Who built them? Who lived in them? Did the armour in the great halls get rusty? Everything you ever wanted to know about castles and those who lived in them.

History for Common Entrance: Medieval Realms Britain 1066-1485 Answers

Quiz Time History is an exhaustive book including interesting and Brain-teasing questions and answers on almost all the phases of our glorious past. This quiz book consists of three main parts: Part-I, dealing with the Early and Medieval Indian History; Part-2, on the facts and figures of Modern Indian History and the Contemporary World and Part-3, containing General Questions on World History. All the questions have been accompanied by answers to educate and enlighten the readers, students of all ages in general and the aspirants of Civil Services Examinations in particular. The Civil Services Examinations as we all know begins with the Civil Services Aptitude Test (CSAT). The CSAT is the new Recruitment Process of Civil Services Exams conducted by the UPSC (Union Public Service Commission). The CSAT has been brought into effect from the Civil Services Examination, 2011. This will not only enable the Government of India to choose civil servants with the right aptitudes, but also end the use of scaling system for varying subjects that has been a matter of concern for many. However, no changes have been introduced in the Civil Services (Main) Examination and the Personality Test in the scheme of Civil Services Examination (CSE). This book contains all the vital historical facts and figures which can be useful for students appearing for the above mentioned competitive examinations. So friends, grab the book immediately and test your historical skills by solving these 1100 questions based on the various phases of Indian and World History! #v&spublishers

Perfect for all ages, this quiz book will provide hours of entertainment and education for the whole family and have you proclaiming: 'I bet you never knew that!'

MEDIEVAL INDIAN HISTORY

This one-volume survey of history-writing in the Middle Ages contains twelve articles, written by an interdisciplinary group of authors, that discuss the different types of texts that were written, and how modern scholars have approached them.

Why are Castles Castle-shaped?

The Middle Ages were not only times of military conflicts, the formation of nations, and the rise of the Catholic Church, but also an era defined by profound exploration of what is magnificent and sublime in all aspects of life, including ethics, spirituality, aesthetics, architecture, religion, and philosophy. Rather than focusing extensively on historical events, as is done in many traditional textbooks on the Middle Ages, "Medieval Answers to Modern Problems" instead focuses on critical issues that have concerned people throughout time, and illustrates how studying the Middle Ages from an interdisciplinary perspective can shed light on contemporary efforts to deal with these issues. Topics covered in this book include the mind-body dichotomy, the relevance of the divine in material existence, interpretations of death and how to cope with death constructively, the pursuit of love in spiritual and earthly terms, and the ideals of honor. Initially the Middle Ages seem completely alien to modern ways of thinking, yet they still speak deeply to our need for both human and divine values, and inner growth. The broad range of documents presented in the book will challenge readers, provoke thought, and demonstrate just how much can be learned from the past. Dr. Albrecht Classen is University Distinguished Professor of German Studies at the University of Arizona, where he teaches and researches medieval and early modern European literature, culture, and art history. He has published more than seventy scholarly monographs, editions, translations, critical volumes, and textbooks, and more than 500 articles. Most recently he published "Sexual Violence and Rape in the Middle Ages" (2011), "Sex im Mittelalter" (in German, 2011); "War and Piece: Critical Issues in European Societies 800-1800" (2011), and "Friendship in the Middle Ages and Early Modern Age" (2011). In 2010 he published the standard-setting three volume "Handbook of Medieval Studies." Currently he is preparing a new "Handbook of Medieval Cultures." He serves as

editor of the journals "Mediaevistik, Tristania, " and "Humanities." He has received numerous teaching and research awards, most notably the "Bundesverdienstkreuz am Band" (Order of Merit) from the German government in 2004.

Quiz Time History

First published to wide critical acclaim in 1992, *The Two Cities* has become an essential text for students of medieval history. For the second edition, the author has thoroughly revised each chapter, bringing the material up to date and taking the historiography of the past decade into account. *The Two Cities* covers a colourful period from the schism between the eastern and western churches to the death of Dante. It encompasses key topics such as: the Crusades the expansionist force of the Normans major developments in the way kings, emperors and Popes exercised their powers a great flourishing of art and architecture the foundation of the very first universities. Running through it all is the defining characteristic of the high Middle Ages: the delicate relationship between the spiritual and secular worlds, the two 'cities' of the title. This survey provides all the facts and background information that students need, and is defined into straightforward thematic chapters. It makes extensive use of primary sources, and makes new trends in research accessible to students. Its fresh approach gives students the most rounded, lively and integrated view of the high Middle Ages available.

