to be happy: Her three almost grown daughters. Her twenty-year relationship with their father. Her work translating the larger-than-life French intellectual and feminist Danielle Westerman. Her modest success with a novel of her own, and the clamour of her American publisher for a sequel. Then in the spring of her forty-fourth year, all the quiet satisfactions of her well-lived life disappear in a moment: her eldest daughter Norah suddenly runs from the family and ends up mute and begging on a Toronto street corner, with a hand-lettered sign reading GOODNESS around her neck. GOODNESS. With the inconceivable loss of her daughter like a lump in her throat, Reta tackles the mystery of this message. What in this world has broken Norah, and what could bring her back to the provisional safety of home? Reta's wit is the weapon she most often brandishes as she kicks against the pricks that have brought her daughter down: Carol Shields brings us Reta's voice in all its poignancy, outrage and droll humour. Piercing and sad, astute and evocative, full of tenderness and laughter, *Unless* will stand with *The Stone Diaries* in the canon of Carol Shields's fiction.

#### Unless

In the spring of Reta Winters' forty-fourth year, all the quiet satisfactions of her well-lived life disappear in a moment. Her eldest daughter Norah suddenly runs from the family and ends up mute and begging on a Toronto street corner. Reta must tackle the mystery of her daughter's breakdown. Canada Reads 2011. 2002.

#### Unless

Reta Winter's idyllic life is shattered when her daughter abandons her life to sit on a street corner with a sign reading "GOODNESS" around her neck, a situation that prompts Reta to uncover what drove her daughter to her new existence.

#### Unless

Written with sadness and honesty, *Unless* is a bittersweet reflection on women and their place in world, real and literary... Reta Winters has spent her 44 years in quiet contentment. Enjoying her moderate success as an author, working as a translator for Danielle Westerman, and satisfied by the other small pleasures of her life, Reta has no cause for complaint. That is until her oldest daughter, Norah, drops out of university and parks herself on a street corner wearing a sign around her neck that reads "Goodness." Confused and angry, Reta is forced out of her contentment and into restless reflection. As she tries to understand the meaning of her daughter's decision, she turns to writing to provide solace for her anger. As she pens her rage into unsent letters, Reta confronts her thoughts on women--in the world, in writing, and as writers.

#### Dejarlo todo

A punto de cumplir cuarenta y cuatro años, el universo de Reta Winters, versada novelista y traductora, felizmente unida (pero no casada) a Tom, padre de sus tres hijas, se derrumba el día en que descubre que su hija mayor, Norah, lo deja todo b"hogar, universidad y novio" para sentarse en la esquina de una calle con un letrero alrededor del cuello que dice: bondad, y una escudilla para mendigar. La angustia por esa pérdida hace que Reta se embarque en una búsqueda desesperada para averiguar los motivos del abandono de su hija. Ninguna de las razones obvias parece encajar. A medida que Reta avanza terreno, sus pesquisas se convierten en una imperterrita, a menudo tronchante, explicación de nuestra sociedad y de las razones por las que una joven puede llegar a concluir que no hay ningún sitio para ella. *Dejarlo todo* es una brillante y atrevida novela que posee la indiscutible maestría de las extraordinarias obras sobre la llamada B+gente corrienteB; .

#### Unless You Can Be a Unicorn

Always be yourself That was the last advice Scout's Grandma Nora gave her before she died. Scout has spent her life trying to be anything but, but she has a chance to start anew as she moves several states away to college. She had always thought the glowing aura she saw around some people was a childhood fancy, but when it starts coming back just as she's starting her new life, she learns there was much hidden about who she truly is. Thankfully, she has a motley crew to help her along the way:

### Handbook of the English Novel of the Twentieth and Twenty-First Centuries

The Handbook systematically charts the trajectory of the English novel from its emergence as the foremost literary genre in the early twentieth century to its early twenty-first century status of eccentric eminence in new media environments. Systematic chapters address 'The English Novel as a Distinctly Modern Genre', 'The Novel in the Economy', 'Genres', 'Gender' (performativity, masculinities, feminism, queer), and 'The Burden of Representation' (class and ethnicity). Extended contextualized close readings of more than twenty key texts from Joseph Conrad's *Heart of Darkness* (1899) to Tom McCarthy's *Satin Island* (2015) supplement the systematic approach and encourage future research by providing overviews of reception and theoretical perspectives.

