Complete Works of Livy. History of Rome. Illustrated

Livy wrote a monumental history of Rome and the Roman people, titled *Ab Urbe Condita*, "From the Founding of the City". Seneca the Younger gives brief mention that he was also known as an orator and philosopher and had written some treatises in those fields from a historical point of view. Livy also produced other works, including an essay in the form of a letter to his son, and numerous dialogues, most likely modelled on similar works by Cicero.

The History of Rome ...

The complete writings of the great 3rd century Roman historian Tacitus.

The Complete Works of Tacitus

Originally published in 1913, this book contains the Latin text of the 27th book of the monumental history of Rome by Titus Livius, which deals with Roman advances against Punic forces in Italy and Spain. The history is prefaced with an introduction to Livy's sources and a guide to his dense style.

Livy Book XXVII

Ammianus Marcellinus was a Roman soldier and historian who wrote the penultimate major historical account surviving from. The surviving books of his history cover the years 353 to 378. His work, known as the *Res Gestae*, chronicled in Latin the history of Rome from the accession of the Emperor Nerva in 96 to the death of Valens at the Battle of Adrianople. It is lauded as a clear, comprehensive, and generally impartial account of events by a contemporary.

Complete Works of Ammianus Marcellinus. History of Rome. Illustrated

Livy's history of Rome contains, in Books 21 to 30, the definitive ancient account of Hannibal's invasion of Italy in 218 BC, and the war he fought with the Romans over the following sixteen years. Livy describes the bloody siege of the Spanish city of Saguntum, Rome's ally, which sparked the war, and the Carthaginian leader's famous march with elephants over the Alps into Italy. Livy conveys the drama of the great battles, the disastrous encounters at Trasimene and Cannae, and the final confrontation between Hannibal and the youthful Scipio Africanus. Individuals as well as events are brought to life, as the long course of the Second Punic War unfolds.

The War with Hannibal

Romulus and Remus, the rape of Lucretia, Horatius at the bridge, the saga of Coriolanus, Cincinnatus called from his farm to save the state -- these and many more are stories which, immortalized by Livy in his history of early Rome, have become part of our cultural heritage. This new annotated translation includes maps and an index and is based on R. M Ogilvie's Oxford Classical text, the best to date. -
; the fates ordained the founding of this great city and the beginning of the world's mightiest empire, second only to the power of the gods' Romulus and Remus, the rape of Lucretia, Horatius at the bridge, the saga of Coriolanus, Cincinnatus called from his farm to save the state - these and many more are stories which, immortalised by Livy in his history of early Rome, have become part of our cultural heritage. The historian's huge work, written between 20 BC and AD 17, ran to 12 books, beginning with Rome's founding in 753 BC and coming down to Livy's own lifetime (9 BC). Books 1-5 cover the period from Rome's beginnings to her first great foreign conquest, the capture of the Etruscan city of Veii and, a few years later, to her first major defeat, the sack of the city by the Gauls in 390 BC. -

Rome and Italy

This a presentation of the works of Julius Caesar in English translation. This includes his Gallic Wars and Civil Wars, plus three shorter works. Beyond its importance as a source document for military and Roman history, Caesar's clean prose style has long made his Gallic Wars the text of choice for second-year Latin. It is also of interest because of his first-hand observations of the Celtic tribes that he was waging war on. For instance, Book 6 contains a long passage about Gaulish society, the Druids,

and his famous description of the original burning man ritual. Gaius Julius Caesar (13 July 100 BC - 15 March 44 BC), usually called Julius Caesar, was a Roman politician and general who played a critical role in the events that led to the demise of the Roman Republic and the rise of the Roman Empire. He is also known as a notable author of Latin prose.

The Rise of Rome : Books One to Five

With stylistic brilliance and historical imagination, the first five books of Livy's monumental history of Rome record events from the foundation of Rome through the history of the seven kings, the establishment of the Republic and its internal struggles, up to Rome's recovery after the fierce Gallic invasion of the fourth century bc. Livy vividly depicts the great characters, legends, and tales, including the story of Romulus and Remus. Reprinting Robert Ogilvie's lucid 1971 introduction, this highly regarded edition now boasts a new preface, examining the text in light of recent Livy scholarship, informative maps, bibliography, and an index. Translated by Aubrey de Sélincourt with an introduction by Robert Ogilvie.

