden Treasure of Darkness

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels, are buried. The key to finding each can be found within the twelve full color paintings and verses of The Secret. Yet The Secret is much more than that. At long last, you can learn not only the whereabouts of the Fair People's treasure, but also the modern forms and hiding places of their descendants: the Toll Trolls, Maitre D'eamons, Elf Alphas, Tupperwerewolves, Freudian Sylphs, Culture Vultures, West Ghosts and other delightful creatures in the world around us. The Secret is a field guide

to them all. Many "armchair treasure hunt" books have been published over the years, most notably *Masquerade* (1979) by British artist Kit Williams. *Masquerade* promised a jewel-encrusted golden hare to the first person to unravel the riddle that Williams cleverly hid in his art. In 1982, while everyone in Britain was still madly digging up hedgerows and pastures in search of the golden hare, *The Secret: A Treasure Hunt* was published in America. The previous year, author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum. Preiss was killed in an auto accident in the summer of 2005, but the hunt for his casques continues.

Hidden Treasures of the Heart

What if Noahs curse of Hams son Canaan to be a servant of servants was not as damning as many have been led to believe? Gods Spirit first visited Canaan in human form with his son Melchizedek, and thousands of years later was the arrival of Jesus in human form to gather a remnant of Israel to be a servant of servants and to gather the Gentiles. In fact, it was the Holy Spirit of God speaking through Jesus that revealed that both he and Melchizedek were anointed by the same Spirit in John 10:16, I have other sheep that are not of this fold; I must bring them also. And they too will listen to my voice, and there will be one flock and one shepherd. And in accordance to the eternally binding laws of the new covenant, divine providence, hidden treasure repairs a breach in the development of a people called Israel that has long been assumed but never addressed. The holy scriptures highlights a very revealing travesty and injustice that places the descendants of Ham as the intended recipients of the yet-to-be-revealed blessings that support the restoration of the divine order of worship. It precedes the end of mans rule over the hearts and minds of the people of God when the rebellious Antichrist spirit is revealed.

Divine Providence

Casual and conversational, *Hidden Treasures* presents the Universal Laws of Abundance from a spiritual perspective. These ideas are astonishing; and you'll feel empowered as they comfort, encourage, and enlighten you on your journey to financial deliverance, even prosperity. While the author learned these principles in a secular arena through more than a decade of study and successful application, she now hopes to bring the principles to God-fearing people everywhere. How often have we been promised, "Ask and ye shall receive?" The problem is we don't really believe it. Why? Because, so often it just doesn't happen. So how does one develop the kind of faith required to see miracles in his/her financial life?"There is a law, irrevocably decreed in heaven before the foundations of this world, upon which all blessings are predicated?and when we obtain any blessing from God, it is by obedience to that law upon which it is predicated" (Doctrine and Covenants 130:20-21). So if you've ever wondered: "If the 'righteous shall prosper,' why am I so broke?" or, "Do I 'set my heart upon riches,' or just resign

myself to the smothering prison of debt and the stain of poor credit?" ...then this book is for you. The answers to these questions (and many more) are the very answers which led Leslie and her husband to finally escape their own financial bondage, AND develop a closer relationship with God through the process. While the author is a member of the Church of Jesus Christ of Latter-day Saints, the ideas and applications of scriptures are solely her own and do not necessarily represent the beliefs or doctrines of any particular denomination. In a compelling way, she brings hope to individuals in strained relationships, mothers who want to come home from work, and fathers who want to spend more time with their family. Hidden Treasures brilliantly delivers a profound message of hope for all who believe there is a God.

Hidden Treasures

Many people are fascinated by ancient tales of lost tombs and hidden treasure. Some of these tombs and treasure still exist, many have been forgotten and others are just myths. Be a mystery solver by finding out where stories of these ancient treasures may have come from and use all the evidence to decide what you believe.

Ancient Tombs and Hidden Treasure

There are many biblical stories which can be considered spiritual favorites, "greatest hits" even. Adam and Eve in the Garden of Eden. Noah and his ark. Moses and the crossing of the Red Sea. Daniel in the lions den. The Christmas story. Paul on the road to Damascus. This book isn't about any of these stories. In the pages of Hidden Treasures, the latest by pastor and author Judson Edwards, we go a bit off the beaten, scriptural path to meet unfamiliar people and visit unusual places. You'll meet Bezalel, Ahimaaz, and Diotrephes. You'll make stops in books rarely visited, like Lamentations, Habakkuk, Haggai, and 3rd John. Even if you've spent a good part of your life studying the Bible, you'll probably go places in this book that you've seldom been before. As you wander the back roads of the Bible, you'll be impressed with the people you meet and the sights you see. You might even come to believe that there are truths to be learned on the back roads that can't be learned anywhere else. Each chapter is accompanied by a list of questions for reflection and study that will help you draw insights from these stories into your own life.

Hidden Treasures: Our Stories

Psalms 1-24 holds many jewels to be unearthed. In *Secret Treasures from Psalms*, author Rachel Ryan offers an all-inclusive study and daily devotional that travels through joy and heartache, and distress and victory with David. She shares that what David learns through his experience is what Christians are supposed to learn as well. He teaches us who God really is and how we're supposed to respond to him. He shows us how to live and how not to live and the consequences of our choices. He teaches us how to have a closer, more genuine relationship with God and how to rely on God as our source. *Secret Treasures from Psalms* can be used as a personal Bible study or daily devotion, as a foundation for Sunday school lessons and discussion, or as a weekly or monthly small group Bible study. The full text of scriptures discussed is displayed on the page to make referencing and rereading faster and easier. With reflection included, this guide uses Psalms 1-24 as a treasure map to God's heart toward you and as a key to unlock insight and daily application of concepts that affect your life and community.

Hidden Treasures

Christian children's book and outreach resource Behind the Book - A Hidden Treasure I wrote this book for the children in my own life. It is a great foundational truth for seeing their precious heart the way that God sees it, and it sets the stage for understanding God's urge to guard and shepherd their heart. This is the beautiful reality, and I think that seeing YOUR enthusiasm in the message is the key to making it a wonderful moment. The book is an opportunity to share God's incredible desire for each individual heart, and every child needs to hear it. I have asked children what they think God's greatest treasure is and most of them start with gold or money and then, depending on their age, switch to objects like toys. The treasure box is a great place to pause and really ask the child what they think. Afterwards, you can see the wonder and excitement in the child's eyes when you reveal to them the hidden treasure of their own heart. What an incredible moment! The message of God's love is amazing and full of wonder"! I hope that you enjoy sharing it with a child as much as I do!!

The Secret Treasures of Oak Island

Author Peter Aiello describes the mechanics of surrender and saving faith as a resting of the mind upon Jesus Christ in order to receive His rest.

A Hidden Treasure

This book was birthed as a result of seeing many sincere Christians falling into heresy, myths, and fairy tales spun by irresponsible preachers who would speak anything in order to gain an audience through lies and deceit. The contents of this book are not fictional. They were all painstakingly tested and lived in order to test the doctrines learnt in the modern churches. This book is dedicated to help those who want to move in the Spirit of God, to be truly led by him and not by man-made rules and teachings, which have no power to manifest the presence of God in their walk. The author teaches how to hear from God and the main principles or laws in the kingdom of God that is true kingdom living. The author was ordained and called by God through three distinct verses given supernaturally by the Holy Spirit; these are Numbers 33:33, Job 33:33, and Ezekiel 33:33.
