Getting Started with Tambour Embroidery

"Built on experience from working for both fashion designers, developing a couture collection herself and teaching students from different ages and backgrounds, she reveals the secret of this wonderful tool: the tambour needle. The moment you master the tambour needle, the world of haute couture becomes your own."--Amazon.com.

Getting Started with Tambour Embroidery

The fairytale of haute couture embroidery starts with the use of the tambour hook: a simple but most effective tool to add beads and sequins fast and beautifully. Many people have seen the famous documentary of Chanel, where you see the 'petits mains' working on couture gowns, wondering how the technique of the tambour needle on a large embroidery frame really works. In this first book in the Haute Couture Embroidery Series, Saskia ter Welle shows you: - How to mount the embroidery frame- How to choose the right fabric - How to handle the tambour hook- How to apply sequins - Where to find the right materials - How to finish your work As a bonus, you will find links to exclusive instruction videos and several patterns to start with. Built on experience from working for both fashion designers, developing a couture collection herself and teaching students from different ages and backgrounds, she reveals the secret of this wonderful tool: the tambour needle. The moment you master the tambour needle, the world of haute couture becomes your own. After reading this book, watching the instruction videos, and applying the techniques, you will know how to start your own project.

Fashion Embroidery

This practical step-by-step guide to haute couture embroidery covers everything from machine and hand stitching, to tambour beading, goldwork and monogramming. Whether you are interested in adding monogrammed initials to your favourite bathrobe, stitching a flower on your favourite jacket, adding sparkling beads to a new dress or creating a goldwork embellishment, Fashion Embroidery teaches you how to add a unique touch to your clothes. In this beautifully illustrated book, Jessica Pile, the Production Director at Hand & Lock embroidery, explores the intricate techniques used in fashion embroidery. With hand-drawn designs, catwalk photographs and step-by-step guides, this book is perfect for beginners looking to personalise their own clothes, as well as more experienced embroiderers who want to apply new techniques to different fabrics. Beginning with an inspirational overview of the fashion industry, Jessica looks at examples of embroideries and embellishments by a variety of couturiers, including Christian Dior, Louis Vuitton, Hardy Amies and Burberry. The book then demonstrates the basics of three main techniques – goldwork, tambour beading and embroidery stitches including silk shading, satin and stem stitch. In do-it-yourself projects, Jessica first helpfully explains the basics of materials; she teaches you how to pick the right fabric, what tools to use, where to source materials, what types of wire or beads to use and terminology. Taking influences from existing couture designs, she then shows you how to execute these learned techniques onto your own clothes. This book is perfect for fashion students, textile artists, and those who want a more unique look to their clothes.

Tambour Work

Tambour work is a form of chain stitch, a favoured technique for decorative bead-embroidered tulle laces such as Carrickmacross and Limerick. This book demonstrates basic techniques for thread, bead and net embroidery and includes a design resource of traditional and contemporary ideas.

Couture Sewing Techniques

Fashion historian Shaeffer opened the door to the exclusive realm of haute couture in her authoritative guide to the techniques that define couture sewing. And now, "Couture Sewing Techniques," has been revised and updated throughout. Full color.

Bead Embroidery Chinese Style

stunning. I can't wait to create my own tambour masterpieces!" - Sarah "I've been embroidering for years, but tambour embroidery has always intimidated me. This book has demystified the process and given me the confidence to try it out. The results have been incredible, and I'm so grateful for this resource." - Emily So, what are you waiting for? Don't miss out on the opportunity to learn tambour embroidery

Haute Couture Embroidery

Arguably the most famous fashion designer of the 20th century, Christian Dior's feminine fashions were desired, worn, and emulated by women around the world. This new publication by ROM Press explores in detail what it was about Dior's dramatic creations-the cuts, textiles and embroideries-that stimulated the entire Paris haute couture industry after the devastation of the Second World War. The book features the Royal Ontario Museum's collection of Christian Dior couture (1947-1957), and is accompanied by sketches and documentary material from Christian Dior Héritage, along with archival images and striking photographs of the museum garments taken by world-renowned Dior photographer Laziz Hamani. The collection features beautiful designs from daytime to evening wear. The publication breaks new ground as it explains key Dior design signatures, based on the use of innovative and historical dressmaking techniques to explain what made the New Look so successful and why his designs were worn and emulated by woman around the world in the 1950s. Christian Dior presents new information drawn from extensive research wedded with close examination of the designs within this catalogue, making it an essential read for those interested in fashion, art, culture, and history.

Christian Dior

"A tribute to a time when style -- and maybe even life -- felt more straightforward, and however arbitrary, there were definitive answers." -- Sadie Stein, *Paris Review* As a glance down any street in America quickly reveals, American women have forgotten how to dress. We lack the fashion know-how we need to dress professionally and beautifully. In *The Lost Art of Dress*, historian and dressmaker Linda Przybyszewski reveals that this wasn't always true. In the first half of the twentieth century, a remarkable group of women -- the so-called Dress Doctors -- taught American women that knowledge, not money, was key to a beautiful wardrobe. They empowered women to design, make, and choose clothing for both the workplace and the home. Armed with the Dress Doctors' simple design principles -- harmony, proportion, balance, rhythm, emphasis -- modern American women from all classes learned to dress for all occasions in ways that made them confident, engaged members of society. A captivating and beautifully illustrated look at the world of the Dress Doctors, *The Lost Art of Dress* introduces a new audience to their timeless rules of fashion and beauty -- rules which, with a little help, we can certainly learn again.

