What Is a Marriage

Plot of the Novel

Countess Gemini

We Want To Inherit It To Marry It To Find It To Gamble It into Our Lives or in some Other Way To Have It after About Five Minutes Worth of Thinking about Getting Would Be the Best and James Is with You There's no Sort of Moral Dirtiness about Money Just the Opposite To Lead an Interesting Life To Be Free Enough To Do What Your Imagination and Your Tastes Could Lead You To Do Requires Money but that's a Tragedy in June That's a Tragedy because the Kinds of Things You both Have To Do To Get the Money and the Kinds of Problems You Inherit with the Money That Is To Say the Perception of You That Is Forever Altered by Having Money Is Not Something Which by Willpower

But I'M Going To Prove to the World and to Myself that I'M Not Subject to It I'M Going To Do Something Irrational I'M Going To Take My Money and Marry the One Person in the World Everybody Is Going To Tell Me Not To Marry It's a Crazy View but You Can Imagine Her in a Way Desperate To Have a Kind of Identity That's Her Own Not Just To Slip Back into the She Married Well Warburton or Goodwood You Got To Remember those Are Her Options and They'Re Meant To Be Alternatives

I Want To Represent to You Namely that James's View of Morality Is Deeply Intertwined with this Understanding of Modern Moral Meaning of the Dependence We Have on each Other for Our Trusting What We'Re Doing Being What We Think We'Re Doing and the Necessity of Free People Not Manipulated People for Us To Get the Right Reaction from the World It's a Large Thesis I Can't Defend but I Think James Is Playing Around with a Much Deeper Understanding of the Nature of Our Dependence What We Owe each Other another Way of Talking about Morality

Ghost Stories of an Antiquary

Reproduction of the original. The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision.

Ghost Stories

In these stories James continues his transformation of the ghost story from its nineteenth century heritage. Drawing upon his deep knowledge of medieval history, biblical curiosa, and the hidden and mysterious corners of the English countryside, James fashioned stories that, while drawing upon the ancient past, exhibit horrors that are all too balefully active in the present. The Penguin English Library - collectable general readers' editions of the best fiction in English, from the eighteenth century to the end of the Second World War.

Count Magnus and Other Ghost Stories

The only annotated edition of M. R. James's writings currently available Count Magnus and Other Ghost Stories contains the entire first two volumes of James's ghost stories, Ghost Stories of an Antiquary and More Ghost Stories of an Antiquary. These volumes are both the culmination of the nineteenth-century ghost story tradition and the inspiration for much of the best twentieth-century work in this genre. Included in this collection are such landmark tales as "Count Magnus," set in the wilds of Sweden; "Number 13," a distinctive tale about a haunted hotel room; "Casting the Runes," a richly complex tale of sorcery that served as the basis for the classic horror film Curse of the Demon; and "Oh, Whistle, and I'll Come to You, My Lad," one of the most frightening tales in literature. The appendix includes several rare texts, including "A Night in King's College Chapel," James's first known ghost story. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Horror Stories

Collects twenty-nine classic nineteenth-century horror tales from American, Irish, British, and European authors, with author information and explanatory notes.

Gothic Tales

'There was a rumour, too, that he was a devil-worshipper, or something of that sort, and also that he had the evil eye...' Arthur Conan Doyle was the greatest genre writer Britain has ever produced. Throughout a long writing career, he drew on his own medical background, his travels, and his increasing interest

in spiritualism and the occult to produce a spectacular array of Gothic Tales. Many of Doyle's writings are recognised as the very greatest tales of terror. They range from hauntings in the polar wasteland to evil surgeons and malevolent jungle landscapes. This collection brings together over thirty of Conan Doyle's best Gothic Tales. Darryl Jones's introduction discusses the contradictions in Conan Doyle's very public life - as a medical doctor who became obsessed with the spirit world, or a British imperialist drawn to support Irish Home Rule - and shows the ways in which these found articulation in that most anxious of all literary forms, the Gothic.

The Classic Horror Stories

'Loathsomeness waits and dreams in the deep, and decay spreads over the tottering cities of men. A time will come - but I must not and cannot think!' H. P. Lovecraft (1890-1937) was a reclusive scribbler of horror stories for the American pulp magazines that specialized in Gothic and science fiction in the interwar years. He often published in *Weird Tales* and has since become the key figure in the slippery genre of 'weird fiction'. Lovecraft developed an extraordinary vision of feeble men driven to the edge of sanity by glimpses of malign beings that have survived from human prehistory or by malevolent extra-terrestrial visitations. The ornate language of his stories builds towards grotesque moments of revelation, quite unlike any other writer. This new selection brings together nine of his classic tales, focusing on the 'Cthulhu Mythos', a cycle of stories that develops the mythology of the Old Ones, the monstrous creatures who predate human life on earth. It includes the Introduction from Lovecraft's critical essay, 'Supernatural Horror in Literature', in which he gave his own important definition of 'weird fiction'. In a fascinating contextual introduction, Roger Luckhurst gives Lovecraft the attention he deserves as a writer who used pulp fiction to explore a remarkable philosophy that shockingly dethrones the mastery of man.

