The Autobiography of Calvin Coolidge

"It was my hope to produce a book that would not only have some historical interest, but would be useful for those in public life, in educational work, in preparation for citizen-ship, and would be especially a book that parents would wish their children to read." —President Calvin Coolidge on his autobiography Today Americans of all backgrounds are on the hunt for a different political model. In fact, such a model awaits them, if only they turn their eyes to their own past . . . to America's thirtieth president, Calvin Coolidge . Coolidge's masterful autobiography offers urgent lessons for our age of exploding debt, increasingly centralized power, and fierce partisan division. This expanded and annotated volume, edited by Coolidge biographer Amity Shlaes and authorized by the Coolidge family, is the definitive edition of the text that presidential historian Craig Fehrman calls "the forgotten classic of presidential writing." To read this volume is to understand the tragic extent to which historians underrate President Coolidge. The Coolidge who emerges in these pages is a model of character, principle, and humility—rare qualities in Washington, then as now. A man of great faith, Coolidge told Americans: "Men do not make laws. They do but discover them." Although he emphasized economics, Coolidge insisted on the importance of "things of the spirit." At the height of his popularity, he chose not to run again when his reelection was all but assured. In this autobiography, Coolidge explains his mindset: "It is a great advantage to a President, and a major source of safety to the country, for him to know that he is not a great man." For all his modesty, Coolidge left an expansive legacy—one we would do well to study today. Shlaes and coeditor Matthew Den Hart draw out the lessons from Coolidge's life and career in an enlightening introduction and annotations to Coolidge's text. To aid Coolidge scholars young and old, the editors have also assembled nearly three dozen photographs, several of Coolidge's greatest speeches, a timeline of Coolidge's life, and afterwords by former Vermont governor James H. Douglas and two of Coolidge's great-grandchildren, Jennifer Coolidge Harville and Christopher Coolidge Jeter. This autobiography combats the myths about one of our most misunderstood presidents. It also shows us how much we still have to learn from Calvin Coolidge.

The Autobiography of Calvin Coolidge

The Autobiography of Calvin Coolidge - Scholar's Choice Edition

“One of the best books on the American presidency to appear in recent years.” —Thomas Mallon, *The Wall Street Journal* “Fun and fascinating...It’s witty, charming, and fantastically learned. I loved it.” —Rick Perlstein Based on a decade of research and reporting, *Author in Chief* tells the story of America’s presidents as authors—and offers a delightful new window into the public and private lives of our highest leaders. Most Americans are familiar with Abraham Lincoln’s famous words in the Gettysburg Address and the Emancipation Proclamation. Yet few can name the work that helped him win the presidency: his published collection of speeches entitled *Political Debates between Hon. Abraham Lincoln and Hon. Stephen A. Douglas*. Lincoln labored in secret to get his book ready for the 1860 election, tracking down newspaper transcripts, editing them carefully for fairness, and hunting for a printer who would meet his specifications. *Political Debates* sold fifty thousand copies—the rough equivalent of half a million books in today’s market—and it reveals something about Lincoln’s presidential ambitions. But it also reveals something about his heart and mind. When voters asked about his beliefs, Lincoln liked to point them to his book. In Craig Fehrman’s groundbreaking work of history, *Author in Chief*, the story of America’s presidents and their books opens a rich new window into presidential biography. From volumes lost to history—Calvin Coolidge’s *Autobiography*, which was one of the most widely discussed titles of 1929—to ones we know and love—Barack Obama’s *Dreams from My Father*, which was very nearly never published—Fehrman unearths countless insights about the presidents through their literary works. Presidential books have made an enormous impact on American history, catapulting their authors to the national stage and even turning key elections. Beginning with Thomas Jefferson’s *Notes on the State of Virginia*, the first presidential book to influence a campaign, and John Adams’s *Autobiography*, the first score-settling presidential memoir, *Author in Chief* draws on newly uncovered information—including never-before-published letters from Andrew Jackson, John F

