Agatha H. and the Airship City

The Industrial Revolution has escalated into all-out warfare. It has been eighteen years since the Heterodyne Boys, benevolent adventurers and inventors, disappeared under mysterious circumstances. Today, Europe is ruled by the Sparks, dynasties of mad scientists ruling over — and terrorizing — the hapless population with their bizarre inventions and unchecked power, while the downtrodden dream of the Heterodynes' return. At Transylvania Polygnostic University, a pretty, young student named Agatha Clay seems to have nothing but bad luck. Incapable of building anything that actually works, but dedicated to her studies, Agatha seems destined for a lackluster career as a minor lab assistant. But when the University is overthrown by the ruthless tyrant Baron Klaus Wulfenbach, Agatha finds herself a prisoner aboard his massive airship Castle Wulfenbach — and it begins to look like she might carry a spark of Mad Science after all. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times

bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.

Girl Genius Omnibus Volume One

Girl Genius, the multiple Hugo Award–winning steampunk webcomic by Phil and Kaja Foglio, now collected in hardcover! The Industrial Revolution has become all-out war! Mad Scientists, gifted with the Spark of genius, unleash insane inventions on an unprepared Europe. For centuries, the Heterodyne family of inventors kept the peace, but the last Heterodyne disappeared twenty years ago, leaving their ally Baron Klaus Wulfenbach to maintain order with his fleet of airships and army of unstoppable, if not very bright, Jaeger Monsters. At Transylvania Polygnostic University, Agatha Clay dreams of being a scientist herself, but her trouble concentrating dooms her to be a lowly minion at best. When her locket, a family heirloom, is stolen, Agatha shows signs of having the Spark in a spectacular, destructive fashion and captures the attention of the Baron—and the Baron's handsome young son, Gilgamesh. Swept up to the Baron's Airship City, Agatha finds herself in the midst of the greatest minds of her generation, as well as palace intrigue, dashing heroes, and an imperial cat. Agatha may be the most brilliant mind of her generation and the key to control of the continent, but first, she just has to survive.

Agatha H. and the Clockwork Princess

Intrigue! Subterfuge! Circus Folk! In a time when the Industrial Revolution has escalated into all-out warfare, mad science rules the world... with mixed success. With the help of Krosp, Emperor of All Cats, Agatha has escaped from the massive airship known as Castle Wulfenbach. After crashing their escape dirigible, Agatha and Krosp fall in with Master Payne's Circus of Adventure, a traveling troupe of performers dedicated to staging Heterodyne shows—dramatizations of the exploits of Bill and Barry Heterodyne and their allies—who are unaware of Agatha's connection to the Heterodyne line. Pursued by the ruthless Baron Klaus Wulfenbach, his handsome son Gil, and their minions (not to mention Othar Tryggvassen, Gentleman Adventurer), Agatha hides in plain sight among the circus folk, servicing their clanks and proving herself adept in performing the role of Lucrezia Mongfish, nemesis to—and later wife of—Barry Heterodyne. She also begins training under Zeetha, swordmistress and princess of the lost city of Skifander. Together, Agatha, Krosp, and the performers travel across the treacherous wasteland of war-torn Europa, towards Mechanicsburg, and the ancestral home of the Heterodynes—Castle Heterodyne. But with many perils standing in her way—including Wulfenbach's crack troops, mysterious Geisterdamen, savage Jägermonsters, and the fabled Storm King—it's going to take more than a spark of Mad Science for Agatha to get through... From Phil and Kaja Foglio, creators of the multiple WCCA and Hugo Award-winning webcomic Girl Genius, comes Agatha H and the Clockwork Princess, a gaslamp fantasy filled to bursting with Adventure! Romance! And Mad Science!

The Native Star

In the tradition of Jonathan Strange & Mr. Norrell, this brilliant first novel fuses history, fantasy, and romance. Prepare to be enchanted by M. K. Hobson's captivating take on the Wild, Wild West. The year is 1876. In the small Sierra Nevada settlement of Lost Pine, the town witch, Emily Edwards, is being run out of business by an influx of mail-order patent magics. Attempting to solve her problem with a love spell, Emily only makes things worse. But before she can undo the damage, an enchanted artifact falls into her possession—and suddenly Emily must flee for her life, pursued by evil warlocks who want the object for themselves. Dreadnought Stanton, a warlock from New York City whose personality is as pompous and abrasive as his name, has been exiled to Lost Pine for mysterious reasons. Now he finds himself involuntarily allied with Emily in a race against time—and across the United States by horse, train, and biomechanical flying machine—in quest of the great Professor Mirabilis, who alone can unlock the secret of the coveted artifact. But along the way, Emily and Stanton will be forced to contend with the most powerful and unpredictable magic of all—the magic of the human heart.

Girl Genius

In the third installment of the Girl Genius novels, *Agatha H. and the Voice of the Castle* begins as Agatha Heterodyne returns to her ancestral home, the warped little town of Mechanicsburg. There she must claim her inheritance by convincing the artificial intelligence that animates her family's castle that she is, in fact, the new Heterodyne. But this apparently simple task is made complicated in several ways: An imposter claiming to be the legitimate heir appears. The Empire is convinced that Agatha is the person responsible for the Long War (and to be fair, they are not entirely incorrect). And, worst of all, the Castle itself is insane. From the Hugo Award-winning Girl Genius online comics comes this third book in the Agatha H. trilogy; and just like the first two, *Agatha H. and the Voice of the Castle* will grab you from the first page and not let go! Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.

Agatha H. and the Voice of the Castle

In a time when the Industrial Revolution has become an all-out war, mad science rules the world—with mixed success. In *Agatha H. and the Siege of Mechanicsburg*, Agatha Heterodyne, the last of the Heterodyne family, has returned to her family's hereditary town with the might of the Wulfenbach Empire hot on her heels. The only thing holding off an outright attack is Gilgamesh Wulfenbach, the heir to the Empire, who has joined Agatha and her friends inside the great artificially intelligent fortress of Castle Heterodyne. Now they must race to repair the mechanisms that once allowed the Castle to defend Mechanicsburg, before the rest of Europa shows up to take all the revenge the mad Heterodynes of the past so richly earned. From the Hugo Award-winning Girl Genius online comics comes this fourth book in the Agatha H. series, and like the previous three books, it will engage you in a unique world of adventure, romance, and mad science!

Agatha H. and the Siege of Mechanicsburg

Team Alchemical: A group of Magical Girls who defend their city from fiendish monsters that prowl by night. The adoring idol culture surrounding these girls, along with the genuine life-or-death struggles they face each night, forces them to grow up quickly and under severe pressure. When tragedy strikes, the team's least confident supporting member, Undine, must step up and learn to fight her own battles.

Sleepless Domain - Book One: The Price of Magic

Fifteen-(Earth)-year-old Trish "Trash" Nupindju dreams of derby stardom. When you come from a multiracial family of poor moisture farmers on Mars, making the local hover derby team seems like the only way out. But when Trish finally gets (AKA sneaks into) a tryout, will this "fresh meat" have what it takes to make the cut? And then when a half-dead Martian shows up on her doorstep, how will that change what Trish had planned for her future? Find out in the first volume of this new science fiction trilogy from award-winning graphic novelist Jessica Abel. Part science fiction, part rollicking roller derby adventure story, *Trish Trash: Rollergirl of Mars* is a compelling character study of a young girl who feels trapped by the circumstances of her birth and economic situation.