### Except the Dying

In the cold Toronto winter of 1895, the unclad body of a servant girl is found frozen in a deserted laneway. The young victim was pregnant when she died. Was her death an attempt to cover up a scandal in one of the city's influential families? Detective William Murdoch quickly finds out that more than one person connected with the girl's simple life has something to hide.

### Nineteenth-Century British Novelists on the Novel

Unless a Seed Falls to the Ground is an adventurous novel about personal identity and faith, love in all its forms, morality and destiny, personal loss and restoration, hope over adversity, healing over trauma and freedom over personal imprisonment. A fast paced genre bending novel that has all the ingredients to keep you gripped, including war, travel, adventure, crime, romance and mysticism. Owen Evans is at a personal crossroads at the outbreak of the First World War. Keen to escape his remote mountain home in Snowdonia and the constraints of his father's chapel, he sees the war as an opportunity. He returns shell shocked and traumatised from the war, and unable to settle, he escapes again, this time to bohemian London where he makes friends with an arty bohemian set, and is unwittingly drawn into the underbelly of London through his boss Freddy Fixit who does more than put up buildings. He becomes enthralled with the unobtainable and enigmatic Rose, and involved with the obsessive and destructive Dolores. One night, a series of cataclysmic events causes Owen's past to not only catch up with him but threatens his future and Owen is again forced to flee. Father M, a boxer and priest gives him sanctuary and Owen takes up his offer of a retreat in the Orkneys where he confronts himself, his past and grapples with the big questions of life and where he learns to forgive, let go and find hope again. Reviews for Big Men's Boots - The Way "Such wonderfully and sympathetically drawn characters. A landscape beautifully portrayed. A period in time and place perfectly captured. It is perhaps these just as much as the historical, social and political aspect of the story that appealed to me in a way I truly wasn't expecting. The first book in a series, I eagerly await the next instalments." - Tracey Terry, Pen and Paper "A very special book, quite unlike anything I have ever read" - Cicely Herbert, Poet and Editor of Poems on the Underground

Recently the CXCR4/CXCL12-axis has been recognized as one of the pivotal adhesion pathways by which hematopoietic stem cells are retained in the bone marrow. CXCR4 antagonists with different chemical specification are being developed. Pharmacology research guides the way to the rational development effective antagonists. One antagonist, plerixafor, is clinically approved now for stem cell mobilization of lymphoma and myeloma patients. This allows patients to receive potentially life-saving treatment which could not have been administered otherwise. Through early clinical studies it was recognized that CXCR4 antagonists also mobilize malignant hematopoietic cells, i.e. leukemia cells. In preclinical studies a sensitization of mobilized leukemic cells to standard cytotoxic chemotherapy could be shown. Clinical studies are under way. CXCR4 antagonists are an exciting new class of compounds which are also employed for the mobilization of angiogenic cells or for the treatment of solid tumors. In this book a concise review of the current status of knowledge and future developments will be presented.

Mysteriously, all traces of Swann's existence — her notebook, the first draft of her work, even her photograph — gradually vanish as the characters in this engrossing novel become caught up in their own concepts of who Mary Swann was.

#### Once a Runner

1. Is there a balance between joy and sadness in *Dropped Threads 2* ? 2. The following is a quotation from Carol Shields' novel *Unless* : 'Unless you're lucky, unless you're healthy, fertile, unless you're loved and fed, unless you're offered what others are offered, you go down in the darkness, down to despair.' Do the stories in *Dropped Threads 2* confirm or contradict this statement? 3. Can you compare and contrast two stories from the collection on similar themes? 4. Carol Shields has often spoken of redeeming the lives of ordinary people by recording them in her works; 'especially that group of women who came between the two great women's movements.' Can you compare the experiences of women who grew up in the fifties or before, and those of women who grew up later? 5. *Dropped Threads 2* endeavours to look beyond the experiences of middle-class women to a broad cross-section of women with fewer privileges or less freedom in other cultures. What do you think this adds to the collection? 6. Ann Dowsett Johnston in 'The Boy Can't Sleep' says she would like to pass on advice to her son about 'the mating dance of men and women.' What would you tell him? 7. How does this volume compare with the first book? While it is on the same theme, there are some differences. What stands out for you, the reader? 8. What does Adrienne Clarkson's Foreword add to the book? What is her main message to women readers? 9. Do the four divisions help 'organize' the book for readers? Can you see how the stories fit under the individual banners of End Notes , Variations , Glimpses , and Nourishment ? 10. What are some aspects of the surprises and silences in women's lives that haven't been touched on in either volume of *Dropped Threads* ? What topic would you suggest in reply to the question, 'What do women generally not talk about or pass on to others'?

