The Work of the Angel in Our Astral Body

A great deal is happening all the time in world evolution; and it falls to human beings, particularly those of our own time, to acquire real understanding of the world events in which they are involved. In this popular lecture Rudolf Steiner reveals that the angels - the spirits closest to human beings - are seeking to create images in human astral bodies. These images are given with the intention of bringing about 'definite conditions in the social life of the future' related to brotherhood, religious freedom, and conscious spirituality. Other spiritual beings, however, are working against the angels. If, as a consequence of their disruption, humanity sleeps through the angels' spiritual revelation, the consequences will be dire, and aberrations connected to sexuality, the misuse of medicine, and the misapplication of mechanical forces will begin to manifest.

The Work of the Angels in Man's Astral Body

Religious and spiritual writings have always made reference to beings from the spiritual hierarchies, especially those known in Christian tradition as Angels. These spirits are the closest to human beings and act as our invisible guides and companions. They influence the life of the individual as well as the evolution of humanity and the cosmos. From his own clairvoyant vision Rudolf Steiner confirmed the existence of such spiritual beings, and showed how modern minds could gain access to their world. As he explains in these inspiring lectures, it is important for us to understand and cooperate with the work of the Angels today as this is crucial for the further development of humanity.

Angels

Throughout the ages, traditional folklore has spoken of guardian angels as spirits who guide and protect human beings. In modern times, however, their existence has largely been written off as myth and superstition. Based on his personal experience and cognition, Rudolf Steiner speaks of guardian angels and other spiritual beings as a reality. Their existence, he says, is a spiritual and scientific fact which

can be fruitfully researched and studied through clairvoyant means. Furthermore, working consciously with these entities can assist each of us in fulfilling our evolutionary goals. In these six specially selected lectures, Rudolf Steiner elucidates the role of the guardian angel, and also discusses our relationship to the heavenly hierarchies of spiritual beings as a whole, and how they shape our human form as a result of their cosmic activity.

Guardian Angels

Several lectures deal primarily with aspects of life after death. The first describes the three realms after earthly life: that of intense, surging sensation (sympathy and antipathy); that of the ebb and flow of will impulses that stream into the human sphere, affecting in increasingly wider circles human life on earth (karmic relationships, animal existence); and that of the spiritual hierarchies. The following lectures amplify this mission in different ways, explicitly and implicitly.

'If you wish to learn, you may learn. I go now and will come again. And yet I am always with you.' This was the conclusion to a surprising message that psychologist Iris Paxino received from a bright angelic entity who appeared to her unannounced, radiating a comforting, warmth-filled light. The angel's words left her awestruck and deeply moved. Paxino had long had the gift of knowing angels, but it was immediately apparent to her that this special encounter marked a new beginning. She was in no doubt that she did indeed want to learn, and thus began a lively, intense dialogue that offered an abundance of insights into the work of angels. She discovered that, in addition to our guardian angel, each of us has a circle of twelve angels who accompany us throughout life and beyond death; that we have 'double' and 'shadow' angels, and that families, communities and social groups have their own angels, as do specific landscapes. In a series of intimate and enlightening conversations, Paxino relates knowledge about these and other types of spiritual beings. 'Angels suffer in sympathy with the earth and stand by us in the dark times of human existence. Despite everything they do not condemn, but love us with such devotion that we can scarcely comprehend it.'

Speaking with Angels

This book will help you heal yourself of every kind of stress and dysfunction by tapping into the healing powers of angels. Uniquely, the Ambika Wauters presents angels in terms of an inner realm with a distinct spiritual hierarchy: nine levels of angels residing in the three levels of heaven. While based on traditional theology, this system offers a thoroughly effective way for the human mind to grasp the benevolent powers that angels can make available to all of us. We learn how angelic forces work in the human energy system, especially the chakras, to benefit our personal development and spiritual evolution. The Healing Power of Angels is aimed at everyone who is fascinated and moved by the notion of angels or is interested in making new discoveries in the realm of the spirit. It will be immensely helpful to all healers and all those interested in understanding energy fields. The meditations, affirmations and prayers that punctuate the book provide a practical dimension for interactive work, and there are also profound reflections that will change the way we think about ourselves - and move us many steps closer to spiritual understanding.

