People, Places and Things

"Macmillan doesn't shy away from difficult questions about addiction and recovery and, rightly, doesn't answer them ... this is a bold, timely and searching play" - Financial Times Emma was having the time of her life. Now she's in rehab. Her first step is to admit that she has a problem. But the problem isn't with Emma, it's with everything else. She needs to tell the truth. But she's smart enough to know that there's no such thing. When intoxication feels like the only way to survive the modern world, how can she ever sober up? People, Places & Things premiered at the National Theatre in 2015 before transferring to London's West End and St. Ann's Warehouse in New York. Published for the first time in Methuen Drama's Modern Classics series, this edition features a brand new introduction by Naomi Obeng.

People, Places and Things

The Book is Fun, Entertaining and a Learning Experience.

Diaspora Pride - People, Places, and Things (V4)

As a nation, we should preserve our social memory by honoring those who paved the way for us to exist, recognizing those who etched their indelible mark on our lives, and remembering those who went to the great beyond before us as expressed in the Salute to the Dearly Departed segment (People); our regions, areas, and territories; our locales, hotspots, and hangouts and places we love to visit and events we constantly attend in (Places), and the happenings and the things that we cherish to death - items, commodities, artifacts, and products (Things). So dear readers, enjoy the mind "triggers" and heart-wrenching "diggers" you will find in this book honouring the 55th year of celebrating Jamaica's independence and the tantalizing trip down memory lane with this unofficial reference/resource guide by your side. You will recollect who is who (people), where is where (places), and what is what (things) in both the Jamaican and the Diaspora/Global context.

People, Places, and Things 3 Listening Teacher's Book

A book about how our lives are shaped by people, places and things...a feel good book....laugh, smile and remember life's experiences.

Touched.....by People, Places and Things: A Source of Inspiration, Strength and Hope

The idea of spirituality encompasses a few intertwining concepts. While it is the mood or emotional state a person might experience at a given moment, it is also about moral behavior and right and wrong actions. Spirituality is about the church and God, and is about energy and karma. This book examines spirituality as it relates to addiction and specifically to Alcoholics Anonymous. It proposes a simple and very practical definition for spirituality intended to serve as a solid foundation for alcoholic recovery.

Spirituality the Missing Definition

This book contains twenty-eight papers by participants in the NATO Advanced Study Institute (ASI) on "Cognitive and Linguistic Aspects of Geographic Space," held in Las Navas del Marqués, Spain, July 8-20, 1990. The NATO ASI marked a stage in a two-year research project at the U. S. National Center for Geographic Information and Analysis (NCGIA). In 1987, the U. S. National Science Foundation issued a solicitation for proposals to establish the NCGIA-and one element of that solicitation was a call for research on a "fundamental theory of spatial relations". We felt that such a fundamental theory could be searched for in mathematics (geometry, topology) or in cognitive science, but that a simultaneous search in these two seemingly disparate research areas might produce novel results. Thus, as part of the NCGIA proposal from a consortium consisting of the University of California at Santa Barbara, the State University of New York at Buffalo, and the University of Maine, we proposed that the second major Research Initiative (two year, multidisciplinary research project) of the NCGIA would address these issues, and would be called "Languages of Spatial Relations" The grant to establish the NCGIA was awarded to our consortium late in 1988.

An Individual Drug Counseling Approach to Treat Cocaine Addiction

Easily implement grade appropriate lessons suitable for Kindergarten classrooms. Based on current research, these easy-to-use lessons are based on a variety of strategies to differentiate your instruction. Activities are included to allow access to all learners. Includes interactive whiteboard-compatible Resource CD with sample projects, templates, and assessment rubrics. 160pp. plus Teacher Resource CD.

