Twin Souls

TWIN SOULS is the story of the greatest love the world has ever known. The idea that none of us is truly alone, that everyone has a complimentary order of the opposite sex, has been a prevailing belief throughout the ages. From Plato's story of the Hermaphrodite who was split in two, eternally fated to search ceaselessly for its other half, to Schopenhauer's theories of soul attraction, the notion of twin souls has always been central in any metaphysical speculation on the evolution of humankind.

Bring Him Home

Bring Him Home tells the true story of a charismatic author's twin flame love affair with an extraordinary woman. Divinely guided to meet the woman of his dreams, his immediate attraction to her transcends her physical beauty. Their minds, hearts, and souls become utterly intertwined as the two lovers embark on a transformative journey.

Twin Flames

A Lycan descendant of Gilgamesh and Enkidu, Tristan is not as extraordinary as his ancestors. He is an average warrior, unremarkable throughout. But this fact does not trouble him because he has found his Twin Flame, the one person destined to be his, who will love him unconditionally, life after life. Then his Flame betrays him, leaving him shattered and dying. Brokenhearted, Tristan dissolves the sacred bond and leaves. His best friend, Ushna, accompanies him, vowing to guard and protect him, and Tristan slowly comes to realize that love does not require a sacred bond. But if he hopes to keep the love he chooses, they will first have to survive ancient secrets, lies, mythical creatures, and the return of absent gods... Note: Sumeria's Sons is a paranormal urban fantasy that slowly unveils the lost myths and legends of the modern day Lycan people. This series does eventually feature an mpreg relationship, but it is not the sole focus of the plot. This book was previously released by another publisher. Only light editing changes have been made to this book.

Twin Flames Exposed

Welcome to the TRUTH... Your soul led you here. Your soul is orchestrating everything, and it wants nothing more than for you to be with your twin flame. Unfortunately, most of what you think you know about twin flames isn't true...and believing it is actually keeping you and your twin flame apart. In her debut book, TWIN FLAMES EXPOSED, author and twin flame facilitator, Elle Hari, reveals the most common myths and misinformation that are constantly being spewed by so-called experts regarding twin flames, and how these untruths are actually keeping you and your twin flame physically apart or stuck in the frustrating push/pull relating dynamic. The first book in a series, it also acts as a prelude to - and essential first step along - the process of magnetizing your twin flame (back) into your physical life for good. Forget about stages, clearing karma, healing or any of that other nonsense. You can be with your twin flame when YOU'RE ready to do so...even if you've NEVER met your twin flame, aren't sure if you've met your twin flame, aren't on speaking terms with your twin flame or your twin flame is seeing someone else. As you resonate with what's contained in this book, you'll release your limiting beliefs and open the door to the process of aligning with your self and your twin flame. YOU are in

charge of being with your twin flame, and there's only one way to do that...through the soul. You will finally understand why there's so much confusion and turmoil regarding twin flames, and how to begin the process of relating with your twin flame in the way you truly desire. Although this book is written in a refreshing, straight up, down-to-earth and less "woo-woo" style than most books in this genre, make no mistake...this book holds the key to opening the ONLY door that could make a stable physical relationship with your twin flame possible in this lifetime.

Souls on Fire: Memoirs of a Twin Flame True Love Journey (Part 1)

"...electricity built between us, and around us, in the interior of the car. We leaned toward each other. Our lips met. Lightning struck, and I couldn't breathe. The Earth I lived on came unglued at the equator, each hemisphere twisting violently in opposition to the other, before clunking back together with a deep finality..." Disenchanted with her personal life and faced with mounting career pressures, 39-year-old Michelle Black dreams of escape. But the high-octane finance professional and mother of two is ashamed to admit the depth of her struggles. Michelle's frustration intensifies when her fumbling attempts to ask for help go unheeded. Then, work goes from bad to worse. Desperate to relieve the bleakness inside, Michelle turns to unspoken addictions and dangerous behaviors for a balm to her wounded soul. When the band-aids fail, what can she do next? In this first volume of the Souls on Fire novella series, a clandestine meeting between two people ends with a kiss that changes everything. Unaware of the journey they've set upon together, or the choices they made that forever entwined their paths, they return to their fractured lives only to discover that nothing is as it seems to be.