. Kennedy, and Ronald Reagan—to cast fresh light on the private drives and self-doubts that fueled our nation's leaders. We see Teddy Roosevelt as a vulnerable first-time author, struggling to write the book that would become a classic of American history. We see Reagan painstakingly revising *Where's the Rest of Me?*, a forgotten memoir in which he sharpened his sunny political image. We see Donald Trump negotiating the deal for *The Art of the Deal*, the volume that made him synonymous with business savvy. Alongside each of these authors, we also glimpse the everyday Americans who read them. Combining the narrative felicity of a journalist with the rigorous scholarship of a historian, Fehrman delivers a feast for history lovers, book lovers, and everybody curious about a behind-the-scenes look at our president.

Author in Chief

In the first full-scale biography of Calvin Coolidge in a generation, Robert Sobel shatters the caricature of our thirtieth president as a silent, do-nothing leader. Sobel instead exposes the real Coolidge, whose legacy as the most Jeffersonian of all twentieth century presidents still reverberates today.

Coolidge

A biography of the thirtieth president of the United States, discussing his personal life, education, and political career.

Calvin Coolidge

The Greedy Hand is an illuminating examination of the culture of tax and a persuasive call for reform, written by one of the nation's leading policy makers, Amity Shlaes of The Wall Street Journal. The father of the modern American state was an obscure Macy's department store executive named Beardsley Ruml. During World War II, he devised the plan for withholding taxes from your paycheck, thereby laying in place a system that allows the hand of government to reach into your wallet and take what it wants. Today, taxes make up more than a third of our economy, the highest level in history outside war. We live in the nation revolutionary father Thomas Paine foresaw when he wrote of "the Greedy Hand of government thrusting itself into every corner of industry." This book is a cultural examination of the way taxes influence our behavior, how they force us into an arbitrary system that punishes families and individual enterprise. Amity Shlaes unveils the hidden perversities of our lifelong tax experience: how family tax breaks do little to help the family, and can even hurt it. She demonstrates how married women pay a special women's tax rate, higher than anybody else's. She shows how problems that engage and enrage us--Social Security problems, or the things we don't like about schools--are, at heart, tax problems. And she explains why the solutions Washington offers merely accelerate a vicious cycle. Finally, Amity Shlaes shows us a way out of this madness, endorsing a number of common-sense reforms that will give all Americans a fairer and simpler tax system. Written with eloquent compassion for working Americans and their families, *The Greedy Hand* makes the best case yet for rethinking our tax code. It is a book no tax-paying citizen can afford to ignore.

The Greedy Hand

The austere president who presided over the Roaring Twenties and whose conservatism masked an innovative approach to national leadership. He was known as "Silent Cal." Buttoned up and tight-lipped, Calvin Coolidge seemed out of place as the leader of a nation plunging headlong into the modern era. His six years in office were a time of flappers, speakeasies, and a stock market boom, but his focus was on cutting taxes, balancing the federal budget, and promoting corporate productivity. "The chief business of the American people is business," he famously said. But there is more to Coolidge than the stern capitalist scold. He was the progenitor of a conservatism that would flourish later in the century and a true innovator in the use of public relations and media. Coolidge worked with the top PR men of his day and seized on the rising technologies of newsreels and radio to bring the presidency into the lives of ordinary Americans—a path that led directly to FDR's "fireside chats" and the expert use of television by Kennedy and Reagan. At a time of great upheaval, Coolidge embodied the ambivalence that many of his countrymen felt. America kept "cool with Coolidge," and he returned the favor.

