Darwin Devolves

The scientist who has been dubbed the "Father of Intelligent Design" and author of the groundbreaking book *Darwin's Black Box* contends that recent scientific discoveries further disprove Darwinism and strengthen the case for an intelligent creator. In his controversial bestseller *Darwin's Black Box*, biochemist Michael Behe challenged Darwin's theory of evolution, arguing that science itself has proven that intelligent design is a better explanation for the origin of life. In *Darwin Devolves*, Behe advances his argument, presenting new research that offers a startling reconsideration of how Darwin's mechanism works, weakening the theory's validity even more. A system of natural selection acting on random mutation, evolution can help make something look and act differently. But evolution never creates something organically. Behe contends that Darwinism actually works by a process of devolution—damaging cells in DNA in order to create something new at the lowest biological levels. This is important, he makes clear, because it shows the Darwinian process cannot explain the creation of life itself. "A process that so easily tears down sophisticated machinery is not one which will build complex, functional systems," he writes. In addition to disputing the methodology of Darwinism and how it conflicts with the concept of creation, Behe reveals that what makes Intelligent Design unique—and

right—is that it acknowledges causation. Evolution proposes that organisms living today are descended with modification from organisms that lived in the distant past. But Intelligent Design goes a step further asking, what caused such astounding changes to take place? What is the reason or mechanism for evolution? For Behe, this is what makes Intelligent Design so important.

The Long War Against God

Darwin Challenged God's Word With Evolution...But Was He The Only One? Discover the old, ongoing war against biblical truth Dissect the origins of and arguments for atheistic thought Determine what you can do to defend your faith The denial of God is the root of every human problem, taking many forms over time — one of which is evolution. And this concept goes much farther back in time than we think. In *The Long War Against God*, the late Dr. Henry Morris, a renowned creationist, delves into the history of modern atheistic worldviews. Drawing from the writings of the Greeks, Babylonians, and other ancient philosophers, Morris demonstrates the long history and age of the plan to undermine God's Word. Whether it's evolutionism, humanism, pantheism, or atheism, Morris illuminates the past and present of these belief systems that seek to eliminate God. *The Long War Against God* will give you the tools you need to strengthen your own — and others' — faith in the battle for God's truth.

The Genesis Solution

Exciting for both young and old, *The Genesis Solution* shows how crucial issues such as evolution, abortion, and family turmoil find resolution in Genesis.

The New Answers Book 1

Christians live in a culture with more questions than ever - questions that affect one's acceptance of the Bible as authoritative and trustworthy. Now, discover easy-to-understand answers that reach core truths of the Christian faith and apply the biblical worldview to a wide variety of subjects.

Disappointment with God

"Is God listening? "Can he be trusted?" In this book, Yancey tackles the questions caused by a God who doesn't always do what we think he's supposed to do.

The Origin of Consciousness in the Breakdown of the Bicameral Mind

National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—American Journal of Psychiatry

Noah

Seeks to provide answers to some of the most common questions about Noah's ark, from whether the flood was global or not to how the boat itself was constructed.

The Lie

Here is the revised, expanded, and updated edition for the 25th anniversary year. Its message of biblical authority is even more relevant today. This anniversary edition is an even more powerful, eye-opening book for the church! Ken Ham once again takes the lead in pointing out the looming precipice that thousands of church leaders are rushing toward; a denial of the full authority and accuracy of the Bible from its very first verse. Originally published in 1987, *The Lie* took a bold stand which became prophetic.

Ken warned the church about the destructive effects of compromise with evolutionary/millions-of-years ideas. He warned that compromise in Genesis would undermine Scriptural authority in the culture and erode confidence in the infallibility of God's Word. Today, Christians increasingly doubt the Bible's reliability. So then do those who are considering placing their faith in Jesus, the Creator. The issues are of critical importance when you realize that today we have Christians not only confused when it comes to Genesis and the age of the earth, but now even the reality of hell, Adam as a real person, and Christ's own words about creation, marriage, and more. One compromise just leads to another, and it has to end if we want to leave a legacy of faith to future generations! --

Already Gone

NATIONWIDE POLLS AND DENOMINATIONAL REPORTS ARE SHOWING THAT THE NEXT GENERATION IS CALLING IT QUILTS ON THE TRADITIONAL CHURCH.