Medieval Realms

"A lovely, witty treasure trove of a book, spilling over with historical gems . . . a very human history: sometimes weird, always wonderful." —Dan Jones, New York Times-bestselling author Have you ever found yourself watching a show or reading a novel and wondering what life was really like in the Middle Ages? What did people actually eat? Were they really filthy? And did they ever get to marry for love? In *Life in Medieval Europe: Fact and Fiction*, you'll find fast and fun answers to all your secret questions, from eating and drinking to sex and love. Find out whether people bathed, what they did when they got sick, and what actually happened to people accused of crimes. Learn about medieval table manners, tournaments, and toothpaste, and find out if people really did poop in the moat. "To say that this book was fun to read would be an understatement. Cybulskie's knowledge radiates in every page of this short book . . . It was educational and entertaining all at the same time. Simply a wonderful resource for novice medievalists and writers of historical fiction and nonfiction alike." —Adventures of a Tudor Nerd "All in all, this is an excellent book to put to bed many of the myths surrounding medieval existence that persist in the popular imagination. Easy to read and well worth the time to read it. I highly recommend this book if you want to get a mostly unbiased view of medieval life." —Battles and Book Reviews

I Never Knew That About Britain: The Quiz Book

This volume examines the main themes in Welsh history from the coming of the Normans in the eleventh century and their impact on Welsh society and politics to the fall of the Duke of Buckingham, the last great marcher magnate, in 1521. It also looks at the part played by the leaders of the native Welsh community in the years after the conquest of 1282-3. This is one of the less familiar aspects of the medieval history of the British Isles, but one in which there has been an increasing interest in recent years. Wales lost its independence in 1282. Owain Glyn Dwr led a revolt in the early fifteenth century. Henry Tudor was of Welsh descent and landed in Milford Haven in 1485. These are the most familiar facts about the History of Medieval Wales, and today this history is often presented as nothing more than a romantic story of princes and castles. But there is a great deal more to it. Like every other nation, Wales has a history and identity of its own, and Edward I did not bring that history to an end. Unlike England it was not conquered by the Normans. In the thirteenth century the native princess of Gwynedd tried to create a single Welsh principality, and for a short time came close to success. The fourteenth century was much a period of crisis for Wales as for every other part of Europe and the effect of the Black Death lasted a long time. The fifteenth century saw the leaders of the community move on to a wider political stage. Why did conquest come in 1282? Who was Owain Glyn Dwr and why did he rebel? Why was Henry Tudor's bid for power based in Wales and what gave him credibility there? Dr Carr considers these questions and suggests some possible answers as he examines one of the less familiar areas of British History.

Historiography in the Middle Ages

The Heinemann History Scheme offers an opportunity to refresh the approach to teaching at Key Stage 3. It uses sources and activities to explain complex issues and helps students think through historical concepts for themselves. The Scheme is an exact match to the QCA scheme of work.

Medieval Answers to Modern Problems

Cool English is a 6-level contemporary version of Join In. It is organized in lesson plans for each class session. These lesson plans give suggestions on different ways of exploiting the activities, plus extra ideas and materials. It includes clear and concise instructions with step-by-step explanations which simplify lesson-planning for the teacher. The guide is interleaved with the Pupil's Book and contains all the tape scripts. The 2 Audio CDs for the teacher contain all the songs and the recordings from the Pupil's Book, as well as the listening tests. The Tests CD contains pdfs of assessment tests for this level.

The Two Cities

Ken Jennings's Trivia Almanac is the ingeniously organized book where, for a change, the all-time Jeopardy! champ gets to ask the questions—and where every day of the year will give you the chance to test your trivia mettle. For example—February 21: In 1912, on this day, Teddy Roosevelt coined the political phrase “hat in the ring,” so Ken Jennings fires off a series of “ring” questions. What two NFL quarterbacks have four Super Bowl rings each?* What rings are divided by the Cassini Division?** Also on this date, in 1981, the “goth” music scene was born in London, so here's a quiz on black-clad icons like Darth Vader, Johnny Cash, and Zorro. Do you know the secret identities of Ivanhoe's Black Knight*** or Men in Black's Agent M****? In this ultimate book for trivia buffs and other assorted know-it-alls, the 365 entries feature “This Day in History” factoids, trivia quizzes, and questions categorized by Jennings as “Easy,” “Hard,” and “Yeah, Good Luck.” Topics cover every subject under the sun, from paleontology to mixology, sports feats to Bach suites, medieval popes to daytime soaps. This addictive gathering of facts, oddities, devilishly clever quizzes, and other flights of fancy will make each day a fun and intriguing new challenge.

Library of Congress Subject Headings

The later twelfth and thirteenth centuries were a pivotal period for the development of European government and governance. A mentality emerged that trusted to procedures of accountability as a means of controlling officers' conduct. The mentality was not inherently new, but it became qualitatively more complex and quantitatively more widespread in this period, across European countries, and across different sorts of officer. The officers exposed to these methods were not just 'state' ones, but also seignorial, ecclesiastical, and university-college officers, as well as urban-communal ones. This study surveys these officers and the practices used to regulate them in England. It places them not only within a British context but also a wide European one and explores how administration, law, politics, and norms tried to control the insolence of office. The devices for institutionalising accountability analysed here reflected an extraordinarily creative response in England, and beyond, to the problem of complex government: inquests, audits, accounts, scrutiny panels, syndication. Many of them have shaped the way in which we think about accountability today. Some remain with us. So too do their practical problems. How can one delegate control effectively? How does accountability relate to responsibility? What relationship does accountability have with justice? This study offers answers for these questions in the Middle Ages, and is the first of its kind dedicated to an examination of this important topic in this period.