The Lost Art of Dress

Dried Flower Embroidery celebrates the craft of flowers on tulle. Discover how to create beautiful displays of your favourite everlasting blooms, grasses and foliage. Starting with the basics, Olga takes you step-by-step through how to master this craft – from techniques for drying flowers to making your own frames and embroidering onto tulle, using nature as your thread and drawing inspiration from the natural world. The Art of Tambour Beading & Embroidery

With gorgeous photos, a renowned textile artist guides you through the details of her creative process—and twelve amazing projects. The embroidery of Jane E. Hall is breathtaking, and in this book she combines her love of butterflies with her outstanding talent as a textile artist to produce three-dimensional renditions of exquisitely worked butterflies almost indistinguishable from the real thing. Using the finest of silk threads and needles, Jane lovingly creates her butterflies' wings using the tiniest of stitches worked on to silk. They are then carefully cut away and the edges strengthened with hair-fine wire before being attached to the bodies, crafted from air-drying modelling medium and brushed with whisper-thin threads to resemble hairs. The butterflies are then placed within a setting of silk leaves and flowers, all made with the same painstaking attention to detail and expert skill as the butterflies themselves. This book provides a fascinating introduction to butterflies in nature, reflecting Jane's love and admiration for these exquisite creatures, and goes on to describe the materials and methods Jane uses to produce her incredible creations. Twelve projects, each based on a different butterfly including the Painted Lady, Small Tortoiseshell, and Brimstone, present the finished piece along with the materials Jane used, and the photographs, swatches, drawings, and paintings that inspired it.

From Thread to Art

"Basics Fashion Design: Textiles and Fashion is packed with varied examples of work by talented contemporary designers and other creative people who work in the fashion industry." "This book

Look no further than "First Stitches in Tambour: A Step-by-Step Guide to Embroidery for Beginners Book." This comprehensive guide is designed to take you from a novice to a skilled embroiderer, allowing you to create stunning works of art with ease. Embroidery has long been revered as a timeless craft, allowing individuals to express their creativity and add a touch of elegance to any fabric. Whether you're a complete beginner or have dabbled in embroidery before, this book is the perfect companion to help you master the art of tambour embroidery. What sets "First Stitches in Tambour" apart from other embroidery guides is its user-friendly approach. We understand that starting a new craft can be intimidating, which is why this book is specifically tailored for beginners. With clear, step-by-step instructions and detailed illustrations, you'll be able to follow along effortlessly, building your skills and confidence as you progress through each chapter. But what exactly is tambour embroidery, you may ask? Tambour embroidery is a technique that involves creating intricate designs using a special hook-like needle, known as a tambour hook. This technique allows for precise and delicate stitches, resulting in breathtakingly beautiful patterns. With "First Stitches in Tambour," you'll learn everything you need to know about this unique embroidery style, from the basic stitches to more advanced techniques. One of the key benefits of this book is its emphasis on hands-on learning. We believe that the best way to truly grasp a new skill is through practice, which is why "First Stitches in Tambour" includes a variety of practical exercises and projects. As you work through these exercises, you'll not only improve your technique but also develop your own personal style, making each piece uniquely yours. But it's not just about learning the technical aspects of tambour embroidery. We understand that embroidery is a deeply personal and emotional craft, allowing individuals to express themselves and find solace in the rhythmic motion of the needle. With "First Stitches in Tambour," you'll discover the joy and therapeutic benefits of embroidery, as it becomes a form of self-expression and a way to unwind from the stresses of everyday life. Imagine the satisfaction of completing your first tambour embroidery project, proudly displaying it in your home or gifting it to a loved one. With this book as your guide, that dream can become a reality. So why wait?

Jewelry International

"In Part Two of the Haute Couture Embroidery Series, we focus on techniques to add volume to your embroidery. Many people see embroidery as a way of decorating fabric with needle and thread in a two-dimensional way: placing stitches in different colours in order to make a beautiful 'picture'. In haute couture embroidery we tend to allow ourselves to experiment with more dimensions. We create a playground of techniques and materials to realize a specific effect that enhances the design of a garment. It is a play with opposites: colour versus non-colour, radiance versus matte, dark versus light, or volume versus even or flat. As such, a book on 'adding volume' will show you only part of the picture. A very interesting part."--Amazon.com.

