The Mouse, the Bird, the Dog, and the Lion

Keishorne Scott writes a brief, but powerful playbook on men that everyone's daughter regardless of age, race, color or creed should read! In this book, Scott gives a reality check on most men and proves that not all of them are created equal. He gives up the secrets on what motivates some men to love and raises the red flags on what keeps others from ever loving back. Using analogies to certain animals, Scott poignantly provides a roadmap for what to look out for in men and what to look for in a King. By the time you read the last page, you will know for sure what makes your man anyone of the following types: * A Sneaky Cheat * A Flighty Hunter * A Jealous Hound * A Fierce, Majestic King! A happily

married man himself and father to a beautiful daughter, Scott gives a no-holds-barred account on how men really think, and hands women the power on exactly how to pick out the one for a meaningful, serious relationship. This is a playbook no woman can afford to pass up!

Animal Masquerade

The animals get together for a costume parade where they each dress as other animals, including an elephant dressed as a parrot, a ladybug in a hippopotamus outfit, and a fish whose cat costume causes the others to dub him a "catfish."

The Brown Fairy Book

Thirty-two less familiar folk tales from the American Indians, Australian Bushmen, African Kaffirs, and from Persia, Lapland, Brazil, and India. Different enough to capture all imaginations. 50 illustrations.

Honey... Honey... Lion!

The African plains provide a stunning environment for Jan Brett's latest animal adventure. For as long as anyone can remember, the honeyguide bird and the African honey badger have been partners when it comes to honey: Honeyguide finds the honeycomb, Badger breaks it open, and they share the sweetness inside. But this day, Badger keeps all the honey for himself. Foolish Badger! In no time, Honeyguide leads Badger on a fast chase. Badger thinks it's for honey; but Honeyguide has a surprise waiting for her greedy friend. As they swim across a pond, push through a thicket of reeds, leap over a huge anthill, a menagerie of exotic animals passes the news along in a kind of animal Bush Telegraph. Finally Badger faces a lift-the-flap page, revealing the twist that teaches Badger a lesson. Can you guess who's under that flap? Honey . . . Honey . . . Lion! will surely become a family favorite for readers of all ages.

The Strange Birds of Flannery O'Connor

"I intend to stand firm and let the peacocks multiply, for I am sure that, in the end, the last word will be theirs." --Flannery O'Connor When she was young, the writer Flannery O'Connor was captivated by the chickens in her yard. She'd watch their wings flap, their beaks peck, and their eyes glint. At age six, her life was forever changed when she and a chicken she had been training to walk forwards and backwards were featured in the Pathé News, and she realized that people want to see what is odd and strange in life. But while she loved birds of all varieties and kept several species around the house, it was the peacocks that came to dominate her life. Written by Amy Alznauer with devotional attention to all things odd and illustrated in radiant paint by Ping Zhu, The Strange Birds of Flannery O'Connor explores the beginnings of one author's lifelong obsession. Amy Alznauer lives in Chicago with her husband, two children, a dog, a parakeet, sometimes chicks, and a part-time fish, but, as of today, no elephants or peacocks. Ping Zhu is a freelance illustrator who has worked with clients big and small, won some awards based on the work she did for aforementioned clients, attracted new clients with shiny awards, and is hoping to maintain her livelihood in Brooklyn by repeating that cycle.
