From Egg to Frog in 7 Weeks! - From Egg to Frog in 7 Weeks! by NatureNorth 8,633,777 views 9 years ago 6 minutes, 58 seconds - The development of Wood **Frog**, (*Lithobates sylvaticus*) eggs to froglets in 49 days, just 7 weeks!

By the end of the day the eggs were already developing. Notice the lines where cell division is occurring.

Egg development has reached the "neural folds" stage. This is the start of the spinal cord and brain. Lots more have hatched, but many remain undeveloped.

The early hatchlings are developing tail fins.

Tadpoles are becoming more active. Gills and suction pads beneath the mouth are still visible.

Gills are no longer visible and the tadpoles are swimming actively.

The aquarium is a busy full of active tadpoles. I removed the undeveloped eggs to keep things cleaner.

On the larger tadpoles the hind limb buds are visible.

Day 44 - Here's a good look at a large tadpole's mouth parts.

Fully formed front legs break through the skin and the body shape becomes frog-like.

John Deere 4230 Tractor Parts Manual

This individual Shop Manual is one unit of a series on agricultural wheel type tractors. Contained in it are the necessary specifications and the brief but terse procedural data needed by a mechanic when repairing a tractor on which he has had no previous actual experience. The material is arranged in a systematic order beginning with an index which is followed immediately by a Table of Condensed Service Specifications. These specifications include dimensions, fits, clearances and timing instructions. Next in order of arrangement is the procedures section. In the procedures section, the order of presentation starts with the front axle system and steering and proceeds toward the rear axle. The last portion of the procedures section is devoted to the power take-off and power lift systems. Interspersed where needed in this section are additional tabular specifications pertaining to wear limits, torquing, etc.

Construire avec le peuple

Le parcours, en huit thèmes, a pour but d'éclairer, à partir de la doctrine sociale de l'Eglise, l'intelligence et le cœur des hommes et des femmes qui cherchent à faire l'unité entre leur vie de foi et leur vie dans le monde, qu'elle soit familiale, professionnelle, sociale et ou politique. Les enseignements s'appuient sur le Compendium et le Catéchisme de l'Eglise Catholique ainsi que sur les textes du Magistère. Chacun des huit thèmes comprend une série d'exercices qui permettent de mettre très concrètement la doctrine sociale en application dans la vie de tous les jours. Ces huit thèmes sont : Acteur de la Création - Pour servir le bien commun - L'usage juste de notre propriété - Une option préférentielle pour les pauvres - Exercer l'autorité - participer à la Communauté - Unité et Liberté - Un art de vivre chrétien. Ce Parcours contient, en outre, l'enseignement : prendre soin de la création.

Enrichissement de la Langue Française; Dictionnaire de mots nouveaux. Deuxième édition. (Supplément.).

40 ans après l'accession des pays africains à l'indépendance, et face aux problèmes nombreux que connaît l'Afrique noire contemporaine, il a paru intéressant d'évoquer la figure de Robert Delavignette, savant et politique. D'abord administrateur responsable de cercle au Niger puis en Haute-Volta, il a été très vite appelé à des fonctions politiques : directeur de cabinet de Marius Moutet, ministre de la France d'Outre-Mer dans le gouvernement du Front Populaire, directeur de l'Ecole Coloniale puis de l'Ecole Nationale de la France d'Outre-Mer, avant de devenir directeur des Affaires politiques au ministère de la France d'Outre-Mer, de la libération jusqu'au début des années 50. Parallèlement à ces activités politiques, Robert Delavignette a réalisé une oeuvre littéraire importante, d'un ton très personnel, et publié de nombreux ouvrages et articles sur les finalités de la colonisation et de la décolonisation, développant en particulier un discours décalé aussi bien par rapport au thème de l'"oeuvre coloniale de la France" que par rapport à la thèse qui voit dans l'indépendance l'achèvement du Politique. La grandeur de l'oeuvre et de la pensée de Delavignette trouve probablement son ressort dans la place qu'y tient la référence constante à l'universalisme républicain. Celui-ci le conduit à se montrer sceptique à l'égard de toute vision essentialiste de l'Afrique et à apposer au discours théorique de l'ethnologue la logique pratique du responsable politique qui constitue chez lui une véritable source de connaissance. Les différentes contributions contenues dans cet ouvrage dépassent le clivage entre l'Afrique coloniale et l'Afrique postcoloniale. Elles étudient les questions de l'administration et du développement des pays (hier colonisés, aujourd'hui indépendants) à partir de l'expérience d'un administrateur des colonies. Elles établissent une continuité entre l'oeuvre littéraire coloniale et les oeuvres littéraires africaines. Elles invitent surtout à réfléchir aux conséquences de l'occultation d'une mémoire franco-africaine.