Calvin Coolidge

New York Times Bestseller A new edition celebrating the centennial of the Coolidge presidency, featuring a preface by George Will "Amity Shlaes's new biography carries a different and highly relevant message. . . . Read Coolidge, and better understand the forces bearing on the President and Congress

almost a century later." -- Paul Volcker From the bestselling author of *The Forgotten Man* comes this brilliant and provocative biography of our thirtieth president that reexamines this restrained, soft-spoken man -- and the decade of growth that grew from his leadership. Amity Shlaes, author of *The Forgotten Man*, delivers a brilliant and provocative reexamination of America's thirtieth president, Calvin Coolidge, and the decade of unparalleled growth that the nation enjoyed under his leadership. In this riveting biography, Shlaes traces Coolidge's improbable rise from a tiny town in New England to a youth so unpopular he was shut out of college fraternities at Amherst College up through Massachusetts politics. After a divisive period of government excess and corruption, Coolidge restored national trust in Washington and achieved what few other peacetime presidents have: He left office with a federal budget smaller than the one he inherited. A man of calm discipline, he lived by example, renting half of a two-family house for his entire political career rather than compromise his political work by taking on debt. Renowned as a throwback, Coolidge was in fact strikingly modern--an advocate of women's suffrage and a radio pioneer. At once a revision of man and economics, Coolidge gestures to the country we once were and reminds us of qualities we had forgotten and can use today.

Coolidge

Calvin Coolidge: A Documentary Biography reveals the "album version" of President Calvin Coolidge, featuring extended excerpts and, indeed, often the entire texts of major Coolidge addresses--as well as presenting a host of other illuminating documents, authored both by or about America's vastly underrated thirtieth president. *Calvin Coolidge: A Documentary Biography* shines a searchlight on Silent Cal Coolidge's world and worldview as no previous book ever has. It's all here: * The opposites-attract love story of taciturn Cal Coolidge and his outgoing wife Grace Goodhue Coolidge. * Jack Kennedy had his Irish Mafia, Jimmy Carter had his Georgia Mafia. The story of Frank Stearns, Dwight Morrow, and Calvin Coolidge's "Amherst Mafia." * Phenomenal vote getter Coolidge won more offices than any other president. The secret of how this painfully shy man did it. His strong appeal to Democrats. * The 1919 Boston Police Strike. How a city under siege ultimately makes Calvin Coolidge president. * How a runaway 1920 GOP convention stampedes to nominate Coolidge for the vice-presidency. * Unbelievable tragedy visits in July 1924 as Calvin Coolidge stands to become president in his own right--the death of his son Cal Jr. * The Coolidge presidency: a partnership of three remarkable figures: Coolidge, Treasury Secretary Andrew Mellon, and Budget Director Herbert Lord. * Coolidge vs. the Klan: reaching out to embattled minorities: Jews, blacks, Catholics. * The gutsy Coolidge vetoes. * How Coolidge chose "not to run" in 1928. Each entry also includes a revealing explanatory introduction by noted Coolidge scholar and award-winning author David Pietrusza. The book is further augmented by: * a Calvin Coolidge fact sheet. * a comprehensive Coolidge bibliography. * a detailed Coolidge time line. * a photo insert plus illustrations throughout the text. * an essay detailing recently discovered facts regarding the fabled Coolidge "Persistence" quote. In addition to numerous key speeches and texts from Coolidge himself, the volume includes contemporary readings from: * Bruce Barton * The Boston Herald * Marion Leroy Burton * First Lady Grace Goodhue Coolidge * Vice President Charles G. Dawes * Frederick H. Gillett * Al Jolson * Walter Lippmann * Judge Wallace McCamant * Treasury Secretary Andrew W. Mellon * Dwight W. Morrow * Alexandra Carlisle Pfeiffer * H. I. Phillips * The Pittsburgh Courier * Theodore Roosevelt * C. Bascom Slep * Frank W. Stearns * R. M. Washburn PRAISE FOR DAVID PIETRUSZA'S "SILENT CAL'S ALMANACK" "Calvin Coolidge was one of the greatest presidents of the 20th century and is certainly the most underrated. This book, compiled by one of my favorite historians, will give readers a full appreciation of why Silent Cal's wisdom shines like a beacon through the fog of historical amnesia." -Jonah Goldberg, author of *Liberal Fascism* "an authority on the 1920s and [Calvin] Coolidge . . . David Pietrusza has brought Coolidge back to life with his volumes about the president . . ." -Amity Shlaes

