An Invitation to Explore the Viaducts of Our Minds

America during the seventies as portrayed by Wes Craven, Peter Watkins, Hubert Selby, Jr., Philip K. Dick, Gustav Hasford and George A. Romero is analyzed. The rhetorical device allegory, Barthes's concept of mythology and Foucault's concept of power relations are utilized in order to expose a discussion of the body under siege.

The Artist as Monster

The first systematic examination in English of Cronenberg's feature films, from Stereo (1969) to Crash (1996).

J.G. Ballard

A comprehensive account of the work of J.G. Ballard, one of the most important fiction writers of the past forty years. Traces the development of his career, and the significant contribution he has made to contemporary writing.

New Takes in Film-Philosophy

This collection displays a range of approaches and contemporary developments in the expanding field of film-philosophy. The essays explore central issues surrounding the conjunction of film and philosophy, presenting a varied yet coherent reflection on the nature of this conjunction.

Princeton Alumni Weekly

A mind-expanding dive into a lost chapter of 1968, featuring the famous and forgotten: Van Morrison, folkie-turned-cult-leader Mel Lyman, Timothy Leary, James Brown, and many more Van Morrison's Astral Weeks is an iconic rock album shrouded in legend, a masterpiece that has touched generations of listeners and influenced everyone from Bruce Springsteen to Martin Scorsese. In his first book, acclaimed musician and journalist Ryan H. Walsh unearths the album's fascinating backstory--along with the untold secrets of the time and place that birthed it: Boston 1968. On the 50th anniversary of

that tumultuous year, Walsh's book follows a criss-crossing cast of musicians and visionaries, artists and hippie entrepreneurs, from a young Tufts English professor who walks into a job as a host for TV's wildest show (one episode required two sets, each tuned to a different channel) to the mystically inclined owner of radio station WBCN, who believed he was the reincarnation of a scientist from Atlantis. Most penetratingly powerful of all is Mel Lyman, the folk-music star who decided he was God, then controlled the lives of his many followers via acid, astrology, and an underground newspaper called Avatar. A mesmerizing group of boldface names pops to life in *Astral Weeks*: James Brown quells tensions the night after Martin Luther King, Jr. is assassinated; the real-life crimes of the Boston Strangler come to the movie screen via Tony Curtis; Howard Zinn testifies for Avatar in the courtroom. From life-changing concerts and chilling crimes, to acid experiments and film shoots, *Astral Weeks* is the secret, wild history of a unique time and place. One of LitHub's 15 Books You Should Read This March

Astral Weeks

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States (1789-1824)*, the *Register of Debates in Congress (1824-1837)*, and the *Congressional Globe (1833-1873)*

The Builder

Cambridge's Jacques Heyman provides a thorough and intuitive understanding of masonry structures, such as arch bridges, Greek temples, and Gothic cathedrals. Although his approach is firmly scientific, Heyman does not use complex mathematics. Instead, he introduces the basis of masonry analysis, then considers individual structures, through lucid and informative text. 5 photos. 100 line diagrams. 3 tables.

Herapath's Railway Magazine, Commercial Journal, and Scientific Review

Sometimes it takes an outsider to capture the essence of an individual place. The impressions of travelers in particular have a special allure—unanticipated and serendipitous, their views get to the heart of a particular region because nothing to them is routine or expected. First published in 1933 by the University of Chicago Press to mark the occasion of the Century of Progress Exhibition, *As Others See Chicago* consists of writings culled from over a thousand men and women who visited the city and commented on the best and worst it had to offer, from the skyscrapers to the stockyards. Originally compiled by Bessie Louise Pierce, the first major historian of Chicago, and featuring her own incisive commentary, the volume brings together the impressions of visitors to Chicago over two and a half centuries, from the early years of Westward Expansion to the height of the Great Depression. In addition to writings from better known personalities such as Rudyard Kipling and Waldo Frank, the book collects the opinions of missionaries, aristocrats, journalists, and politicians—observers who were perfectly placed to comment on the development of the city, its inhabitants, and well known events that would one day define Chicago history, such as the Great Fire of 1871 and the 1893 World's Fair. Taking us back to a time when Chicago was "more astonishing than the wildest visions of the most vagrant imaginations," *As Others See Chicago* offers an enthralling portrait of an enduring American metropolis.