Casting the Runes and Other Ghost Stories

This selection of twenty-one short stories by M.R. James--a first-class writer of supernatural fiction--represents his best work, including "Count Magnus," "The Rose Garden," "The Uncommon Prayer-book," "Rats," "The Malice of Inanimate Objects," and "A Vignette," as well as the title story.

The Oxford Book of English Ghost Stories

The thrill and chill of the ghost story is displayed in all its variety and vitality through this marvellous anthology. Ranging from the early 19th century to the 1960s, the collection reveals the development of the genre, and showcases many of its greatest expositors - from Sir Walter Scott, H. G. Wells, M. R. James, T. H. White, Walter de la Mare, and Elizabeth Bowen in the UK to Edith Wharton in America. Though its heyday coincided with the golden age of Empire in the nineteenth century, the ghost story enjoyed a second flowering between the two World Wars and its popularity is as great as ever.

The Turn of the Screw (Legend Classics)

Written with such exquisite ambiguity, this book will call into question everything you know - but, in *The Turn of the Screw*, not knowing the truth might be a blessing.

Curious Warnings

Montague Rhodes James--M. R. James--was an English academic and provost of King's College and Eton. He started writing ghost stories to entertain his friends. . . one hundred and fifty years after his birth he is now revered as the father of the modern English ghost story. This gorgeous hardback collection contains all thirty-five of M.R. James's highly acclaimed ghost stories, including the classics: "Oh Whistle, and I'll Come to You, My Lad" and "Canon Alberic's Scrapbook."

Sleeping with the Lights on

Four o'clock in the morning, and the lights are on and still there's no way we're going to sleep, not after the film we just saw. The book we just read. Fear is one of the most primal human emotions, and one of the hardest to reason with and dispel. So why do we scare ourselves? It seems almost mad that we would frighten ourselves for fun, and yet there are thousands of books, films, games, and other forms of entertainment designed to do exactly that. As Darryl Jones shows, the horror genre is huge. Ranging from vampires, ghosts, and werewolves to mad scientists, Satanists, and deranged serial killers, the cathartic release of scaring ourselves has made its appearance in everything

from Shakespearean tragedies to internet memes. Exploring the keytropes of the genre, including its monsters, its psychological chills, and its love affair with the macabre, Darryl Jones discusses why horror stories disturb us, and how society responds to literary and film representations of the gruesome and taboo. Should the enjoyment of horror be regarded with suspicion? Are there different levels of the horrific, and should we distinguish between the commonly reviled carnage of contemporary torture porn and the culturally acceptable bloodbaths of ancient Greek tragedies? Analysing the way in which horror manifests multiple personalities, and has been used throughout history to articulate the fears and taboos of the current generation, Jones considers the continuing evolution of the genre today. As horror is mass marketed to mainstream society in the form of romantic vampires and blockbuster hits, it also continues to maintain its former shadowy presence on the edges of respectability, as banned films and violent internet phenomena push us to question both our own preconceptions and the terrifying capacity of human nature.

Scottish Ghost Stories

This is a collection of Scottish ghost stories personally related to the author, who dedicated his life to investigating the supernatural. Elliott O'Donnell (1872 - 1965) was an English author most famous for his many books about ghosts. Other notable works by this author include: "Werewolves" (1912), "Animal Ghosts" (1913), and "Strange Disappearances" (1927). "Scottish Ghost Stories" is highly recommended for modern readers with an interest in the supernatural, and it would make for a worthy addition to collections of related literature. Contents include: "The Death Bogle Of The Cross Roads, And The Inextinguishable Candle Of The Old White House, Pitlochry"

Madam Crowl's Ghost

Includes tales which mostly appeared in The Dublin University Magazine and other periodicals.

The Haunted Dolls' House (Fantasy and Horror Classics)

M. R. James was born in Kent, England in 1862. James came to writing fiction relatively late, not publishing his first collection of short stories – Ghost Stories of an Antiquary (1904) – until the age of 42. Modern scholars now see James as having redefined the ghost story for the 20th century and he is seen as the founder of the 'antiquarian ghost story'. We are republishing these classic works in affordable, high quality, modern editions with a brand new introductory biography of the author.