Coolidge

Imagine a country in which strikes by public-sector unions occupied the public square; where foreign policy wandered aimlessly as America disentangled itself from wars abroad and a potential civil war on its southern border; where racial and ethnic groups jostled for political influence; where a war on illicit substances led to violence in its cities; where technology was dramatically changing how mankind communicated and moved about—and where the educated harbored increasing contempt for the philosophic underpinnings of our republic. That country, the America of the 1920s, looked a lot like America today. One would think, then, that the President who successfully navigated these challenges, Calvin Coolidge, might be esteemed today. Instead, Coolidge's record is little known, the result of efforts by both the left and right to distort his legacy. *Why Coolidge Matters* revisits the record

of our most underrated president, examining Coolidge's views on governance, public sector unions, education, race, immigration, and foreign policy. Most importantly, *Why Coolidge Matters* explains what lessons Coolidge—the last president to pay down the national debt—can offer the limited government movement in the post-industrial age.

Why Coolidge Matters

A moving account of the popular first lady's White House tenure, taking readers behind the scenes of her strained marriage to the famously taciturn president. An insightful look at the Coolidges, their relationship in the public eye, and her contributions to the historical legacy of presidential wives.

Grace Coolidge

The first book-length assessment of Coolidge's presidency in thirty years draws on the recently opened papers of his White House physician for hitherto unknown personal information. Ferrell (history, Indiana U.) exonerates Coolidge for the failures of his party's foreign policy, but holds him accountable for having had insufficient economic savvy to warn Wall Street against the overspeculation that caused the Depression. Annotation copyrighted by Book News, Inc., Portland, OR

The Presidency of Calvin Coolidge

CALVIN COOLIDGE- The man from Vermont By CLAUDE M. FUESS. Originally published by 1939. Introduction: WHEN, in the summer of 1932, I had an informal conversation with Mr. Coolidge at Plymouth, Vermont, regarding his possible biography, he finally said drily, Better wait till I'm dead, and changed the subject to the much pleasanter one of Amherst College. Within a few months he was in his grave, and I was unexpectedly at work on this book. The preparation of the manuscript has been delayed by matters beyond my own control, particularly by the fact that new material was constantly being found. It seems unlikely, however, that many more of Coolidge's private letters will be brought to light or will greatly alter verdicts already formed. Mrs. Coolidge has generously permitted me to examine a large number of letters written by Coolidge to his father and stepmother from his schoolboy days until Colonel Coolidge's death in 1926 letters which the latter had carefully preserved in a large mahogany cigar humidor. Furthermore she has enabled me to have access to some other important documents and has answered many questions. It must be emphasized, however, that this is, in no sense, an official biography, and that Mrs. Coolidge is not a sponsor for it or for the views expressed herein. Mr. Frank W. Stearns, before his death on March 6, 1939, had opened up all his personal files and allowed me to quote as I pleased from his correspondence. I have had the advantage of long talks with him and his intimate associate, Mr. Benjamin F. Felt, who has advised me on various details. To Mrs. Coolidge, Mr. Stearns, and Mr. Felt, I am deeply indebted.

Calvin Coolidge - The Man from Vermont

Calvin Coolidge has long been dismissed as silent, and with little to say. This collection of over 250 quotations reveals the concise, direct, even eloquent way he stated his views on issues still relevant to the interests of contemporary America. The quotations cited by date and circumstances are organized alphabetically for use by speakers, writers, researchers, and policy makers - in fact, anyone with an interest in American history. Also included are Milestones in Coolidge's life, a Selected Bibliography, and a listing of Coolidge Archives headed by the Calvin Coolidge Memorial Foundation in Plymouth Notch, Vermont.