The Complete Works of Julius Caesar

Books VI-X of Livy's monumental work trace Rome's fortunes from its near collapse after defeat by the Gauls in 386 bc to its emergence, in a matter of decades, as the premier power in Italy, having conquered the city-state of Samnium in 293 bc. In this fascinating history, events are described not simply in terms of partisan politics, but through colourful portraits that bring the strengths, weaknesses and motives of leading figures such as the noble statesman Camillus and the corrupt Manlius vividly to life. While Rome's greatest chronicler intended his history to be a memorial to former glory, he also had more didactic aims - hoping that readers of his account could learn from the past ills and virtues of the city.

The Early History of Rome

This meticulously edited collection has been formatted for your eReader with a functional and detailed table of contents: The War of the Jews The Antiquities of the Jews Against Apion Discourse to the Greeks concerning Hades The Life of Flavius Josephus: Autobiography Titus Flavius Josephus was a first-century Romano-Jewish scholar, historian and hagiographer, who was born in Jerusalem—then part of Roman Judea—to a father of priestly descent and a mother who claimed royal ancestry. He initially fought against the Romans during the First Jewish–Roman War as head of Jewish forces in Galilee, until surrendering in 67 CE to Roman forces led by Vespasian after the six-week siege of Jotapata. After Vespasian became Emperor in 69 CE, he granted Josephus his freedom, at which time Josephus assumed the emperor's family name of Flavius. He fully defected to the Roman side and was granted Roman citizenship. Josephus recorded Jewish history, with special emphasis on the first century CE and the First Jewish–Roman War, including the Siege of Masada. His most important works were The Jewish War (c. 75) and Antiquities of the Jews (c. 94).

Rome and Italy

This carefully crafted ebook: "The Collected Works of Edward Gibbon" is formatted for your eReader with a functional and detailed table of contents. Edward Gibbon (1737-1794) was an English historian and Member of Parliament. He is best known for his book, The History of the Decline and Fall of the Roman Empire. The work covers the history of the Roman Empire, Europe, and the Catholic Church from 98 to 1590 and discusses the decline of the Roman Empire in the East and West. Because of its relative objectivity and heavy use of primary sources, unusual at the time, its methodology became a model for later historians. This led to Gibbon being called the first modern historian of ancient Rome. Table of Contents: The History of the Decline and Fall of the Roman Empire Memoirs of My Life and Writings Private Letters of Edward Gibbon Gibbon - Biography by J. C. Morison

The Complete Works of Flavius Josephus

Delphi Complete Works of Livy (Illustrated)

A definitive history of the great commanders of ancient Rome, from bestselling author Adrian Goldsworthy. "In his elegantly accessible style, Goldsworthy offers gripping and swiftly erudite accounts of Roman wars and the great captains who fought them. His heroes are never flavorless and generic, but magnificently Roman. And it is especially Goldsworthy's vision of commanders deftly surfing the giant, irresistible waves of Roman military tradition, while navigating the floating logs, reefs, and treacherous sandbanks of Roman civilian politics, that makes the book indispensable not only to those interested in Rome and her battles, but to anyone who finds it astounding that military men, at once driven and imperiled by the odd and idiosyncratic ways of their societies, can accomplish great deeds." —J. E. Lendon, author of *Soldiers and Ghosts: A History of Battle in Classical Antiquity*

Delphi Complete Works of Edward Gibbon (Illustrated)

Titus Flavius Josephus was a first-century Romano-Jewish scholar, historian and hagiographer, who was born in Jerusalem—then part of Roman Judea—to a father of priestly descent and a mother who claimed royal ancestry. He initially fought against the Romans during the First Jewish–Roman War as head of Jewish forces in Galilee, until surrendering in 67 CE to Roman forces led by Vespasian after the six-week siege of Jotapata. After Vespasian became Emperor in 69 CE, he granted Josephus his freedom, at which time Josephus assumed the emperor's family name of Flavius. He fully defected to the Roman side and was granted Roman citizenship. Josephus recorded Jewish history, with special emphasis on the first century CE and the First Jewish–Roman War, including the Siege of Masada.

