Did you know that ancient Hindu texts comprise some of the greatest and most extensive collections of myths in the entire world? The Hindu epic poem Mahabharata by itself is ten times longer than both the Iliad and Odyssey combined. Not only does the Mahabharata have tales of heroic exploits and derring-do, but it also contains complex and sophisticated philosophical writings. In fact, the Bhagavad Gita, one of the most important Hindu religious texts, is itself a section of the Mahabharata. The Puranas are another collection of writings in Sanskrit. These texts preserve myths alongside works of philosophy and cosmology and writings about topics such as dance and yoga. One important source of stories about the Hindu god Krishna is the Bhagavata Purana, one of the Mahapuranas or greater Purana texts. Tales from the Mahabharata and Bhagavata Purana make for lively reading. However, more than that, they also give us a window into important Hindu ideas about Dharma, a complex concept that involves law, custom, and both social and cosmic order, as well as philosophies of good and evil. In some of these stories, we learn that what we might think of as evil might not be quite as bad as we think and that even supposedly evil beings can have rich inner lives and sophisticated thoughts about the meaning of life and the places these beings have in the universe. In this volume, you will discover: How the storm god Indra defeated the demon Vritrasura, and how Indra came to respect Vritrasura even though he had to kill him How King Yayati had to choose between honoring his oath to his father-in-law on the one hand and the Dharma on the other, and what consequences came of his decision How Krishna defeated the giant serpent-king Kaliya, and why cobras have markings on their hoods How Prince Devavrata made a terrible, solemn vow to renounce his throne and never have children, and how he gained the nickname "Bhishma" How Bhishma's rash actions in kidnapping brides for his brothers led to misery for one of the women he took, and how she waited through two lifetimes to get her revenge How Krishna and the hero Arjuna helped the fire god Agni consume the Khandava Forest, and how that act led to the feud between the Kauravas and Pandavas that is at the heart of the Mahabharata How the hero Bhima met the monkey-god Hanuman while he was on a mission to get flowers for his wife And much, much more! Scroll up and click the "add to cart" button to read these captivating Hindu myths!

African Myths & Legends

A collection of traditional tales from Africa, reflecting the cultures and religions from which the stories come.

African Myths

Sub-Saharan Africa is a land of colourful contrasts and diverse cultures. Despite the destructive influences of colonialism and the slave trade and the lack of early written records, Africa has persevered with its powerful tradition of storytelling, with tales of its history passed down in songs and stories through the generations. Because of the huge diversity of lifestyles and traditions, no real unified mythology exists in Africa, but broadly speaking, a number of beliefs, ideas and themes are shared by African peoples. So this collection offers a selection of descriptions and tales, often those recorded faithfully by some of the first to put them to paper – tales of the gods, creation stories, trickster adventures, animal fables and stories which amuse and teach – from Olukun's Revenge, from the Yoruba people of west Africa, to The Story of the Glutton, from the Bantu-speaking peoples of east Africa, all brought together with the aim of providing an insight into the boundless and vibrant world of African myth. FLAME TREE 451: From mystery to crime, supernatural to horror and myth, fantasy and science fiction, Flame Tree 451 offers a healthy diet of werewolves and mechanical men, blood-lusty vampires, dastardly villains, mad scientists, secret worlds, lost civilizations and escapist fantasies. Discover a storehouse of tales gathered specifically for the reader of the fantastic.

African Mythology

NOTE: This book has been illustrated and published by the students of Edgbarrow School in Berkshire, England as a special project to raise funds for their Ghana Sponsorship campaign. DESCRIPTION: The Yoruba people are descendants from a variety of West African communities. They are united by Geography, History, Religion and most importantly their Language. In this volume you will find 31 stories and tales like: AKITI THE HUNTER, SONS OF STICKS, WHY WOMEN HAVE LONG HAIR THE LEOPARD-MAN, THE COOKING POT and many more. You also will find a further nine stories of the adventures of Tortoise and the many mischievous things he gets up to. Many years ago, before the advent of the West African slave trade, the Yoruba people inhabited an area which stretched, along the coast of West Africa, all the way inward and down to Angola in South West Africa. Today this is not the case. The legends and fairy stories in this book belong to the Yoruba. They relate the adventures of men and animals, and try to explain the mysteries of Nature-Why Women have Long Hair, How the Leopard got his Spots, the Three Magicians, the Boa-Constrictor, How the Elephant got his Trunk and more. These stories grew from the imagination of the people. We read these folk-tales for their quaintness and humour, for their sympathy with Nature, and because we find in them the ideas and ideals, not just of one man, but of a race of people. In modern times we have begun paying close attention to folklore - old tales, not invented by one man, but belonging to the whole people; not written down, but told by parents to their children, and so handed on for hundreds of years. The legends express primitive notions of right and wrong. As a rule, the wicked are punished and the good rewarded; and that, we feel, is as it should be. We may weep at the death of rascally Tortoise, but we may also feel that he somehow has deserved his fate!

Bantu Myths and Other Tales

Creation myths, quests, the eternal battle between good and evil, these are some of the classic tales that feed the ravenous beast of modern culture. For many the classical traditions of the Greeks and the Romans occupy the imagination but the ancient world was a lively and fertile source of stories, reaching much further back than the pantheon of Zeus and his fellow gods. For the early civilisations, from the ancient Chinese to African tribal societies, stories were told to explain the origins of fierce weather, of unexplained disasters, of floods and earthquakes. Many traditions developed independently but still echoed similar themes in the natural human desire to understand the world around us. This new book brings to life the myths and legends of eight intriguing traditions: Native American, Chinese, Celtic, Scottish, Greek, Viking, Indian and African. With a cast of characters as broad and wide as the ancient river Styx the book is packed with the great themes of life: love, revenge, eternal conflict, the obsession with power and the everlasting battle between the wily and the strong. This powerful new book is a dazzling collection of the most gripping tales, vividly retold.

West African Folktales

Enjoy a rich collection of folktales, myths and legends from all over Africa and the Caribbean, re-told for young readers. From the trickster tales of Anansi the spider, to the story of how the leopard got his spots; from the tale of the king who wanted to touch the moon, to Aunt Misery's magical starfruit tree. This book includes traditional favourites and classic folktales and mythology.

Kings, Gods & Spirits from African Mythology

The nice thing about African mythology is that it is rooted in such ancient traditions. And although the west hasn't fully embraced some of these interesting stories, they have been told by many and remembered by some, enough to write them down and discover what they are all about. Different regions have different traditions, of course, and you'll learn more about many of them in this book. The mythological creatures, animals, gods, and goddesses all have distinct qualities and traits, so strap up and go for a ride in the African world of fantasy as you learn what people believed in and imagined. Find out more about the culture, the fertility rituals, birth, death, creation, and lots of other details. Begin your book now.