The Quotable Calvin Coolidge

A treasury of the wit and wisdom of Calvin Coolidge, America's surprisingly eloquent 30th President. *Silent Cal's Almanack* includes: The ultimate distillation of Calvin Coolidge political wisdom, a selection of Silent Cal's key speeches, a thought-provoking original biographical essay, a fascinating and unique 50-page portfolio of Coolidge photos, editorial cartoons and campaign memorabilia, a Coolidge timeline, a Coolidge bibliography. "He wrote simply, innocently, artlessly," H. L. Mencken once noted regarding Coolidge's prose, "He forgot all the literary affectations and set down his ideas exactly as they came into his head. The result was a bald, but strangely appealing piece of writing—a composition of almost Lincolnian austerity and beauty. The true Vermonter was in every line of it."

Silent Cal's Almanack

"The Provincial traces Calvin Coolidge's life from his thirteenth birthday until his graduation from Amherst College ten years later. It is a story of a shy young man from the country who gradually acquires an education and goes on to higher and higher levels of learning, but in Coolidge's case that progress was very much against his will. He grew up in the remote farming hamlet of Plymouth Notch, Vermont, eleven miles from the nearest railroad; his stern, thrifty father made money selling insurance and maple sugar, holding local offices, and renting property. Coolidge looked forward to someday keeping the general store his father owned, only a hundred feet from his house, and passing his life in this isolated, close-knit community, among people he knew and liked. This book shows how his intelligence, his love of reading, and his father's ambitions for him pushed him unwillingly farther and farther away. First he was sent to the local academy, eleven miles away, to study Latin and Greek. Then, on the enthusiastic recommendation of his high school principal, he went on to Amherst College in Massachusetts. On his first attempt to enter he became physically sick and had to return home. The following year he tried again, and this time he stayed, but he was desperately unhappy the first two years and asked his father in vain to be allowed to come home." "In the end, however, Amherst turned out to be a success story for him. Overlooked for the first two years by the sleek metropolitan young men who set the tone for the student body, shut out of fraternities and social life because of his shyness and country ways, he finally impressed his classmates with his dry sarcasm in debate, his ready wit, his unshakable poise and self-control. At the same time, he himself was changed and broadened. Under the influence of great Amherst professors like Charles E. Garman and Anson D. Morse, he became sure of himself and well read in history, philosophy, and political science. Even so, as he graduated to the acclaim of his classmates, he still yearned to go home to Plymouth Notch and settle there. The Provincial ends with Coolidge's graduation; a brief afterword explains how he took up law and local politics to please his father, and how hard work and intelligence led him to the Presidency."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The Provincial

The presidential election of 1920 was one of the most dramatic ever. For the only time in the nation's history, six once-and-future presidents hoped to end up in the White House: Woodrow Wilson, Warren G. Harding, Calvin Coolidge, Franklin Delano Roosevelt, Herbert Hoover, and Theodore Roosevelt. It was an election that saw unprecedented levels of publicity -- the Republicans outspent the Democrats by 4 to 1 -- and it was the first to garner extensive newspaper and newsreel coverage. It was also the first election in which women could vote. Meanwhile, the 1920 census showed that America had become an urban nation -- automobiles, mass production, chain stores, and easy credit were transforming the economy and America was limbering up for the most spectacular decade of its history, the roaring '20s. Award-winning historian David Pietrusza's riveting new work presents a dazzling panorama of presidential personalities, ambitions, plots, and counterplots -- a picture of modern America at the crossroads.

1920

This biography introduces readers to the life of Calvin Coolidge including his early political career and key events from Coolidge's administration including the Kellogg-Briand Pact and Coolidge Prosperity. Information about his childhood, family, personal life, and retirement years is included. A timeline, fast facts, and sidebars provide additional information. Aligned to Common Core Standards and correlated to state standards. Checkerboard Library is an imprint of Abdo Publishing, a division of ABDO.

