Intro

11-3-13 we all pitched in for a one day build on our Aunt and Uncle's place.

Placed it on skids to give them the ability of mobility in the future.

Height of 10ft in front 8ft in back

Great weather, 50 degrees and sunny in Novemb

Five people, 8 hours, air and power tools.

Steel roof

Ready for paint and stain.

We learned from previous builds to not side all the way up to allow wind to escape...prevents tip over.
4ft anchors into the ground for stability if needed.

Wonderful project for our family.