A Passion for Needlework

This book unites Chinese and Western embroidery techniques to create gorgeous practical beadwork jewelry with floral elements that are rich in Chinese culture. The projects range from simple to difficult, giving you a basic yet comprehensive grasp of bead embroidery, and teaching you how to create nearly twenty pieces of unique bead embroidery jewelry to embellish your daily outfits. With this book, you will: ·Master the use of bead embroidery tools, understand the characteristics of different bead embroidery materials, and get started easily. ·Acquire rich hand sewing and hook needle techniques,

including more than 20 techniques to lay a solid foundation for making beaded jewelry. ·Learn to embroider nearly 20 different kinds of flowers using a combination of bead embroidery techniques through illustrated tutorials, and make jewelry that incorporates Chinese aesthetics, including earrings, bracelets, necklaces, brooches, hairbands, and clutch bags, bringing the art of bead embroidery into your daily life. ·Experience the beauty of beaded flowers from a Chinese aesthetic perspective, to broaden your creativity and inspire you.

First Stitches in Tambour

"If you want to make a jacket with the impeccable look of Chanel, this is the book to have. The Couture Cardigan Jacket presents sewing methods Claire Shaeffer developed based on her knowledge of haute couture construction and meticulous research studying original Chaneles in museum archives and her own collection. Via the DVD, Shaeffer instructs readers in essential techniques such as cutting and shaping the jacket sections, princess seaming, quilting, making the 3-piece sleeve, adding the chain weight, creating the double buttonhole, and more. Where there is a trick or shortcut for an operation (without lowering the quality) Shaeffer demonstrates it, along with a host of sewing methods discovered via careful and meticulous study of Chanel originals. The package is a perfect mix of instruction and insight into the complex design-details that make a Chanel a Chanel"--

Understanding 3D Embroidery

Six flamboyant crewel birds to stitch in popular author Hazel Blomkamp's much-loved, sumptuous style. In this fourth title in Hazel Blomkamp's series on crewel embroidery with a twist, the focus is on farm and game birds. The birds give a nod to current trends, most notably the Zentangle look with crewel-style filling-in stitches and techniques. Crewel Birds is a celebration of Hazel's signature techniques: a wide variety of surface/crewel stitches, some of which are brand new and many with a different take or different ways of combining stitches to make them more interesting. Also included are needle lace techniques as embroidery stitches, loom weaving techniques modified for embroidery, and unique combinations of both of these. The incorporation of beads and crystals adds even more dazzle to the intricate designs. There are six projects, each explained with detailed step-by-step instructions and clear photographs, with design templates and a full stitch gallery providing everything readers need to recreate them with ease. The projects comprise a phoenix, rooster, common pheasant, mallard duck, flamingo and golden pheasant. In addition to these sumptuous embroideries, Hazel explains how to hand quilt the backgrounds and finish the edges with binding to put them together in a 'rag book', as an alternative to framing. For embroiderers looking for something different and new to stitch, and for those keen to challenge themselves with more complex embroidery techniques, this book is a must-have.

Bead Embroidery

Published on the occasion of an exhibition held at the Philadelphia Museum of Art, Mar. 16-June 5, 2011.

Couture Sewing: the Couture Cardigan Jacket

This second edition of Historical Dictionary of the Fashion Industry contains a chronology, an introduction, appendixes, a bibliography. The dictionary section has over 1,400 cross-referenced entries on designers, models, couture houses, significant articles of apparel and fabrics, trade unions, and the international trade organizations.

Crewel Birds

The definitive guide to the history of fashion. From Ancient Egypt and Marie Antionette to Alexander McQueen and Chanel, this visually stunning fashion design book charts the evolution of clothing and shows how every generation reinvents fashion! The perfect fashion coffee table book! Here's what you'll find inside: • Covers the most important fashion periods in vivid detail, from ancient times to the present day, in extensive catalog spreads • From a crinoline to a Givenchy gown, specially photographed "virtual tours" of classic pieces spotlight the details that make up a masterpiece • Profiles showcase the key styles and works of trailblazing designers, describing how they have influenced the clothes we wear • Beautiful double-page images from fashion archives show how people have embraced fashion in every era and place fashion in its cultural context The fashion industry is yours to explore! Packed with a dazzling combination of original fashion plates, archive images and commissioned photography,

Fashion takes you on a fabulous tour across the centuries! It catalogs the history of what people wear — revealing how Western fashion has been influenced by design from around the world — and celebrating everything from costumes to haute couture. Now fully revised and updated, this lavishly illustrated book about fashion includes recent subjects of interest including the increased role of social media, fast fashion, sustainable fashion, and the drive for improved diversity and beauty ideals. The illustrated glossary of technical terms and a comprehensive index help make this page-turning fashion book an indispensable work of reference for any fashion student or fashionista's shelf. Look out for more titles in The Definitive Visual Guide series from DK. Experience the power of art and take a guided tour of the world's most influential paintings in Art, or celebrate the history and evolution of design movements in Design.

Roberto Capucci

Add dimension and luster to your projects—from sewing to jewelry making to mixed-media art—with tiny, shiny treasures. Inspired by the magic of beads, buttons, and charms, experienced teacher Christen Brown shares eight stunning beadwork projects including brooches, bracelets, and wall hangings. This helpful visual guide to 125 bead-embroidered and bead-woven stitches categorizes each stitch by style, with a second alphabetical index included—and the robust project gallery will inspire crafters of all skill levels, from embroiderers and sewists to crazy quilters, mixed-media artists, and jewelry makers.