The Politics of Normalcy

This New York Times bestselling "deep dive into the terms of eight former presidents is chock-full of political hijinks—and déjà vu" (Vanity Fair) and provides a fascinating look at the men who came to the office without being elected to it, showing how each affected the nation and world. The strength and prestige of the American presidency has waxed and waned since George Washington. Eight men have succeeded to the presidency when the incumbent died in office. In one way or another they vastly changed our history. Only Theodore Roosevelt would have been elected in his own right. Only TR, Truman, Coolidge, and LBJ were re-elected. John Tyler succeeded William Henry Harrison who died 30 days into his term. He was kicked out of his party and became the first president threatened with impeachment. Millard Fillmore succeeded esteemed General Zachary Taylor. He immediately sacked the entire cabinet and delayed an inevitable Civil War by standing with Henry Clay's compromise of 1850. Andrew Johnson, who succeeded our greatest president, sided with remnants of the Confederacy

in Reconstruction. Chester Arthur, the embodiment of the spoils system, was so reviled as James Garfield's successor that he had to defend himself against plotting Garfield's assassination; but he reformed the civil service. Theodore Roosevelt broke up the trusts. Calvin Coolidge silently cooled down the Harding scandals and preserved the White House for the Republican Herbert Hoover and the Great Depression. Harry Truman surprised everybody when he succeeded the great FDR and proved an able and accomplished president. Lyndon B. Johnson was named to deliver Texas electorally. He led the nation forward on Civil Rights but failed on Vietnam. *Accidental Presidents* shows that "history unfolds in death as well as in life" (The Wall Street Journal) and adds immeasurably to our understanding of the power and limits of the American presidency in critical times.

Calvin Coolidge

Dip a toe, paw, or fin into history with this fact-tastic Level 2 Ready-to-Read, part of a new series all about pets and the people who owned them! When a raccoon arrives at the White House, President Calvin Coolidge and First Lady Grace name her Rebecca and welcome her as a pet. Rebecca tries to fit in with the other animals already living there. But none of them will play with her! What will Calvin and Grace do? Discover the story of one of the most unusual White House pets in this fact-filled Level 2 Ready-to-Read.

Accidental Presidents

Reproduction of the original: *Have Faith in Massachusetts* by Calvin Coolidge

A Raccoon at the White House

Explores Coolidge's life from his activity as a member of his local Republican Party, to his time as the governor of Massachusetts, and then vice-president. Two major achievements of the Coolidge presidency were improved relations with Mexico and the negotiation of the Kellogg-Briand Pact to outlaw war.

Have Faith in Massachusetts

A sweeping and groundbreaking treasury of the most essential presidential writings, featuring a mix of the beloved and the little-known, from stirring speeches and shrewd remarks to behind-the-scenes drafts and unpublished autobiographies. From the early years of our nation's history, when George Washington wrote his humble yet powerful Farewell Address, to our current age, when Barack Obama delivered his moving speech on the fiftieth anniversary of the Selma-to-Montgomery marches, America's presidents have upheld a tradition of exceptional writing. Now, for the first time, the greatest presidential writings in history are united in one monumental treasury: the very best campaign orations, early autobiographies, presidential speeches, postpresidential reflections, and much more. In these pages, we see not only the words that shaped our nation, like Abraham Lincoln's Emancipation Proclamation and Franklin D. Roosevelt's Infamy speech, but also the words of young politicians claiming their place in our history, including excerpts from Woodrow Wilson's Congressional Government and Obama's career-making convention speech, and the words of mature leaders reflecting on their legacies, including John Adams's autobiography and Harry S. Truman's *Memoirs*. We even see hidden sides of the presidents that the public rarely glimpses: noted outdoorsman Teddy Roosevelt's great passion for literature or sunny Ronald Reagan's piercing childhood memories of escorting home his alcoholic father. Encompassing notable favorites like Lincoln's Gettysburg Address and John F. Kennedy's Inaugural Address as well as lesser-known texts like Thomas Jefferson's *Notes on the State of Virginia* and James Polk's candid White House diary, *The Best Presidential Writing* showcases America's presidents as thinkers, citizens, and leaders. More than simply a curation of must-read presidential writings, this unique collection presents the story of America itself, told by its highest leaders. Even the most famous speeches find new meanings or fresh connections when read in this sweeping context, making *The Best Presidential Writing* a trove full of insight and an essential historical document.

