8 mai. - Quelle journée admirable ! J'ai passé toute la matinée étendu sur l'herbe, devant ma maison, sous l'énorme platane qui la couvre, l'abrite et l'ombrage tout entière. J'aime ce pays, et j'aime y vivre parce que j'y ai mes racines, ces profondes et délicates racines, qui attachent un homme à la terre où sont nés et morts ses aïeux, qui l'attachent à ce qu'on pense et à ce qu'on mange, aux

Le Horla

This ambitious and vivid study in six volumes explores the journey of a single, electrifying story, from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries. The Juggler of Notre Dame tells how an entertainer abandons the world to join a monastery, but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt. He is then saved when the statue, delighted by his skill, miraculously comes to life. Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth-century Paris, before its translation into English in Britain and the United States. The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations, and Ziolkowski concludes with an examination of the explosion of interest in The Juggler of Notre Dame in the twentieth century and its place in mass culture today. The Juggler of Notre Dame and the Medievalizing of Modernity is a rich case study for the reception of the Middle Ages in modernity. Spanning centuries and continents, the medieval period is understood through the lens of its postmodern reception in Europe and America. Profound connections between the verbal and the visual are illustrated by a rich trove of images, including book illustrations, stained glass, postage stamps, architecture, and Christmas cards. Presented with great clarity and simplicity, his work is accessible to the general reader, while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies, medievalism, philology, literary history, art history, folklore, performance studies, and reception

studies. This work was published by Saint Philip Street Press pursuant to a Creative Commons license permitting commercial use. All rights not granted by the work's license are retained by the author or authors.

### The Juggler of Notre Dame and the Medievalizing of Modernity

Jean-Luc Godard, like many of his European contemporaries, came to filmmaking through film criticism. This collection of essays and interviews, ranging from his early efforts for *La Gazette du Cinéma* to his later writings for *Cahiers du Cinéma*, reflects his dazzling intelligence, biting wit, maddening judgments, and complete unpredictability. In writing about Hitchcock, Welles, Bergman, Truffaut, Bresson, and Renoir, Godard is also writing about himself—his own experiments, obsessions, discoveries. This book offers evidence that he may be even more original as a thinker about film than as a director. Covering the period of 1950-1967, the years of *Breathless*, *A Woman Is a Woman*, *My Life to Live*, *Alphaville*, *La Chinoise*, and *Weekend*, this book of writings is an important document and a fascinating study of a vital stage in Godard's career. With commentary by Tom Milne and Richard Roud, and an extensive new foreword by Annette Michelson that reassesses Godard in light of his later films, here is an outrageous self-portrait by a director who, even now, continues to amaze and bedevil, and to chart new directions for cinema and for critical thought about its history.

### Godard On Godard

Arturo Bandini is a struggling writer lodging in a seedy LA hotel. While basking in the glory of having had a story published in a small magazine, he meets waitress Camilla Lopez, and they embark on a strange and strained love-hate relationship. Slowly, but inexorably, it descends into madness.

'The Photoplay: A Psychological Study' is a non-fiction book written by Hugo Münsterberg. It is considered a pioneering work in film theory, as it delves into the psychological aspects of the medium. Münsterberg believed that film has a distinct language that mirrors the workings of the mind, such as using close-ups to convey full-attention and flashbacks to evoke memories. His theories provide a unique perspective on the perception and appreciation of film as art at the turn of the century.

### The Photoplay: A Psychological Study

Shoes, gloves, umbrellas, cigars that are not just objects—the topic of fetishism seems both bizarre and inevitable. In this venturesome and provocative book, Emily Apter offers a fresh account of the complex relationship between representation and sexual obsession in turn-of-the-century French culture. Analyzing works by authors in the naturalist and realist traditions as well as making use of documents from a contemporary medical archive, she considers fetishism as a cultural artifact and as a subgenre of realist fiction. Apter traces the web of connections among fin-de-siècle representations of perversion, the fiction of pathology, and the literary case history. She explores in particular the theme of "female fetishism" in the context of the feminine culture of mourning, collecting, and dressing.

