"A new novel about a troubled young college freshman who becomes dangerously sexually obsessed with a classmate"--

Loner

"Powerful." —Maureen Corrigan, NPR's Fresh Air Named a best book of the year by NPR, Kirkus Reviews, and BookPage David Federman has never felt appreciated. An academically gifted yet painfully forgettable member of his New Jersey high school class, the withdrawn, mild-mannered freshman arrives at Harvard fully expecting to be embraced by a new tribe of high-achieving peers. Initially, however, his social prospects seem unlikely to change, sentencing him to a lifetime of anonymity. Then he meets Veronica Morgan Wells. Struck by her beauty, wit, and sophisticated Manhattan upbringing, David becomes instantly infatuated. Determined to win her attention and an invite into her glamorous world, he begins compromising his moral standards for this one, great shot at happiness. But both Veronica and David, it turns out, are not exactly as they seem. *Loner* turns the traditional campus novel on its head as it explores ambition, class, and gender politics. It is a stunning and timely literary achievement from one of the rising stars of American fiction.

Loner

A sharp and unlikely coming-of-age debut novel from Australia's Sally Rooney

The Loner

This bestseller from Josephine Cox tells a story of running away from a secret but longing to go home.

The Loner

Wandering westward, picking fruit for wages, a lonely boy cannot remember his name or his family and takes care of himself until he meets a woman sheep farmer who provides him with a loving home.

The Loners

It was just another ordinary day at McKinley High—until a massive explosion devastated the school. When loner David Thorpe tried to help his English teacher to safety, the teacher convulsed and died right in front of him. And that was just the beginning. A year later, McKinley has descended into chaos. All the students are infected with a virus that makes them deadly to adults. The school is under military quarantine. The teachers are gone. Violent gangs have formed based on high school social cliques. Without a gang, you're as good as dead. And David has no gang. It's just him and his little brother, Will, against the whole school. In this frighteningly dark and captivating novel, Lex Thomas locks readers inside a school where kids don't fight to be popular, they fight to stay alive.

The Loner

"You just can't do better than a Diana Palmer story to make your heart lighter and smile brighter."—Fresh Fiction Dubbed the Queen of Western Romance, New York Times bestselling author Diana Palmer writes about passion & heartache, revenge & justice all set within a small-town community. Tanner Everett spends most of his time jet-setting around the world. But that hasn't stopped innocent Stasie Bolton, the daughter of a neighboring rancher, from falling head-over-heels for the jet-setting playboy. So Stasie is secretly thrilled when both her father proposes linking the properties in matrimony...which means Tanner will be hers, for good. Despite his globetrotting ways, Tanner can't help but be enthralled by the quiet girl next door. But as the embers between the two are fanned into flames, Tanner wonders if he's found forever in the last place he ever expected.

Loner Life in Another World (Light Novel) Vol. 1

When sarcastic loner Haruka gets transported with his class to another world, he's not wild about adventuring, but he wouldn't mind having some cool powers. Unfortunately, he's last in line when the magic cheat skills get divvied up, so by the time it's Haruka's turn, there are no good choices left. Now Haruka will have to take on this fantasy world the hard way--on his own, with a hodgepodge of bizarre skills! When infighting and chaos break out among his classmates, can this loner come to the rescue?

The Loner

A brilliant new stand-alone crime thriller from Scotland's Crime Master Xavier (Xavi) Aislado is a gentle giant, half Spanish, half Scot, brought up in Edinburgh by his grandmother, Paloma Puig, a ferocious old lady whose grim brand of care sees him into his teens, until his father moves back to Spain, leaving him to grow up fast. His emergence into manhood is colourful, and eventful. After a short career as a

professional footballer, he turns to journalism, and has a bloody introduction to the trade, as his first assignment ends in violent death. Inevitably, remorselessly, as his autobiography unfolds, Xavi's life and his love become entwined with his work, and he is immersed in tragedy, loss and betrayal, going halfway round the world in search of a truth that may destroy him. Quintin Jardine's evocation of Xavi's fated world, of the towering being that is Grandma Paloma, and of his love, the beautiful, wilful and hypnotic Grace Starshine, is an unforgettable story of a man riding a one-way train to oblivion. Will he escape, before it hits the buffers, full-speed?