Calvin Coolidge

This book, which was first published in 1938, began as a biography of Calvin Coolidge, but author William Allen White found early in his task that he was writing the story of the growth and rise of economic America from the seventies until the crash of the Coolidge bull market in the autumn of

1929. In this story of an era in American life, the figure of Calvin Coolidge, a curious reversion to an old type, stands out in contrast to the vivid color of a gorgeous epoch. The history of the Coolidge bull market in detail from 1921, when Coolidge came to Washington as Vice President, until 1929, when he left Washington and public life, had not been written before. As that market boomed, Calvin Coolidge as President, having all the virtues needed for another day, moved through the turmoil of the times earnestly, honestly, courageously trying to understand his country's economic development and to act upon his understanding of a movement that baffled him and left him futile. Mr. White talked to hundreds of people who knew and were associated with President Coolidge in those days. Cabinet members, friends, White House associates, reporters, business men, big and little; and his story throws a new light upon the inside of the White House, and upon the President through the years.

The Best Presidential Writing

"Presidents are ranked wrong. In *The Jazz Age President: Defending Warren G. Harding*, Ryan Walters mounts a case that Harding deserves to move up—and supplies the evidence to make that case strong. -Amity Shlaes, bestselling author of *Coolidge* He's the butt of political jokes, frequently subjected to ridicule, and almost never absent a "Worst Presidents" list where he most often ends up at the bottom. Historians have labeled him the "Worst President Ever," "Dead Last," "Unfit," and "Incompetent," to name but a few. Many contemporaries were equally cruel. H. L. Mencken called him a "nitwit." To Alice Roosevelt Longworth, he was a "slob." Such is the current reputation of our 29th President, Warren Gamaliel Harding. In an interesting survey in 1982, which divided the scholarly respondents into "conservative" and "liberal" categories, both groups picked Harding as the worst President. But historian Ryan Walters shows that Harding, a humble man from Marion, Ohio, has been unfairly remembered. He quickly fixed an economy in depression and started the boom of the Roaring Twenties, healed a nation in the throes of social disruption, and reversed America's interventionist foreign policy.

Coolidge and the Historians

Although Calvin Coolidge is widely judged to have been a weak and even an incompetent president, this study concludes that he was a leader disabled by a crippling emotional breakdown. After an impressive early career, Coolidge assumed the presidency upon the death of Warren Harding. His promising political career suffered a major blow, however, with the death of his favorite child, 16-year-old Calvin Jr., in July 1924. Overwhelmed with grief, Coolidge showed distinct signs of clinical depression. Losing interest in politics, he served out his term as a broken man. This is the first account of Coolidge's life to compare his behavior before and after this tragedy, and the first to consider the importance of Coolidge's mental health in his presidential legacy. Gilbert carefully documents the dramatic change in Coolidge's leadership style, as well as the changes in his personal behavior. In his early career, Coolidge worked hard, was progressive, and politically astute. When he became Vice President in 1921, he impressed the Washington establishment by being strong and activist. After Harding's death, Coolidge took control of his party, dazzled the press, distanced himself from the Harding scandals, and showed ability in domestic and foreign policy. His son's death would destroy all of this. Gilbert documents Coolidge's subsequent dysfunctional behavior, including sadistic tendencies, rudeness and cruelty to family and aides, and odd interactions with the White House staff.

A Puritan in Babylon

In 1974 Charles W. Colson pleaded guilty to Watergate-related offenses and, after a tumultuous investigation, served seven months in prison. In his search for meaning and purpose in the face of the Watergate scandal, Colson penned *Born Again*. This unforgettable memoir shows a man who, seeking fulfillment in success and power, found it, paradoxically, in national disgrace and prison. In more than three decades since its initial publication, *Born Again* has brought hope and encouragement to millions. This remarkable story of new life continues to influence lives around the world. This expanded edition includes a brand-new introduction and a new epilogue by Colson, recounting the writing of his bestselling book and detailing some of the ways his background and ministry have brought hope and encouragement to so many.

