Summarize the major provisions of Treaty of Versailles.

The Big Four • There were representatives from numerous countries, however the meeting's major decisions were hammered out by a group known as the Big Four. The Big Four included: - Woodrow Wilson of the United States

President Woodrow Wilson drew up a series peace proposals - these became known as the Fourteen Points.

Fourteen Points First four points includes an end to secret treaties, freedom of the seas, free trade, and reduced armies and navies • Fifth goal was the adjustment of colonial claims with fairness toward colonial peoples.

Territorial Losses -Germany returns Alsace- Lorraine to France; French border extended to west bank of Rhine River.

Military Restrictions: - Limits set on the size of the German army. -Germany prohibited from importing or manufacturing weapons or war material. Germany forbidden to build or buy submarines or have an air force.

Sole responsibility for the war placed on Germany's shoulders. -Germany forced to pay the Allies \$33 billion in reparations over 30 years.

There were huge land losses for the Central Powers. • Several new countries were made out of Austria-Hungary Empire. - Austria, Hungary

Many parts of the treaty left a bitterness and hatred with Germans.
