The 48 Laws of Power

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

The People of Sparks

When the people of the underground city of Ember follow Lina and Doon to the surface, little prepares them for what they will encounter. Leaving behind the darkness that has been their home for generations, they discover a world of colour, warmth and light. The people of the small village of Sparks seem willing to help them . . . at first . . . but life on the surface has it's dark side too. Before long the villagers of Sparks become more reluctant to share their precious resources with the strange, new underground people. Lina and Doon watch in horror as the differences between the two groups grow into resentment, anger and hate. Somehow they must help overcome the distrust and bring the people of Ember and Sparks together.

Ember (Rescue Dogs #1)

But every family that adopts the yellow Lab puppy brings her back, saying she is untrainable, has too much energy, or is just plain destructive. After three failed placements, young Ember is out of options. The Sterling family runs a ranch that turns rescued dogs into rescue dogs. They're willing to take a chance on the young Lab, not knowing that Ember's first rescue will test her skills and strength beyond imagination...

The Ember Blade

'The Ember Blade is hands down the best fantasy novel I've ever read' Grimdark Magazine Empires rise, civilisations fall and one culture comes to subsume another. It's the way of the world . . . sometimes ways of life are improved, sometimes they are not. But the progression of change is huge and - usually - unstoppable. In this story, the Ossian way of life is fading and the Dachen way is taking its place and Aren is comfortable with that. Even when his parents are accused of treason he supports the establishment and maintains there's been some mistake . . . which is all it takes to get himself and his best friend arrested . . . Thrown into a prison mine they plan their escape - only to be overtaken by events when they're rescued, and promptly find themselves in the middle of an ambush. By the time they've escaped, they're unavoidably linked to Garric - their unwelcome saviour - and his quest to overturn to Dachen way of life. If they leave Garric now, they'll be arrested or killed by their pursuers. If they turn him in, Garric will kill them. If they stay with him, they'll be abetting a murderous quest they don't believe in. There are no good options - but Aren will still have to choose a path . . . Designed to return to classic fantasy adventures and values, from a modern perspective, this is a fast-moving coming-of-age trilogy featuring a strong cast of diverse characters, brilliant set-pieces and a strong character and plot driven story.

Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. Writes Mandy, “Time and again, I've seen that abundance, happiness, and purpose will find its way to you when you are on the right energetic path; and when you're a whole and complete human, your manifestations will be more beautiful than you can imagine.” She shows how manifestation requires staying in alignment with your best intentions and highest good, and that many of the secrets to manifesting a beautiful life revolve around managing the defeating thoughts, feelings, and actions that throw you out of alignment. In *8 Secrets to Powerful Manifesting*, you will learn how to:

- Infuse the manifestation process with self-love to help you work through your past, set positive intentions, and create a high vibration for manifestation goals to come true.
- Detangle the dense energy (which impacts the neurological pathways) by understanding why what we want doesn't show up, so we can set a clear path of creation. (Think of an unpaved road with potholes versus a smooth drive to your destination)
- Create ways to energetically check in with yourself

· Manage your psychological triggers with “pattern interrupts” · Examine the rules you live by and be brave enough to rewrite them Achieve the life you deserve and desire using the tools of the most highly effective manifesters.
