Julia's Jihad

This book addresses critical questions about how legal development works in practice. Can law be employed to shape behavior as a form of social engineering, or must social behavior change first, relegating legal change to follow as ratification or reinforcement? And what is legal development's source of legitimacy if not modernization? But by the same token, whose version of modernization will predominate absent a Western monopoly on change? There are now legal development alternatives, especially from Asia, so we need a better way to ask the right questions of different approaches primarily in (non-Western) Asia, Africa, the Islamic world, plus South America. Incoming waves of change like the 'Arab spring' lie on the horizon. Meanwhile, debates are sharpening about law's role in economic development versus democracy and governance under the rubric of the rule of law. More than a general survey of law and modernization theory and practice, this work is a timely reference for practitioners of institutional reform, and a thought-provoking interdisciplinary collection of essays in an area of renewed practical and scholarly interest. The contributors are a distinguished international group of scholars and practitioners of law, development, social sciences, and religion with extensive experience in the developing world.

State Ibuism

During the period of the Dutch East India Company's rule of the Spice Islands, Prince Nuku of Tidore stands out as the local hero who opposed the VOC's oppressive trade monopoly. This study analyzes how he succeeded in regaining independence for the Sultanate of Tidore by creating an alliance with the English and his Malukan and Papuan adherents.

Legitimacy, Legal Development and Change

The Revolt of Prince Nuku

In 1928, members of a young subaltern Indonesian elite pirated the language of the Dutch empire, bringing the Indonesian language into being along with its nation. Today, Indonesian is the language of two hundred and forty million citizens but is the "native" language of no one. Through rich analysis focused on the interplay of language varieties in two remote Indonesian provinces, *Other Indonesians* describes the unique language dynamic which has enabled the development of modern, democratic Indonesia. Complicating binaries that pit "low" against "high" Indonesian, or "standard" against "mixed," J. Joseph Errington argues that it is precisely the un-ethnic, non-territorial quality of Indonesian that enables its speakers to express themselves as members of a national community. This detailed account locates Indonesian not only within the institutions which give it distinctive value in the nation, but also in the biographies of its young, educated speakers. With a nuanced understanding of national identity, this book shows how careful analysis of Indonesia can provide insight into broader dynamics of postcolonial nationalism in a globalizing world.

Reading Contemporary Indonesian Muslim Women Writers

A disturbing in-depth exposé of the antidemocratic practices of despotic governments now sweeping the world. One day they'll be like us. That was once the West's complacent and self-regarding assumption about countries emerging from poverty, imperial rule, or communism. But many have hardened into something very different from liberal democracy: what the eminent political thinker John Keane describes as a new form of despotism. And one day, he warns, we may be more like them. Drawing on extensive travels, interviews, and a lifetime of thinking about democracy and its enemies, Keane shows how governments from Russia and China through Central Asia to the Middle East and Europe have mastered a formidable combination of political tools that threaten the established ideals and practices of power-sharing democracy. They mobilize the rhetoric of democracy and win public support for workable forms of government based on patronage, dark money, steady economic growth, sophisticated media controls, strangled judiciaries, dragnet surveillance, and selective violence against their opponents. Casting doubt on such fashionable terms as dictatorship, autocracy, fascism, and authoritarianism, Keane makes a case for retrieving and refurbishing the old term "despotism" to make sense of how these regimes function and endure. He shows how they cooperate regionally and globally and draw strength from each other's resources while breeding global anxieties and threatening the values and institutions of democracy. Like Montesquieu in the eighteenth century, Keane stresses the willing complicity of comfortable citizens in all these trends. And, like Montesquieu, he worries that the practices of despotism are closer to home than we care to admit.

Sehari Bersama- Selebriti Jilid VII (Okky Lukman, Rayya Makarim, Milinka Mikaela Radisic, Zaskia Gotik, Sacha Stevenson , Uya Kuya)

There are no two neighbouring countries anywhere in the world that are more different than Indonesia and Australia. They differ hugely in religion, language, culture, history, geography, race, economics, worldview and population (Indonesia, 270 million, Australia less than 10 per cent of that). In fact, Indonesia and Australia have almost nothing in common other than the accident of geographic proximity. This makes their relationship turbulent, volatile and often unpredictable. *Strangers Next Door?* brings together insiders and leading observers to critically assess the state of Australia-Indonesia relations and their future prospects, offering insights into why the relationship is so important for Australia, why

it is so often in crisis, and what this means for the future. This book will be of interest to anyone concerned with the Indo-Pacific region, Southeast Asia, Australia and Indonesia, and each country's politics, economy and foreign policy. It contains chapters that will interest specialists but are written in a style accessible to a general audience. The book spans a diverse range of subjects, including political relations and diplomacy, security and defence, the economy and trade, Islam, education, development, the arts, legal cooperation, the media, women, and community ties. Contributors assess the current state of relations in their sphere of expertise, and outline the factors and policies that could shape bilateral ties – and Indonesia's future – over the coming decades. University of Melbourne scholars Tim Lindsey and Dave McRae, both prominent observers and commentators on Indonesia and its relations with Australia, edited the volume, providing a synthesising overview as well as their own thematic chapters.

