The Meaning Of Sports

In *The Meaning of Sports*, Michael Mandelbaum, a sports fan who is also one of the nation's preeminent foreign policy thinkers, examines America's century-long love affair with team sports. In keeping with his reputation for writing about big ideas in an illuminating and graceful way, he shows how sports respond to deep human needs; describes the ways in which baseball, football and basketball became national institutions and how they reached their present forms; and covers the evolution of rules, the rise and fall of the most successful teams, and the historical significance of the most famous and influential figures such as Babe Ruth, Vince Lombardi, and Michael Jordan. Whether he is writing about baseball as the agrarian game, football as similar to warfare, basketball as the embodiment of post-industrial society, or the moral havoc created by baseball's designated hitter rule, Mandelbaum applies the full force of his learning and wit to subjects about which so many Americans care passionately: the games they played in their youth and continue to follow as adults. By offering a fresh and unconventional perspective on these games, *The Meaning of Sports* makes for fascinating and rewarding reading both for fans and newcomers.

The Meaning Of Sports

In *The Meaning of Sports*, Michael Mandelbaum, a sports fan who is also one of the nation's preeminent foreign policy thinkers, examines America's century-long love affair with team sports. In keeping with his reputation for writing about big ideas in an illuminating and graceful way, he shows how sports respond to deep human needs; describes the ways in which baseball, football and basketball became national institutions and how they reached their present forms; and covers the evolution of rules, the rise and fall of the most successful teams, and the historical significance of the most famous and influential figures such as Babe Ruth, Vince Lombardi, and Michael Jordan. Whether he is writing about baseball as the agrarian game, football as similar to warfare, basketball as the embodiment of post-industrial society, or the moral havoc created by baseball's designated hitter rule, Mandelbaum applies the full force of his learning and wit to subjects about which so many Americans care passionately: the games they played in their youth and continue to follow as adults. By offering a fresh and unconventional perspective on these games, *The Meaning of Sports* makes for fascinating and rewarding reading both for fans and newcomers.

The Meaning of Sport

Takes you on a journey from the Olympic Games in Athens to the World Cup in Germany - via the Ashes series, the Ryder Cup, Wimbledon, and more. This book examines why sport holds us all in such thrall, how it uplifts and crushes us - and can seem to matter more than life itself.

Children, Young People and Sport

This book redresses a pressing need for us to understand the motivations of children and young people in playing sport, what it means to them, and how it fits into their everyday lives. It is research-heavy, with each chapter presenting the results of a different study conducted on children's and young people's participation in sport across a diverse range of ages, settings and sports from a humanistic perspective. Well-written and accessible, it captures the texture, nuances and meanings of participation in different sports in Australia, France, Japan and New Zealand in order to situate learning and the nature of children's experiences within their social and cultural contexts. It provides valuable insights into the subjective nature of children and young people's participation in sport, and should be read by anyone interested in children's and youth sport, from academics, undergraduate and postgraduate students to coaches, teachers, parents and youth sport administrators.

The Joy of Sports

"...an exhilarating exercise full of uncanny insights..." - Publishers Weekly

Meaning in Movement, Sport, and Physical Education

This book compares two major leisure activities – watching sport and engaging with art. It explores a range of philosophical questions that arise when sport and art are placed side by side: The works of Shakespeare, Rembrandt and Mozart have continued to fill playhouses, galleries and concert halls for centuries since they were created, while our interest in even the most epic sporting contests fades after just a few years, or even a single season. What explains this difference? Sporting contests are merely games. So why do sports fans attach such great importance to whether their team wins or loses? Do sporting contests have meaning in the way works of art do? Beauty is a central value in art. Is it important in sport? What role does morality play in sport and art? What value do sport and art contribute to the world and to the meaning of people's lives?

A Comparative Philosophy of Sport and Art

This book provides an overview of perspectives and approaches to the cultural meaning of sport volunteering in different countries. The main objective is to reflect on the diversity of meanings with regard to volunteering in different cultures and societies. Additionally, this book will shed light on volunteering practices and the impact of volunteering from both an economic and a sociological perspective. The book begins with an introductory section that gives an overview of the rationale of the text and the diversity of sport volunteers in general. From there, the book's 25 chapters each discuss a specific country case study provided by researchers from the respective country. These studies provide a comprehensive overview of volunteering in each country, such as motivations of volunteers, satisfaction of volunteers, their perceived cost and benefits, and many other areas related to the overall study. By having twenty-five different countries represented and a native of each country authoring the respective chapters, this book serves as a comprehensive and diverse review of sports volunteering around the world and can be incorporated into courses in economics - particularly those dealing with sports economics - and can also be used as a reference for volunteer organizations and sports economists worldwide.

Sports Volunteers Around the Globe

Cricket is a strange game. It is a team sport that is almost entirely dependent on individual performance. Its combination of time, opportunity and the constant threat of disaster can drive its participants to despair. To survive a single delivery propelled at almost 100 miles an hour takes the body and brain to the edges of their capabilities, yet its abiding image is of the gentle village green, and the glorious absurdities of the amateur game. In *The Meaning of Cricket*, Jon Hotten attempts to understand this fascinating, frustrating and complex sport. Blending legendary players, from Vivian Richards to Mark Ramprakash, Kevin Pietersen to Ricky Ponting, with his own cricketing story, he explores the funny, moving and melancholic impact the game can have on an individual life.

The Meaning of Cricket

Running, Identity and Meaning showcases how gender, class, age and ethnicity influence whether and how different groups participate in the sport, and explores its role in the reproduction of social structure and the search for distinction.

Running, Identity and Meaning

Poetry in Motion is an inspirational, insightful and in-depth collection of short poems that will be enjoyed by everyone, including: athletes, coaches and fans. The book offers a unique and creative look into the world of sports. The reader will get a glimpse into the preparation and mechanics of athletes and competition.