His most important works were *The Jewish War* (c. 75) and *Antiquities of the Jews* (c. 94). This meticulously edited collection includes: *The War of the Jews* *The Antiquities of the Jews* *Against Apion* *Discourse to the Greeks concerning Hades* *The Life of Flavius Josephus: Autobiography*

In the Name of Rome

From a small Iron Age settlement on the banks of the Tiber, Rome grew to become the centre of an Empire that dominated the Western world. Powerful in war, Rome was magnificent in peace, so that even today her poets, artists, philosophers and historians exert their influence over Western thought and civilisation. Michael Grant, the renowned classical historian, recreates the evolution of this astonishing city and community. He describes the individuals and events that made Rome a political and cultural conqueror, and defines the dramatic circumstances of her eventual decline and fall.

The Complete Works

(Revised and expanded edition; commentary by Paul L. Maier) Unabridged. Includes harmony of Greek and English numbering systems, table of Jewish weights and measures, Old Testament text parallels, twenty full-page illustrations, and an updated index.

The History of Rome

For six centuries Rome ruled almost the whole known world. The two books in this box set chronicle the story of one of the greatest historical periods. One examines the warfare, government, conquests and leadership of ancient Rome, while the other shows how people lived and worked during this cultural peak in world history.

Delphi Complete Works of Suetonius (Illustrated)

Books 31 to 40 of Livy's history chart Rome's emergence as an imperial nation and the Romans tempestuous involvement with Greece, Macedonia and the near East in the opening decades of the second century BC; they are our most important source for Graeco-Roman relations in that century. Livy's dramatic narrative includes the Roman campaigns in Spain and against the Gallic tribes of Northern Italy; the flight of Hannibal from Carthage and his death in the East; the debate on the Oppian law; and the Bacchanalian Episode.

History of Rome

Florus, the author of 'Epitome of Roman History', was reportedly born in Africa and lived in Rome during Hadrian's time. He wrote in a concise and pointed rhetorical style, providing a summary of Roman history and wars in two books in order to show the greatness and decline of Roman morals, from the Founding of Rome to Augustus' reign. A collection of short poems ascribed to a 'Florus' also survives from antiquity, though whether it was the same person as the 'Epitome' remains uncertain. Both texts are provided in this edition of 'Florus'. Delphi's Ancient Classics series provides eReaders with the wisdom of the Classical world, with both English translations and the original Latin texts. This comprehensive eBook presents Florus' complete extant works, with illustrations, informative introductions and the usual Delphi bonus material. (Version 1) * Beautifully illustrated with images relating to Florus' life and works * Features the complete extant works of Florus, in both English translation and the original Latin * Concise introductions to the texts * Includes translations by E. S. Forster and J. Wight Duff, previously appearing in the Loeb Classical Library editions of Florus * Excellent formatting of the texts * Easily locate the sections you want to read with individual contents tables * Includes Florus' rare poetry, first

time in digital print * Provides a special dual English and Latin text, allowing readers to compare the sections paragraph by paragraph — ideal for students * Features two bonus biographies Please visit www.delphiclassics.com to explore our range of Ancient Classics titles or buy the entire series as a Super Set CONTENTS: The Translations EPITOME OF ROMAN HISTORY THE POEMS The Latin Texts LIST OF LATIN TEXTS The Dual Texts DUAL LATIN AND ENGLISH TEXTS The Biographies INTRODUCTION TO FLORUS, AUTHOR OF THE EPITOME by E. The Complete Illustrated History of Ancient Rome

“This magnificent love letter to Rome” (Stephen Greenblatt) tells the story of the Eternal City through pivotal moments that defined its history—from the early Roman Republic through the Renaissance and the Reformation to the German occupation in World War Two—“an erudite history that reads like a page-turner” (Maria Semple). Rome, the Eternal City. It is a hugely popular tourist destination with a rich history, famed for such sites as the Colosseum, the Forum, the Pantheon, St. Peter’s, and the Vatican. In no other city is history as present as it is in Rome. Today visitors can stand on bridges that Julius Caesar and Cicero crossed; walk around temples in the footsteps of emperors; visit churches from the earliest days of Christianity. This is all the more remarkable considering what the city has endured over the centuries. It has been ravaged by fires, floods, earthquakes, and—most of all—by roving armies. These have invaded repeatedly, from ancient times to as recently as 1943. Many times Romans have shrugged off catastrophe and remade their city anew. “Matthew Kneale [is] one step ahead of most other Roman chroniclers” (The New York Times Book Review). He paints portraits of the city before seven pivotal assaults, describing what it looked like, felt like, smelled like and how Romans, both rich and poor, lived their everyday lives. He shows how the attacks transformed Rome—sometimes for the better. With drama and humor he brings to life the city of Augustus, of Michelangelo and Bernini, of Garibaldi and Mussolini, and of popes both saintly and very worldly. Rome is “exciting...gripping...a slow roller-coaster ride through the fortunes of a place deeply entangled in its past” (The Wall Street Journal).

