JLS: Forever and a Day

Since forming in 2007, JLS have achieved everything they'd hoped for and more. From four smash-hit albums and five number one singles, to BRIT and MOBO awards and sell-out tours, Oritsé, Marvin, JB, and Aston have proved themselves as one of Britain's biggest boybands ever. But all good things come to an end and in this, their last ever official book together, the boys share their favourite memories with the people they love most: their fans. Inside, they reflect on everything they've experienced in the last six years, as a band and in their own personal lives, while sharing exclusive photos and the secrets they've kept. Find out how they feel about juggling family and finding love with life on the road and recording in the studio; how special it feels to step out on stage in front of thousands of fans and why choosing to part from the best friends they could have ever found was the hardest decision of all. The highs, the lows; the good times and bad, this is JLS like you've never seen them before. Older, wiser and hotter than ever, this is their final farewell and a treasured keepsake for years to come.

Forever And A Day

Lynette, Charmaine and Gwen all worked in the county administrative office. Everyone thought Lynette had it all. She never thought about herself, she'd become everybody's pleasure unit. Gwen was the only daughter of a widow who lived her life for the church. She knew her lot in life was to be an obedient wife and daughter, that is, before she is told a secret that shatters her whole world. Charmaine was the girl who just wanted to have fun. She has allowed people to think the worst of her to save the reputation of her lover. Two of the three gets what she wants out of life. The third has to follow a journey of discovery about herself and the people she cares about most.

Forever and a Day

Em and Al were best friends, seven years ago. They loved each other in their own way. Something happened. Something terrible that changed everything. Everything fell apart. They fell apart. Now, after seven years, Em is a bestselling writer looking for her next inspiration. She is unaware of the beautiful mess that awaits her, when she crosses words with Al again. She revisits her anger, frustration and annoyance all over again. But can Em revisit her love for Al again? Can she forgive him? Or they have changed way more than they think they have.

Forever and a Day

Terbangun tanpa mengetahui siapa jati dirinya, Robinson Crusoe, adalah satu-satunya nama yang mampu diingatnya. Ditolong oleh seorang wanita cantik berambut merah, yang membawanya ke perkampungan kumuh Five Points, membuat Robinson mengarungi babak baru kehidupan yang tak pernah dikenalnya. Georgia Milton merasa bertanggung jawab atas seorang pria yang berusaha menyelamatkan tasnya dari seorang pencopet. Di tengah kesulitan hidupnya sendiri, dia juga harus berjuang untuk mencari keluarga pria yang telah kehilangan ingatannya itu. Namun, dia tidak siap menghadapi gairah yang disulut oleh pria itu dari dalam dirinya. Ketika ingatan Robinson telah kembali, dan pria itu tak lain adalah Roderick Gideon Tremayne, calon Duke of Wentworth berikutnya, seluruh dunia Georgia menjadi terancam. Roderick pun harus memilih antara kehidupan yang dia lupakan atau kehidupan yang tidak pernah dia ketahui keberadaannya....

HR: Forever and A Day

Grace is starting over in Lucky Harbor, working as a dog walker for Dr. Josh Scott, a single father. When the nanny doesn't show up and Grace starts taking care of Josh's son, a romance is not far off.

Forever and a Day

Weatherton-native Jacob Grayson finally has life exactly how he wants it to be: a nice job, a gorgeous apartment, and a brand new start in Chicago. He appears fine on the outside, but beneath layers of thick skin lies a pain bigger than his seemingly-perfect life. Jacob journeyed hundreds of miles from home

not only took him from the place he called home. He was also running from the pain of a bad childhood, the unexpected death of his beloved mother, and the estrangement of his father that caused him years of pain and self-destruction. In the midst of suddenly losing everything, Jacob finds himself far from the quality of life he once knew and places him at a crossroads. One road leads to deeper depression and possibly death, while the other leads him on the path to redemption and an unexpected reunion with his dying father. Forever and a Day