The New Despotism

Ide awal buku ini lahir pada penghujung tahun 2020 saat kami menggagas perlunya mengundang ilmuwan sosial politik dari seluruh dunia untuk menulis refleksi bersama atas situasi demokrasi di Indonesia dalam rangka ulang tahun ke-50 LP3ES yang jatuh pada 19 Agustus 2021. Forum itu kemudian kami beri nama Forum 100 Ilmuwan Sosial Politik. Di forum itu, 3-4 orang ilmuwan sosial politik dari berbagai negara di dunia hadir setiap minggu, untuk berbicara di webinar LP3ES tentang berbagai tema, antara akhir Oktober 2020 hingga awal Juni 2021. Tercatat, ada 135 ilmuwan sosial politik (92 laki-laki dan 43 perempuan) yang bergabung bersama kami, baik berbicara dalam webinar, mengirimkan tulisan, ataupun berbicara dan mengirimkan tulisan sekaligus. Dari 135 ilmuwan tersebut, 77 orang (58 laki laki dan 19 perempuan) di antaranya menuliskan refleksi kritis dan mempercayakannya kepada kami untuk diterbitkan di dalam buku ini. Mereka tidak hanya ilmuwan sosial politik dari Indonesia, namun juga 19 Indonesianist dari berbagai negara: Kanada, Australia, Norwegia, Jerman, Tiongkok, Singapura, Inggris, Amerika, Belanda, Perancis, dan Jepang. Kami percaya para penulis itu hadir dengan satu niat tulus dan sederhana: memberikan kontribusi bagi kemajuan demokrasi di Indonesia. Dan barangkali, seperti halnya kami, mereka juga percaya bahwa satu generasi baru Indonesia yang dapat menjawab tuntutan zaman sudah saatnya untuk dilahirkan. Satu siklus dua puluh tahunan yang dimulai dari kelahiran Sumpah Pemuda 1928, Proklamasi Kemerdekaan 1945, pergerakan mahasiswa tahun 1965, Reformasi 1998, dan siapa tahu: 2021! Satu generasi yang lebih bercorak kosmopolitan, yang berisi orang-orang Indonesia ataupun bukan, yang berbagi nasib menyaksikan pandemi yang belum tentu 100 tahun sekali terjadi, yang benaknya prihatin memikirkan kemunduran Indonesia dan bersama-sama melakukan refleksi dalam buku ini! Semoga niat itu sampai ke langit lalu kembali turun ke bumi menjadi butiran-butiran air hujan yang menjadi satu penanda: generasi baru akan segera lahir!

Strangers Next Door?

Namun, belum banyak yang mengangkat tokoh-tokoh perempuan. Padahal tak sedikit perempuan hebat yang berkontribusi terhadap Indonesia, bahkan jauh sebelum Negara Indonesia terbentuk. Buku ini hadir dengan harapan dapat menjadi salah satu penambal lubang peranan perempuan di Indonesia.

Demokrasi Tanpa Demos

Het beeld dat het Westen heeft van islamitische vrouwen blijft eenzijdig: wij vermoeden onder elke hoofddoek een hulpeloos slachtoffer. Dat is veel te vaak het geval, maar vaak genoeg juist niet. Het gaat wereldwijd – stilletjes en gestaag – de goede kant uit. Moslimvrouwen gaan naar school, krijgen minder kinderen, organiseren zich. Zij hebben de politieke islam tegen, maar het maatschappelijk tij mee. Rob Vreeken ging in de islamitische wereld kijken hoe de emancipatie verloopt. Naast kindbruidjes en mishandelde vrouwen ontmoette hij taxichauffeuses, studentes, arbeidsters in de textielindustrie, carrièrevrouwen met een zwarte chador en moslimfeministes die de Koran uit het hoofd kennen. Velen zetten hun hakken in het zand en komen op voor zichzelf. Baas in eigen boerka is een realistisch, maar ook optimistisch boek, waarin Vreeken laat zien dat achter de persoonlijke, soms huiveringwekkende verhalen een wereld van geloof, hoop en verandering schuilgaat. Vreeken kreeg voor zijn reportages over moslimvrouwen de European Journalist Award for Excellence in Journalism.