Poetry in Motion

In recent years concern has been growing about the preservation of world peace, while over the past few decades there has been a vast increase in the amount of international sporting activity and hence more opportunities to advance international understanding and peace. It is this situation which caused the Congress on Sport and International Understanding to be convened, the idea for it first having arisen after the Helsinki Conference on Security and Co-operation in Europe in 1975. The venue for the Congress was, as for the Conference on Security and Co-operation, Finlandia Hall. It was held under the auspices of the International Council of Sport and Physical Education (ICSPE) and was organised by the Finnish member organisations, the Finnish Society for Research in Sport

and Physica1 Education (organising association), Finnish Central Sport Federation (SVUL) and the Workers' Sport Federation (TUL). The aim of the Congress was to analyse the role of sport in advancing international understanding and to promote research in this field. In addition, the Congress wished to offer researchers and those involved in sporting activities an opportunity to exchange ideas about the themes under discussion. The aim of the Congress was to find the answers to the following questions: 1. What forms does international co-operation take in present-day competitive and top-level sport, sports for all and other forms of physical culture? What is its historical background and future? 2.

Sport and International Understanding

"Sport is a vital part of our daily lives and culture, but it is also a multi-million pound industry; it plays an important role in the functioning of many communities, but it is also crucial for the international entertainment network. Andrew Blake examines the tensions between these different areas, arguing that the body should be placed at the centre of all sporting discourses." "A critical look at sport can illuminate a whole range of issues - identity and nationality, design, performance, representation and aesthetics - and all these are explored in this innovative book, which opens up a whole new area of research and cultural criticism."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

The Body Language

In this provocative exploration of what draws us to sport as participants and spectators, Tom Murray argues that the values and meanings embedded within our games provide the guidance we need to make difficult decisions about fairness and performance-enhancing technologies. Simply saying that using performance-enhancing drugs is against the rules begs essential questions. The people who play and govern sport create the rules; rules can be changed. Technologies such as fiberglass vaulting poles and hinged skates enhance athletes' performance, not just drugs. Why are some technologies accepted in sport while performance-enhancing drugs are forbidden? Would athletes' health be protected better if at least some performance-enhancing drugs were permitted under doctors' supervision? 'Good Sport' reveals what we really value in sport and how the reckless use of biomedical enhancements undermines those values.

Good Sport

In the increasingly popular sport of parkour, athletes run, jump, climb, flip, and vault through city streetscapes, resembling urban gymnasts to passersby and awestruck spectators. In *Parkour and the City*, cultural sociologist Jeffrey L. Kidder examines the ways in which this sport involves a creative appropriation of urban spaces as well as a method of everyday risk-taking by a youth culture that valorizes individuals who successfully manage danger. Parkour's modern development has been tied closely to the growth of the internet. The sport is inevitably a YouTube phenomenon, making it exemplary of new forms of globalized communication. Parkour's dangerous stunts resonate, too, Kidder contends, with a neoliberal ideology that is ambivalent about risk. Moreover, as a male-dominated sport, parkour, with its glorification of strength and daring, reflects contemporary Western notions of masculinity. At the same time, Kidder writes, most athletes (known as "traceurs" or "freerunners") reject a "daredevil" label, preferring a deliberate, reasoned hedging of bets with their own safety—rather than a "pushing the edge" ethos normally associated with extreme sports.

All in the Game

This important new study examines the changing place and meaning of lifestyle sports – parkour, surfing, skateboarding, kite-surfing and others – and asks whether they continue to pose a challenge to the dominant meanings and experience of 'sport' and physical culture. Drawing on a series of in-depth, empirical case-studies, the book offers a re-evaluation of theoretical frameworks with which lifestyle sports have been understood, and focuses on aspects of their cultural politics that have received little attention, particularly the racialization of lifestyle sporting spaces. Centrally, it re-assess the political potential of lifestyle sports, considering if lifestyle sports cultures present alternative identities and spaces that challenge the dominant ideologies of sport, and the broader politics of identity, in the 21st century. It explores a range of key contemporary themes in lifestyle sport, including: identity and the politics of difference commercialization and globalization sportscapes, media discourse and lived reality risk and responsibility governance and regulation the racialization of lifestyle sports spaces lifestyle sports outside of the Global North the use of lifestyle sport to engage non-privileged youth Casting

new light on the significance of sport and sporting subcultures within contemporary society, this book is essential reading for students or researcher working in the sociology of sport, leisure studies or cultural studies.

Parkour and the City

Despite the growing literature on spirituality and its positive impact on well-being in health psychology, education, occupational psychology and leisure studies, it has been less examined in sport studies. *Meaning and Spirituality in Sport and Exercise: Psychological Perspectives* examines the many forms of spirituality in sport from a psychological perspective, from moments of transcendence and finding deeper meaning and value to prayer before an important competition or in adversity, such as a career-threatening injury. Based on the latest research and the Nesti's experience in applied sport psychology service delivery, this book covers a range of novel topics linking spirituality to athlete development, injury, exercise motivation, and ageing athletes, and offers applied, practical guidance for sport psychologists working with spiritual athletes. Offering a unique contribution to the study of spirituality in sport, and to sport psychology practice, this book is vital reading for any upper-level student or academic working in sport and exercise psychology, religion and sport, or the philosophy of sport, and any practising sport psychologist.

The Cultural Politics of Lifestyle Sports

Now in paperback, this first global history of sports offers all spectators and participants a reason to cheer—and to think. *Games People Played* is, surprisingly, the first global history of sports. The book shows how sports have been practiced, experienced, and made meaningful by players and fans throughout history. It assesses how sports developed and diffused across the globe, as well as many other aspects, from emotion, discrimination, and conviviality; to politics, nationalism, and protest; and how economics has turned sports into a huge consumer industry. It shows how sports are sociable and health-giving, and also contribute to charity. However, it also examines their dark side: sports' impact on the environment, the use of performance-enhancing drugs, and match-fixing. Covering everything from curling to baseball, boxing to motor racing, this book will appeal to anyone who plays, watches, and enjoys sports, and wants to know more about their history and global impact.

