Soothing Vocal Therapy Exercise - Soothing Vocal Therapy Exercise by Voice Lesson.com 32,722 views 2 years ago 3 minutes, 33 seconds - Use, this **exercise**, to relieve tired, sore or swollen vocal folds. Great to **use**, as a cool down after singing or to start your warmup if ...

Fill your cheeks with air
Inhale through your nose
Maintain a steady breeze on your finger.
Keep your cheeks puffed out.
Great as a cooldown after singing
creating a soothing downforce above the vocal folds.
Plus, you gotta keep moving to avoid sharks!
Keep blowing air when I'm underwater.
Are you curious why my hair isn't wet?
I have magic hair!

The Individual Session

The vocal components are simply the different elements present in the sound of the human voice.

All voices are unique and individual because they contain these different elements in a very particular combination.