Four Views on Creation, Evolution, and Intelligent Design

Evolution--or the broader topic of origins--has enormous relevance to how we understand the Christian faith and how we interpret Scripture. Four Views on Creation, Evolution, and Intelligent Design presents the current "state of the conversation" about origins among evangelicals representing four key positions: Young Earth Creationism - Ken Ham (Answers in Genesis) Old Earth (Progressive) Creationism - Hugh Ross (Reasons to Believe) Evolutionary Creation - Deborah B. Haarsma (BioLogos) Intelligent Design - Stephen C. Meyer (The Discovery Institute) The contributors offer their best defense of their position addressing questions such as: What is your position on origins - understood broadly to include the physical universe, life, and human beings in particular? What do you take to be the most persuasive arguments in defense of your position? How do you demarcate and correlate evidence about origins from current science and from divine revelation? What hinges on answering these questions correctly? This book allows each contributor to not only present the case for his or her view, but also to critique and respond to the critiques of the other contributors, allowing you to compare their beliefs in an open forum setting to see where they overlap and where they differ.

Adam and His Kin

Drawing on linguistics, archeology, astronomy, the Bible, and other history, Dr. Ruth Beechick writes an enlightening and entertaining history of Adam and his offspring.

Uncharted

Renowned rock drummer Bill Bruford analyzes the creative processes of drumming, using his own-- and other famous musicians'-- expertise and insights

The Riot and the Dance Adventure Book

Join in the glorious uproar of creation with The Riot and the Dance Adventure Book, adapted from the boisterous new nature documentary by bestselling children's author N.D. Wilson. Now you can follow along with Dr. Gordon Wilson as he traverses our planet, basking in God's masterpieces whether he's catching wildlife in mountain ponds or in the jungles of Sri Lanka. (Yeah, he did get bitten, but not by the cobra.) Beautiful photos and powerful narration will open your eyes to the extraordinary glory found all over the animal kingdom, starting with your own back yard. As a student, Gordon Wilson was told he'd never be a "real" biologist unless he stopped blabbing about all that Creator-creature nonsense. Now, Gordon is the Senior Fellow of Natural History at New Saint Andrews College and the author of The Riot and the Dance, a textbook for high school and undergraduate biology students.

Blue Like Jazz

A popular minister recounts his zealous early life pursuit of the Christian life and his experiences of emptiness and spiritual detachment, tracing his quest to connect with a God he perceived as distant.

Fresh Wind, Fresh Fire

MORE THAN ONE MILLION COPIES SOLD For anyone seeking to live at the center of God's purposes, this well-loved book points the way to new spiritual vitality in the church and in your own life. A classic must-read for readers looking for hope and transformation in the church today, Fresh Wind,

Fresh Fire shows what the Holy Spirit can do when believers get serious about prayer and the gospel. As this compelling book reveals, God moves in life-changing ways - calling us back from spiritual dead ends, apathy, and lukewarm religion - when we set aside our own agendas, take him at his word, and listen for his voice. Pastor Jim Cymbala knows from personal experience. Back in the early 1970s his own church, the Brooklyn Tabernacle, was a struggling congregation of twenty. Then they began to pray, God began to move, and street-hardened lives by the hundreds were changed with the love of Christ. Today, they are nearly ten thousand strong. In this twentieth anniversary edition, Cymbala updates the classic stories, including that of his own daughter, Chrissy Cymbala Toledo. He talks about how the church has grown and how God helped the church move from its location on Flatbush Avenue to a larger facility that the growing church couldn't "afford" as God continues to dramatically reshape the life stories of so many people who encounter Christ and the power of the gospel. This message of hope and transformation continues. Also available in Spanish, Fuego vivo, viento fresco.

Wild at Heart

John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be-dangerous, passionate, alive, and free.

Dinosaurs of Eden

This book will transport you on a breathtaking journey through the "time-gate" of the Bible--projecting you back to the Garden of Eden and to the real world inhabited by dinosaurs.