Meaning and Spirituality in Sport and Exercise

On battleships, behind the trenches of the Western Front and in the midst of the Desert War, British servicemen and women have played sport in the least promising circumstances. When 400 soldiers were asked in Burma in 1946 what they liked about the Army, 108 put sport in first place - well ahead of comradeship and leave - and this book explores the fascinating history of organised sport in the life of officers and other ranks of all three British services from 1880–1960. Drawing on a wide range of sources, this book examines how organised sport developed in the Victorian army and navy, became the focus of criticism for Edwardian army reformers, and was officially adopted during the Great War to boost morale and esprit de corps. It shows how service sport adapted to the influx of professional sportsmen, especially footballers, during the Second World War and the National Service years.

Games People Played

Sports are perhaps the most visible expression of the ideals of masculinity in our society, and figure as a training ground on which young boys are taught what it means to be a man. Given the involvement of sports with masculinity, the homosexual athlete becomes a paradox, and the recent explosive growth of gay sporting leagues, a puzzle. Pronger explores the paradoxical position of the gay athlete in a straight sporting world, examines the homoerotic undercurrent subliminally present in the masculine struggle of sports, and explicates the growth of gay sports in the framework of the developing gay culture.

Sport and the Military

This comprehensive, accessible and practical textbook provides a complete grounding in both qualitative and quantitative research methods for the sports studies student. The book offers the reader a step-by-step guide to the research process, from designing a research project, to collecting and analyzing data, to reporting the research, and is richly illustrated throughout with sport-related case-studies and examples from around the world. Now in a fully revised and updated new edition, the book covers key topics such as: choosing an appropriate research design undertaking a literature review key

research techniques, including questionnaires, interviews, content analysis and ethnographic studies data analysis, including an introduction to SPSS, as well as guides to descriptive and inferential statistics writing a research report ethical issues in sports research. Research Methods in Sports Studies is designed to be a complete and self-contained companion to any research methods course and contains a wealth of useful features, such as highlighted definitions of key terms, revision questions, practical research exercises, and a companion website with web links, multiple choice questions, powerpoint slides, and other learning resources. The book is also an invaluable reference for any student undertaking a dissertation or research project as part of their studies. Visit the companion website at: www.routledge.com/textbooks/9780415493932

The Arena of Masculinity

WINNER of the William Hill Sports Book of the Year Award 2015 In the last two decades football in Britain has made the transition from a peripheral dying sport to the very centre of our popular culture, from an economic basket-case to a booming entertainment industry. What does it mean when football becomes so central to our private and political lives? Has it enriched us or impoverished us? In this sparkling book David Goldblatt argues that no social phenomenon tracks the momentous economic, social and political changes of the post-Thatcherite era in a more illuminating manner than football, and no cultural practice sheds more light on the aspirations and attitudes of our long boom and now calamitous bust. A must-read for the thinking football fan, *The Game of Our Lives* will appeal to readers of *Fever Pitch* by Nick Hornby and *Inverting the Pyramid* by Jonathan Wilson. It will also be relished by readers of British social history such as *Austerity Britain* by David Kynaston. 'Brilliantly incisive. Goldblatt is not merely the best football historian writing today, he is possibly the best there has ever been. Goldblatt's book could hardly be more impressive' *Sunday Times*

Research Methods for Sports Studies

This is the first book-length study to address sport's role in 'the making of race', the place of sport within black diasporic struggles for freedom and equality, and the contested location of sport in relation to the politics of recognition within contemporary western multicultural societies. *Race, Sport and Politics* shows that over the past century sport has occupied a dominant position within Western culture in producing ideas of racial difference and alterity while providing a powerful and public modality for forms of black cultural resistance. Written by one of the leading international authorities on the sociology of race and sport, it is the first book that centrally locates sport within the cultural politics of the black diaspora and will be of relevance to students and scholars in fields such as the sociology of culture and sport, the sociology of race and diaspora studies, postcolonial theory, cultural theory and cultural studies.

The Game of Our Lives

Key Concepts in Sport Psychology provides a focused, accurate guide for students working within the dynamic field of sport psychology. The concise and authoritative entries have been selected by experienced teachers and researchers; each one defines, explains and develops a key topic in sport psychology acting as a springboard for further reading and debate. This is a stimulating and practical resource for students defined by the clarity of writing and relevant examples. Each concept gives the student clear definitions, up-to-date suggestions for further reading, and careful cross-referencing. Easy to use and intelligently judged this book offers the modern student the basic materials, tools and guidance for planning essays and passing exams.

Race, Sport and Politics

This uplifting story of a boys' football team shines light on the under-appreciated virtues that can bloom in impoverished neighborhoods, even as nearby communities exclude them from economic progress. *Never Ran, Never Will* tells the story of the working-class, mostly black neighborhood of Brownsville, Brooklyn; its proud youth football team, the Mo Better Jaguars; and the young boys who are often at the center of both. Oomz, Gio, Hart, and their charismatic, vulnerable friends, come together on a dusty football field. All around them their community is threatened by violence, poverty, and the specter of losing their homes to gentrification. Their passionate, unpaid coaches teach hard lessons about surviving American life with little help from the outside world, cultivating in their players the perseverance and courage to make it. Football isn't everybody's ideal way to find the American dream, but for some kids it's the surest road there is. The Mo Better Jaguars team offers a refuge from the gang

feuding that consumes much of the streets and a ticket to a better future in a country where football talent remains an exceptionally valuable commodity. If the team can make the regional championships, prestigious high schools and colleges might open their doors to the players. *Never Ran, Never Will* is a complex, humane story that reveals the changing world of an American inner city and a group of unforgettable boys in the middle of it all.