Have you ever had an Astral Projection on your body? Do you want to experience this kind of separation of body and spirit? Astral projection, also known as Astral Travel, refers to an "Out of Body Experience" (also known as OBE) in which the astral body leaves the physical body and goes to the "astral plane." It may happen spontaneously as part of the sleep process or induced via lucid dreaming or intense meditation. Essentially, the notion of astral projection is based on the belief that there is an "astral plane," which is one of the seven levels of existence and that people reside in the material world. The mythicized "astral plane" is said to be the abode of more than human angels and spirits, as well as souls on their route to their next life or last resting place. Rudolf Steiner's spiritual philosophy is the inspiration for many successful initiatives in the world today, from the international Steiner Waldorf school movement to biodynamic agriculture and its increasingly popular produce. Steiner developed his philosophy in dozens of books and many thousands of lectures. His teaching contains dozens of new concepts and ideas, and as a result he had often to create his own vocabulary. In this practical volume - a companion to his *Anthroposophy, A Concise Introduction* - Henk van Oort gives concise definitions of many terms and concepts in Steiner's worldview, from the most commonplace to the more obscure. *Anthroposophy A-Z* can be used as a reference guide, but also as a gateway into Rudolf Steiner's manifold world of spiritual ideas and concepts. Anthroposophy can be seen to be a new language - a language that can lead to the world of the spirit. It was with this awareness that Henk van Oort took the initiative to write this glossary. Ultimately, he has written the sort of inspiring handbook that he wished had existed when he first became acquainted with anthroposophy over 40 years ago. HENK VAN OORT, born in 1943, trained as a primary teacher before taking a Masters degree in English at the Amsterdam University. He has taught for 40 years in primary and secondary education, including class teaching in a Steiner school, teaching English, and running educational courses and seminars for teachers and parents. His interest in literature and poetry has led to his appearance at storytelling and poetry seminars, and his introductory courses to anthroposophy have proved to be highly successful. Based in Bergen N.H. in the Netherlands, Henk van Oort is married and the father of three grown-up children. He is the author of *Anthroposophy, A Concise Introduction*.

Blessed with a special connection to the angelic hierarchies, K. Martin-Kuri relays an important message for humanity at a critical time in our development. She translates into living practices what we can do to that will allow our guardian angels to work more effectively in our lives and lead to change on a personal and cosmic level. Every time we think a negative thought or commit an act of jealousy, greed or hatred, we are holding the angels at bay. The angels want to help us, but they are powerless, except in extreme cases, if we do not create an atmosphere of love and kindness in which they can intercede on our behalf. Martin-Kuri shares with us special techniques for taming our inner dragons and defusing the powerful negative energies of society.

1 lecture, Zürich, October 16, 1918 (CW 182) "Once one has passed through powerlessness and re-finds oneself, one also finds Christ. Before we can gain access to the Christ Impulse we must plumb the depths of our own feelings of insignificance, and this can only happen when we view our strengths and capacities without any pride." --Rudolf Steiner How does one find the Christ today? Steiner emphasizes the importance of working toward knowing one's Self ("I" being), the significance of experiencing powerlessness, and the eventual resurrection from powerlessness. In this important lecture, Steiner also discusses the ancient Academy of Gondishapur, the significance of the year 666, the mission of Islam, and the crucial consequences of the Ecumenical Council of 869. The audio edition, complete and unabridged, is read by the actor and speech teacher Peter Bridgmont, author of *Liberation of the Actor*. Listen to an audio sample of this lecture.

Today some six million Freemasons around the world continue to perform their rituals regularly – an enormous legacy of spiritual endeavour, kept largely in secret. In Britain alone there are over 7,000 lodges, with a quarter of a million members. What is this wealth, this appeal, and how did the philosopher and spiritual scientist Rudolf Steiner reinterpret or reconstruct Freemasonry's time-worn legacy? Unless one is a Freemason, the masonic world, with its arcane conventions and language, remains largely unknown: an obscurity that is almost impossible to fathom. Yet understanding its traditions and style are invaluable when approaching Goethe, Mozart, Herder, Lessing and Novalis – as well as Rudolf Steiner. Steiner himself renewed the 'Royal Art' of Freemasonry from 1906 to 1914 through his ritual work known as *Mystica Aeterna*. When Steiner invigorated education, medicine, the social order and religion, he fully intended that committed and professional individuals should assume responsibility for the new initiatives. But this was not the case with the Masonic Order he founded, whose leadership he took upon himself. Even the celebration of his passing in 1925, led by Marie Steiner, was entirely Masonic in character. In the context of continuing resistance and misrepresentation, N.V.P. Franklin uncovers the living heart of Freemasonry and reveals why it was – and still is – immensely relevant to anthroposophy. With profound research into its older rituals and teachings, this detailed and

conscientious study is a unique contribution to comprehending freemasonry and anthroposophy – both historically and in the present day.

