The Congressman's Daughter

"Any woman who can make a man laugh and want to jump her bones at the same time is more valuable than rubies and pearls." – Rocky Waters, ex-hotshot journalist and unlikely hero

Congressman's Daughter

Thirty-three-year-old William Bradford and his close friend, sixty-year-old Thomas Wingate, are disillusioned with the excessive expenditures of the federal government. They launch a website, www.SaveAmerica.com, to influence government and the voting populace. Bradford and Wingate offer a one million dollar reward to any person who can rid the federal government of the most fiscally irresponsible Congressmen. At intervals, the Save America team, based in Aiken, South Carolina, features a different fiscally irresponsible politician on its site, and those selected will consider almost any requests in exchange for their names and image to be deleted from www.SaveAmerica.com. Senator

Jones is one of these men. He's been on Capitol Hill for five terms and has been a fixture in the Senate for thirty years. A day after his image appears on Save America, Jones is killed and many blame www.SaveAmerica. But donations continue to pour in, providing William and Thomas additional funds to support their effort. While trying to maintain their obscurity, William and Thomas must overcome a host of obstacles to help them attain their goal of curtailing excessive government spending.

One Congressman's Daughter

This is the true story of the amazing works of faith by one of the altruistic and patriotic men in the history of America. Delve into a world of angels, warriors, and wise men. It follows from childhood to adulthood, through devastating tragedies and awe-inspiring triumphs.

The Senator's Other Daughter

This is about a man, his lost love, the imperfect world he lives in, and how he finds his true love after he discovers his true self and life's purpose when he realized that much of the world's imperfections are caused by lack of love for others, fueled by greed and selfishness, which cause social cancer. Anton Hinirang was unhappy for the last twenty-four years, after losing his first and only love, when Marian's parents forced her to marry someone with money and stature. Decades later, not even success could make Anton happy. When his unhappiness was complicated by tragic events that happened to his father and two siblings, caused by his country's social ills, it woke and changed Anton forever. It led to his self-discovery of his life's purpose, which in turn led him to find his true love. In its core, the story is about love, how its absence can render a person's life unhappy and miserable, and how lack of love in people's hearts, especially among leaders, can cause poverty and misery among many in society and the world. Alex Lacson is a bestselling author in the Philippines. He is known as a builder of hope in his country, especially among the youth. Alex believes that love is the answer to most of the problems confronting humanity today; love as expressed in kindness, compassion, generosity, fairness and justice. Though a lawyer by profession, Alex's first passion is writing. He served as a newspaper columnist for seven years. He also worked as editor-in-chief of a lawyers' magazine for a few years before he wrote in 2005 his first book, which became an instant national bestseller in the Philippines. Alex is a graduate of the College of Law, University of the Philippines. In 2002, he took a short summer program at Harvard Law School, Harvard University, Cambridge, Massachusetts, US. He also took a leadership training at Haggai Institute, Singapore in 2007.

Save America

Originally published as *A Southern Girl* in '61, this edition has been enhanced by weaving historical information, photographs, illustrations and maps around Mrs. Wright's original 1905 biography of her rebel father and brother. From a southerner's point of view, 16 year old Miss Louise Wigfall describes the southern view of her state of Texas and then from inside the city of Washington as the tension mounts between the North and the South. She paints a picture with her words better than any modern historian of the war between the "North and the South" and its aftermath. Being the daughter of a Confederate Congressman from Texas, she saw the war from the inside. Around this story the editor has woven in historical facts, photographs, maps and other information as he felt the story needed to bring it up to today's standards for eBook reading. Still holding her childhood letters in 1905, she writes: "In gathering the sad and happy memories of the years of which I write, I am actuated by two motives - one, that I am conscious that the days are passing, and that if done at all, the chronicle had best be written ere the eye that has seen these things grows dim and the memory faulty; and the other, that I would fain live in the thoughts of the children who shall come after me, and have their hearts, as they read this record, beat in unison with mine. Thus shall we be linked together in these memories." Her father's letters and her vivid memories reveal the reasons for the attack on Fort Sumpter and many of the battles of the Civil War that followed. 1905... "My grandmother, in Providence, Rhode Island, had succeeded by some means in sending to us through the lines in 1864 \$1,000 in gold. Without a moment's hesitation this precious metal was transmuted into Confederate bank notes, a large package of which, consisting of

500- and 100- dollar bills I have with me now [in 1905], a constant reminder of the implicit faith in the success of the good Cause that was lost. I am sure my father would have felt he was unfaithful to his country if he had admitted to himself that Confederate money was not as good as gold. It may not have been of the wisdom of this world, but it was beautiful, and I am glad he did it and I keep my bank notes and shall leave them to those that come after me, as an infallible proof that the civilization of the old South produced a race of men, who maintained what they believed to be their constitutional rights, sacrificed every material gain, and, giving freely of their own lives and the lives of their sons, would not withhold the baser treasures of silver and gold."

Dream Child

This book is O'Rourke's first volume of nonfiction since his 1972 *The Harrisburg 7* and the *New Catholic Left*, which Garry Wills hailed as "a clinical x-ray of our society's condition." That book prompted Herbert Mitgang to name O'Rourke "one of the finest writers of his generation." *Signs of the Literary Times* provides new evidence for that assessment. It brings together O'Rourke's unique mixture of literary, political, and cultural criticism published periodically during the last twenty-two years. The collection ranges from autobiographical essays describing his generation's literary evolution, to articles on free speech issues, such as nude dancing and the Bush-era NEA controversies, as well as book reviews that provide a fresh and largely uncharted critical map of the period. O'Rourke is not only interested in genre bending and expansion, but in persevering during this age of academic specialization as, in his phrase, "a person of letters." In the two decades between his first work of nonfiction and this volume, O'Rourke has published three highly acclaimed novels, *The Meekness of Isaac* (1974), *Idle Hands* (1981), and *Criminal Tendencies* (1987). Of the last, *The Virginia Quarterly Review* wrote, "Of all the novelists paraded in recent years by publishers as natural successors to Graham Greene, this one comes the closest. A thoroughly entertaining literary event." *Signs of the Literary Times* is not so much a compendium of diverse pieces on various subjects, as it is a cogent and continuing x-ray of our society's condition.