Key Concepts in Sport Psychology

Containing over 5,000 terms relating to sport and sports science, this is a reference book for anyone interested in the fascinating world of sport. It covers anatomy, physiology, physiotherapy, biology, sports medicine, sporting rules and regulations, governing bodies, health and fitness and banned substances.

Tennis and the Meaning of Life

This book uses the work of Jurgen Habermas to interrogate leisure as a meaningful, theoretical concept. Drawing on examples from sport, culture and tourism, and going beyond concerns about the grand project of leisure, Spracklen argues that leisure is central to understanding wider debates about identity, postmodernity and globalization.

Never Ran, Never Will

A deputy fashion editor at *The Guardian* examines the modern world's obsession with fashion, in an encyclopedic volume of instructional and philosophical mini-essays that celebrates fashion's joys and foibles.

Dictionary of Sport and Exercise Science

The Oxford English Dictionary is the internationally recognized authority on the evolution of the English language from 1150 to the present day. The Dictionary defines over 500,000 words, making it an unsurpassed guide to the meaning, pronunciation, and history of the English language. This new upgrade version of The Oxford English Dictionary Second Edition on CD-ROM offers unparalleled access to the world's most important reference work for the English language. The text of this version has been augmented with the inclusion of the Oxford English Dictionary Additions Series (Volumes 1-3), published in 1993 and 1997, the Bibliography to the Second Edition, and other ancillary material. System requirements: PC with minimum 200 MHz Pentium-class processor; 32 MB RAM (64 MB recommended); 16-speed CD-ROM drive (32-speed recommended); Windows 95, 98, Me, NT, 2000, or XP (Local administrator rights are required to install and open the OED for the first time on a PC running Windows NT 4 and to install and run the OED on Windows 2000 and XP); 1.1 GB hard disk space to run the OED from the CD-ROM and 1.7 GB to install the CD-ROM to the hard disk; SVGA monitor: 800 x 600 pixels: 16-bit (64k, high color) setting recommended. Please note: for the upgrade, installation requires the use of the OED CD-ROM v2.0.

The Meaning and Purpose of Leisure

Sports, and the fans that follow them, are everywhere. *Sport Fans: The Psychology and Social Impact of Fandom* examines the affective, behavioral, and cognitive reactions of fans to better comprehend how sport impacts individual fans and society as a whole. Using up-to-date research and theory from multiple disciplines including psychology, sociology, marketing, history, and religious studies, this textbook provides a deeper understanding of topics such as: the pervasiveness of sport fandom in society common demographic and personality characteristics of fans how fandom can provide a sense of belonging, of uniqueness, and of meaning in life the process of becoming a sport fan sport fan consumption and the future of sport and the fan experience. The text also provides a detailed investigation of the darker side of sport fandom, including fan aggression, as well as a critical look at the positive value of fandom for individuals and society. *Sport Fans* expertly combines a rigorous level of empirical research and theory in an engaging, accessible format, making this text the essential resource on sport fan behavior.

The Meaning of Sunglasses

A gift-worthy playbook of common and unexpected words and idioms that have their roots in sports and games. There are many metaphors we can quickly identify from the realm of sports: covering all the bases (baseball), game plan (football), and par for the course (golf). But the English language is

also peppered with the not-so-obvious influence of sports and games, such as go-to guy (basketball) and dead ringer (horse racing). Filled with pithy entries on each idiom, plus quotes showing how big talkers from President Obama to rapper Ice-T use them, this quirky little handbook from former minor league ballplayer and award-winning journalist Josh Chetwynd is sure to be a conversation starter at tailgates, cocktail parties, and in the boardroom.

Oxford English Dictionary

"We visit the ugly corrugated iron structure that Murray grandly dubbed the Scriptorium -- the Scrippy or the Shed, as locals called it -- and meet some of the legion of volunteers, from Fitzedward Hall, a bitter hermit obsessively devoted to the OED, to W.C. Minor, whose story is one of dangerous madness, ineluctable sadness, and ultimate redemption. The Meaning of Everything is a scintillating account of the creation of the greatest monument ever erected to a living language. Simon Winchester's supple, vigorous prose illuminates this dauntingly ambitious project -- a seventy-year odyssey to create the grandfather of all word-books, the world's unrivaled uber-dictionary. Book jacket."--Jacket.

Sport Fans

In recognition of the potential of sport, six international partners (UNESCO, the Olympic Foundation for Culture and Heritage, the World Anti-Doping Agency, Agitos Foundation, the International Fair Play Committee and the International Council of Sport Science and Physical Education) collaborated to create this resource which engages youth through movement-based classroom activities while helping teachers instil some of the core values synonymous with sport : respect, equity and inclusion. This toolkit contains for each value practical activity cards to assist teacher in their work with their students.

The Field Guide to Sports Metaphors

"The Golden State Warriors are the envy of the modern NBA. Chasing their third consecutive championship, they have assembled an incredible wealth of athletic talent, lead the league in merchandise sales, and are planning to move into a glitzy new stadium next season. Their owner, Joe Lacob, regularly hosts the top CEOs and influencers of Silicon Valley in his box, fashioning himself into one of the most powerful men in the world. Yet inside the organization, there is considerably more strife. In this breakthrough work of reportage, star NBA reporter Ethan Sherwood Strauss investigates the team's culture, its financial ambitions and struggles, and the toll that being a super-team can take. In so doing, he not only rewrites the story of the Warriors, but reveals how the Darwinian business of NBA basketball really works. Reconstructing the deals that lured Steph Curry away from Nike and Kevin Durant away from Oklahoma City, Strauss shows how the smallest mistakes can define success or failure for years. And, as he looks ahead to the 2020 season, Strauss ponders whether this organization can survive its own ambitions"--

The Meaning of Everything

The Cambridge Advanced Learner's Dictionary is the ideal dictionary for advanced EFL/ESL learners. Easy to use and with a great CD-ROM - the perfect learner's dictionary for exam success. Sport values in every classroom