The Dawn of the Roman Empire

Mary Beard's new book *Emperor of Rome* is available now. Ancient Rome matters. Its history of empire, conquest, cruelty and excess is something against which we still judge ourselves. Its myths and stories - from Romulus and Remus to the Rape of Lucretia - still strike a chord with us. And its debates about citizenship, security and the rights of the individual still influence our own debates on civil liberty today. *SPQR* is a new look at Roman history from one of the world's foremost classicists. It explores not only how Rome grew from an insignificant village in central Italy to a power that controlled territory from Spain to Syria, but also how the Romans thought about themselves and their achievements, and why they are still important to us. Covering 1,000 years of history, and casting fresh light on the basics of Roman culture from slavery to running water, as well as exploring democracy, migration, religious controversy, social mobility and exploitation in the larger context of the empire, this is a definitive history of ancient Rome. *SPQR* is the Romans' own abbreviation for their state: *Senatus Populusque Romanus*, 'the Senate and People of Rome'.

Delphi Complete Works of Florus (Illustrated)

One of the most visited places in the world, Rome attracts millions of tourists each year to walk its storied streets and see famous sites like the Colosseum, St. Peter’s Basilica, and the Trevi Fountain. Yet this ancient city’s allure is due as much to its rich, unbroken history as to its extraordinary array of landmarks. Countless incarnations and eras merge in the Roman cityscape. With a history spanning nearly three millennia, no other place can quite match the resilience and reinventions of the aptly nicknamed Eternal City. In this unique and visually engaging book, Jessica Maier considers Rome through the eyes of mapmakers and artists who have managed to capture something of its essence over the centuries. Viewing the city as not one but ten “Romes,” she explores how the varying maps and art reflect each era’s key themes. Ranging from modest to magnificent, the images comprise singular aesthetic monuments like paintings and grand prints as well as more popular and practical items like mass-produced tourist plans, archaeological surveys, and digitizations. The most iconic and important images of the city appear alongside relatively obscure, unassuming items that have just as much to teach us about Rome’s past. Through 140 full-color images and thoughtful overviews of each era,

Maier provides an accessible, comprehensive look at Rome's many overlapping layers of history in this landmark volume. The first English-language book to tell Rome's rich story through its maps, *The Eternal City* beautifully captures the past, present, and future of one of the most famous and enduring places on the planet.

livyi book iv

Cassius Dio's 'Roman History' in 80 Books spans the founding of Rome, the formation of the Republic, the creation of the Empire and charts some of the Romans greatest achievements up until AD 229. Composed over 22 years, the monumental work provides modern readers with an intriguing perspective on Roman history. The Ancient Classics series provides eReaders with the wisdom of the Classical world, with both English translations and the original Greek texts. This comprehensive eBook presents the complete extant works of Cassius Dio, with beautiful illustrations, informative introductions and the usual Delphi bonus material. (Version 1) * Beautifully illustrated with images relating to Dio's life and works * Features the complete works of Dio, in both English translation and the original Greek * Includes Herbert Baldwin Foster's translation, fully indexed with a table of contents * Excellent formatting of the texts * Features a bonus biography – discover Cassius Dio's ancient world * Scholarly ordering of texts into chronological order and literary genres Please note: some Kindle software programs cannot display Greek characters correctly; however the characters do display correctly on Kindle devices. The Eternal City