Each of the documents is headed by an Introductory Note and the Editor has provided an important historical introduction.

## Novel and Romance 1700-1800 (Routledge Revivals)

Welcome to 1984 and the town of South Wakefield. Chris Lane is 14 and he's sure that he can see the future, or at least guess what's inside of Christie Brinkley's mind. But he can't foresee the closing of Joyland, the town's only video arcade. With the arcade's passing comes a summer of teenage lust, violence, and a search for new entertainment. Never far away is Chris's younger sister, Tammy, who plays spy to the events that will change the lives of her family and town forever. Joyland is a novel about the impossibility of knowing the future. Schultz bring the Cold War home in a novel set to the digital pulse of video games and the echoes of hair metal. Joyland is illustrated throughout by graphic novelist Nate Powell, whose work has been praised by Sin City creator Frank Miller as "observant, intimate cartooning [that] surgically cuts to the bone."

## The Life of a Knight (Historical Novel)

Rulin waishi (The Unofficial History of the Scholars) is more than a landmark in the history of the Chinese novel. This eighteenth-century work, which was deeply embedded in the intellectual and literary discourses of its time, challenges the reader to come to grips with the mid-Qing debates over ritual and ritualism, and the construction of history, narrative, and lyricism. Wu Jingzi's (1701–54) ironic portrait of literati life was unprecedented in its comprehensive treatment of the degeneration of mores, the predicaments of official institutions, and the Confucian elite's futile struggle to reassert moral and cultural authority. Like many of his fellow literati, Wu found the vernacular novel an expressive and malleable medium for discussing elite concerns. Through a close reading of Rulin waishi, Shang Wei seeks to answer such questions as What accounts for the literati's enthusiasm for writing and reading novels? Does this enthusiasm bespeak a conscious effort to develop a community of critical discourse outside the official world? Why did literati authors eschew publication? What are the bases for their social and cultural criticisms? How far do their criticisms go, given the authors' alleged Confucianism? And if literati authors were interested solely in recovering moral and cultural hegemony for their class, how can we explain the irony found in their works?

## Brian Miller Nine Tales of Dragon Star Terror (A Non-Novel)

William Clark Russell wrote more than forty nautical novels. Immensely popular in their time, his works were admired by contemporary writers, such as Conan Doyle, Stevenson and Meredith, while Swinburne, considered him 'the greatest master of the sea, living or dead'. Based on extensive archival research, Nash explores this remarkable career.

## Rulin waishi and Cultural Transformation in Late Imperial China

"Captivating [...] Herrick weaves a rich tapestry of family lore, dark secrets, and love." —Brunonia Barry, New York Times bestselling author of *The Lace Reader* and *The Fifth Petal* Perfect for fans of Kate Morton and Sarah Jio, comes a lush imaginative novel that takes readers into the heart of a mysterious English country garden, waiting to spring to life. Every garden is a story, waiting to be told... At the nursery she runs with her sisters on the New England coast, Sorrel Sparrow has honed her rare gift for nurturing plants and flowers. Now that reputation, and a stroke of good timing, lands Sorrel an unexpected opportunity: reviving a long-dormant Shakespearean garden on an English country estate. Arriving at Kirkwood Hall, ancestral home of Sir Graham Kirkwood and his wife Stella, Sorrel is shocked by the desolate state of the walled garden. Generations have tried—and failed—to bring it back to glory. Sorrel senses heartbreak and betrayal here, perhaps even enchantment. Intrigued by the house's history—especially the haunting tapestries that grace its walls—and increasingly drawn to Stella's enigmatic brother, Sorrel sets to work. And though she knows her true home is across the sea with her sisters, instinct tells her that the English garden's destiny is entwined with her own, if she can only unravel its secrets...