Running With Zoe shares Dr. Kilbourne's personal journey to understand the deeper meanings of the games we play. The journey includes Dr. Kilbourne's creative and pioneering efforts in dance conditioning with the U.C.L.A.'s men's basketball team under head coach Larry Brown, his tenure as the first full-time conditioning coach in the National Basketball Association for the 1982-84 Philadelphia Seventy-Sixers (1983 World Champions), his work with Olympic level figure skaters in the United States and Canada, his discoveries in the academic arena about play, dance, games, and sport, and his

journey to the Canadian Arctic where he examined the importance of traditional Inuit games. Most recently Dr. John Ratey author of SPARK: The Revolutionary New Science of Exercise and the Brain said of Dr. Kilbourne's writings, ..".Your book touched me deeply and made me think that someone who got Moses and Julius to dance together must have had such a strong self-awareness and trust in your mission...." Of John's work with basketball players Larry Brown said, "He's the best in what he does. The kids love him and have a lot of respect for his knowledge."

The Victory Machine

Issues of inclusion and belonging of youth of immigrant background are at the forefront of policy discussions and media discourses across Europe. Football offers a compelling site of inquiry for such issues. As a country of relatively short immigration history and with a great passion for the sport, Italy makes an ideal case study.

Cambridge Advanced Learner's Dictionary

In the 1960s and 1970s, America experienced a sports revolution. New professional sports franchises and leagues were established, new stadiums were built, football and basketball grew in popularity, and the proliferation of television enabled people across the country to support their favorite teams and athletes from the comfort of their homes. At the same time, the civil rights and feminist movements were reshaping the nation, broadening the boundaries of social and political participation. The Sports Revolution tells how these forces came together in the Lone Star State. Tracing events from the end of Jim Crow to the 1980s, Frank Guridy chronicles the unlikely alliances that integrated professional and collegiate sports and launched women's tennis. He explores the new forms of inclusion and exclusion that emerged during the era, including the role the Dallas Cowboys Cheerleaders played in defining womanhood in the age of second-wave feminism. Guridy explains how the sexual revolution, desegregation, and changing demographics played out both on and off the field as he recounts how the Washington Senators became the Texas Rangers and how Mexican American fans and their support for the Spurs fostered a revival of professional basketball in San Antonio. Guridy argues that the catalysts for these changes were undone by the same forces of commercialization that set them in motion and reveals that, for better and for worse, Texas was at the center of America's expanding political, economic, and emotional investments in sport.

Running With Zoé: a Conversation on the Meaning of Play, Games, and Sport

The Balotelli Generation

The Moaning of Life

"Why are we here?" The only time I ever asked myself that was on a surprise holiday to Lanzarote.' Left to his own devices, Karl Pilkington would be happy with his life just as it is. But now he's hit forty, everyone keeps asking him why he's so reluctant to marry his girlfriend and why he doesn't want to have kids. It's time for Karl to face up to the biggest question of the lot - what does it all mean? Karl thought he'd seen it all filming An Idiot Abroad, but now he's off around the globe to learn how other cultures deal with life's big issues. Find out how Karl copes as he . . . - Has plastic surgery in LA - Models for a Japanese life drawing class - Helps deliver a baby in Bali Have his experiences changed him? Find out in this hilarious new book.

More Moaning

After going on a journey of discovery in The Moaning of Life, the enlightened one – otherwise known as Karl Pilkington – finds himself back on the road. In his search for the answers to life's big questions, Karl has therapy in Tokyo to try and reduce the size of his head, he spends time in California with a man and his five wives, in New York he tries his hand at painting with his own vomit and travels to Berlin to have his future predicted by a blind man, via his bum cheeks. Will his travels around the world bring him any closer to the meaning of life? Find out in his hilarious new book.

Ricky Gervais Presents: The World of Karl Pilkington

In this pithy and hilarious book, Karl Pilkington is in conversation with (the often bewildered) Ricky Gervais and Stephen Merchant, the writers and stars of The Office and Extras, unwittingly outwitting even

those comedy Goliaths as he struggles in vain to make sense of the world around him. Unencumbered by erudition and impervious to logic, Karl ambles down a heuristic path to enlightenment under the edifying influence of Ricky and Steve. His pronouncements on such diverse and contentious topics as population control, simian affairs within human society, the sartorial deliberations of solitary spacemen and how long you can stay alive with your head chopped off, are matched in the vehemence with which they are proposed only by the degree to which they are ill-conceived. Featuring Karl's original illustrations, imaginative scribbles and the best conversations of the world record-breaking Podcasts, The Ricky Gervais Show, this is a unique trip into the world of one of our most innovative thinkers, visionaries and prophets, or as Gervais knows him, "the funniest man I've ever met."

An Idiot Abroad

Presenting the Travel Diaries of Karl Pilkington: Adventurer. Philosopher. Knob head. Karl Pilkington isn't keen on travelling. Given the choice, he'll go on holiday to Devon or Wales or, at a push, eat English food on a package holiday in Majorca. Which isn't exactly Michael Palin, is it? So what happened when he was convinced by Ricky Gervais and Stephen Merchant to go on an epic adventure to see the Seven Wonders of the World? Travel broadens the mind, right? You'd think so...

The Curious Moaning of Kenfig Burrows

This volume was inspired by the life and work of Victorian astronomer and photographer Thereza Dillwyn Llewelyn, and her father, John.

