The Eagle's Shadow

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Eagle's Shadow

This is the story of Margaret Hugonin and of the Eagle. And with your permission, we will for the present defer all consideration of the bird, and devote our unqualified attention to Margaret. I have always esteemed Margaret the obvious, sensible, most appropriate name that can be bestowed upon a girl-child, for it is a name that fits a woman--any woman--as neatly as her proper size in gloves.

The Eagle's Shadow

An entry in Cabell's fantastic "Poictesme" series.

The EAGLE's SHADOW(Annotated)

Yes, the first point I wish to make is that a woman-child, once baptised Margaret, is thereby insured of a suitable name. Be she grave or gay in after-life, wanton or pious or sullen, comely or otherwise, there will be no possible chance of incongruity.

The eagle's shadow

A rich tale of power and forbidden love revolving around a young medieval queen In 1002, fifteen-year-old Emma of Normandy crosses the Narrow Sea to wed the much older King Athelred of England, whom she meets for the first time at the church door. Thrust into an unfamiliar and treacherous court, with a husband who mistrusts her, stepsons who resent her and a bewitching rival who covets her crown, Emma must defend herself against her enemies and secure her status as queen by bearing a son. Determined to outmaneuver her adversaries, Emma forges alliances with influential men at court and wins the affection of the English people. But her growing love for a man who is not her husband and the imminent threat of a Viking invasion jeopardize both her crown and her life. Based on real events recorded in the Anglo-Saxon Chronicle, *Shadow on the Crown* introduces readers to a fascinating, overlooked period of history and an unforgettable heroine whose quest to find her place in the world will resonate with modern readers

The Eagle's Shadow

"This is the first book in the Boudica series. In AD 60, Boudica, war leader of the Eceeni, led her people in a final bloody revolt against the occupying armies of Rome. It was the culmination of nearly twenty years of resistance. This book recreates the beginnings of a story so powerful its impact has survived through the ages." --Worldcat.org.

Shadow on the Crown

Spanning three generations, this historical novel tells the tale of Boudicca, the most famous warrior of ancient Britain, and Caradoc, the son of a Celtic king, who sets out to unite the people of the Raven and lead them against Rome. Caradoc's objective is not easily accomplished as the Roman army advances into Britain, raping Celtic women and burning villages to the ground. His efforts are also met with fierce opposition from Aricia, the vain queen of a northern tribe who swears allegiance to the Romans after Caradoc slights her, and from Gladys, Caradoc's warrior sister who falls in love with her Roman captor. Unfortunately, Caradoc's endeavors are left unresolved when he is taken prisoner, but Boudicca, a strong-willed woman, ultimately takes up the cause that was Caradoc's legacy.

Boudica

Varied snippets of information, from babies' names to types of aeroplanes, stories, poems, drawings, lists, riddles and morality tales. Didactic literature of the late 19th century.

Words on Cassette

A new group of moles has emerged - evangelists, led by a prophet who threatens the liberal tradition of Stone worship.

The Eagle and the Raven

The Welsh Fairy Book

Reproduction of the original: *The Grandeur That Was Rome* by J.C. Stobart

Coles Funny Picture Book Del

Sergeant Edgar Brighton awakens to find an unfamiliar woman staring back at him. As the woman begins to blindfold him, Edgar realizes he's an Eagle Down behind enemy lines.

Book of Silence

Did King Arthur really exist? The Reign of Arthur takes a fresh look at the early sources describing Arthur's career and compares them to the reality of Britain in the fifth and sixth centuries. It presents, for the first time, both the most up to date scholarship and a convincing case for the existence of a real sixth-century British general called Arthur. Where others speculate wildly or else avoid the issue, Gidlow, remaining faithful to the sources, deals directly with the central issue of interest to the general reader: does the Arthur that we read of in the ninth-century sources have any link to a real leader of the fifth or sixth century? Was Arthur a powerful king or a Dark Age general co-ordinating the British resistance to Saxon invaders? Detailed analysis of the key Arthurian sources, contemporary testimony and archaeology reveals the reality of fragmented British kingdoms uniting under a single military command to defeat the Saxons. There is plausible and convincing evidence for the existence of their war-leader, and, in this challenging and provocative work, Gidlow concludes that the Dark Age hypothesis of Arthur, War-leader of the Kings of the Britons, not only fits the facts, it is the only way of making sense of them.

Fictitious and Symbolic Creatures in Art With Special Reference to Their Use in British Heraldry

This book is a comprehensive single-volume history of literature in the two major languages of Wales from post-Roman to post-devolution Britain.