You Only Fall in Love Three Times

Discover the three types of love--and the key to finding the one you're truly meant to be with. We love and we love again -- sometimes our hearts get broken but, somehow, we find the courage to dive back in. In this soul-searching book, relationship expert Kate Rose guides readers down the path to a deeper understanding of who they are, what they want, and finally, to the discovery of their Twin Flame. According to Rose, love is a journey of self-discovery and every relationship we have in our lives teaches us something that we need to learn about ourselves and what will make us truly happy. She introduces readers to the three types of love we will all experience: The Soulmate introduces us to the dream of love, but somehow what seemed like it would be "happily ever after" wasn't meant to last forever. We are so consumed with making The Karmic Love work that we often fail to question whether it should work. As painful as it is to accept, this love that felt so right in the beginning is actually all wrong. The Twin Flame comes into our lives and often we don't even know it's love because . . . it's too easy. This is the love who helps us to accept ourselves just as we are because this is precisely what they do. In *You Only Fall in Love Three Times*, Kate Rose shows us that happy endings may not happen quite the way they do in fairytales-- but they happen nonetheless.

But then, I remember his gentleness towards me every time he addresses me, I can't seem to forget his honesty and the way he looks in my eyes. When Taurus looks into my eyes, I see him seeing me. I see him too. When you meet The One, it is ridiculously heartwarming. My heart swells when I hear someone say his name. I listen intently when a story about him comes up because I want to absorb all the details. It is very challenging to try to hide feelings for someone you love. I have learned this for the past two years of living life without seeing him. I miss him every day.

Divine Union

The Twin Flame journey is indeed a battle within the self. You feel the process refining itself within you. When you chase a Twin Flame, you feel the emptiness within you. You know that you have issues to confront within yourself. I struggled with accepting my pain; I had abandonment issues, insecurity, fear, core wounding, and accumulated past pain to confront. I had to find inner peace. I had to unite myself from within. I had to accept the nature of my Twin Flame situation. I surrendered to the divine to guide me through the course of my journey. I embraced unconditional love within my life. I accepted that my life will never be the same after our initial encounter. Before you pursue a physical Union with your Twin Flame, you have to first confront yourself. The Twin Flame process opens you up -- It sheds light in every part of your Soul. It exposes parts of yourself that you had hidden away both from yourself and the world. You have to confront parts of yourself that you thought were unlovable. You have to travel back within yourself and hug your inner child. You stare into the darkest parts of yourself. You purge emotional pain lodged within you. You embrace yourself. You heal your core wounding. You feel a reckoning. I found it challenging to confront my pain at first. I was scared of confronting my fears. I felt very uncomfortable going back into myself. I was overwhelmed by the vulnerability that I felt. I felt disarmed. This is also partly the reason why I ran from my Twin Flame. I wished that I was never triggered into the Spiritual Awakening. I was experiencing all kinds of emotional chaos. I partly blamed my Twin Flame for triggering the pain that I felt. I was naive about Twin Flames. It does not matter whether you accept or deny the nature of your Twin Flame process. You will experience an Awakening in every aspect of your life. You will transform Spiritually, Energetically, Psychologically, and Emotionally.

You will evolve into your authentic self. A Twin Flame Union first takes place within you. You are the center of your Twin Flame experiences. Everything revolves around you. You are the answer to all the questions that you have. You possess the inner power to feel in control of yourself. You are capable of self-love and so much more. You are love. You are light. When I finally healed my core wounding. I felt free of fear. I felt united within. My new energetic vibration instantly boosted the connection to my Twin Flame. It also improved our energetic vibration. I felt an upset in our energetic vibration as well. My Twin Flame was struggling to balance his energy within himself. It affected my emotional wellbeing. I was thrown into a quick phase of energetic cleansing on behalf of my Twin Flame. I also cleansed any residue of pain within me from my previous healing process. Sometimes I felt his pain. I would feel heartaches. Sometimes I could burst into tears to relieve the pain. I learned that when his pain came through me, I had to let it pass. The Twin Flame energy is an ebb and flow: You balance each other. You both operate as a single energetic unit. My Twin Flame healed his energy finally. It took over six months of emotional turbulence. When my Twin Flame balanced his energy within himself, I felt the energetic harmony. Our hearts started radiating love towards each other. We merged in energy. I felt the Oneness. You are already in Union with your Twin Flame in the Soul. Twin Flame separation is an illusion indeed. Both Twin Flames have first balance their energy within themselves to feel the Inner Union of the shared energy. Stay Blessed!
