### The Mason Jar

What if your old college roommate called, raving about a book someone sent her, calling it the most beautiful book she's ever read? "But," she said, "it's about you." The author is your college ex. In *The Mason Jar*, Clayton Fincannon is a Tennessee farm boy raised at the feet of his grandfather. He and his grandfather leave letters for each other in a Mason jar on his grandfather's desk; letters of counsel and affirmation. When Clayton attends college in Southern California, he meets and falls in love with a dark haired debutante from Colorado. However, when an unmentioned past resurrects in her life and she leaves, Clayton is left with unanswered questions. Clayton goes on to serve as a missionary in Africa, while he and his grandfather continue their tradition of writing letters. When Clayton returns home five years later to bury his grandfather, he searches for answers pertaining to the loss of the young woman he once loved. Little does Clayton know, the answers await him in the broken Mason jar. A story about a girl who vanished, a former love who wrote a book about her and a reunion they never imagined. Written for the bruised and broken, *The Mason Jar* is an inspirational romance that brings hope to people who have experienced disappointment in life due to separation from loved ones. With a redemptive ending that encourages us to love again, and written in the fresh, romantic tones of Nicholas Sparks, *The Mason Jar* interweaves the imagery of Thoreau with the adventures and climatic family struggles common to *Dances with Wolves*, *A River Runs Through It* and *Legends of the Fall*. Note: In September 2014, a new version of *The Mason Jar* (distinguishable by the blue title box on the front cover) was released with a redemptive ending.

One of the Best Science Fiction and Fantasy Books of the past decade, selected by NPR One of the 50 Best Sci-Fi Books of All Time, selected by Esquire One of the 100 Most Influential Queer Books of All Time, selected by Booklist A Best Book of 2017: NPR, The Guardian, Publishers Weekly, Library Journal, Bustle, Bookish, Barnes & Noble, Chicago Public Library, Book Scrolling. CLMP Firecracker Award Winner A Stonewall Book Award Honor Book Finalist for the 2018 Locus Award, John W. Campbell Award for Best New Writer, and the Lambda Literary Award. Nominated for the 2018 Hurston/Wright Legacy Award for Debut Novel "What Solomon achieves with this debut--the sharpness, the depth, the precision--puts me in mind of a syringe full of stars. I want to say about this book, its only imperfection is that it ended. But that might give the wrong impression: that it is a happy book, a book that makes a body feel good. It is not a happy book. I love it like I love food, I love it for what it did to me, I love it for having made me feel stronger and more sure in a nightmare world, but it is not

a happy book. It is an antidote to poison. It is inoculation against pervasive, enduring disease. Like a vaccine, it is briefly painful, leaves a lingering soreness, but armors you from the inside out." --NPR "In Rivers Solomon's highly imaginative sci-fi novel *An Unkindness of Ghosts*, eccentric Aster was born into slavery on--and is trying to escape from--a brutally segregated spaceship that for generations has been trying to escort the last humans from a dying planet to a Promised Land. When she discovers clues about the circumstances of her mother's death, she also comes closer to disturbing truths about the ship and its journey." --BuzzFeed "What Solomon does brilliantly in this novel is in the creation of a society in which dichotomies loom over certain aspects of the narrative, and are eschewed by others...Harkening back to the past in visions of the future can hold a number of narrative purposes...The past offers us countless nightmares and cautionary tales; so too, I'm afraid, can the array of possible futures lurking up ahead." --Tor.com "This book is a clear descendent of Octavia Butler's Black science fiction legacy, but grounded in more explicit queerness and neuroatypicality." --AutoStraddle "Ghosts are 'the past refusing to be forgot,' says a character in this assured science-fiction debut. That's certainly the case aboard the HSS Matilda, a massive spacecraft arranged along the cruel racial divides of pre-Civil War America." --Toronto Star Aster has little to offer folks in the way of rebuttal when they call her ogre and freak. She's used to the names; she only wishes there was more truth to them. If she were truly a monster, she'd be powerful enough to tear down the walls around her until nothing remains of her world. Aster lives in the lowdeck slums of the HSS Matilda, a space vessel organized much like the antebellum South. For generations, Matilda has ferried the last of humanity to a mythical Promised Land. On its way, the ship's leaders have imposed harsh moral restrictions and deep indignities on dark-skinned sharecroppers like Aster. Embroiled in a grudge with a brutal overseer, Aster learns there may be a way to improve her lot--if she's willing to sow the seeds of civil war.