### The Eighteenth-century French Novel

Got a newly-opened wound on your heart? Whether you were the one who wrecked sh\*t up or not, you want and NEED to heal. How many of your dust-covered skeletons are you willing to lie at the feet of some out-of-touch stranger with a doctorate and suspicious mustache? Psychotherapy is painful, pricey and often comes with the possibility of being assigned to a balding psychiatrist with a raging god-complex. Yikes! Self-help books only serve to make the broken-hearted feel exponentially more pathetic...especially if the cashier ends up having to loudspeaker a price check on your purchase. Excruciating. Fact: those methods suck more than annotations can define. Fact: what you CAN have is better than counseling and safer than scoring pharmaceuticals on the blackmarket (I mean seriously, when's the last time you heard of a DEA seizure involving paperbacks?) Welcome to alternative medicine: a novel synthesized from the heart and hand of someone who's majored in having a chain-saw-stroked heart. A novel not custom matched to your pain, but close enough. First, ask yourself this: 'Is this scarred and fractured heart that I've acquired something that needs to be corrected?' Now ask, 'Am i willing to potentially become incarcerated attempting to mend my heart in ways that involve arson and/or kidnapping?' If you answered 'yes' to the first question and declined to respond to the second, then your soul-searching is complete, but following your bliss has only begun. That, my dear, is the best news you've heard since they said yes to that 'kickass' first date that landed you flat on your arse and out in the cold! You may wonder what do bruised ribs, baristas, razor blades, khakis with dusty knees, the color of sapphire blue, low E strings, rickety wooden boats and forgiveness have to do with each other? The answer is simple: nothing. Nothing other than to showcase the strange, beautiful, miserable, clumsy, hellish, heavenly, worthwhile, worth-not-giving-a..., demented, therapeutic, savior-esque, hypnotic, no-matter-how-long-it-takes-it's-worth-the-wait, nice-guys-don't-finish-last, sweeter-than-glucose-sucralose-and-high-fructose-combined-then-spiked-with-ether, and the above-all chaotic nature of each fragile filament in the intricate spiderweb of what we're all after: a fated and unfailing love. "Life's not all white knights and heroes, but it doesn't have to be clipped wings and taught nooses either." So, are you ready to get those stars back in your tear-afflicted eyes? Are you ready for an account of falling in love as off-the-wall as this annotation? Are you just ready and don't know what for? Trash the map. Turn off the GPS. You have arrived. Welcome home, love. And, just in case you turn out worse than what you came in as... The words between these covers are not intended to diagnose, treat, cure or prevent any disease, but when it comes to heads and hearts, it just might do the trick.

Charleston in the 20s

In one house, couples are dancing and Jasbo Brown sits at the piano.

The brutal Crown appears, accompanied by Bess.

Porgy is rolling the dice and conjuring his fortune.

Crown flees, leaving Bess behind.

The next morning, Robbins' body is on the bed at his wife's house

The mourners are gathered around the deathbed and donate for the funeral.

After they leave, Susanna mourns the loss of her husband Robbins.

The undertaker appears, the money is barely enough for the funeral.

When the body is gone, Bess pitches a consoling spiritual.

A shyster lawyer appears. He asks Bess to divorce her for a dollar. Porgy's willing to pay for it, though Hess was never married.

The boat leaves the island without Bess.

The next day Jake goes to sea again and Peter has been released from prison.

Clara is nervous because the sea is choppy. A storm is coming, and hurricane bells are ringing

Suddenly Clara sees in the distance how Jake's boat capsizes in the storm. She asks Bess to look for her child and runs to the boats.

It is morning and the storm has now passed. The fishermen have gathered in Catfish Row. They mourn Clara, Jake and others who lost their lives in the storm.

Night falls and Bess has Clara's child in her arms. Crown sneaks into her house.

When Porgy returns from remand a week later, the fishermen welcome the happy beggar.

He packs his few belongings and heads for New York.