Karlology

A voyage through the strange yet mesmerising mind of cult author Karl Pilkington, now in ePub format. By his own admission Karl Pilkington left formal education behind with only an E in History to his name and not much else. Ever since, his thirst for knowledge has nagged. With this in mind, Karl has embarked on a tour of discovery to make up for the lost years of learning, and to find out more stuff. Karlology is the result. So what exactly has Karl Pilkington learned so far? This is a man, it should be noted, who thinks owning 1,777 acres of the moon is a good idea, and believes that the human testicles should be relocated to the earlobes. Maybe he's right. Perhaps his unique brand of wisdom and insight is what the world has been waiting for? Judge for yourself: observe, enjoy, and become a Karlologist. Illuminated by Karl Pilkington's own cartoons with extra wisdom from Ricky Gervais, Russell Brand, David Baddiel, Noel Fielding and others. Get even more insight into Karl's mind and visit his blog at <http://www.karlpilkington.com/blog/>. Catch Karl taking in the seven wonders of the world on Sky1 in his new TV series An Idiot Abroad, with Ricky Gervais and Stephen Merchant, broadcasting from 23rd September 2010.

The Further Adventures of an Idiot Abroad

The follow-up to the number 1 bestseller, now in paperback.

The World of Karl Pilkington

A collection of the best moments from the 'Ricky Gervais Show' with further musings from Karl Pilkington, star of Sky 1's 'An Idiot Abroad'.

Happyslapped by a Jellyfish

A collection of hilarious and compelling insights and anecdotes, diary entries, poems, 'true' facts and cartoons on travel from Karl Pilkington, unlikely star of the Ricky Gervais Show, the world's most successful podcast. This is the travel book for people who don't particularly like travelling, it's Karl Pilkington, star of The Ricky Gervais Podcast Show, with a suitcase, occasionally with his passport, more often with a bemused suspicion of anything vaguely exotic, and an observant eye for the disappointments, tedium, general weirdness and absurdities of being a tourist abroad and at home. From staring at Mount Vesuvius in case it erupts and the horrors of a Lanzarote nudist beach to the curiosities to be seen in the world's weirdest museum. Told with his inimitable deadpan humour, Pilkington's stories are interspersed with fond reflections on life back in England, from Salford joy riders to what his girlfriend's mum and dad have for dinner on a Thursday (it's chops and veg. in case you're wondering).

Good Moaning France!

A favourite character from BBC TV sitcom 'Allo 'Allo!, undercover British agent and head of Nouvion Police, Officer Crabtree, has usually sought to remain undercover if not exactly invisible—which befits his secret agent roots masquerading as a poloceman. In this delightful book, his self-taught yet masterly grasp of Fronch speaks for itself as it falls under the spotlight as never before. From 'Ploose may I hov a kippy of the dooly nosepooper?' to 'frigs logs', 'scrimbled oggs' and 'fosh and chops' the book is a tribute to mangled words, thoughts and phrases. Arthur Bostrom, who played Crabtree on stage and screen, mixes vowels and mispronunciation as he strives to educate those less well-versed in the French longwodge. Illustrated by John Cooper and ideal for travellers and fans of 'Allo 'Allo! alike, Good Moaning France! is a wake-up call for anyone conceited enough to think they are competent in French (or English or any other language for that matter). With readers' questions answered in Ask Crabtree, examples from Crabtree's poloce newtberks and a most unhelpful Undex. With a Foreword by music legend Rick Wakeman and permission of the estates of 'Allo 'Allo! screenwriters David Croft and Jeremy Lloyd this is the perfect book for anyone crossing or travelling beneath the Channel to France. Reviews 'Listen very carefully, you will read this more than once. I loaved it'-- Les Dennis. 'I've not laughed at anything like I've laughed at Crabtree ever in my life, this book is "very good nose"'-- Justin Moorhouse. 'Buck your fairy trip to Fronce now and take Crabtree's guide with you. A must-read. Hilarious'-- Su Pollard. 'DO NOT BUY ZIS BOOK!!! IF YOU DO, YOU VILL BE SHOT!!!'-- Helga.

May I Have Your Attention Please?

As far back as he can remember James Corden has only ever wanted to be in one place: in front of you, doing something to make you laugh, cry, shout, or giggle uncontrollably. At the age of 4, he grandstanded throughout his baby sister's christening, standing on a chair in front of the whole congregation, pulling faces and cracking everyone up. Despite himself, the vicar was impressed. And from then on he couldn't get enough of the spotlight, even when it always seemed to avoid him. Throughout his teens, he and his Dad trudged up and down towards London, getting closer and closer to landing a gig, only to be told 'No' at the last stage. But he never gave up and soon found his whole life turned upside down and inside out by his experience as one Alan Bennett's History Boys. From that moment forth, he's never looked back. May I Have Your Attention Please? is the warm, cheeky, surprisingly honest and hilarious story of one of our most popular comedy talents. From his antics as one of the founding players of his high-school's first ever rugby team to gaining recognition in the West End, to nationwide fame as the loveably loud Smithy in the award-winning Gavin and Stacey, this is a tenderly told story of what it's like to try, try and try again and - happily - get there in the end.

Stop Moaning, Start Owning

In this long-overdue book, Dr. Brian Russell exposes the complaints that have the most destructive effects on Americans and, by extension, on America today. First, he helps us understand the damage we have done to ourselves, our relationships, kids, careers, and our country by misunderstanding what "the pursuit of happiness" really means, failing to differentiate wants from needs, and externalizing blame for our own failures. In the second part he explains how we got so off-track, leading to an "Age of Entitlement," and the "saving grace" that calls us back to personal responsibility. He then reveals how so many of us have abdicated personal responsibility and, consequently, power over our lives. Finally, we learn how to engage in transformative change by embracing and encouraging personal accountability and responsibility. Dr. Russell empowers us to reassert control over our individual and collective destinies and teaches us how to leverage the transformative power of life's "perspective-preserver": gratitude.

Fretted and Moaning

Most of these tales are drawn from real life or are things I have heard about in the dark corners of various backstage dressing rooms. It's hard to be a musician, but for some of us there is simply no choice. Meanwhile, there's writing about it.

The Mystery of the Moaning Cave

An eerie moaning sound is coming from a cave where a young bandit disappeared many years ago. Ranchers nearby figure he must still be alive. The Three Investigators set out to explore the moaning

cave and soon wish they had come armed with more than a flashlight! Part of a classic series originally published beginning in 1964.