### Georgia AnchorAge

This is the book that made its author Henry George suddenly famous. From the year 1879 to the present the doctrines of 'Progress and Poverty' have been familiar to all who are interested in social problems. The book has been read by many to whom Political Economy is still 'the dismal science', and it has been circulated in cheap editions by the thousand among the classes to which it holds out such an alluring prospect. 'Progress and Poverty' has become a classic in labor literature. Its doctrines have been accepted not only by many who see in them a means of personal rescue from distress and want, but by many others who are convinced by the reasoning of the author. Clergymen, in the Catholic as well as in the Protestant church, have become Mr. George's disciples, and business and professional men have gladly sat at his feet.

### Progress and Poverty

When Camille Sugarbaker Honeycutt, the pretty but crazy 1951 Vidalia Onion Queen, dies suddenly, her twelve-year-old daughter CeeCee has barely a hope left in the world. To her rescue arrives Great Aunt Tootie in the most magnificent car CeeCee has ever seen, and she is whisked away to the storybook city of Savannah. For some flowers, Aunt Tootie holds, are born to bloom only south of the Mason-Dixon line and soon, among the sweet scent of magnolias and the loving warmth of Tootie and her colourful collection of friends, it looks as though CeeCee has arrived in paradise. But when a darker side to the Southern dream threatens this delicate, newfound happiness, Aunt Tootie and her friends must rally to CeeCee's aid. Warm yet heartbreaking, and generously spiced with humor, *Saving CeeCee Honeycutt* is the story of a girl who loses her mother but finds many others under a balmy Georgia sun.

## The All-American Cookie Book

The journey is the important thing in this tale of a sympathetic — if temporarily distracted — artistic soul. Features an audio read-along! Ike wants to write a story, an incredible story. He's all ready to go, but even after cleaning his room and calling his best friend, he somehow can't seem to get started. And then Ike realizes what's missing — he needs new ink. His very own ink, made from just the right ingredients. Now what can Ike find that is velvety, dark, and sneaky, just like ink? How far will he go to get it? In Brianne Farley's whimsical debut picture book, freely illustrated in a fresh, bold collage style, Ike's adventurous quest to find the perfect ink might just be the inspiration he needs to get started on his incredible story.

## Ike's Incredible Ink

A heartwarming story about childhood friends, broken lives, and a long ago promise that just might offer the hope of love for today. Years ago, the day before Ellie moved from Georgia to California, she and her best friend Nolan sat beneath the Spanish moss of an ancient oak tree where they wrote letters to each other, and sealed them in a rusty old metal box. The plan was to return eleven years later and read them. But now, as that date arrives, much has changed. Ellie, bereft of the faith she grew up with, is a single mom living in a tired apartment trying to make ends meet. Sometimes she watches television to catch a glimpse of her old friend -Nolan, now an NBA star, whose terrible personal tragedies fueled his faith and athletic drive in equal measure. But Nolan also suffers from a transcendent loneliness that nothing has ever eased. In their separate lives, as Ellie and Nolan move toward the possibility of a reunion at the oak tree, Kingsbury weaves a tale of heart-wrenching loss, the power of faith, and the wounds that only love can heal.