### Feminizing the Fetish

Some tell of a great city of black jasper which has streets and buildings like any other city but is eternally in mourning, enveloped by perpetual gloom. Some call it Selene, some Vampire City, but the vampires refer to it among themselves by the name of the Sepulchre... To destroy the dreaded vampire lord Otto Goetzi, writer Ann Radcliffe, Merry Bones the Irishman, and Grey Jack her faithful servant, launch an all-out attack on Selene... "We can easily see in Vampire City the ultimate literary ancestor of Buffy the Vampire-Slayer."—Brian Stableford. Paul F. Val (1816-1887) was the author of numerous popular swashbuckling novels and one of the fathers of the modern crime thriller. Brian Stableford has published more than fifty novels and two hundred short stories. Vampire City was written in 1867—thirty years before Bram Stoker's *Dracula*—and is one of three classic vampire stories also available from Black Coat Press.

## Trilby

Ubiquitous in the streets and brothels of nineteenth-century Paris, the prostitute was even more so in the novels and paintings of the time. Charles Bernheimer discusses how these representations of the sexually available woman express male ambivalence about desire, money, class, and the body. Interweaving close textual analysis with historical anecdote and theoretical speculation, Bernheimer demonstrates how the formal properties of art can serve strategically to control anxious fantasies about female sexual power. Drawing on methods derived from cultural studies, psychoanalysis, social history, feminist theory, and narrative analysis, this interdisciplinary classic (available now for the first time in paperback) was awarded Honorable Mention in 1990 for the James Russell Lowell prize awarded by the Modern Language Association for the best book of criticism.

The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations, and Ziolkowski concludes with an examination of the explosion of interest in *The Juggler of Notre Dame* in the twentieth century and its place in mass culture today. Volume 3: *The American Middle Ages* hinges upon two figures influenced by the juggler: Henry Adams, scion of Presidents and distinguished cultural historian whose works contributed to the rise of medievalism in America during the Gilded Age, and Ralph Adams Cram, the architect whose vision of Gothic accounts directly or indirectly for the campuses of West Point, Princeton, Yale, Chicago, Notre Dame, and many other universities across America. *The Juggler of Notre Dame and the Medievalizing of Modernity* is a rich case study for the reception of the Middle Ages in modernity. Spanning centuries and continents, the medieval period is understood through the lens of its (post)modern reception in Europe and America. Profound connections between the verbal and the visual are illustrated by a rich trove of images, including book illustrations, stained glass, postage stamps, architecture, and Christmas cards. Presented with great clarity and simplicity, Ziolkowski's work is accessible to the general reader, while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies, medievalism, philology, literary history, art history, folklore, performance studies, and reception studies.

## Bentley's Complete Phrase Code (nearly 1000 Million Combinations)

An aristocratic lady travels alone to picturesque Monaco, expecting a peaceful vacation. It turns into a place of horror for the woman, however, as she experiences something unspeakable at the artificial lake. She details her experiences in a letter to a dear friend. This grim tale was Maupassant's dive into something new, and his experiment paid off - creating a chilling story that rivals even the masters

of the supernatural genre. Guy de Maupassant (1850-1893) was a French writer. Famed for being a master of the short story, he also wrote travel books and occasionally dabbled in poetry. His stories mainly focus on the relationships between men and women sitting at crossroads in their lives - whether personal or professional. His dramatic flair is largely influenced by French novelist Gustave Flaubert and is perfect for fans of Anton Chekhov's short stories. The most notable of the 300 short stories that he wrote include 'Bel Ami', 'Une Vie', and 'The Dumpling'.

### La Vampire

In literary studies today, debates about the purpose of literary criticism and about the place of formalism within it continue to simmer across periods and approaches. Anna Kornbluh contributes to—and substantially shifts—that conversation in *The Order of Forms* by offering an exciting new category, political formalism, which she articulates through the co-emergence of aesthetic and mathematical formalisms in the nineteenth century. Within this framework, criticism can be understood as more affirmative and constructive, articulating commitments to aesthetic expression and social collectivity. Kornbluh offers a powerful argument that political formalism, by valuing forms of sociability like the city and the state in and of themselves, provides a better understanding of literary form and its political possibilities than approaches that view form as a constraint. To make this argument, she takes up the case of literary realism, showing how novels by Dickens, Brontë, Hardy, and Carroll engage mathematical formalism as part of their political imagining. Realism, she shows, is best understood as an exercise in social modeling—more like formalist mathematics than social documentation. By modeling society, the realist novel focuses on what it considers the most elementary features of social relations and generates unique political insights. Proposing both this new theory of realism and the idea of political formalism, this inspired, eye-opening book will have far-reaching implications in literary studies.