The Art of Being a Brilliant Teenager

Calling all teenagers—quit the moaning and start loving life! Don't be a cliché. Don't stay in your bedroom grunting and grumbling. How about getting motivated, energized and start making a difference?! The Art of Being A Brilliant Teenager teaches you how to become your very best self—and how to figure out who that is, exactly. The bestselling authors of The Art of Being Brilliant and Be Brilliant Everyday are experts in the art of happiness and positive psychology and, with this new book, you'll find your way to becoming brilliant at school, work, and life in general. Stay cool under all the pressures you're facing, and plot a map for the future that takes you wherever it is you want to go. Become proactive, determined, successful and most importantly: happy! Fact: your life span is about four thousand weeks. It seems like a lot, but it's not. Complaining about life, homework, parents, and relationships may be normal now, but don't let it become your defining trait. When you're forty years old and still moaning, a big chunk of your four thousand weeks have slipped by, and you're no closer to happiness than you were as a teen. This book is a guide to starting the journey to your ideal life now, instead of wasting time being a drip. Discover the real you, and what you want out of life Stop moaning and get moving now, while there's plenty of time Lose your bad habits before they become your personality Figure out how you want to contribute, and find a way to do it The bottom line is this: it's easy to be the average version of yourself, but is that really all you want? Don't you want to achieve something? Get started now. The Art of Being A Brilliant Teenager helps you figure out where you want to go, and how to get there. So, whether you're an ambitious teenager, a parent or teacher desperate to turn a down-beat teenager into a ray of positivity and delight, How to Be a Brilliant Teenager is here to help.

How to Grow Old

SUNDAY TIMES BESTSELLER Whether he likes it or not, John is getting older. His hair is greying, it's getting that much harder to stay fit, and the potential to become something of an embarrassment is ever increasing. But hope is not lost. How to Grow Old is John's offering to the world. With sage advice on how to avoid the common pitfalls of age, intimate confessions and spit-your-dentures-out hilarious commentary on his own advancing years, this is his observational comic writing at its very best. If you were concerned about how not to be boring or how to get rid of your should-be-old-enough-to-manage kids, this the book has the answers.

Crossing the Bar

A brilliantly original fairy-tale twist from Children's Laureate and Charlie & Lola creator Lauren Child.

Who's Afraid of the Big Bad Book?

"This is not another etiquette book detailing the antiquated, excruciating, and frankly confusing minefield of rules lauded by traditionalists. Let's face it, many of us will never need to know which side a snail fork should be placed at the dinner table, nor are we likely to 'take tea' with the Queen. Yet we could all do with a little help in perfecting our manners, self-confidence, and social graces for everyday living. English Etiquette details everything the English know about why etiquette matters, in a modern, understandable, and unpretentious way -- while teaching you how to cultivate a traditional and charming countenance to rival any royal. Covering topics such as gallantry and grace, common decency, lifestyle choices, the quintessential English wardrobe, and behaviour in the home, you will learn how to shoehorn a little English gentility from this practical field guide into your daily life. So pull your socks up ladies and gentlemen, pour yourself a cup of tea, and join The Darling Academy as we return to a culture of good manners, civility, and chivalry the world is longing for. A proper, polite, and graceful way of living is making a comeback. Long may it prevail."--Page 4 of cover.

English Etiquette

The long-awaited sequel to THE UNEXPECTED JOY OF BEING SOBER - the Sunday Times bestseller 'Exquisite' - Fearne Cotton, Happy Place 'A paean to the longer-term pleasures of staying booze-free' - The Guardian 'The kind of book that changes lives, and very possibly saves them' - The Lancet Psychiatry 'A reflective, raw and riveting read. A beautiful book on what it takes to root for yourself' - Emma Gannon, Ctrl Alt Delete 'No other author writes about sober living with as much warmth or

emotional range as Catherine Gray. Her deep insight into the subtle psychologies of drinking, and of life, means that everything she writes is both utterly relatable and stretches our minds. Hers is a rare wisdom.' - Dr Richard Piper, CEO, Alcohol Change UK What's it like to give up drinking forever? We know now that being teetotal for one, three, even twelve months brings surprising joys and a recharged body... but nothing has been written about going years deep into being alcohol-free. As Catherine Gray, author of runaway bestseller *The Unexpected Joy of Being Sober*, streaks towards a decade sober, she explores this uncharted territory in her trademark funny, disruptive and warm way. This is a must-read for anyone sober-curious, whether they've put down the bottle yet or not. Praise for *The Unexpected Joy of Being Sober*: 'Fascinating' - Bryony Gordon 'Truthful, modern and real' - Stylist 'Brave, witty and brilliantly written' - Marie Claire 'Gray's tale of going sober is uplifting and inspiring' - Evening Standard 'Not remotely preachy' - Sunday Times 'Jaunty, shrewd and convincing' - Sunday Telegraph 'Admirably honest, light, bubbly and remarkably rarely annoying' - Guardian 'An empathetic, warm and hilarious tale from a hugely likeable human' - The Lancet Psychiatry

Sunshine Warm Sober

The inside story of London's housing crisis, by the award-winning author of *Ground Control London* is facing the worst housing crisis in modern times, with knock-on effects for the rest of the UK. Despite the desperate shortage of housing, tens, perhaps hundreds of thousands of affordable homes are being pulled down, replaced by luxury apartments aimed at foreign investors. In this ideological war, housing is no longer considered a public good. Instead, only market solutions are considered - and these respond to the needs of global capital, rather than the needs of ordinary people. In politically uncertain times, the housing crisis has become a key driver creating and fuelling the inequalities of a divided nation. Anna Minton cuts through the complexities, jargon and spin to give a clear-sighted account of how we got into this mess and how we can get out of it.

Big Capital

The sparkling debut children's novel from David Walliams, number one bestseller and fastest growing children's author in the country.