Apologetics Study Bible for Students

Like the acclaimed Apologetics Study Bible that has sold 115,000+ copies, the Apologetics Study Bible for Students will anchor younger Christians in the truths of Scripture by equipping them with thoughtful and practical responses for whenever the core issues of their faith and life are challenged. Multiple research studies have shown that spiritual focus often weakens among teenagers as they head into the attention-dividing realm of young adulthood. Up to 66% of them leave church altogether. The Apologetics Study Bible for Students works against that trend by helping this audience begin to better articulate its beliefs. In addition to the complete HCSB text and dozens of articles collected from today's most popular youth leaders, including general editor Sean McDowell, this new study Bible also includes: • Two-color design-intensive layout on every page for the visual generation • Sixty "Twisted Scriptures" explanations • Fifty "Bones & Dirt" entries (archaeology meets apologetics) • Fifty "Notable Quotes" • Twenty-five "Tactics" against common anti-Christian arguments • Twenty "Personal Stories" of how God has worked in real lives • Twenty "Top Five" lists to help remember key apologetics topics

Spurgeon's Sermons

Peek inside a dinosaur egg, discover what dinosaurs really ate, and learn how dinosaur tracks are made - all in this awesomely illustrated book! Dinosaurs for Kids shares the unique world of dinosaurs and their true history like never before as you: meet the most unusual creatures to ever walk the earth, stalk the seas, or soar across the sky! discover how dinosaur bonebeds are made, and other kinds of fossils beyond just bones! learn the truth behind museum exhibits and flawed evolutionary timelines! Within these pages kids will uncover the facts about dinosaur history from the Creation to recent discoveries. Let Ken Ham take you on a journey through time to explore these awesome wonders of God's design. From where dinosaurs lived to what scientists assume they know about these great creatures, dinosaurs have never been this exciting, revealing and simply amazing! The 7 Fs of dinosaur history: formed, fearless, fallen, flood, faded, found, fiction.

Dinosaurs for Kids

Popular questions with answers that are both plausible and faith-strengthening in a unique resource willing to answer confusing questions with fresh insights.

Did Adam Have a Belly Button?

A Clear Guide to Help Readers Understand Why They Can Trust the Bible We are often told we can no longer assume that the Bible is trustworthy. From social media memes to popular scholarship, so many attacks have been launched on the believability of Scripture that many have serious questions about the Bible, such as: Did Jesus actually live? Did the biblical writers invent their message? How can we trust the gospels since they were written so long after Jesus lived? How can we believe a Bible that is full of internal contradictions with itself and external contradictions with science? Aren't the biblical manuscripts we have just copies of copies that are so corrupted they don't represent what the original authors wrote? Why should we believe the books that are in the Bible, since many good ones were left out, like the Gospel of Thomas? Why trust the Bible when there are so many contradictory translations of it? If you find yourself unable to answer questions such as these, but wanting to, *Why I Trust the Bible* by eminent Bible scholar and translator William Mounce is for you. These questions and more are discussed and answered in a reasoned, definitive, and winsome way. The truth is that the Bible is better attested and more defensible today than it ever has been. Questions about the Bible are perhaps the most significant challenge confronting Christian faith today, but they can be answered well and in a way which will lead to a deeper appreciation for the truth and ongoing relevance of the Bible.

Why I Trust the Bible

It seems we wake each day to a world engulfed in chaos and confusion... a society mired in godlessness and humanism... and families struggling to guide their children in faith. Yet, God gave us the answer... His Holy Word. Begin as He recorded for us to begin, with Genesis. After many years of teaching and speaking on the importance of foundational faith, leading apologetics author Ken Ham of *Answers in Genesis* has created a clear and powerful study that helps root families and young or struggling believers in biblical truth. He makes it easy to build a vital Genesis-founded worldview in this simple yet profound study that explores the importance and implications of pivotal events, verse by verse, from Creation to Babel. Discover important context to answer relevant faith questions Easy-to-understand exploration of the biblical text The essential guide to laying a faith-foundational view Faith without a strong foundation crumbles in the face of today's relentless cultural rejections. Christians, young and old, will find the strong foundation they need in the biblical bedrock of Genesis.