"As we prepare ourselves for the next century, we will either expand our freedom in such a way that we can cooperate with heavenly thought or we will lose our identities by becoming automatic response mechanisms for the rebellious forces opposing God." --K. Martin-Kuri K. Martin-Kuri has a special connection to the realms of heaven. Now, in A Message for the Millennium, she is compelled to remind us that we are living in troubled times, and that we are being called to make a critical choice. Neglect of our children, political and personal terrorism, random and calculated violence, addictions, deadly new diseases, and other evils have brought us to the edge of the abyss. As a new millennium approaches,

she warns, we must either gather ourselves to soar into a better future or stumble and fall to the depths. In *A Message for the Millennium*, Martin-Kuri translates into actual living practices the things we can do to avoid disaster. She illumines the path of transformation that can allow our guardian angels to work more effectively in our lives and lead to change on a personal and cosmic level. Every time we think a negative thought or commit an act of jealousy, greed, or hatred, we are holding the angels at bay. The angels want to help us, but they are powerless, except in extreme cases, if we do not create an atmosphere of love and kindness in which they can intercede on our behalf. When God gave us free will, he gave us the opportunity to determine our fate. Only by hearing the messages from the angels can we come closer to God. Martin-Kuri shares with us special techniques for taming our inner dragons and defusing the powerful negative energies of society. She reveals how, through prayer and helping others, we can help ourselves and save our planet. *A Message for the Millennium* is a thought-provoking book that asks and answers tough questions. It calls upon us to begin the hard work that can usher in an era of good will. Most important, it tells us what each of us must do in our daily lives. The choice is ours. Time is running out. The angels are calling. Will we hear their message? Will we make the right choice?

'And however paradoxical it may seem today, the "Grail mood" is in the fullest sense to be found in Russia. And the future role that Russia will play in the sixth post-Atlantean epoch... rests firmly upon this unconquerable "Grail mood" in the Russian people.' – Rudolf Steiner Although Eastern Europe has been part of the Christian world for more than a thousand years, its spiritual identity remains a mystery. This mystery, says Sergei Prokofieff, can only fully be solved by looking behind external events and seeking spiritual – meta-historical – dimensions of reality. In illuminating the maya of outer history, Prokofieff reveals the forces that have been at work to hinder the progress of mankind: the materialistic Brotherhoods of the West and the occult aspects of both Jesuitism and Bolshevism. These adversary groups have created a 'karma of materialism', that the eastern Slavic peoples have taken upon themselves out of their 'exalted willingness for sacrifice'. Prokofieff shows how, from the earliest times, the future 'conscience of humanity' flowed from hidden mystery centres in Hibernia, to the eastern Slavic peoples. As a result, qualities of 'compassion, patience and willingness for sacrifice' developed in their souls, creating a truly Christian 'Grail mood'. Despite incalculable suffering – from the persecutions of the Mongol hordes to the Bolshevik experiment of the last century – this quality has become an unconquerable force. Will humanity be able to use the present opportunity granted by this sacrifice to fulfil the primary purposes of the present cultural epoch? Can the future mysteries of the Holy Grail be fulfilled? In this momentous work, breathtaking in its scope and detail, the author attempts a truly esoteric approach, penetrating to the spiritual wellsprings of Eastern Europe in the light of Rudolf Steiner's research.

'The mission of our age is not to reproduce an ancient wisdom, but to engender a new one – a wisdom that points not only to the past but that works prophetically into the future.' – Rudolf Steiner Beginning with ancient Egypt, the pyramids and sphinxes – and a comparison of that epoch with our own – Rudolf Steiner surveys a vast spiritual landscape of human development. In symphonic style, he describes the conquest of the physical plane in post-Atlantean civilizations, the relationships between the various cultural epochs, the human being's connections with the kingdoms of nature and the different planetary bodies, and the relationship of animal forms to 'the physiognomy of human passions'. Through this panoramic vision, we discover how the changed conditions of human consciousness call for a new spiritual understanding today. In her Introduction, Marie Steiner relates the special experience of being a member of Rudolf Steiner's audience for this timeless series of lectures: 'Enormous cosmic pictures were unfolded before the spiritual gaze of the listeners; insights were of such depths of ancient wisdom, views of distant futures of human and world development, that deepest devotion flowed through their hearts...' This new edition features a revised translation, introduction, notes and an index.

Charles Webster Leadbeater (16 February 1854 - 1 March 1934) was a member of the Theosophical Society, author on occult subjects and co-initiator with J. I. Wedgwood of the Liberal Catholic Church. Originally a priest of the Church of England, his interest in spiritualism caused him to end his affiliation with Anglicanism in favor of the Theosophical Society, where he became an associate of Annie Besant. He became a high-ranking officer of the Society. His interest in Theosophy was stimulated by A.P.