Library of Congress Subject Headings

Covering a thousand years of history, this volume tells the story of the creation of Western civilization in Europe and the Mediterranean. Now available in a compact, more convenient format, it offers the same text and many of the illustrations which first appeared in the widely acclaimed Oxford Illustrated History of Medieval Europe. Written by expert scholars and based on the latest research, the book explores a period of profound diversity and change, focusing on all aspects of medieval history from the empires and kingdoms of Charlemagne and the Byzantines to the new nations which fought the Hundred Years War. The Oxford History of the Medieval World also examines such intriguing cultural subjects as the chivalric code of knights, popular festivals, and the proliferation of new art forms, and the catastrophic social effect of the Black Death.

Life in Medieval Europe

Debating medieval Europe serves as an entry point for studying and teaching medieval history. Rather than simply presenting foundational knowledge or introducing sources, it provides the reader with frameworks for understanding the distinctive historiography of the period, digging beneath the historical accounts provided by other textbooks to expose the contested foundations of apparently settled narratives. It opens a space for discussion and debate, as well as providing essential context for the sometimes overwhelming abundance of specialist scholarship. Volume I addresses the early Middle Ages, covering the period c. 450–c. 1050. The chapters are organised chronologically, and cover such topics as the Carolingian Order, England and the 'Atlantic Archipelago', the Vikings and Ottonian Germany. It features a highly distinguished selection of medieval historians, including Paul Fouracre and Janet L. Nelson.

Life in Medieval Times

In the age of ubiquitous access to information, library special collections and archives have received renewed attention through digitization projects designed to share collections with the world at large. Yet these materials also offer opportunities for student learning through direct engagement with rare or unique items. While special collections and archives have largely been used by advanced researchers and scholars, an increasing number of undergraduate courses are taking advantage of these materials as guides in the instructional process.

Cool English Level 6 Teacher's Guide with Audio CD and Tests CD

This clear and comprehensive text covers the Middle Ages from the classical era to the late medieval period. Distinguished historian John Riddle provides a cogent analysis of the rulers, wars, and events—both natural and human—that defined the medieval era. Taking a broad geographical perspective, Riddle includes northern and eastern Europe, Byzantine civilization, and the Islamic states. Each, he convincingly shows, offered values and institutions—religious devotion, toleration and intolerance, laws, ways of thinking, and changing roles of women—that presaged modernity. In addition to traditional topics of pen, sword, and word, the author explores other driving forces such as science, religion, and technology in ways that previous textbooks have not. He also examines

such often-overlooked issues as medieval gender roles and medicine and seminal events such as the crusades from the vantage point of both Muslims and eastern and western Christians. In addition to a thorough chronological narrative, the text offers humanizing features to engage students. Each chapter opens with a theme-setting vignette about the lives of ordinary and extraordinary people. The book also introduces students to key controversies and themes in historiography by featuring in each chapter a prominent medieval historian and how his or her ideas have shaped contemporary thinking about the Middle Ages. Richly illustrated with color plates, this lively, engaging book will immerse readers in the medieval world, an era that shaped the foundation for the modern world.

Studies in Medieval History

Knights in armor weighed so much that they had to be lifted onto their horses. Medieval barbers doubled as dentists. Robin Hood stole from the rich to give to the poor. You may have heard these common sayings or beliefs before. But are they really true? Can they be proven through research? Let's investigate seventeen statements about the Middle Ages and find out which ones are right, which ones are wrong, and which ones stump even the experts! Find out whether King Arthur really ruled England during the Middle Ages! Discover whether a terrible plague killed millions of people! See if you can tell the difference between fact and fiction with Is That a Fact?

The Oxford History of Medieval Europe

For the twentieth anniversary of the start of the Matthew Bartholomew series, Sphere is delighted to reissue all of the medieval monk's cases with beautiful new series-style covers.

----- The seventeenth chronicle in the Matthew Bartholomew series. In 1358 the fledgling college of Michaelhouse in Cambridge is in need of extra funds. A legacy from the Archbishop of York of a parish close to that city promises a welcome source of income. However, there has been another claim to its ownership and it seems the only way to settle the dispute is for a deputation from Michaelhouse to travel north. Matthew Bartholomew is among the small party which arrives in the bustling city, where the increasing wealth of the merchants is unsettling the established order, and where a French invasion is an ever-present threat to its port. But soon he and his colleagues learn that many of the Archbishop's executors have died in unexplained circumstances and that the codicil naming Michaelhouse as a beneficiary cannot be found... 'A first-rate treat for mystery lovers' (Historical Novels Review) 'Susanna Gregory has an extraordinary ability to conjure up a strong sense of time and place' (Choice)
