The English Works of Thomas Hobbes

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The English Works of Thomas Hobbes of Malmesbury

Excerpt from The English Works of Thomas Hobbes, Vol. 6: Of Malmesbury; Now First Collected and Edited Philosopher. I say not that; for all study is rational, or nothing worth: but I say, that the great masters of the mathematics do not so often err as the great professors of the law. L. If you had applied your reason to the law, perhaps you would have been of another mind. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The English Works of Thomas Hobbes, Vol. 6

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1839 edition. Excerpt: ... Part iv. a certain fruition of good or evil; as anger is aver DEGREES--r DEGREES---sion from some imminent evil, but such as is joined and wiil," what with appetite of avoiding that evil by force. But because the passions and perturbations of the mind are innumerable, and many of them not to be discerned in any creatures besides men; I will speak of them more at large in that section which is concerning man. As for those objects, if there be any such, which do not at all stir the mind, we are said to contemn them. And thus much of sense in general. In the next place I shall speak of sensible objects. CHAPTER XXVI. OF THE WORLD AND OF THE STARS. 1. The magnitude and duration of the world, inscrutable.--2. No place in the world empty.--3. The arguments of Lucretius for vacuum, invalid.--4.. Other arguments for the establishing of vacuum, invalid.--5. Six suppositions for the salving of the phenomena of nature.--6. Possible causes of the motions annual and diurnal; and of the apparent direction, station, and retrogradation of the planets.--7. The supposition of simple motion, why likely--8. The cause of the eccentricity of the annual motion of the earth.--9. The cause why the moon hath always one and the same face turned towards the earth. 10. The cause of the tides of the ocean.--11. The cause of the precession of the equinoxes. The magnitude 1. Consequent to the contemplation of sense is th0d TMrid!onin - the contemplation of bodies, which are the efficient causes or objects of sense. Now every object is either a part of the whole world, or an aggregate of parts. The greatest of all bodies, or sensible objects, is the world itself; which we behold when we look round about us from this point of the same Part iv. which we call the e

The English Works of Thomas Hobbes of Malmesbury

Behemoth, or The Long Parliament is essential to any reader interested in the historical context of the thought of Thomas Hobbes (1588-1679). In *De Cive* (1642) and *Leviathan* (1651), the great political philosopher had developed an analytical framework for discussing sedition, rebellion, and the breakdown of authority. Behemoth, completed around 1668 and not published until after Hobbes's death, represents the systematic application of this framework to the English Civil War. In his insightful and substantial Introduction, Stephen Holmes examines the major themes and implications of Behemoth in Hobbes's system of thought. Holmes notes that a fresh consideration of Behemoth dispels persistent misreadings of Hobbes, including the idea that man is motivated solely by a desire for self-preservation. Behemoth, which is cast as a series of dialogues between a teacher and his pupil, locates the principal cause of the Civil War less in economic interests than in the stubborn irrationality of key actors. It also shows more vividly than any of Hobbes's other works the importance of religion in his theories of human nature and behavior.

The English Works of Thomas Hobbes of Malmesbury; Volume 2

"The" English Works of Thomas Hobbes of Malmesbury

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1839 edition. Excerpt: ... and the person represented by the apostles. As Part Hi. represented by the apostles, the Holy Spirit, by . which they spake, is God; as represented by his Son, that was God and man, the Son is that God; as represented by Moses and the high-priests, the Father, that is to say, the Father of our Lord Jesus Christ, is that God. From whence we may gather the reason why those names Father, Son, and Holy Spirit, in the signification of the Godhead, are never used in the Old Testament: for they are persons, that is, they have their names from representing; which could not be, till divers men had represented God's person in ruling or in directing under him. Thus we see how the power ecclesiastical was left by our Saviour to the apostles; and how they were, to the end they might the better exercise that power, endued with the Holy Spirit, which is therefore called sometimes in the New Testament paracletus, which signifieth an assister, or one called to for help, though it be commonly translated a comforter. Let us now consider the power itself, what it was, and over whom. Cardinal Bellarmine, in his third general contro-The power L Ax. v. Ji i x ecclesiastical versy, hath handled a great many questions con- but the po cerning the ecclesiastical power of the pope oftoteachRome; and begins with this, whether it ought to be monarchical, aristocratical, or democratical: all which sorts of power are sovereign and coercive. If now it should appear, that there is no coercive power left them by our Saviour, but only a power to proclaim the kingdom of Christ, and to persuade men to submit themselves thereunto; and by precepts and good counsel, to teach them that Part in. have submitted, what they are to do, that they 42., may be...

The English Works of Thomas Hobbes of Malmesbury

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1840 edition. Excerpt: ... against their Christi an governors, that command them to preach Christ. To reconcile this seeming contradiction of simple obedience to God, and simple obedience to man, we are to consider aChristian subject, as under a Christian sovereign, or under an infidel. 5' An(* under a Christian sovereign we are to fund- consider, what actions we are forbidden by God funental point i . i , . i i rni of faith and a Almighty to obey them in, and what not. I he uper). m, 10n. actions we are forbidden to obey them in, are such only, as imply a denial of that faith which is necessary to our salvation: for otherwise there can be no pretence of disobedience; for why should a man incur the danger of a temporal death, by displeasing of his superior, if it were not for fear of eternal death hereafter? It must therefore be enquired, what those propositions and articles be, the belief whereof our Saviour or his apostles have declared to be such, as without believing them, a man cannot be saved; and then all other points, that are now controverted, and made distinction of sects, Papists, Lutherans, Calvinists, Arminians, &c. (as in old time, the like made Paulists, Apollonians, and Cephasians), must needs be such, as a man needeth not for the holding thereof, deny obedience to his superiors. And for the points of faith necessary to salvation, I shall call them fundamental, and every other point a superstruction. An explication 6. And without all controversy, there is not any of the points of . i i i /> > i faith, that bo more necessary point to be believed for man s salva lundamental. Jesus is (fog Mcssiak, that is, the Christ; which proposition is explicated in sundry sorts, but still the same in effect; as, that he...