More than one year on the New York Times bestseller list! Richard Bach's timeless and uplifting classic of hope and love "We're the bridge across forever, arching above the sea, adventuring for our pleasure, living mysteries for the fun of it, choosing disasters triumphs challenges impossible odds, testing ourselves over and again, learning love and love and love!" "The opposite of loneliness, it's not togetherness. It is intimacy." "Look in a mirror and one thing's sure: what we see is not who we are." "Next to God, love is the word most mangled in every language. The highest form of regard between two people is friendship, and when love enters, friendship dies." "There are no mistakes. The events we bring upon ourselves, no matter how unpleasant, are necessary in order to learn what we need to learn; whatever steps we take, they're necessary to reach the places we've chosen to go."

Forever and a Day

This open access book considers science and empire, and the stories we tell ourselves about them. Using British Nobel laureate Ronald Ross (1857-1932) and his colleagues as access points to a wider professional culture, *Empire Under the Microscope* explores the cultural history of parasitology and its relationships with the literary and historical imagination between 1885 and 1935. Emilie Taylor-Pirie examines a wealth of archival material including medical lectures, scientific publications, popular biography, and personal and professional correspondence, alongside novels, poems, newspaper articles, and political speeches, to excavate the shared vocabularies of literature and medicine. She demonstrates how forms such as poetry and biography; genres such as imperial romance and detective fiction; and modes such as adventure and the Gothic, together informed how tropical diseases, their parasites, and their vectors, were understood in relation to race, gender, and nation. From Ancient Greece, to King Arthur's Knights, to the detective work of Sherlock Holmes, parasitologists manipulated literary and historical forms of knowledge in their professional self-fashioning to create a modern mythology that has a visible legacy in relationships between science and society today.

"Six million people in America suffer from bipolar disorder. Joan Child's daughter, Pamela, suffered from bipolar, bouncing from doctor to doctor in search of treatment. Yet the demons great louder, and on a summer day in July 1998, the same day that the Oprah Winfrey showed aired a segment on Bipolar Disease, Joan Childs' 34-year-old-daughter leaped to her death from the window of her father's 15-story apartment. An Angel to Remember is her mother Joan's haunting story of grief and guilt, yet it is a beautiful story of love and the courage to find peace and purpose once again. With brutal honesty and vivid detail, Joan recalls how the entire family became entangled with Pam's illness as they watched her dive deeper into the darkness where no one could reach her. Ironically, Pam and Joan were both psychotherapists yet, with all their credentials and medical knowledge, Pam still could not be saved. An Angel to Remember masterfully looks back even as it looks forward. Written with vivid memories of Pamela's troubled yet loving life and the final days of her funeral and shiva (a 7-day mourning period in Judaism), the story will break your heart and then mend it again. Heart-breaking, hopeful and horrifying, *I Shall Not Hate* is a Palestinian doctor's inspiring account of his extraordinary life, growing up in poverty but determined to treat his patients in Gaza and Israel regardless of their ethnic origin. A London University- and Harvard-trained Palestinian doctor who was born and raised in the Jabalia refugee camp in the Gaza Strip and 'who has devoted his life to medicine and reconciliation between Israelis and Palestinians' (New York Times), Abuelaish is an infertility specialist who lives in Gaza but works in Israel. On the strip of land he calls home (where 1.5 million Gazan refugees are crammed into a few square miles) the Gaza doctor has been crossing the lines in the sand that divide Israelis and Palestinians for most of his life - as a physician who treats patients on both sides of the line, as a humanitarian who sees the need for improved health and education for women as the way forward in the Middle East. And, most recently, as the father whose three daughters were killed by Israeli shells on 16 January 2009, during Israel's incursion into the Gaza Strip. It was his response to this tragedy that made news and won him humanitarian awards around the world. Instead of seeking revenge or sinking into hatred, Izzeldin Abuelaish called for the people in the region to start talking to each other. His deepest hope is that his daughters will be 'the last sacrifice on the road to peace between Palestinians and Israelis'.