### Notre Coeur; Or, A Woman's Pastime

*Horla* is the title of two fantastic horror stories by Guy de Maupassant and published between 1886 and 1887. The story is presented as an autobiographical diary in which the narrator speaks in the first person referring gradually the fears and difficulties that afflict him. The writer feels upon himself the presence of an invisible being, called the *Horla* that the protagonist, a wealthy man, unmarried, upper-class, perceives the presence for the first time while it is at sea on board a boat. Terrified, the *Horla* describes as a double that gradually sucks his entire life.

### The Mountain Pool

A profound understanding of the surrealists' connections with alchemists and secret societies and the hermetic aspirations revealed in their works • Explains how surrealist paintings and poems employed mythology, gnostic principles, tarot, voodoo, alchemy, and other hermetic sciences to seek out unexplored regions of the mind and recover lost “psychic” and magical powers • Provides many examples of esoteric influence in surrealism, such as how Picasso's *Demoiselles d'Avignon* was originally titled *The Bath of the Philosophers* Not merely an artistic or literary movement as many believe, the surrealists rejected the labels of artist and author bestowed upon them by outsiders, accepting instead the titles of magician, alchemist, or—in the case of Leonora Carrington and Remedios Varo—witch. Their paintings, poems, and other works were created to seek out unexplored regions of the mind and recover lost “psychic” and magical powers. They used creative expression as the vehicle to attain what André Breton called the “supreme point,” the point at which all opposites cease to be perceived as contradictions. This supreme point is found at the heart of all esoteric doctrines, including the Great Work of alchemy, and enables communication with higher states of being. Drawing on an extensive range of writings by the surrealists and those in their circle of influence, Patrick Lepetit shows how the surrealists employed mythology, gnostic principles, tarot, voodoo, and alchemy not simply as reference points but as significant elements of their ongoing investigations into the fundamental nature of consciousness. He provides many specific examples of esoteric influence among the surrealists, such as how Picasso's famous *Demoiselles d'Avignon* was originally titled *The Bath of the Philosophers*, how painter Victor Brauner drew from his father's spiritualist vocation as well as the Kabbalah and tarot, and how doctor and surrealist author Pierre Mabille was a Freemason focused on finding initiatory paths where “it is possible to feel a new system connecting man with the universe.” Lepetit casts new light on the connection between key figures of the movement and the circle of adepts gathered around Fulcanelli.

He also explores the relationship between surrealists and Freemasonry, Martinists, and the Elect Cohen as well as the Grail mythos and the Arthurian brotherhood.

### The Order of Forms

Considered the 'King of Poverty Row,' Edgar G. Ulmer (1904-1972) was an auteur of B productions. A filmmaker with an individual voice, Ulmer made independent movies before that category even existed. From his early productions like *The Black Cat* (1934) and Yiddish cinema of the late 1930s to his final films of the late 1950s and early 1960s, Ulmer created enduring works within the confines of economic constraints. Almost forgotten, Ulmer was rediscovered first in the 1950s by the French critics of the *Cahiers du Cinema* and then in the early 1970s by young American directors, notably Peter Bogdanovich. But who was Edgar G. Ulmer? The essays in this anthology attempt to shed some light on the director and the films he created—films that are great possibly because of, rather than despite, the many restrictions Ulmer endured to make them. In *The Films of Edgar G. Ulmer*, Bernd Herzogenrath has assembled a collection of essays that pay tribute to Ulmer's work and focus not only on his well-known films, including *Detour*, but also on rare gems such as *From Nine to Nine* and *Strange Illusion*. In addition to in-depth analyses of Ulmer's work, this volume also features an interview with Ulmer's wife and an interview Ulmer gave in 1965, in which he comments on actors Bela Lugosi and Boris Karloff, as well as fellow directors Tod Browning and James Whale.