Edge: The Loner

A New York Times Editors Choice Longlisted for the 2020 Simpson / Joyce Carol Oates Literary Prize One of Vogue.com's "Best Books of 2020 So Far" One of Elle's "Best Books of 2020 So Far" Named A Most-Anticipated Book by The New York Times, Vogue, The Boston Globe, Salon, The Millions, Inside Hook, and Vol. 1 Brooklyn In 1996, the unnamed narrator of Teddy Wayne's *Apartment* is attending the MFA writing program at Columbia on his father's dime and living in an illegal sublet of a rent-stabilized apartment. Feeling guilty about his good fortune, he offers his spare bedroom--rent-free--to Billy, a talented, charismatic classmate from the Midwest eking out a hand-to-mouth existence in Manhattan. The narrator's rapport with Billy develops into the friendship he's never had due to a lifetime of holding people at arm's length, hovering at the periphery, feeling "fundamentally defective." But their living arrangement, not to mention their radically different upbringings, breeds tensions neither man could predict. Interrogating the origins of our contemporary political divide and its ties to masculinity and class, *Apartment* is a gutting portrait of one of New York's many lost, disconnected souls by a writer with an uncommon aptitude for embodying them.

Apartment

THREE'S A CROWD! After coming to the aid of a young noble named Merielle, Haruka finds himself with a free pass to leave and enter the city at his own discretion! What's the first thing on his mind? Running back to the woods so he can resume his loner life, of course! But before he can abandon his friends, he has a small matter to attend to... Just where are the nerds? And, come to think of it... Where are those meatheaded jocks? Curious as to the fates of his classmates, Haruka delves into the depths of the forest to hunt them down... But what he finds chills him to the bone. Now faced with a fearsome new enemy, one who savagely employs facts and logic to seize victory, our loner hero must push himself to the limit and make the greatest gambit of all!

The Loner

One of the most critically acclaimed books of the year, Whiting Award-winner Teddy Wayne's second novel is "more than a scabrous sendup of American celebrity culture; it's also a poignant portrait of one young artist's coming of age" (Michiko Kakutani, *The New York Times*)—and an enduring yet timely portrait of the American dream gone awry. In his rave on the cover of *The New York Times Book Review*, Jess Walter praised Wayne's writing for its "feats of unlikely virtuosity" and the boy at its center as "a being of true longing and depth, and...a devastating weapon of cultural criticism... You'd have to be made of triple platinum not to ache for Jonny Valentine." With "assured prose and captivating storytelling" (*Oprah.com's Book of the Week*), *The Love Song of Jonny Valentine* also showcases "one of the most complicated portrayals of the mother-son relationship since *Room*" (*BookPage*). Touring the country in a desperate attempt to save a career he's not sure he even wants, Jonny is both driven by his mother's ambition and haunted by his father's absence, constantly searching for a familiar face among the crowds. Utterly convincing, whip-smart, yet endearingly vulnerable, with an "unforgettable" voice (*Publishers Weekly*, starred review), the eleven-year-old pop megastar sounds "like Holden Caulfield Jr. adrift in Access Hollywood hell" (*Rolling Stone*). Called "a showstopper" (*The Boston Globe*), "hugely entertaining" (*The Washington Post*), "heartbreakingly convincing" (*People*), "buoyant, smart, searing" (*Entertainment Weekly*), and "touching and unexpectedly suspenseful" (*The Wall Street Journal*), this extraordinary novel has been widely embraced as a literary masterpiece and the rare "satire with a heart" (*Library Journal*, starred review).

