Excellent Sons

Winner of the 34th Lambda Literary Award (Gay Romance). "Still teenagers, we had started to build the foundation of an eternal love, one kiss, one smile, one caress at a time. And in my youthful arrogance, I'd been sure the house of love we were building would be impervious to the world's disapprobation, no matter how mightily it huffed and puffed and blew." Tristan and Max are a pair of Asian-American high school students who find themselves unexpectedly in love in post-Columbine America. Tristan works to balance what it means to be an excellent son, with its prescribed expectations and attendant demands, with his growing desire for independence and his deepening feelings for Max. While Max, after years of hopelessness, feels himself come alive at Tristan's touch, he tries desperately to forge a path forward that centers his identity and allows him to fully express his feelings for Tristan. Just seventeen, they are learning to navigate the multiple worlds they must live in to keep themselves and their growing love safe. Like any other dating couple, they are looking forward to attending prom and planning a trip to Paris the summer after graduation, before they start college, when a shocking act of homophobic violence shatters their world. Told via alternating, intertwining points of view, Excellent Sons combines a contemporary gay romance with an erotic retelling of a classic fairy tale that both centers and drives the novel. Yet beyond love and romance and the primacy and urgency of sex, the book examines what it means to be an excellent son, the relationship between lovers and parents, and parents and children, and what we as children owe our parents, and ourselves.

Sons and Lovers

The marriage of Gertrude and Walter Morel has become a battleground. Repelled by her uneducated and sometimes violent husband, delicate Gertrude devotes her life to her children, especially to her sons, William and Paul - determined they will not follow their father into working down the coal mines. But conflict is evitable when Paul seeks to escape his mother's suffocating grasp through relationships with women his own age. Set in Lawrence's native Nottinghamshire, *Sons and Lovers* is a highly autobiographical and compelling portrayal of childhood, adolescence and the clash of generations.

Sons and Lovers

The classic novel about a man torn between his devotion to his mother and his desire for a lover. Cited by the Modern Library as one of the ten best twentieth-century novels in the English language, *Sons and Lovers* is considered by many to be D. H. Lawrence's masterpiece, with its deep psychological insight into the bond between mother and son, and the difficulties of emotionally separating from a parent. Considered a semiautobiographical work, it follows protagonist Paul Morel as he experiences the loss of his older brother, hostility toward his coal miner father, and a burden of responsibility toward his more genteel mother, who inspires maddening mixed feelings in him. Paul struggles to find room in his life for a meaningful, romantic relationship of his own as he works to hold his family together.

Sons and Lovers

Sons and Lovers is a wonderful novel on the complex nature of love in its many forms. We follow the lives of the Morel family who live in a coal mining community in Nottinghamshire at the turn of the twentieth century. Walter and Gertrude's marriage has problems and Gertrude concentrates her love and hopes on her sons. She becomes a dominating force to them and the life choices they make. The sons suffer with obsession, frustration and indecision about the women in their lives.

Selection from Dubliners (A)

With humor and intelligence, and with the help of hundreds of confidential interviews, Weinstock has discovered the startling place that mothers hold in the heads and hearts of growing men. By offering his own memories and reflections as well as the personal disclosures of other sons, he not only explains the mindsets that drive boys from the nest and keep them insistently independent from their moms, but also illuminates the many ways in which mothers have deeply and continuously affected their sons' lives. What emerges in this profound book is a love letter to mothers, and a smart and surprising blueprint to the emotions of sons of all ages and backgrounds. Men vividly recall their maternally crafted childhoods and reflect gratefully on the solid support and high expectations of these women who knew them even before they knew themselves. But sooner or later every growing boy gets the message that he is obligated to become a man, to leave the "secret garden" he shared with his mother and assert himself in a world that frowns on mama's boys. How sons seek to distinguish themselves, how they act on and shelve their deeper feelings, and how their mothers' contributions are incorporated into their developing lives are the revelations contained in *The Secret Love of Sons* - wisdom that both mothers and sons have gone without for far too long.