The Jazz Age President

In these pages *Silent Cal Coolidge* focuses his famed terse eloquence on the nation's founders, not merely on George Washington's indispensable figure but also on the Declaration of Independence and the Constitution, Alexander Hamilton, Washington's fellow Virginia patriots, the Battles of Bunker Hill,

Princeton, and Trenton, Ethan Allen's Green Mountain Boys, Boston's Old North Church, Methodist Episcopal Bishop Francis Asbury, and the pivotal role Jewish Americans played in winning of our freedoms. No modern president has spoken so much—or so well—of America's providential genesis. Coolidge turns mere history into a history lesson. David Pietrusza, editor of "Silent Cal's Almanack: The Homespun Wit and Wisdom of Vermont's Calvin Coolidge\

The Tormented President

Although Calvin Coolidge is widely judged to have been a weak and even an incompetent president, this study concludes that he was a leader disabled by a crippling emotional breakdown. After an impressive early career, Coolidge assumed the presidency upon the death of Warren Harding. His promising political career suffered a major blow, however, with the death of his favorite child, 16-year-old Calvin Jr., in July 1924. Overwhelmed with grief, Coolidge showed distinct signs of clinical depression. Losing interest in politics, he served out his term as a broken man. This is the first account of Coolidge's life to compare his behavior before and after this tragedy, and the first to consider the importance of Coolidge's mental health in his presidential legacy. Gilbert carefully documents the dramatic change in Coolidge's leadership style, as well as the changes in his personal behavior. In his early career, Coolidge worked hard, was progressive, and politically astute. When he became Vice President in 1921, he impressed the Washington establishment by being strong and activist. His son's death would destroy all of this. Gilbert documents Coolidge's subsequent dysfunctional behavior, including sadistic tendencies, rudeness and cruelty to family and aides, and odd interactions with the White House staff.

Born Again

A treasury of the wit and wisdom of Calvin Coolidge, America's surprisingly eloquent 30th President. Silent Cal's Almanack includes: * The ultimate distillation of Calvin Coolidge political wisdom. * A selection of Silent Cal's key speeches. * A thought-provoking original biographical essay. * A fascinating and unique 50-page portfolio of Coolidge photos, editorial cartoons and campaign memorabilia. * A Coolidge timeline. * A Coolidge bibliography. "He wrote simply, innocently, artlessly," H. L. Mencken once noted regarding Coolidge's prose, "He forgot all the literary affectations and set down his ideas exactly as they came into his head. The result was a bald, but strangely appealing piece of writing—a composition of almost Lincolnian austerity and beauty. The true Vermonter was in every line of it." Supreme Court Justice David Souter recently wrote of Calvin Coolidge: "The simple beauty of his English prose exceeds anything I could say in praise of it."

Calvin Coolidge on The Founders

A moral examination of one of the first Jewish senators, confidante to Jefferson Davis, and champion of the cause of slavery Judah P. Benjamin (1811–1884) was a brilliant and successful lawyer in New Orleans, and one of the first Jewish members of the U.S. Senate. He then served in the Confederacy as secretary of war and secretary of state, becoming the confidant and alter ego of Jefferson Davis. In this new biography, author James Traub grapples with the difficult truth that Benjamin, who was considered one of the greatest legal minds in the United States, was a slave owner who deployed his oratorical skills in defense of slavery. How could a man as gifted as Benjamin, knowing that virtually all serious thinkers outside the American South regarded slavery as the most abhorrent of practices, not see that he was complicit with evil? This biography makes a serious moral argument both about Jews who assimilated to Southern society by embracing slave culture and about Benjamin himself, a man of great resourcefulness and resilience who would not, or could not, question the practice on which his own success, and that of the South, was founded.