One of the great World War I antiwar novels—honest, chilling, and brilliantly satirical Based on the author's experiences on the Western Front, Richard Aldington's first novel, *Death of a Hero*, finally joins the ranks of Penguin Classics. Our hero is George Winterbourne, who enlists in the British Expeditionary Army during the Great War and gets sent to France. After a rash of casualties leads to his promotion through the ranks, he grows increasingly cynical about the war and disillusioned by the hypocrisies of British society. Aldington's writing about Britain's ignorance of the tribulations of its soldiers is among the most biting ever published. *Death of a Hero* vividly evokes the morally degrading nature of combat as it rushes toward its astounding finish. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Which authors were contemporaries of Charles Dickens? Which books, plays, and poems were published during World War II? Who won the Pulitzer Prize in the year you were born? *Timetables of World Literature* is a chronicle of literature from ancient times through the 20th century. It answers the question "Who wrote what when?" and allows readers to place authors and their works in the context of their times. A chronology of the best in global writing, this valuable resource lists more than 12,000 titles and 9,800 authors, includes all genres of literature from more than 58 countries, and covers 41 languages. It is divided into seven sections, spanning the Classical Age (to 100 CE), the Middle Ages

(100–1500 CE), and the 16th through the 20th centuries. Comprehensive in scope, Timetables of World Literature provides students, researchers, and browsers with basic facts and a worldwide perspective on literature through time. Four extensive indexes by author, title, language/nationality, and genre make research quick and easy. Features include: Birth and death dates as well as nationalities of authors and other literary figures Winners of major literary prizes and awards, such as the Nobel Prize in Literature and the Pulitzer Prizes, for each year Brief discussions of literary developments in each period or century, and the relationship of literature to the social and political climate Timelines of key historical events in each century.

### Une Vie, a Piece of String and Other Stories

Bored and unhappy in a lifeless marriage, Emma Bovary yearns to escape from the dull circumstances of provincial life. Flaubert's powerful, deeply moving examination of the moral degeneration of a middle-class Frenchwoman is universally regarded as one of the landmarks of 19th-century fiction.

### Maupassant in the Hall of Mirrors

Argues that disease, rather than society, was responsible, in large part, for the pessimistic outlooks of nineteenth-century French authors Baudelaire, Flaubert, Maupassant, Daudet, and Goncourt

### The Film Handbook

Explains how the American horror movie came into existence. Although early cinema has long been a key area of research in film studies, the origin and development of the horror film has been a neglected subject for what is arguably one of the world's most popular film genres. Using thousands of primary sources and long-unseen illustrations, 'The Birth of the American Horror Film' examines a history that begins in colonial Salem, taking an interdisciplinary approach to explore the influence of horror-themed literature, theatre and visual culture in America, and how that context established an amorphous structural foundation for films produced between 1895 and 1915. Exhaustively researched, bridging scholarship on Horror Studies and Early Cinema, 'The Birth of the American Horror Film' is the first major study dedicated to this vital but often overlooked subject. Suitable for use on courses focusing on Film History, Genre and Horror.

### Death of a Hero

Examines the question ("what does a woman want?") through close readings of autobiographical texts by Virginia Woolf, Simone de Beauvoir, Adrienne Rich, Sigmund Freud, and Honore' de Balzac.

The Last Day of a Condemned Man (1829) is a short novel by Victor Hugo. Having witnessed several executions by guillotine as a young man, Hugo devoted himself in his art and political life to opposing the death penalty in France. Praised by Dostoevsky as "absolutely the most real and truthful of everything that Hugo wrote," The Last Day of a Condemned Man is a powerful story from an author who defined nineteenth century French literature. If you knew when and where you would die, how would you spend your final moments? For Hugo's unnamed narrator, such an existential question is made reality. Sentenced to death for an unspecified crime, he reflects on his life as its last seconds wane in the shadows of a cramped prison cell. Recording his emotional state, observations, and conversations with a priest and fellow prisoner, the condemned man forces us to not only recognize his humanity, but question our own. With a beautifully designed cover and professionally typeset manuscript, this edition of Victor Hugo's The Last Day of a Condemned Man is a classic work of French literature reimagined for modern readers.