The Swamp

The essential early work by the modern master of Japanese literary comics Yoshiharu Tsuge is one of the most influential and acclaimed practitioners of literary comics in Japan. The Swamp collects work from his early years, showing a major talent coming into his own. Bucking the tradition of mystery and adventure stories, Tsuge's fiction focused on the lives of the citizens of Japan. These mesmerizing comics, like those of his contemporary Yoshihiro Tatsumi, reveal a gritty, at times desperate postwar Japan, while displaying Tsuge's unique sense of humor and point of view. "Chirpy" is a simple domestic drama about expectations, fidelity, and escape. A couple purchase a beautiful white bird with a red beak. It is said that the bird will grow attached to its owners and never fly away. While the girlfriend is working as a hostess, flirting with men for money, the boyfriend decides to draw a portrait of the new family member, and disaster strikes. In "The Swamp," a simple rural encounter is charged with sexual tension that is alluring but also fraught with danger. When a young woman happens upon a wing-shot goose, she tries to calm it then suddenly snaps its neck. Later, she befriends a young hunter and offers him shelter, but her motivations remain unclear, especially when the hunter notices a snake in the room

where they'll both be sleeping. The Swamp is a landmark in English manga-publishing history and the first in a series of Tsuge books Drawn & Quarterly will be publishing.

Ghosts of the Chit-Chat

"Such things may have attached to them heaven knows what spooks and spirits." - The Ikon On the evening of Saturday, 28 October 1893, Cambridge University's Chit-Chat Club convened its 601st meeting. Ten members and one guest gathered in the rooms of Montague Rhodes James, the Junior Dean of King's College, and listened - with increasing absorption one suspects - as their host read "Two Ghost Stories". Ghosts of the Chit-Chat celebrates this momentous event in the history of supernatural literature, the earliest dated record we have of M. R. James reading his ghost stories out loud. And it revives the contributions that other members made to the genre; men of imagination who invoked the ghostly in their work, and who are now themselves shades. In a series of essays, stories, and poems Robert Lloyd Parry looks at the history and culture of the Club. In addition to tales and poems never before reprinted, Ghosts of the Chit-Chat features earlier, slightly different versions of two of M. R. James's best-known ghost stories; Robert Lloyd Parry's profiles and commentaries on each featured Chit-Chat member sheds new light on this supernatural tradition, making Ghosts of the Chit-Chat a valuable resource for casual readers and long-time Jamesians alike.

The Collected Peter Pan

A new collection of J. M. Barrie's Peter Pan stories--from his first appearance in *The Little White Bird* to the final version of the Peter Pan play we know today.

Classic Works from Women Writers

A fine collection of classic novels, short stories, poems, and essays from distinguished women writers. Women writers have been making their voices heard for centuries, but their works were not always taken seriously. Over time, as women gained more social and political freedom, these works have reemerged as subjects that are considered to be worthy of closer study. *Classic Works from Women Writers* is a collection of more than thirty novels, short stories, poems, and essays by prominent and lesser-known female writers since the 17th century. Included in this volume are groundbreaking works such as Mary Shelley's *Frankenstein*; Agatha Christie's *The Mysterious Affair at Styles*, the first Hercule Poirot novel; Charlotte Perkins Gilman's short story "The Yellow Wallpaper" and her follow-up essay; and poetry from the likes of Christina Rossetti, Amy Lowell, and Sara Teasdale. The words of these authors offer a multitude of perspectives on different issues that affect not only women but the wider world as well.

Twenty-Five Ghost Stories

Twenty-Five Ghost Stories BY W. BOB HOLLAND This collection of ghost stories owes its publication to an interest that I have long felt in the supernatural and in works of the imagination. As a child I was deeply concerned in tales of spooks, haunted houses, wraiths and specters and stories of weird experiences, clanking chains, ghostly sights and gruesome sounds always held me spellbound and breathless. Experiences in editorial offices taught me that I was not alone in liking stories of mystery. The desire to know something of that existence that is veiled by Death is equally potent in old age and in youth, and men, women and children like to be thrilled and to have a "creepy" feeling along the spinal column as the result of reading of a visitor from beyond the grave. This volume contains the most famous of the weird stories of Edgar Allan Poe, that master of this form of literature. "The Black Cat" contains all the needed element of mystery and supernatural, and yet the feline acts in a natural manner all of the time, and the story is quite possibly true. It is only in the manner of its telling that the tale becomes one that fittingly finds its place in this collection. Guy de Maupassant, the clever Frenchman, is also represented by two effective bits of work, and other less widely known writers have also contributed stories that are worth reading, and when once read will be remembered. There is not a story among the twenty-five that is not worthy of close reading. There has recently been a revival in interest in ghost stories. Many of the high-class magazines have within a few months printed stories with supernatural incidents, and writers whose names are known to all who read have turned their attention to this form of literature. Whether or not the reader believe in ghosts, he cannot fail to be interested in this little book. Without venturing to express a positive opinion either way, I will only say with Hamlet: "There are more things in heaven and earth, Horatio, than are dreamt of in your philosophy." Twenty-Five Ghost Stories BY W. BOB HOLLAND