Grammar (programed Instruction) CM 01

Clinical Psychology & People with Intellectual Disabilities provides trainee and qualified clinical psychologists with the most up-to-date information and practical clinical skills for working with people with intellectual disabilities. Represents an invaluable training text for those planning to work with people with intellectual disabilities Includes coverage of key basic concepts, relevant clinical skills, and the most important areas of clinical practice All chapters have been fully updated with the latest evidence. New chapters cover working professionally, working with people with autism and addressing aspects of the wider social context within which people with learning disabilities live. Beneficial to related health and social care staff, including psychiatrists, nurses, and social workers

Cognitive and Linguistic Aspects of Geographic Space

Suitable for use by students preparing to take the Certified Alcoholism and Substance Abuse Counselor (CASAC) exams, this text provides an introduction to alcoholism and drug addiction.

Activities for a Differentiated Classroom Level K

This book describes a systems approach for fostering the mental health of athletes, coaches, and staff in sport organizations at professional, collegiate, and secondary school levels. Through this approach, readers can collaborate effectively with a range of professionals in sport organizations, helping to create a mentally healthy entity. Fostering the Mental Health of Athletes, Coaches, and Staff includes a set of sequential, interrelated chapters that detail precise steps along with practitioner exercises. Following an introductory chapter about the evolution of mental health in sport organizations, the systems approach is overviewed in terms of its constituent dimensions. Chapter-by-chapter guidance then is provided about the following activities: Creating a vision and direction for mental health in a sport organization Assessing the readiness of a sport organization for mental health initiatives Identifying and

involving people as key contributors to mental health
Assessing the mental and emotional development of athletes, coaches, and staff
Designing and implementing mental health programs and services
Educating and training coaches, staff, and administrators about mental health
Establishing a team environment conducive to mental health
Formulating and enacting mental health policies, plans, and procedures
Coordinating mental skills, life skills, and mental health
Evaluating mental health programs and services
Making decisions about improving mental health initiatives
Through its unique and important nature and scope, as well as being the first of its kind to discuss athlete mental health through this specific lens, this book is essential for licensed sport, clinical, and counseling psychologists, as well as other professionals who communicate and collaborate regarding mental health, including mental performance consultants, athletic trainers, and administrators.

Clinical Psychology and People with Intellectual Disabilities

The third edition of this classic resource is a comprehensive source of information, strategies, and activities for working with learning disabled students. The book offers special educators, classroom teachers, and parents a wealth of new and proven suggestions and ready-to-use materials for helping LD students of all ages learn and perform at their fullest potential.

Writing Workshop Grd K-3

Complete Year Grade 4 provides a whole year's worth of practice for essential school skills including word roots, prepositional phrases, similes and metaphors, multiplication and division, fractions and decimals, angles, and more. Thinking Kid(R) Complete Year is a comprehensive at-home learning resource with 36 lessons—None for each week of the school year! Practice activities for multiple subject areas, including reading, writing, language arts, and math, are included in each weekly lesson to ensure mastery of all subject areas for one grade level. Complete Year lessons support the Common Core State Standards now adopted in most US states. Handy organizers help parents monitor and track their child's progress and provide fun bonus learning activities. Complete Year is a complete solution for academic success in the coming school year.

Introduction to Chemical Dependency Counseling

Primary grammar and word study is a series of seven books designed to introduce students to parts of speech, ways to understand and choose words, punctuation and figures of speech. Included are teachers notes, English curriculum links and literacy character explanations as well as checklists.

Fostering the Mental Health of Athletes, Coaches, and Staff

Far too often, the God of the philosophers, those who for the most part had no appointment at a university, are the primary sources relied upon by many authors nowadays in their approach to the problem of evil. These fifty-two Lord's day or Sabbath day readings draw the reader into a dialogue with university professors of the late medieval era and sixteenth and early seventeenth centuries. The theme of these literary renditions of yesteryear's debates and disputations is the perennial quest by theologians to exonerate God from the charge that he is the author of evil. The sophistication and complexity of their scholastic method and solutions to the problem of evil may surprise, but hopefully will persuade, modern day readers to rethink their own conclusion about the problem, and to take up and read university theologians who were formerly unknown, all in the spirit of Anselm's faith seeking understanding.