Her Story: Perempuan Nusantara di Tepi Sejarah

Few countries as culturally rich, politically pivotal, and naturally beautiful as Indonesia are as often misrepresented in global media and conversation. Stretching 3,400 miles east to west along the

equator, Indonesia is the fourth most populous country in the world and home to more than four hundred ethnic groups and several major world religions. This sprawling Southeast Asian nation is also the world's most populous Muslim-majority country and the third largest democracy. Although in recent years the country has experienced serious challenges with regard to religious harmony, its trillion-dollar economy is booming and its press and public sphere are among the most vibrant in Asia. A land of cultural contrasts, contests, and contradictions, this ever-evolving country is today rising to even greater global prominence, even as it redefines the terms of its national, religious, and civic identity. The Routledge Handbook of Contemporary Indonesia offers an overview of the modern making and contemporary dynamics of culture, society, and politics in this powerful Asian nation. It provides a comprehensive survey of key issues in Indonesian politics, economics, religion, and society. It is divided into six sections, organized as follows: Cultural Legacies and Political Junctures Contemporary Politics and Plurality Markets and Economic Cultures Muslims and Religious Plurality Gender and Sexuality Indonesia in an Age of Multiple Globalizations Bringing together original contributions by leading scholars of Indonesia in law, political science, history, anthropology, sociology, religious studies, and gender studies this Handbook provides an up-to-date, interdisciplinary, and academically rigorous exploration of Indonesia. It will be of interest to students, academics, policymakers, and others in search of reliable information on Indonesian politics, economics, religion, and society in an accessible format.

"That old childhood saying 'pick what you want from the tree of life' simply not working anymore? Becoming a foreigner in Indonesia might be as good a stab at something new and rewarding, as anything..." Armed with a teaching contract, some poems, and a guitar-playing buddy, Roberts discovers a potentially life-changing experience in 2013. And so the Bajaj Boys make themselves at home. Indonesia is revealed as a challenging but welcoming land of 'instant millionaires', 'beautiful rubbish', abundant romance, powerful religion, and unnerving history. Nasi goreng, alcohol, cigarettes, bajajs, motorbikes, a gentlemen's club, poetry gigs, wild animals, and electrical storms weave together, as the dark cracks of Kemang open.

Routledge Handbook of Contemporary Indonesia

"There are not many books on ethics that are currently available, especially in Indonesia. This book comes to fill that gap. A commendable book that researchers should read, especially when there is more and more research on human behavior. It is a stupendous work." M. Chatib Basri, Executive Director, IBER Minister of Finance of the Republic of Indonesia 2013-2014 "This book addresses an important set of issues in the context of Indonesia, a large developing country in Southeast Asia. Most work on research ethics has originated in the developed world; the strength of this book is that it relates the large international literature to the specific problems which Indonesian researchers are likely to face, especially in the social sciences. It deserves a wide readership both in Indonesia and in other parts of the world." Anne Booth, Professor Emeritus, SOAS, University of London "In a world full of fake news, corrupt bureaucracies, and inequitable judgements it is vital that the training of rising generations of social scientists contains thorough grounding in ethics. This volume should be required reading in all teaching programs, and a valuable addition on the desk of all graduates wishing to pursue a career in the social research professions." Terence H. Hull, Emeritus Professor of Demography, The Australian National University "Reading this book is an eye-opening experience. Mayling Oey Gardiner presents novelty by discussing ethics in social science research on current issues such as big data, internet-based research, and environmental research. This book can guide academics and decision-makers to define boundaries and consider the impact of social research." The Dark Cracks of Kemang: The Bajaj Boys in Indonesia

Spaces is an invitation to reflect on the meaning of life, a healing balm on the wounds of civilization. (Galuh Wandita) Putu Oka Sukanta is one of many victims of the cruelty perpetrated by the New Order half a century ago. Yet of all the victims and survivors of that time, only a few have succeeded in sharing their personal and literary narratives with Putu Oka's consistency and courage. His ability to make peace with the past has given him the means to shine a clear and penetrating light on the challenges and opportunities Indonesia faces in its search for a better future. It is these qualities that make his latest work so captivating. (Ariel Heryanto) A powerful examination of personal relationships. Challenging without being arrogant. Full of energy. The conversations come alive, we feel as though we're taking

part in them. Captures attention right from the prologue. Has a go at plenty of different interest groups, but it's something real. Ha! (Yuniyanti Chuzaifah) A work of satire with a cutting edge. The choice of words makes it not just sarcastic but also uncomfortably perceptive. Sharp and uncompromising. (AJ Susmana)