Loner Life in Another World Vol. 3 (manga)

ROSALIE I've been a prisoner in my own home for as long as I can remember. My mother says I'm sick in the head, and that's why I can't leave. And maybe she's right. But that doesn't stop me from watching our new groundskeeper from my window and wanting things I shouldn't. Like his hands on

my body. His lips on my skin. Just him and me, running free in the world. All I want is a normal life, but it's a fantasy. Insanity. Because no one would want a crazy girl like me. PRESTON I broke the cardinal rule of the private investigator business-I fell for my client's daughter. When I agreed to go undercover to get Rosalie out of her house, I had every intention of bringing her to her father. After all, it's what he hired me to do. But Rosalie's life is a tangled web of mystery, tragedy, and lies. Her loneliness calls to mine, tempting me with a chance at redemption I never thought I'd have. I refuse to deliver her from one hell to another. Even if it means risking my life.

The Love Song of Jonny Valentine

FIVE-FINGER DISCOUNT! ALL TREASURES MUST GO! Haruka's spent a while working his way back up from the dungeon depths with a new companion in tow, grabbing as many treasures as he can along the way. But will they be enough to contend with the mighty monster stampede threatening to wipe out the town he's come to know and...tolerate? And just what kinds of secrets does the mysterious Angelica hide? How might the Class Rep react when she gets a good look at what lurks beneath the Dungeon Emperor's armor? And, most importantly of all, will our hapless hero be allowed to return to his carefree loner life?

Loner

Is the truth worth dying for...? The Loner is a unique and gripping stand-alone novel from masterful novelist Quintin Jardine - a powerful story of one man who discovers shocking secrets. Perfect for fans of Ian Rankin and Val McDermid. Xavier (Xavi) Aislado is a gentle giant, half Spanish, half Scot, brought up in Edinburgh by his grandmother, Paloma Puig, a ferocious old lady whose grim brand of care sees him into his teens, until his father moves back to Spain, leaving him to grow up fast. His emergence into manhood is colourful, and eventful. Quintin Jardine's evocation of Xavi's fated world is an unforgettable story of a man riding a one-way train to oblivion. Will he escape, before it hits the buffers, full-speed? What readers are saying about The Loner: 'Jardine is a great writer when it comes to keeping up the suspense and drip feeding the reader information and clues' 'Quintin Jardine's writing flows and keeps you hooked right to the end' 'This book shows just what Quintin Jardine is capable of'

Loner Life in Another World Vol. 5 (manga)

After a tragic accident resulting in the death of his mother, and the disappearance of his father, young Davie flees his hometown of Blackburn, unsure of what the future holds for him.

The Loner

An essential defense of the people the world loves to revile--the loners--yet without whom it would be lost The Buddha. Rene Descartes. Emily Dickinson. Greta Garbo. Bobby Fischer. J. D. Salinger: Loners, all--along with as many as 25 percent of the world's population. Loners keep to themselves, and like it that way. Yet in the press, in films, in folklore, and nearly everywhere one looks, loners are tagged as losers and psychopaths, perverts and pity cases, ogres and mad bombers, elitists and wicked witches. Too often, loners buy into those messages and strive to change, making themselves miserable in the process by hiding their true nature--and hiding from it. Loners as a group deserve to be reassessed--to claim their rightful place, rather than be perceived as damaged goods that need to be "fixed." In Party of One Anneli Rufus--a prize-winning, critically acclaimed writer with talent to burn--has crafted a morally urgent, historically compelling tour de force--a long-overdue argument in defense of the loner, then and now. Marshalling a polymath's easy erudition to make her case, assembling evidence from every conceivable arena of culture as well as interviews with experts and loners worldwide and her own acutely calibrated analysis, Rufus rebuts the prevailing notion that aloneness is indistinguishable from loneliness, the fallacy that all of those who are alone don't want to be, and wouldn't be, if only they knew how.