Effective Writing

In contrast to consumerism, which encourages shallow relationships, McCarthy explains how the love of God fosters a deep attachment to the world, and that a right ordering of desires will lead Christians to an enjoyment of life that require less "stuff."

Complete Year, Grade 4

Give your soon-to-be first grader a head start on their upcoming school year with Summer Bridge Activities: Bridging Grades K-1. With daily, 15-minute exercises kids can review rhyming and counting and learn new skills like telling time and writing complete sentences. This workbook series prevents summer learning loss and paves the way to a successful new school year. --And this is no average workbook! Summer Bridge Activities keeps the fun and the sun in summer break! Designed to prevent a summer learning gap and keep kids mentally and physically active, the hands-on exercises can be done anywhere. These standards-based activities help kids set goals, develop character, practice fitness, and explore the outdoors. With 12 weeks of creative learning, Summer Bridge Activities keeps skills sharp all summer long!

Primary Grammar and Word Study: Ages 6-7

The first part of each book covers specific parts of speech such as nouns, adjectives, pronouns, verbs, and adverbs as well as the structure of sentences. The last part provides games for a bit of fun, task cards for extra practice, and word banks to save teachers some time. The overall goal is to help students learn enough about grammar to communicate easily and effectively, to evaluate the myriad of messages that surround them, and to function successfully in business and society.

A Book of Faith Seeking Understanding

"This multiple-volume publication advances the emergent field of mobile computing offering research on approaches, observations and models pertaining to mobile devices and wireless communications from over 400 leading researchers"--Provided by publisher.

Each unit is well thought out with a clear instructional design, starting with a model text and culminating in the students writing a text to put their new grammatical knowledge into practice.""Australian Educational Publishing AwardsGrammar gets realThis practical book is part of a highly anticipated and outstanding new series that introduces and teaches

basic English for dummies

This anger workbook is unique. It is the official guide for Pathways to Peace, a program which provides self-help anger management and violence prevention instruction for individuals and communities. Anger is a drug which often turns into a full-blown addiction. This pattern of anger abuse is reinforced socially. People learn to abuse anger from the examples of parents, peers, the media. The book helps people to un-learn these destructive patterns. It shows chronically angry people how to replace their anger habit with peaceful alternatives and respond to their anger triggers in non-violent ways. This workbook will help the reader: --Discover how he learned his or her anger pattern --Find new, nonviolent ways to experience personal power --Learn to change abusive and violent behaviors --Focus on values and goals that support a nonviolent rage-free lifestyle --Identify and change negative attitudes and beliefs that keep a person stuck --Avoid relapsing back into angry behavior --Maintain recovery from chronic anger and rage The workbook is easy to understand. Each of the eighteen chapters includes personal stories and questions for the reader.

English Teacher Guide for English ABC - Alford Book Club

As the fiftieth anniversary of the Kennedy assassination approaches, the traumatic aspects of the tragedy continue to haunt our perceptions of the 1960s. One reason for this lies in the home movie of the incident filmed by Abraham Zapruder, a bystander who became one of the twentieth century's most important accidental documentarians. The first book devoted exclusively to the topic, Zapruder traces the journey of the film and its effect on the world's collective imagination. Providing insightful perspective as an observer of American culture, Norwegian media studies scholar Øyvind Vågnes begins by analyzing three narratives that are projections of Zapruder's images: performance group Ant Farm's video *The Eternal Frame*, Don DeLillo's novel *Underworld*, and an episode from *Seinfeld*. Subsequent topics he investigates include Dealey Plaza's Sixth Floor Museum, Zoran Naskovski's installation *Death in Dallas*, assassin video games, and other artifacts of the ways in which the footage has made a lasting impact on popular culture and the historical imagination. Vågnes also explores the role of other accidental documentarians, such as those who captured scenes of 9/11. Zapruder's footage has never yielded a conclusive account of what happened in Dealey Plaza. Zapruder thoroughly examines both this historical enigma and its indelible afterimages in our collective imagination.

English ABC - Alford Book Club (ESL, TOEFL, EFL, TESOL, ELT)