Creation to Babel

This classic book explains how dinosaurs fit into the biblical story of creation. Newly revised to reflect recent scientific findings.

The Great Dinosaur Mystery and the Bible

A fresh and compelling look at wild and awesome examples of weather in this revised and updated book in the *Wonders of Creation* series! Did you know the hottest temperature ever recorded was 134° F (56.7° C) on July 10, 1913 in Death Valley, California? The highest recorded surface wind speed was in the May 3, 1999, Oklahoma tornado, measured at 302 mph (486 kph)! The most snow to fall in a one-year period is 102 feet (3,150 cm) at Mount Rainier, Washington, from February 19, 1971 to February 18, 1972! From the practical to the pretty amazing, this book gives essential details into understanding what weather is, how it works, and how other forces that impact on it. Learn why storm chasers and hurricane hunters do what they do and how they are helping to solve storm connected mysteries. Discover what makes winter storms both beautiful and deadly, as well as what is behind weather phenomena like St. Elmo's Fire. Find important information on climate history and answers to the modern questions of supposed climate change. Get safety tips for preventing dangerous weather related injuries like those from lightning strikes, uncover why thunderstorms form, as well as what we know about the mechanics of a tornado and other extreme weather examples like flash floods, hurricanes and more. A fresh and compelling look at wild and awesome examples of weather in this revised and updated book in the *Wonders of Creation* series!

The New Weather Book

Every day that we interact with the world, we are in a battle. At stake is the eternal destiny of the souls of our friends, family members, and coworkers. It is a battle we wage not only in prayer but also in words. When we are faced with objections to the faith we profess, are we ready to respond? Apologist and evangelist Ray Comfort has spent his entire career answering objections to the faith, and he wants

you to be equipped to do the same. In this practical book, he shows you how to answer 20 objections to Christianity, including questions such as - What physical proof is there that God even exists? - Why does a "loving" God threaten eternal torture for not believing in him? - If there's an all-powerful God, why is the world so out of control? Don't go into battle unarmed. Let Ray Comfort train you to be ready with an answer, not so you can be right, but so you can help bring people from darkness into light.

Faith Is for Weak People

The Chronology of the Old Testament has one goal to accomplish: to demonstrate "that every chronological statement contained in the Sacred Writ is consistent with all other chronological statements contained therein." Author Floyd Nolen Jones carefully and thoroughly investigates that chronological and mathematical facts of the Old Testament, proving them to be accurate and reliable. This biblically sound, scholarly, and easy-to-understand book will enlighten and astound its readers with solutions and alternatives to many questions Bible scholars have had over the centuries. Features: Scriptural solutions to many biblical mathematical controversies Sir Robert Anderson's calculation error corrected The 483-year prophecy of Daniel 9:25 explained A scriptural formula which biblically synchronizes the kingdoms of Judah and Israel 48 charts, graphs, and diagrams included in text Fully indexed with complete bibliography Supports and updates James Ussher's Annals of the World With reliable explanatory text, detailed charts, and diagrams, this book provides a systematic framework of the chronology of the Bible from Genesis through the life of Christ. No Bible scholar should be without this indispensable reference tool.

Chronology of the Old Testament

This book comprehensively surveys the origin, production and reception of the canonical gospels in the early church. The discussion unfolds in three steps. Part One traces the origin of the 'gospel' of Jesus, its significance in Jewish and Hellenistic contexts of the first century, and its development from eyewitness memory to oral tradition and written text. Part Two then more specifically examines the composition, design and intentions of each of the four canonical gospels. Widening the focus, Part Three first asks about gospel-writing as viewed from the perspective of ancient Jews and pagans before turning to the question of reception history in the proliferation of 'apocryphal' gospels, in the formation of the canon, and in the beginnings of a gospel commentary tradition.