This collection is based on the required reading list of Yale Department of Classics. Originally designed for students, this anthology is meant for everyone eager to know more about the history and literature of this period, interested in poetry, philosophy and rhetoric of Ancient Rome. Latin literature is a natural successor of Ancient Greek literature. The beginning of Classic Roman literature dates to 240 BC. From that point on, Latin literature would flourish for the next six centuries. Latin was the language of the ancient Romans, but it was also the lingua franca of Western Europe throughout the Middle Ages. Consequently, Latin Literature outlived the Roman Empire and it included European writers who followed the fall of the Empire, from religious writers like Aquinas, to secular writers like Francis Bacon, Baruch Spinoza, and Isaac Newton. This collection presents all the major Classic Roman

authors, including Cicero, Virgil, Ovid and Horace whose work intrigues and fascinates readers until this day. Content: Plautus: *Aulularia* *Amphitryon* Terence: *Adelphoe* Ennius: *Annales* Catullus: Poems and Fragments Lucretius: *On the Nature of Things* Julius Caesar: *The Civil War* Sallust: *History of Catiline's Conspiracy* Cicero: *De Oratore* Brutus Horace: *The Odes* *The Epodes* *The Satires* *The Epistles* *The Art of Poetry* Virgil: *The Aeneid* *The Georgics* Tibullus: *Elegies* Propertius: *Elegies* Cornelius Nepos: *Lives of Eminent Commanders* Ovid: *The Metamorphoses* Augustus: *Res Gestae Divi Augusti* Lucius Annaeus Seneca: *Moral Letters to Lucilius* Lucan: *On the Civil War* Persius: *Satires* Petronius: *Satyricon* Martial: *Epigrams* Pliny the Younger: *Letters* Tacitus: *The Annals* Quintilian: *Institutio Oratoria* Juvenal: *Satires* Suetonius: *The Twelve Caesars* Apuleius: *The Metamorphoses* Ammianus Marcellinus: *The Roman History* Saint Augustine of Hippo: *The Confessions* Claudian: *Against Eutropius* Boethius: *The Consolation of Philosophy* Plutarch: *The Rise and Fall of Roman Supremacy* Romulus Poplicola Camillus Marcus Cato Lucullus Fabius Crassus Coriolanus Cato the Younger Cicero

Delphi Complete Works of Cassius Dio (Illustrated)

Shows how Europe's barbarians, strengthened by centuries of contact with Rome on many levels, turned into an enemy capable of overturning and dismantling the mighty Empire.

A Companion to Livy

No book on Roman history has attempted to do what Stephen Dando-Collins does in *Legions of Rome*: to provide a complete history of every Imperial Roman legion and what it achieved as a fighting force. The author has spent the last thirty years collecting every scrap of available evidence from numerous sources: stone and bronze inscriptions, coins, papyrus and literary accounts in a remarkable feat of historical detective work. The book is divided into three parts: Part 1 provides a detailed account of what the legionaries wore and ate, what camp life was like, what they were paid and how they were motivated and punished. The section also contains numerous personal histories of individual soldiers. Part 2 offers brief unit histories of all the legions that served Rome for 300 years from 30BC. Part 3 is a sweeping chronological survey of the campaigns in which the armies were involved, told from the point of view of particular legions. Lavish, authoritative and beautifully produced, *Legions of Rome* will appeal to ancient history enthusiasts and military history buffs alike.

Delphi Complete Works of Pliny the Elder (Illustrated)

Machiavelli saw history in general as a way to learn useful lessons from the past for the present, and also as a type of analysis which could be built upon, as long as each generation did not forget the works of the past. In "*Discourses on Livy*" Machiavelli discusses what can be learned from roman period and many other eras as well, including the politics of his lifetime. This is a work of political history and philosophy written in the early 16th. The title identifies the work's subject as the first ten books of Livy's *Ab urbe condita*, which relate the expansion of Rome through the end of the Third Samnite War in 293 BC. Niccolò di Bernardo dei Machiavelli (1469 – 1527) was an Italian diplomat, politician, historian, philosopher, humanist, and writer. He has often been called the father of modern political science. He was for many years a senior official in the Florentine Republic, with responsibilities in diplomatic and military affairs. He served as a secretary to the Second Chancery of the Republic of Florence from 1498 to 1512, when the Medici were out of power. He wrote his most well-known work *The Prince* in 1513, having been exiled from city affairs.

Livy : book XXVII

This first volume in Rosa Luxemburg's *Complete Works*, entitled *Economic Writings 1*, contains some of Luxemburg's most important statements on the globalization of capital, wage labor, imperialism, and pre-capitalist economic formations. In addition to a new translation of her doctoral dissertation, "*The Industrial Development of Poland*," Volume I includes the first complete English-language publication of her "*Introduction to Political Economy*," which explores (among other issues) the impact of capitalist commodity production and industrialization on non- capitalist social strata in the developing world. Also appearing here are ten recently discovered manuscripts, none of which has ever before been published in English.
