'Like Game of Thrones and The Hunger Games meets Pulp Fiction' Daily Mail Her throne awaits . . . if she can live long enough to take it. Kelsea Glynn is the sole heir to the throne of Tearling but has been raised in secret after her mother – a monarch as vain as she was foolish – was murdered for ruining her kingdom. For eighteen years, the Tearling has been ruled by Kelsea's uncle - Regent in name, but in truth the debauched puppet of the Red Queen, the sorceress-tyrant of neighbouring realm of Mortmesme. On Kelsea's nineteenth birthday, the tattered remnants of her mother's guard - each pledged to defend the queen to the death - arrive to bring this most un-regal young woman out of hiding... And so begins her journey back to her kingdom's heart, to claim the throne, win the loyalty of her people, overturn her mother's legacy and redeem the Tearling from the forces of corruption and dark magic that are threatening to destroy it. But Kelsea's story is not just about her learning the true nature of her inheritance - it's about a heroine who must learn to acknowledge and live with the realities of coming of age in all its insecurities and attractions, alongside the ethical dilemmas of ruling justly and fairly while simply trying to stay alive...

Legendborn

An Instant New York Times Bestseller! Winner of the Coretta Scott King - John Steptoe for New Talent Author Award Filled with mystery and an intriguingly rich magic system, Tracy Deonn's YA contemporary fantasy Legendborn offers the dark allure of City of Bones with a modern-day twist on a classic legend and a lot of Southern Black Girl Magic. After her mother dies in an accident, sixteen-year-old Bree Matthews wants nothing to do with her family memories or childhood home. A residential program for bright high schoolers at UNC-Chapel Hill seems like the perfect escape—until Bree witnesses a magical attack her very first night on campus. A flying demon feeding on human energies. A secret

society of so called “Legendborn” students that hunt the creatures down. And a mysterious teenage mage who calls himself a “Merlin” and who attempts—and fails—to wipe Bree’s memory of everything she saw. The mage’s failure unlocks Bree’s own unique magic and a buried memory with a hidden connection: the night her mother died, another Merlin was at the hospital. Now that Bree knows there’s more to her mother’s death than what’s on the police report, she’ll do whatever it takes to find out the truth, even if that means infiltrating the Legendborn as one of their initiates. She recruits Nick, a self-exiled Legendborn with his own grudge against the group, and their reluctant partnership pulls them deeper into the society’s secrets—and closer to each other. But when the Legendborn reveal themselves as the descendants of King Arthur’s knights and explain that a magical war is coming, Bree has to decide how far she’ll go for the truth and whether she should use her magic to take the society down—or join the fight.

The Queen of Blood

Set in the magical world of Renthia, *The Queen of Blood* is Sarah Beth Durst’s ambitious entry into adult epic fantasy. With the danger of Peter Brett’s *The Warded Man*, heart of Naomi Novik’s *Uprooted*, and lyricism of Patrick Rothfuss’ *The Name of the Wind*, this is the first chapter in a series destined to be a classic. Everything has a spirit: the willow tree with leaves that kiss the pond, the stream that feeds the river, the wind that exhales fresh snow . . . But the spirits that reside within this land want to rid it of all humans. One woman stands between these malevolent spirits and the end of humankind: the queen. She alone has the magical power to prevent the spirits from destroying every man, woman, and child. But queens are still just human, and no matter how strong or good, the threat of danger always looms. With the position so precarious, young women are chosen to train as heirs. Daleina, a seemingly quiet academy student, is under no illusions as to her claim to the throne, but simply wants to right the wrongs that have befallen the land. Ven, a disgraced champion, has spent his exile secretly fighting against the growing number of spirit attacks. Joining forces, these daring partners embark on a treacherous quest to find the source of the spirits’ restlessness—a journey that will test their courage and trust, and force them to stand against both enemies and friends to save their land . . . before it’s bathed in blood.

Blood of the Four

“This intriguing tale of magic and mayhem delves deep into the human psyche and shows what great writing and characters are all about. It grabs you by the throat and heartstrings and won’t let go. If *BLOOD OF THE FOUR* isn’t on your Must Be Read pile, it should be!” — Sherrilyn Kenyon, #1 New York Times Bestselling of the Dark-Hunters & Nevermore “*BLOOD OF THE FOUR* is magnificent! Epic in scope, grand in execution, and majestic and bloodthirsty in equal measure.” — Sarah Beth Durst, author of *The Queens of Renthia* series “There’s something for everyone here, including some subtly feminist themes and several spectacular displays of magical conflict. This novel is an expert crowd-pleaser.” — Publishers Weekly “Golden and Lebbon pull off pure magic with *BLOOD OF THE FOUR*. Easily one of the best fantasies I’ve read in the last ten years. *BLOOD OF THE FOUR* kicks all kinds of ass!” — James A. Moore, author of the *SEVEN FORGES* and *TIDES OF WAR* series “*Blood of the Four* is definitely fantasy on an epic level, contained in an overwhelming single volume for the reader’s convenience.” — New York Journal of Books “Epic. Horror titans Golden (Ararat, 2017) and Lebbon (Relics, 2017), who previously teamed up on the YA series *The Secret Journeys of Jack London* (The Wild, 2011), meld their talents again in this fantasy of madness and war.” — Booklist “In a genre overcrowded by ever expanding series, this book demonstrates that there is plenty of room for action and intrigue in a stand-alone [...] A nicely self-contained and kinetic excursion into political fantasy.” — Kirkus Reviews “Thoughtful and thoroughly entertaining.” — B&N Sci-Fi & Fantasy Blog “If you love epic fantasy, especially if you are looking for one where you can read it all without endless waiting for a next volume or spending a year of your life wading through a dozen or more doorstops, grab a copy of *BLOOD OF THE FOUR*.” — Reading Reality “This book blew my expectations away, making me extra glad I actually read it! I would wholeheartedly recommend this, especially since it’s not like a 10 book commitment – it’s a standalone after all! 5/5 would book-push this book. 5/5 would read again.” — Power & Page “*BLOOD OF THE FOUR* is a fun read. The partnership of Golden and Lebbon has resulted in a stylistically seamless narrative [...] The attention paid to gender makes the book refreshingly contemporary and adds important intellectual and cultural heft to an entertaining tale.” — Bookreporter.com “Christopher Golden and Tim Lebbon are a formidable pair of writers of fantasy stories. They have total control over their characters and the character arcs are finished perfectly. It is a real treat for all those who enjoy reading fantasy fiction.” — Washington Book Review “What do you get

when you bring two skilled authors together and the write a book? The answer is simple, something rather wonderful.” — The Eloquent Page

Shadow Of The Fox (Shadow of the Fox, Book 1)

‘One of my all time favourite fantasy novels!’ Ellen Oh, author of the Prophecy and Spirit Hunters series

The Heir of Night

“A richly told tale of strange magic, dark treachery, and conflicting loyalties, set in a well realized world.” —Robin Hobb, author of Dragon Keeper An award-winning poet and acclaimed author of Young Adult fiction, Helen Lowe now brings us The Heir of Night—the first book in her four-volume Wall of Night series, a brilliant new epic fantasy saga of war, prophecy, betrayal, history, and destiny. A thrilling excursion into a richly imagined realm of strife and sacrifice, where the fate of a dangerously divided world rests in the hands of one young woman, The Heir of Night is a fantasy classic in the making, sure to stand alongside the much beloved works of J.R.R. Tolkien, Robin McKinley, and Guy Gavriel Kay.