The Written Gospel

The evidence behind the hit movie! God's Not Dead is apologetics for the twenty-first century, presented in clear and easy-to-follow terms. Learn to defend your faith in a world that's determined to tear it down. The goal of God's Not Dead is straightforward: to help readers develop a faith that is real and credible—and strong enough to help others find faith in God. Author Rice Broocks outlines a roadmap that guides seekers to acknowledge the most basic truths of Christianity: There is overwhelming and exciting evidence for God's existence The God who exists is indeed the God of the Bible God has revealed his nature through his Son, Jesus Christ As shown during the movie, this is the original book on which the main character bases much of his debate points with his atheistic professor. It contains persuasive arguments crafted with tools borrowed from logic, science, philosophy, and scripture that will solidify your faith and provide starting points for discussions with skeptics. With clear, easy-to-follow explanations of key concepts and controversies, God's Not Dead is modern apologetics presented in layman's terms. You will be empowered not only to talk about your own faith with confidence, but to lead others to a relationship with Jesus.

God's Not Dead

The second book in the best-selling Complete Adventure series is designed by the creative folks at Answers in Genesis. This unique "field trip in a book" focuses on the exciting new Creation Museum just 7 miles west of the Cincinnati/Northern Kentucky International Airport. Visitors explore dinosaur exhibits, video theaters, a petting zoo, a state-of-the-art planetarium and much more.

The Complete Creation Museum Adventure

What can be accomplished in an ordinary man who trusts in an extraordinary God? George Müller discovered the endless possibilities! These excerpts from his diary allow Müller to tell his own story. Join him on his journey from a life of sin and rebellion to his glorious conversion. Share his struggles

and triumphs as he establishes orphan homes to care for thousands of English children, depending on God's response to his prayer of faith to supply all things. You will learn how to: Pray in faith and receive answers Seek God for direction Find the ultimate purpose for your life Rest in God's loving care George Müller's unwavering, childlike dependence upon his heavenly Father will inspire you to confidently trust the God of the impossible in every area of your life.

The Autobiography of George Muller

Dinosaurs are fascinating creatures that kids simply adore, and even the youngest believer can recite the biblical story of Noah and his ark. Now discover how to answer some of kids' most interesting questions about dinosaurs and Noah's ark like: How did all the dinosaurs fit on the ark? How did Noah keep the animals on the ark from eating each other and his family? Where did all the water go after the Flood? Why aren't there fossils of humans from Noah's flood? Answers are important. If children aren't given answers to their questions about the Bible and the history it reveals, they cannot defend their faith against a secular worldview in a fallen world. The new Answers Book for Kids series is a unique collection from Ken Ham and the creative team at Answers in Genesis. This is a necessary resource in your homeschool or Church's Sunday School. This is the 2nd book of a 4 volume set.

The Answers Book for Kids Volume 2

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Presents a biblical perspective on the issue of racism, arguing that belief in evolution has caused the debate, and looking at Bible verses that proclaim all humans to be of one blood--the descendants of Adam, the first man.

One Blood

Inerrancy is a collection of essays by fourteen leading evangelical scholars on a wide range of topics related to the doctrine of the inerrancy of the Bible. Footnotes and index are included.

Inerrancy

Volume 1 of a trilogy, the disturbing premise of this book documents widespread discrimination by Darwin loyalists against Darwin skeptics in academia and within the scientific community. Multiple case studies expose the tactics used to destroy the careers of Darwin skeptics, denying them earned degrees and awards, tenure, and other career benefits offered to non-skeptics. The book exposes how freedom of speech and freedom of expression are widely promoted as not applicable to Darwin doubters, and reveals the depth and extent of hostility and bigotry exhibited towards those who would dare to question Darwinism. The book also shows how even the slightest hint of sympathy for Darwin Doubters often results in a vigorous and rabid response from those who believe such sympathies represent an attack on science itself.

Slaughter of the Dissidents

Both believers and non-believers who are looking for answers to life's hard questions will find this an engaging and thought-provoking book, which defines each term, historical person, event, or doctrine as it arises, rather than relying on a presupposition to prior acquaintance with Christian history, vocabulary, or beliefs.

Answers for Atheists, Agnostics, and Other Thoughtful Skeptics

A dynamic and constructive contribution to the discussion about faith and the new atheism. Apologetics is a key area of Christian theology, especially in an increasingly secular society. The authors explore what it means to do apologetics in an Anglican context.

Imaginative Apologetics