Die Wahrnehmung des Islam in Indonesien ist radikal auf seine lebensfeindlichen bis gewaltbereiten Komponenten verkürzt. Dagegen setzt Volker Gottowik einen anderen Akzent. Er fokussiert auf heterodoxe Praktiken, die im Kontext von Pilgerfahrt und Heiligenverehrung auf Java untersucht werden. Dazu gehören ritualisierte Sexualkontakte (ritual seks), die Pilger untereinander eingehen, um den Segen des verehrten Heiligen zu empfangen. Im Zentrum der Analyse stehen die gesellschaftlichen Reaktionen auf solche Praktiken. Die Rückschlüsse, die daraus gezogen werden, zeigen deutlich: Eine erweiterte Perspektive auf Islam und Islamisierung ist dringend notwendig.

Women in Indonesia

Perempuan, gender, dan Islam akan senantiasa menjadi arena yang diperdebatkan karena lokus mereka dalam relasi dengan Islam cenderung problematik, terutama ketika status mereka diwujudkan melalui pandangan- pandangan praktek Islam. Berbagai macam interpretasi Islam telah mendefinisikan, melokalisasi dan bahkan menjebak perempuan dalam kategori-kategori khusus yang pemanen. Amina Wadud dan perjuangannya untuk mendobrak hegemoni patriarkal fikih adalah sebuah contoh dari posisi problematik perempuan dalam Islam. Usahnya untuk menjadi seorang imam, dengan memimpin sholat Jumat di New York, memantik kontroversi yang kuat.¹ Peristiwa di mana seorang perempuan memimpin sholat untuk kongregasi lelaki dan perempuan berakibat pada seruan-seruan protes dari pemimpin-pemimpin Muslim dan kaum terpelajar Islam. Akan tetapi, walau banyak dari kaum otoriter religius mengutuki perbuatannya, beberapa pihak justru mendukungnya. Apa yang telah diupayakan oleh Wadud jelas menghadirkan gender sebagai isu utama selagi keberadaan seorang imam perempuan yang memimpin sebuah kongregasi campuran masih terus diperdebatkan. Amina Wadud bukanlah satu-satunya perempuan yang berjuang untuk memunculkan perspektif-perspektif baru ajaran-ajaran Islam. Penerima Nobel Perdamaian tahun 2003, Shirin Ebadi, seorang hakim perempuan Muslim dari Iran, telah membuktikan bahwa Wadud tidak sendirian. Ebadi, perempuan penerima Muslim Nobel Laureate pertama dari negara Islam memfokuskan diri pada kongruensi wacana-wacana hak asasi manusia, Islam dan langkah-langkah yang perlu diambil untuk mencapai kesetaraan. Ebadi percaya bahwa dengan menggunakan Islam sebagai pendukung yang kuat dalam mencanangkan dan memajukan hak-hak manusia, usahanya tersebut akan dibenarkan

Struggling to Surrender

It is just over a century since the first manuscript of Désawarnana (also known as the Nagarakrtagama) was rescued from the sack of the palace at Cakranagara in Lombok. Once its importance for Javanese history was recognized, its place was assured: our picture of the greatness of the Javanese kingdom of Majapahit in the second half of the 14th century is based largely on the evidence of this one text, and it is true to say that this picture has formed an inspiration for modern Indonesians as well. The text is not a literary masterpiece, and it is not typical of its genre; in fact it is unique. One of the reasons for this is the fact that here and there its author, Mpu Prapanca, tells us something about himself, in particular when he accompanies his king as Superintendent of Buddhist Affairs on a long journey through the countryside of East Java in 1359.

Interpreting Indonesian Politics comprises a collection of papers written over a 20-year period, presenting the author's analysis and reflections on the political and economic situation of the country and tracing the growth of Indonesia as a nation from the time Suharto took over the reins of government in 1965. The author proposes a framework within which Indonesian politics could be studied. Suryadinata's framework would highlight the basic factors which dominate the Indonesian political scene, such as the role of the military, Islam and the highly active and vocal students. The author explores the political interaction of these factors which will make this study particularly important to scholars.

Race, Islam and Power: Ethnic and Religious Violence in Post-Suharto Indonesia is the result of Andreas Harsono's fifteen year project to document how race and religion have come to be increasingly prevalent within Indonesia's politics. From its westernmost island of Sabang to its easternmost city of Merauke in West Papua, from Miangas Island in the north, near the Philippines border, to Ndana Island, close to the coast of Australia, Harsono reveals the particular cultural identities and localised political dynamics of this internally complex and riven nation.