12 Victorian Ghost Stories

Victorian writers excelled at the ghost story. Here editor Michael Cox brings together well wrought tales of haunted houses, vengeful spirits, spectral warnings, invisible antagonists, and motiveless malignity from beyond the grave. Traditional in form but inventive and infused with a relish of the supernatural, these classic ghost stories still retain their original power to unsettle and surprise.

The New Young Oxford Book of Ghost Stories

Tells stories about all kinds of ghosts, including children, snooker-players, ventriloquist's dummies, and warriors.

Green Tea

"Sheridan Le Fanu is one of the indispensable figures in the history of Gothic and horror fiction. While a number of his sensation and mystery novels were popular with mid-Victorian readers, it was in shorter forms that he truly excelled and most showed himself an innovator in the field of uncanny fiction. Tales such as *Carmilla* and *Green Tea* prompted M. R. James to remark, 'he succeeds in inspiring a mysterious terror better than any other writer'. This landmark critical edition includes the original versions of the stories later collected in the superb *In a Glass Darkly*, along with equally chilling tales spanning the length of Le Fanu's career, from 'Schalken the Painter', a pioneering story of the walking dead, to 'Laura Silver Bell', a haunting exploration of the dark side of fairy lore. Aaron Worth's introduction discusses the paranoid, claustrophobic world of Le Fanu's fiction, placing the stories both in the context of the author's long career and in the pantheon of writers of the uncanny"--

From Elizabeth Gaskell's "The Old Nurse's Story" to Edith Wharton's "Afterword," *The Penguin Book of Ghost Stories* features the finest writings from the mid-nineteenth to early twentieth century, by masters including M. R. James, Sheridan Le Fanu, and Ambrose Bierce, among others. Late Victorian Gothic Tales

'He was a man of fairly firm fibre, but there was something in this sudden, uncontrollable shriek of horror which chilled his blood and pringed in his skin. Coming in such a place and at such an hour, it brought a thousand fantastic possibilities into his head...' *The Victorian fin de siècle: the era of Decadence, The Yellow Book, the New Woman, the scandalous Oscar Wilde, the Empire on which the sun never set.* This heady brew was caught nowhere better than in the revival of the Gothic tale in the late Victorian age, where the undead walked and evil curses, foul murder, doomed inheritance and sexual menace played on the stretched nerves of the new mass readerships. This anthology collects together some of the most famous examples of the Gothic tale in the 1890s, with stories by Arthur Conan Doyle, Vernon Lee, Henry James and Arthur Machen, as well as some lesser known yet superbly chilling tales from the era. The introduction explores the many reasons for the Gothic revival, and how it spoke to the anxieties of the moment. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Great Ghost Stories

"*A Thin Ghost and Others*" is a horror short story collection by British writer M. R. James. It contains five stories, including "The Residence at Whitminster," "The Diary of Mr. Poynter," "An Episode of Cathedral History," "The Story of a Disappearance and an Appearance," "Two Doctors."

A Thin Ghost and Others

Considered by many to be the most terrifying writer in English, M. R. James was an eminent scholar who spent his entire adult life in the academic surroundings of Eton and Cambridge. His classic supernatural tales draw on the terrors of the everyday, in which documents and objects unleash terrible forces, often in closed rooms and night-time settings where imagination runs riot. Lonely country houses, remote inns, ancient churches or the manuscript collections of great libraries provide settings for unbearable menace from creatures seeking retribution and harm. These stories have lost none of their power to unsettle and disturb and titillate.