Everyone Dies At The End

Winner of the Global Ebook Award for Best Historical Fiction On the run from abuse, Estela wakes in a ditch with only her lute, her amazing voice, and a dagger hidden in her underskirt. Her talent finds a patron in Alienor of Aquitaine and more than a music tutor in the Queen's finest troubadour and Commander of the Guard, Dragonetz los Pros."

The new world of words. [&c.].

A comprehensive account of a nine week journey at the end of the 19th century

Whitaker's Cumulative Book List

First the young schoolboy, gloriously immersed in make-believe in a shabby farmyard; then the budding poet with his thrilling friendships and dreams of fortune. Finally, the neophyte reporter roaming suburban Swansea for momentous material. In ten wonderfully evocative short stories, Dylan Thomas conveys the exuberance and enthusiasm of youth as he fictionalises events from his childhood. Adolescent sexuality and male friendship are two of the themes that pervade this collection, along with the more familiar topics of love, death and religion. Featuring a bold new livery in celebration of the Dylan Thomas centenary.

Whitaker's Five-year Cumulative Book List

Enter the magical, colourful, poignant world of Bracken and Rebecca, Mandrake the tyrant, Boswell the Scribe, Hulver, Comfrey ... and all the other moles of Duncton Wood. Set deep in the English countryside this enchanting story tells of an ancient community losing its soul - but saved by courage and love.

The World Before the Deluge

Anagram Solver is the essential guide to cracking all types of quiz and crossword featuring anagrams. Tours in Wales

An historical narrative that recalls the Revolution of 1836 which Sam Houston helped lead making the free nation of Texas.

The Grandeur That Was Rome

On the battlefield, Wulfhere fights for his life but elsewhere the enemy is closer to home, sinister and shadowy and far more dangerous than any war. 1054, pious King Edward sits on the throne, spending his days hunting, sleeping and praying, leaving the security of his kingdom to his more capable brother-in-law Harold Godwinson, the powerful Earl of Wessex. Against this backdrop we meet Wulfhere, a Sussex thegn who, as the sun sets over the wild forest of Andredesweald, is returning home victoriously from a great battle in the north. Holding his lands directly from the King, his position demands loyalty to Edward himself, but Wulfhere is duty-bound to also serve Harold, a bond forged within Wulfhere's family heritage and borne of the ancient Teutonic ideology of honour and loyalty. Wulfhere is a man with the strength and courage of a bear, a warrior whose loyalty to his lord and king is unquestionable. He is also a man who holds his family dear and would do anything to protect them. So when Harold demands that he wed his daughter to the son of Helghi, his sworn enemy, Wulfhere has to find a way to save his daughter from a life of certain misery in the household of the cruel and resentful Helghi without compromising his honour and loyalty to his lord, Harold. *Sons of the Wolf* is a panoramic snapshot of medieval life and politics as the events that lead to the downfall of Anglo Saxon England play out, immersing the reader in the tapestry of life as it was before the Domesday Book. With depictions of everyday life experienced through the minds of the peoples of the time; of feasts in the Great Halls to battles fought in the countryside, it cannot help but enlighten, educate and entertain.

Eagle Down

Edward Foord and Gordon Home set out to create a definitive history on those greedy occupiers' invasions, attacks, and interference who were targeting England over many centuries, longing for her rolling green hills, fertile soils, and hidden assets. There was an overall absence of precise knowledge on the subject of the invasions of England. The objective was to help clear all the misconceptions regarding the matter. This effort by Foord and Gordon was something that had not earlier been attempted. The authors have tried to shed new light on some of the most popular conquests and victories on British soil. From the great campaign in which the Roman general Paulinus destroyed the British struggle for freedom under Boudicca to the Viking ravages and Napoleon's 'design,' this book has it all.

The Reign of Arthur

The Ninth Legion marched into the mists of northern Britain - and they were never seen again. Four thousand men disappeared and their eagle standard was lost. It's a mystery that's never been solved, until now . . . Marcus has to find out what happened to his father, who led the legion. So he sets out into the unknown, on a quest so dangerous that nobody expects him to return. *The Eagle of the Ninth* is heralded as one of the most outstanding children's books of the twentieth century and has sold over a million copies worldwide. Rosemary Sutcliff writes with such passion and attention to detail that Roman Britain is instantly brought to life and stays with the reader long after the last page has been turned. The book is also now the subject of a major film.