To My Father, from Your Son with Love

This collection, which won the 2015 Costa Poetry Award, is an exhibition of the Dundee-born poet's stunningly accomplished adoption of the sonnet's ancient structure. This collection from Don Paterson, his first since the Forward Prize-winning *Rain* in 2009, is a series of forty luminous sonnets. Some take a traditional form, while others experiment with the reader's conception of the sonnet, but they all share the lyrical intelligence and musical gift that has made Paterson one of our most celebrated poets. Addressed to friends and enemies, the living and the dead, children, musicians, poets, and dogs, these poems are as ambitious in their scope and tonal range as in the breadth of their concerns. Here, voices call home from the blackout and the airlock, the storm cave and the séance, the coal shed, the war, the highway, the forest, and the sea. These are voices frustrated by distance and darkness, which ring with the "sound that fades up from the hiss, / like a glass some random downdraught had set ringing, / now full of its only note, its lonely call." In *40 Sonnets*, Paterson returns to some of his central themes—contradiction and strangeness, tension and transformation, the dream world, and the divided self—in some of the most powerful and formally assured poems of his career.

In this twentieth anniversary edition, Kent Nerburn adds to his classic reflections on love, marriage, travel, money and wealth, tragedy and suffering, spirituality, sex, and the true meaning of strength, with new chapters on sexual identity and the difficulty of moving on (from relationships, homes, and stages of life). Unique in its profound simplicity and timeless insight, *Letters to My Son* is a book to savor and a gift to give to anyone looking for clear and gentle guidance on the big issues in life.

The Secret Love of Sons

First published in 1913, this provocative semi-autobiographical novel reflects the struggles of Paul Morel, an artist who cannot reciprocate love for other women while under the influence of his stifling mother. Unconsciously taught to despise his father and eschew other women, Paul comes even further under his mother's psychological grasp after the death of his older brother. When he eventually does fall in love, the results of confused affection and desire are painful for all concerned. While *"Sons and Lovers"* scandalized its original English readers for its oedipal implications and social criticism, it remains a powerful story of terrifying inner and outer conflict and intense sensuality. Editorial Reviews: *Sons and Lovers* was the first modern portrayal of a phenomenon that later, thanks to Freud, became easily recognizable as the Oedipus complex. Never was a son more indentured to his mother's love and full of hatred for his father than Paul Morel, D.H. Lawrence's young protagonist. Never, that is, except perhaps Lawrence himself. In his 1913 novel he grappled with the discordant loves that haunted him all his life—for his spiritual childhood sweetheart, here called Miriam, and for his mother, whom he transformed into Mrs. Morel. It is, by Lawrence's own account, a book aimed at depicting this woman's grasp: "as her sons grow up she selects them as lovers--first the eldest, then the second. These sons are urged into life by their reciprocal love of their mother--urged on and on. But when they come to manhood, they can't love, because their mother is the strongest power in their lives." Of course, Mrs. Morel takes neither of her two elder sons (the first of whom dies early, which further intensifies her grip on Paul) as a literal lover, but nonetheless her psychological snare is immense. She loathes Paul's Miriam from the start, understanding that the girl's deep love of her son will oust her: "She's not like an ordinary woman, who can leave me my share in him. She wants to absorb him." Meanwhile, Paul plays his part with equal fervor, incapable of committing himself in either direction: "Why did his mother sit at home and suffer?... And why did he hate Miriam, and feel so cruel towards her, at the thought of his mother. If Miriam caused his mother suffering, then he hated her--and he easily hated her." Soon thereafter he even confesses to his mother: "I really don't love her. I talk to her, but I want to come home to you." The result of all this is that Paul throws Miriam over for a married suffragette, Clara Dawes, who fulfills the sexual component of his ascent to manhood but leaves him, as ever, without a complete relationship to challenge his love for his mother. As Paul voyages from the working-class mining world to the spheres of commerce and art (he has fair success as a painter), he accepts that his own achievements must be equally his mother's. "There was so much to come out of him. Life

for her was rich with promise. She was to see herself fulfilled... All his work was hers." The cycles of Paul's relationships with these three women are terrifying at times, and Lawrence does nothing to dim their intensity. Nor does he shirk in his vivid, sensuous descriptions of the landscape that offers up its blossoms and beasts and "shimmeriness" to Paul's sensitive spirit. *Sons and Lovers* lays fully bare the souls of men and earth. Few books tell such whole, complicated truths about the permutations of love as resolutely without resolution. It's nothing short of searing to be brushed by humanity in this manner. --Melanie Rehak

40 Sonnets

This is a coming-of-age book. Most young men are thrust into the world at the age of eighteen and told to get a job or go to college. People of a certain age know it's not quite that simple. This book includes advice to young men (and young women, in some cases) about what direction they should be thinking of going into. Being honest, most parents are too busy to focus on the little things that my book will provide, especially to single moms.