Collected Ghost Stories

Montague Rhodes James OM, MA, FBA (1 August 1862 – 12 June 1936), who used the publication name M. R. James, was an English author, medievalist scholar and provost of King's College, Cambridge (1905–1918), and of Eton College (1918–1936). He is best remembered for his ghost stories, which are regarded as among the best in the genre. James redefined the ghost story for the new century by abandoning many of the formal Gothic clichés of his predecessors and using more realistic contemporary settings. However, James's protagonists and plots tend to reflect his own antiquarian interests. Accordingly, he is known as the originator of the "antiquarian ghost story". James was born in Goodnestone Parsonage, near Dover in Kent, England, although his parents had associations with Aldeburgh in Suffolk. From the age of three (1865) until 1909 his home, if not always his residence, was at the Rectory in Great Livermere, Suffolk. This had also been the childhood home of another eminent Suffolk antiquary, "Honest Tom" Martin (1696–1771) "of Palgrave." Several of his ghost stories are set in Suffolk, including "Oh, Whistle, and I'll Come to You, My Lad" (Felixstowe), "A Warning to the Curious" (Aldeburgh), "Rats" and "A Vignette" (Great Livermere). He lived for many years, first as an undergraduate, then as a don and provost, at King's College, Cambridge, where he was also a member of the Pitt Club. The university provides settings for several of his tales. Apart from medieval subjects, James studied the classics and appeared very successfully in a staging of Aristophanes' play *The Birds*, with music by Hubert Parry. His ability as an actor was also apparent when he read his new ghost stories to friends at Christmas time. In September 1873 he arrived as a boarder at Temple Grove School, one of the leading boys' preparatory schools of the day. James is best known for his ghost stories, but his work as a medievalist scholar was prodigious and remains highly respected in scholarly circles. Indeed, the success of his stories was founded on his antiquarian talents and knowledge. His discovery of a manuscript fragment led to excavations in the ruins of the abbey at Bury St Edmunds, West Suffolk, in 1902, in which the graves of several twelfth-century abbots described by Jocelyn de Brakelond (a contemporary chronicler) were rediscovered, having been lost since the Dissolution. His 1917 edition of the *Latin Lives of Saint Aethelberht, king and martyr* (*English Historical Review* 32), remains authoritative. He catalogued many of the manuscript libraries of the Cambridge colleges. Among his other scholarly works, he wrote *The Apocalypse in Art*, which placed illuminated Apocalypse manuscripts into families. He also translated the New Testament Apocrypha and contributed to the *Encyclopaedia Biblica* (1903). His ability to wear his learning lightly is apparent in his *Suffolk and Norfolk* (Dent, 1930), in which a great deal of knowledge is presented in a popular and accessible form, and in *Abbeys* (Great Western Railway, 1925). James also achieved a great deal during his directorship of the Fitzwilliam Museum in Cambridge (1893–1908). He managed to secure a large number of important paintings and manuscripts, including notable portraits by Titian. James was Provost of Eton College from 1918 to 1936. He died in 1936 and was buried in Eton town cemetery.

The Treasure of Abbot Thomas

This terrifying selection of ghost stories brings together the very best classic works from the masters of the supernatural. Phantom coaches, evil familiars, shadowy houses, spectral children and mysterious doppelgangers haunt these tales. They range from the famous, such as M. R. James's tale of an ancient curse, 'Oh, Whistle, and I'll Come To You, My Lad' and W. W. Jacobs's story of gruesome wish-fulfilment, 'The Monkey's Paw', to lesser-known masterpieces: Robert Louis Stevenson's 'Thrawn Janet', telling of a parish priest tormented for life by his encounter with the undead; Charles Dickens's unsettling account of a railway signal-man and an ominous portent; and Edward Bulwer Lytton's 'The Haunted and the Haunters', where a cursed house harbours a diabolical secret. Michael Newton's introduction discusses why ghost stories scare us and why they flourished from the mid-nineteenth to early-twentieth century, examining their changing conventions throughout history. This edition also includes further reading, notes, a glossary and a chronology. Edited with an introduction and notes by Michael Newton

The Oxford Book of Twentieth-century Ghost Stories

The Collected Ghost Stories of M. R. James is the title of M. R. James' omnibus collection of ghost stories, published in 1931, bringing together all but four of his ghost stories (which had yet to be published). Montague Rhodes James (1862-1936) was a medievalist scholar; Provost of King's College, Cambridge. He wrote many of his ghost stories to be read aloud in the long tradition of spooky Christmas Eve tales. His stories often use rural settings, with a quiet, scholarly protagonist getting caught up in the activities of supernatural forces. The details of horror are almost never explicit, the stories relying on a gentle, bucolic background to emphasize the awfulness of the otherworldly intrusions.

The Penguin Book of Ghost Stories

The Portable Edgar Allan Poe compiles Poe's greatest writings: tales of fantasy, terror, death, revenge, murder, and mystery, including "The Pit and the Pendulum," "The Fall of the House of Usher," "The Cask of Amontillado," "The Masque of the Red Death," and "The Murders in the Rue Morgue," the world's first detective story. In addition, this volume offers letters, articles, criticism, visionary poetry, and a selection of random "opinions" on fancy and the imagination, music and poetry, intuition and sundry other topics. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