Me Sambal You Chutney

This book examines popular culture in Indonesia, the world's most populous Muslim nation, and the third largest democracy. It provides a full account of the key trends since the collapse of the authoritarian Suharto regime (1998), a time of great change in Indonesian society more generally. It explains how one of the most significant results of the deepening industrialization in Southeast Asia since the 1980s has been the expansion of consumption and new forms of media, and that Indonesia is a prime example of this development. It goes on to show that although the Asian economic crisis in 1997 had immediate and negative impacts on incumbent governments, as well as the socioeconomic life for most people in the region, at the same time popular cultures have been dramatically reinvigorated as never before. It includes analysis of important themes, including political activism and citizenship, gender, class, age and ethnicity. Throughout, it shows how the multilayered and contradictory processes of identity formation in Indonesia are inextricably linked to popular culture. This is one of the first books on Indonesia's media and popular culture in English. It is a significant addition to the literature on Asian popular culture, and will be of interest to anyone who is interested in new developments in media and popular culture in Indonesia and Asia.

Interpreting Indonesian Politics

"Investigates how different approaches to religious interpretation influence Indonesian women's engagement with global Islam and feminism. It also explores the consequences of a more public Islam for women's participation in the public sphere. The book is based on extensive ethnographic fieldwork between 2002 and 2010 with four different groups of women activists in Jakarta, the Indonesian capital. The groups include a secular feminist NGO (Solidaritas Perempuan), a Muslim women's rights NGO (Rahima), the women's group of one of the country's largest Muslim organizations (Fatayat N.U.), and women in a conservative Muslim political party (the Prosperous Justice Party). The women in these have all been deeply influenced by the ongoing Islamic revival. In addition, they are part of the urban middle class. The women of Rahima and Fatayat N.U. are influenced by global feminism and Islamic

discourses. They use Islam to express feminist and liberal ideals of equality and rights, and they strive to integrate these frameworks in their own lives. In contrast, women in the Prosperous Justice Party (PKS) reject feminism as Western and secular and are more influenced by global Islamic discourses. Although some scholars argue that pious Islam and liberal ideals are incompatible, these activists embrace modernity and sometimes speak in terms of individual agency, empowerment, and rights. The women of Solidaritas Perempuan maintain a balance between their secular activism and personal religiosity. The overall conclusion of *Mobilizing Piety* is that the Islamic revival has not stymied but has in fact helped to empower many Indonesian women, especially by allowing them to participate in national debates about moral and religious issues"--

Muslim and Christian Understanding

In Jakarta to edit a painful human rights report on Timor-Leste, the author sought relief by hanging out with ordinary Indonesians and enjoying the excitement of discovering the everyday activities and places that they find commonplace. Over two stormy wet seasons he learned how to cross a Jakarta street and live to tell the story, catch a glimpse of Jakarta's rich but neglected colonial past, navigate men's toilets, sink into sleep after a cream bath, read the Koran and much more. Both playful and serious, the book is a celebration of the author's all too brief encounters with the people and places of one of the world's megacities too often obscured by sorrows of one or other kind.

Principles of Anatomy and Physiology is designed to be comprehensive enough to provide the background necessary for those courses not requiring prerequisites and yet is concise so as not to confuse and overwhelm students. The Tate text features realistic illustrations and exceptional photographs that, along with clear, straight-forward writing and an emphasis on clinical material help students develop a solid understanding of anatomy and physiology concepts. Explanations have just the right amount of detail, with usually only one example instead of two or three. Other texts use several complex figures to illustrate many concepts—Tate uses less, but more efficient, art. The result is a shorter, simplified textbook that covers all of the major points found in more lengthy texts, but is easier to read and more economical in price.

Popular Culture in Indonesia

A highly controversial intervention into the debate on postmodernism and feminism, this book looks at what happens when these modes of analysis are jointly employed to illuminate the sexual politics of Islam. As a religion, Islam has been demonized for its gender practices like no other. This book analyzes that Orientalism, with particular reference to representations of Muslim women and describes the real sexual politics of Islam. The author goes on to describe the rise of Islamic fundamentalism and the West's response to it. She argues that regardless of the sophisticated argument of postmodernists and their suspicion of power, as an intellectual and political movement postmodernism has put itself in the service of power and the status quo. Moghissi brilliantly demonstrates how this trend has given rise to a neo-conservative feminism. A major feminist critique of Islamic fundamentalism, this book asks some hard questions of those who, in denouncing the racism of Western feminism, have taken up an uncritical embrace of the Islamic identity of Muslim women. It is urgent reading for all those concerned about human rights, as well as for students and academics of women's studies, political science, social theory and religious studies.