Letters to My Son

Please note: This is a companion version & not the original book. Sample Book Insights: #1 If a boy has felt rejection from you, he will believe that other women will reject him as well. He may become afraid of opening his heart to women for fear of being hurt again. #2 When John was ten years old, his father died of pancreatic cancer. He immediately assumed the role of man of the house and took care of his mother and younger siblings. He was so afraid for them that he couldn't study or play sports. #3 As mothers, we want our children to be happy. We rush to quiet their cries when they are infants because we don't want them to be uncomfortable or sad. When they are first playing sports or going to school, we watch to see how their peers treat them so that we can help if they are rejected or bullied. #4 When it comes to communicating with our sons, we must remember that they are not always going to want to talk things through. They may see things differently than us, and that can be hard to understand. But we must remember that they need our love and security, and they will always appreciate that.

Love Letters to My Son

From the author of the viral New York Times piece "To Siri with Love" comes a collection of touching and hilarious stories about life with a thirteen-year-old boy with autism that offers insights and revelations for all. When Judith Newman shared the story of how Siri, Apple's electronic personal assistant, helped her son, Gus, who has autism, she received widespread media attention and an outpouring of affection from readers around the world. Basking in the media attention, Gus told anyone who would listen, "I'm a movie star." Judith's story of her son and his bond with Siri was an unusual tribute to technology. While many worry that our electronic gadgets are dumbing us down, she reveals that they can give voice to some, including children with autism, like Gus, who has trouble looking people in the eye, hops when he's happy and connects with inanimate objects on an empathetic level. To Siri with Love is a collection of funny, poignant and uplifting stories about an extraordinary child who has helped his parent see and experience the world differently. From the charming (Gus weeping with sympathy for the buses that sat unused while bus drivers were on strike) to the painful (paying \$22,000 for a behaviourist to teach Gus how to use a urinal) to the humorous (Gus's insistence on getting naked during all meals, whether at home or not, because he didn't want to get his clothes dirty) to the profound (the way an automated assistant helped a boy learn to communicate with the rest of the world), the stories in To Siri with Love open our eyes to the magic and challenges of a life beyond the ordinary.

Summary of Meg Meeker's Strong Mothers, Strong Sons

The New York Times bestselling author of Writing My Wrongs invites men everywhere on a journey of honesty and healing through this book of moving letters to his sons—one whom he is raising and the other whose childhood took place during Senghor's nineteen-year incarceration. "A visceral and visual journey for the ages . . . the perfect road map for us to remove the barriers and obstacles against our true feelings."—Kenya Barris, creator of black-ish ONE OF THE MOST ANTICIPATED BOOKS OF 2022—Essence Shaka Senghor has lived the life of two fathers. With his first son, Jay, born shortly after Senghor was incarcerated for second-degree murder, he experienced the regret of his own mistakes and the disconnection caused by a society that sees Black lives as disposable. With his second, Sekou, born after Senghor's release, he has experienced healing, transformation, intimacy, and the possibilities of a world where men and boys can openly show one another affection, support, and love. In this collection of beautifully written letters to Jay and Sekou, Senghor traces his journey as a Black man in America and unpacks the toxic and misguided messages about masculinity, mental health, love, and success that boys learn from an early age. He issues a passionate call to all fathers and sons—fathers who don't know how to show their sons love, sons who are navigating a fatherless world, boys who have been forced to grow up before their time—to cultivate positive relationships with other men, seek healing, tend to mental health, grow from pain, and rewrite the story that has been told about them.

Letters to the Sons of Society is a soulful examination of the bond between father and sons, and a touchstone for anyone seeking a kinder, more just world.

My Son, I Love You... Forever, for Always, and No Matter What! by Suzy Toronto

We all love our mothers. And our mothers love us back. There is little more unconditional love than that which a mother gives. Mothers love their disobedient and even criminal sons. In their mind, they can do no wrong. Mothers want to protect their children, usually more than they want to protect themselves. Are there mothers so determined to protect their sons from the risks and dangers that the wide world presents, that they would choose an astonishing solution? Would such a mother be willing to take her son and regress him back to infancy, back to a life of no cares, no worries and no responsibilities? Such a world would pose far fewer risks to a teenage boy on the cusp of adulthood than venturing out on his own. Amanda is such a woman. Her son is about to strike out on his own and he is woefully unprepared. He is small for his age, immature and ignorant of the dangers outside his home. And so she takes on the challenge of turning Daniel back into a baby. And she has one obvious entry point. Daniel had wet his bed until only a few years prior. It would be easy to start that process again and then, the solution was obvious. Nappies and Plastic pants. The rest would follow on.