## The Financier

As an investigative journalist, Monbiot found a mission in his ecological boredom, that of learning what it might take to impose a greater state of harmony between himself and nature. He was not one to romanticize undisturbed, primal landscapes, but rather in his attempts to satisfy his cravings for a richer, more authentic life, he came stumbled into the world of restoration and rewilding. When these concepts were first introduced in 2011, very recently, they focused on releasing captive animals into the wild. Soon the definition expanded to describe the reintroduction of animal and plant species to habitats from which they had been excised. Some people began using it to mean the rehabilitation not just of particular species, but of entire ecosystems: a restoration of wilderness. Rewilding recognizes that nature consists not just of a collection of species but also of their ever-shifting relationships with each other and with the physical environment. Ecologists have shown how the dynamics within communities are affected by even the seemingly minor changes in species assemblages. Predators and large herbivores have transformed entire landscapes, from the nature of the soil to the flow of rivers, the chemistry of the oceans, and the composition of the atmosphere. The complexity of earth systems is seemingly boundless."

## The Chance

WINNER OF THE MARCO POLO OUTSTANDING GENERAL TRAVEL THEMED BOOK OF THE YEAR AT THE 2018 EDWARD STANFORD TRAVEL WRITING AWARDS The story begins in a public square in New Delhi. On a cold December evening a young European woman of noble descent appears before an Indian street artist known locally as PK and asks him to paint her portrait – it is an encounter that will change their lives irrevocably. PK was not born in the city. He grew up in a small remote village on the edge of the jungle in East India, and his childhood as an untouchable was one of crushing hardship. He was forced to sit outside the classroom during school, would watch classmates wash themselves if they came into contact with him, and had stones thrown at him when he approached the

village temple. According to the priests, PK dirtied everything that was pure and holy. But had PK not been an untouchable, his life would have turned out very differently. This is the remarkable true story of how love and courage led PK to overcome extreme poverty, caste prejudice and adversity – as well as a 7,000-mile, adventure-filled journey across continents and cultures – to be with the woman he loved.

Nobel prize winner and author of *One Hundred Years of Solitude* Gabriel Garcia Marquez tells a tale of an unrequited love that outlasts all rivals in his masterpiece *Love in the Time of Cholera*. 'It was inevitable: the scent of bitter almonds always reminded him of the fate of unrequited love' Fifty-one years, nine months and four days have passed since Fermina Daza rebuffed hopeless romantic Florentino Ariza's impassioned advances and married Dr Juvenal Urbino instead. During that half-century, Florentino has fallen into the arms of many delighted women, but has loved none but Fermina. Having sworn his eternal love to her, he lives for the day when he can court her again. When Fermina's husband is killed trying to retrieve his pet parrot from a mango tree, Florentino seizes his chance to declare his enduring love. But can young love find new life in the twilight of their lives? #### Witches, Midwives and Nurses

A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The

idea for Good and Cheap is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it “Terrific!”; and Michael Pollan, who cited it as a “cool kickstarter.” In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace.

The report presents the latest assessment of global trends in wildlife crime. It includes discussions on illicit rosewood, ivory, rhino horn, pangolin scales, live reptiles, tigers and other big cats, and European eel. The COVID-19 (coronavirus) pandemic has highlighted that wildlife crime is a threat not only to the environment and biodiversity, but also to human health, economic development and security. Zoonotic diseases - those caused by pathogens that spread from animals to humans - represent up to 75% of all emerging infectious diseases. Trafficked wild species and the resulting products offered for human consumption, by definition, escape any hygiene or sanitary control, and therefore pose even greater risks of infection.

he second book in Number One bestselling author Jasper Fforde's phenomenally successful Thursday Next series. 'Fans of the late Douglas Adams, or, even, Monty Python, will feel at home with Fforde' - Herald Thursday Next, literary detective and newlywed is back to embark on an adventure that begins, quite literally on her own doorstep. It seems that Landen, her husband of four weeks, actually drowned in an accident when he was two years old. Someone, somewhere, sometime, is responsible. The sinister Goliath Corporation wants its operative Jack Schitt out of the poem in which Thursday trapped him, and it will do almost anything to achieve this - but bribing the ChronoGuard? Is that possible? Having barely caught her breath after The Eyre Affair, Thursday must battle corrupt politicians, try to save the world from extinction, and help the Neanderthals to species self-determination. Mastadon migrations, journeys into Just William, a chance meeting with the Flopsy Bunnies, and violent life-and-death struggles in the summer sales are all part of a greater plan. But whose? and why?