The Loner

A man at war with himself In all her years as deputy sheriff, Shelby Kincaid has never met a man as stubborn as Dakota Carson. Shelby's not even sure why he ruffles her—but she suspects it has a lot to do with the instant, powerful connection she feels with Dakota. If only he'd let down his guard with her.... Ten years as a navy SEAL took its toll on Dakota's body, mind and heart. Hr wants nothing more than to hide from the world, so why does Shelby's gentle presence suddenly make him question his seclusion? But when Shelby's life is threatened, Dakota knows his warrior spirit won't hide any longer. He just hopes it's not too late....

Party of One

Successful businessman Conrad Browning hides his true identity as the son of legendary gunfighter Frank Morgan, but when his wife, Rebel, is kidnapped by bandits, Conrad assumes his father's identity to find and rescue her.

The Loner

An amusing and exciting tale of student life in Liverpool in the Swinging Sixties. Mark is a nervous student. He is ruled by an overwhelming, irrational fear of people – particularly girls – which shows itself in a bad stammer, and a terror of heights. Fiona is the girl of his dreams, but she is in a steady relationship with a lifelong boyfriend in Scotland. Mark realises he is never going to get anywhere in life or in love unless he undergoes a complete personality change. He is befriended by Bob, who has a passion for potholing (and free love), and a plan is hatched. If Mark can beat his fear of heights – an escapade down a cave or two should sort that one – maybe he can also overcome his fear of girls and win Fiona... So begins a whole series of madcap adventures, featuring a yacht race, horse riding, underground adventures in Yorkshire and Mendip caves, dances, parties and some wild and riotous student incidents, often involving too much alcohol and close shaves with the law.

The Loner Book 1

"Everyone deserves a chance to be rescued." That's the mantra I'm repeating when a well-equipped biker pulls over to save me. One glance at the scowl Crawford Doxe is wearing proves he isn't impressed with the task. My efforts to change his mind deflate faster than the shredded tire at our feet. But disgruntled or not, my so-called hero still agrees to fix my flat. I don't expect to see Crawford again, but he's suddenly very visible in our small town. Avoiding him would be my preference. That's not how this story goes. For whatever reason, my daughter finds an ally in the broody mechanic. Denying her is something I do my best to avoid. I can only hope Crawford's shine wears off before he tarnishes what little trust still exists. As if the odds are ever on my side. Commitments are a foreign concept to him. He doesn't make any promises to try. That should've been enough for me to steer clear. It most certainly isn't. What follows can only be described as a disastrous clash of epic proportions. But one indisputable fact remains. That lone soul has no plans of opening his heart.

The Loner

The next book of the series! The Highway of Blades (Loner Book #2): LitRPG Series: <https://www.amazon.com/dp/B09K7XCQT1> Arktania is a virtual game with a steampunk style. It's a place where magic spells, enchanted artifacts, steam-powered machines, firearms and mechanical golems are a part of everyday life. Gamer Andrew Falk begins his journey in a small village on the border of Orcish territory. The locals are the keepers of many secrets, but their behavior is too realistic for characters in a game; so realistic, in fact, that Andrew starts to treat them as if they were real people. Maybe because of the way he plays, or maybe just thanks to good luck, he becomes one of a mysterious class of people known as "sliders," allowing him to control electricity and earn the favor of Elenia, the goddess of fate. But as he advances through levels, the pain threshold in his character settings gradually begins to drop, making the game increasingly more dangerous. Andrew is facing a hard choice: either to keep on playing, risking eventual death by pain shock, or to abandon his gamer pod altogether. Still, his digital adventures just won't let him go, immersing him ever deeper into VR...