Sinnett's Occult World, and he joined the Theosophical Society in 1883. The next year he met Helena Petrovna Blavatsky when she came to London; she accepted him as a pupil and he became a vegetarian. Around this time he wrote a letter to Kuthumi, asking to be accepted as his pupil. Shortly afterward, an encouraging response influenced him to go to India; he arrived at Adyar in 1884. He wrote that while in India, he had received visits and training from some of the "Masters" that according to Blavatsky were the inspiration behind the formation of the Theosophical Society, and were its hidden guides. This was the start of a long career with the Theosophical Society. Leadbeater wrote 69 books and pamphlets during the period from 1895 to his death in 1934, many of which continued to be published until 1955. Two noteworthy titles, Astral Plane and the Devachanic Plane (or The Heaven World) both of which contained writings on the realms the soul passes through after death. "For the first time among occultists, a detailed investigation had been made of the Astral Plane as a whole, in a manner similar to that in which a botanist in an Amazonian jungle would set to work in order to classify its trees, plants and shrubs, and so write a botanical history of the jungle. For this reason the little book, The Astral Plane, was definitely a landmark, and the Master as Keeper of the Records desired to place its manuscript in the great Museum." Highlights of his writing career included addressing topics such as: the existence of a loving God, The Masters of Wisdom, what happens after death, immortality of the human soul, reincarnation, Karma or the Law of Consequence, development of clairvoyant abilities, the nature of thought forms, dreams, vegetarianism, Esoteric Christianity. He also became one of the best known speakers of the Theosophical Society for a number of years and served as Secretary of the London Lodge. (wikipedia.org)

The Astral Plane

Astral travel-what is it and how does it fit in our lives? Eby explains the differences and similarities between astral projection, out-of-body experiences (OBEs), ordinary dreams, creative inspiration, mental projection, and clairvoyance. With OBEs defined and placed in the context of consciousness continuum, these various states of awareness can provide entryways to alternate realities. Astral Odyssey guides us through the pathways of consciousness that lead to the invisible worlds around us, giving step-by-step procedures on how to do actual, voluntary, conscious astral projection. But Eby does more than just teach astral travel--she provides instructions for attaining all the necessary states of consciousness, tells how each may be used to derive valuable benefits in daily life, such as improved psychological balance, solutions to problems, increased creativity, and enhanced powers of extrasensory perception. Included are never-before-published examples of OBEs and an OBE diary that describes, in vivid detail, the sights, sounds, sensations, and thoughts associated with actual visits to the astral plane. We discover that astral travel allows a new perspective of both the universe and the role that human experience plays in it. With this first-hand knowledge of the existence of nonphysical worlds and their entities, physical life can become more meaningful, creative, and joyful!

Astral Odyssey

Astral projection, sometimes called astral travel, is an intentional out of body experience (OBE.) Those who engage in astral projection believe in the existence of a soul or a sense of consciousness that is separate from the physical body, which is referred to as the astral body. This astral body is capable of traveling outside of, or away from, the physical body, which is how astral projection or astral travel is achieved. Angel Blessing Stamps

This is my first book, and I have written this book with energies from the universe and blessings of Maa. Herein I have written my own experiences in a simple language, and this is a very pure book for me.

My purpose of writing this book is to bring more and more people toward spirituality. I am a very simple person; if I can go on the path of spirituality, then anyone can. All of us have problems in life. We should not run from them or go here and there or even ask other people to solve them, but we should ourselves move toward spirituality, sit for meditation, and pray to God to help us solve these problems. If we do so, our problems will be solved automatically. I hope you all will like My Journey to Spiritual Healing, so I can get encouraged to write the next book.

Astral Projection and Lucid Dreaming

Angels of the popular imagination tend to be docile and blandly gentle, rather than being genuine forces for change. Wake up! The kick-ass angels are coming! When we find ourselves suffering from lethargy or frustration, when we are unable to make progress and repeatedly encounter the same problems, and when we start to lose sight of our higher aspirations - then we need to invoke the kick-ass angels. This book teaches us how to call on these exceptionally vigorous angelic forces of change and accept the surprising messages they have for us. Kick-ass angels are not soft and indulgent - but nor are they bullies or tyrants who use severity inappropriately. They are concerned only with our awakening and with our progress. They are unafraid of the grave secrets we may have buried within ourselves. Their mission is to cleanse - to exorcise our demons, to purge us of our fears and banish our self-imposed limitations. To fulfil our potential we all need the kick-ass angels' help in our daily lives. And collectively we need their help at this point in our history - with the aid of the kick-ass angels, the transformation of our future can begin.
