

Soviet Aircraft Industry

[#soviet aircraft industry](#) [#cold war aviation](#) [#russian aerospace history](#) [#soviet aircraft manufacturers](#) [#ussr aviation technology](#)

The Soviet Aircraft Industry was a vast, state-controlled enterprise primarily during the Cold War, responsible for the design and manufacture of a diverse range of military and civilian aircraft. It produced iconic designs, fostered significant technological advancements, and played a crucial role in global aviation history, showcasing the USSR's engineering prowess.