The Loner

Judge Oliver Garland has just died in suspicious circumstances. Conservative and controversial, Garland had many enemies. Many years ago, he'd earned a judge's highest prize: a Supreme Court nomination. But in a scene of bitter humiliation in front of a televised audience and before the eyes of

his family, he had to withdraw his nomination. It was a national scandal, and a private agony, one from which he never recovered. Now, year's later, The judge's death raises even more questions than his life did and seems to be leading to a second terrible scandal. Could he have been murdered? He has left a strange message for his son Talcott, a professor at an elite Ivy League law school, entrusting him with 'the arrangements' - a mysterious puzzle that only Tal can unlock, and only by unearthing the ambiguities of his father's turbulent past. When another man is found dead, and then another, Talcott must risk life, marriage and reputation, following the clues his father left him.

Loner

"We all need Jack Reacher, a righteous avenger for our troubled times" -- cover.

Gates of Thunder (Loner Book #1): LitRPG Series

Successful businessman Conrad Browning hides his true identity as the son of legendary gunfighter Frank Morgan, but when his wife, Rebel, is kidnapped by bandits, Conrad assumes his father's identity to find and rescue her.

The Emperor Of Ocean Park

This book contains every word that could never be said, every letter never sent and every thought never mentioned. An official confession about feelings that were felt but never dealt with.

Persuader

In a land of legends The Loner has nothing to prove. That's usually when violence finds its way to him. . Vengeance Will Be Mine For a posse chasing a murderous band of outlaws, a quiet kid with a lightning fast gun is good company. And when the outlaws turn around and attack the posse, The Loner doesn't have a choice: he's now caught up in a running gun battle across West Texas. The Loner knows the men he's fighting are bad to the bone--led by a merciless killer named Warren Latch. But what about the guys on his side? As men on both sides of the fight bite the dust, the Loner has fewer allies and no way out. That's when a beautiful bounty hunter appears on the scene--to lead the way into another vendetta, another betrayal, and one final, bloody fight to the death. . .

Loner

Haruka has reunited with his classmates in the city of Omui, but as a loner through and through, it isn't long before their presence starts getting to him. An excursion to a dangerous underground dungeon gives him a much-needed reprieve...when he falls all the way to the bottom level, the domain of the legendary undead Emperor of the Labyrinth! But Haruka won't be alone for long--he'll soon be joined by a powerful skeleton knight who's somehow also a seventeen-year-old girl!

The Loner

FIRING ON ALL FOUR CYLINDERS! Haruka reluctantly saves the day again and again, but now he wants nothing more than to go home to his cave and enjoy his loner life! But fate has grander designs in store for the hapless young lad. Word of an ancient, loot-laden dungeon rolls in, and the tantalizing allure of treasures unknown is too much for him to resist! Into the depths our loner hero goes, but he may well meet his match in the form of a being far more lonesome than he... The Dungeon Emperor!

The Story Of A Loner

In Herman Melville's classic tale of revenge, Ishmael tells his story of becoming a whaler on the Pequod. When Ishmael and his unexpected friend Queequeg join Captain Ahab's hunt for Moby Dick, the voyage of a lifetime turns into tragedy. The adventures of sailing the seas on the hunt for the great white whale is retold in the Calico Illustrated Classics adaptation of Melville's Moby Dick. Calico Chapter Books is an imprint of Magic Wagon, a division of ABDO Group. Grades 3-8.

Brutal Vengeance

Josiah Hedges is danger in a cowboy's clothes. They call him the Edge. Born of violence and death, Edge knows no rules or traditions, and revenge takes on a frightening new meaning whenever Edge saddles up and rides.

The Loner

The impassioned love of two teenagers leaves a path of destruction in its perilous wake Seven-teen-year-old David Axelrod is consumed with his love for Jade Butterfield. So when Jade's father exiles him from their home, David does the only thing he thinks is rational: He burns down their house. Sentenced to a psychiatric institution, David's obsession metastasizes, and upon his release, he sets out to win the Butterfields back by any means necessary. Brilliantly written and intensely sexual, Endless Love is the deeply moving story of a first love so powerful that it becomes dangerous—not only for the young lovers, but for their families as well. This ebook features an illustrated biography of Scott Spencer, including rare photos from the author's personal collection.