The Boy in the Dress

Lavishly illustrated and engrossingly narrated, this book is the ultimate edition for lovers of Irish birds.

Birds

Now a major motion picture *A Man Called Otto* starring Tom Hanks! #1 New York Times best-seller—more than 3 million copies sold! Meet Ove. He's a curmudgeon—the kind of man who points at people he dislikes as if they were burglars caught outside his bedroom window. He has staunch principles, strict routines, and a short fuse. People call him “the bitter neighbor from hell.” But must Ove be bitter just because he doesn't walk around with a smile plastered to his face all the time? Behind the cranky exterior there is a story and a sadness. So when one November morning a chatty young couple with two chatty young daughters move in next door and accidentally flatten Ove's mailbox, it is the lead-in to a comical and heartwarming tale of unkempt cats, unexpected friendship, and the ancient art of backing up a U-Haul. All of which will change one cranky old man and a local residents' association to their very foundations. Fredrik Backman's beloved first novel about the angry old man next door is a thoughtful exploration of the profound impact one life has on countless others. “If there was an award for ‘Most Charming Book of the Year,’ this first novel by a Swedish blogger-turned-overnight-sensation would win hands down” (Booklist, starred review).

A Man Called Ove

This moose may live in the wild, but he doesn't act it † he watches from the sidelines as his friends have fun. From the creator of *Big Bear Hug* comes a lighthearted, contemporary fable about a mild-mannered moose who learns to live life to the fullest.

Making the Moose Out of Life

Hilary Mantel meets Sylvia Day: the first installment in a deliciously erotic trilogy, set against the sumptuous backdrop of the scandal-ridden Tudor Court by Elizabeth Moss. *BOUND TO HIM AGAINST HER WILL...* Lord Wolf, hardened soldier and expert lover, has come to King Henry VIII's court to claim

his new bride: a girl who has intrigued him since he first saw her riding across the Yorkshire moors. Eloise Tyrell, now lady-in-waiting to Queen Anne Boleyn, has other ideas. She has no desire to submit to a man she barely knows and who-though she is loath to admit it-frightens her more than a little. Their first kiss awakens in both a fierce desire that bares them to the soul. But as the court erupts into scandal around the ill-fated Queen, Eloise sees firsthand what happens when powerful men tire of their wives... Lust in the Tudor Court: Wolf Bride Rebel Bride Rose Bride Praise for Erotic Romances by Elizabeth Moss: "Fifty Shades of Tudor sex." -The Sunday Times "For a terrific historical romance with a couple who can't keep their hands off each other, this is perfect."-RT Book Reviews "Infused with political intrigue, royal pageantry, infidelity, scandal, historical authenticity, romance and love, this story brings yesteryear to life while heating up the pages and fascinating readers."-Romance Junkies

Wolf Bride

Writer, Samson Young, is staring death in the face, and not only his own. Void of ideas and on the verge of terminal decline, Samson's dash to a decaying, degenerate London has brought him through the doors of the Black Cross pub and into a murder story just waiting to be narrated. At its centre is the mesmeric, doomed Nicola Six, destined to be murdered on her 35th birthday. Around her: the disreputable men who might yet turn out to be her killer. All Samson has to do is to write Nicola's story as it happens, and savour in this one last gift that life has granted him. 'A true story, a murder story, a love story and a thriller bursting with humour, sex and often dazzling language' Independent

GENERATION Y

The 25th Anniversary ebook, now with more than 50 images. 'Touching the Void' is the tale of two mountaineer's harrowing ordeal in the Peruvian Andes. In the summer of 1985, two young, headstrong mountaineers set off to conquer an unclimbed route. They had triumphantly reached the summit, when a horrific accident mid-descent forced one friend to leave another for dead. Ambition, morality, fear and camaraderie are explored in this electronic edition of the mountaineering classic, with never before seen colour photographs taken during the trip itself.

London Fields

"The Vowel Spellings Series, Level 2, comprises twelve decodable book. Each book introduces two or three spellings for a vowel sound. This series complements any systematic phonic program and can be used in any sequence."--

Touching the Void

Eight hours. Twelve contestants. A flight none of them might survive. A flight to Paris full of teenagers seeking opportunity turns deadly in this suspenseful, locked-door YA thriller. Perfect for fans of Diana Urban, Karen McManus, and Jessica Goodman. Seventeen-year-old boarding school student Emily Walters is selected for an opportunity of a lifetime—she'll compete abroad for a cash prize that will cover not only tuition to the college of her choice, but will lift her mother and her out of poverty. But almost from the moment she and 11 other contestants board a private jet to Europe, Emily realizes somebody is willing to do anything to win. Between keeping an eye on her best friend's flirty boyfriend and hiding her own dark secrets, she's not sure how she'll survive the contest, much less the flight. Especially when people start dying... As loyalties shift and secrets are revealed, Emily must figure out who to trust, and who's trying to kill them all, before she becomes the next victim.

Toad Moans and Groans

The bestselling and infamous diary of a high-class call girl, as seen on the show starring Billie Piper. Belle de Jour is the nom de plume of a high-class call girl working in London. This is her story. From the summer of 2003 to the autumn of 2004 Belle charted her day-to-day adventures on and off the field in a frank, funny and award-winning web diary. Now, in her Intimate Adventures, Belle elaborates on those diary entries, revealing (among other things) how she became a working girl, what it feels like to do it for money, and where to buy the best knickers for the job. From debating the literary merits of Martin Amis with naked clients to smuggling whips into luxury hotels, this is a no-holds barred account of the high-class sex-trade, and an insight into the secret life of an extraordinary woman.

Thin Air

Ask most of the millions of pre-teen soccer-playing girls in America if they plan to make the U.S. Women's National Team someday and the answer for them - and most of their parents - will be a resounding "Yes!" Among the most successful international teams in any sport in the past three decades, the USNWT has emerged as a collective cultural icon, with its individual members redrafting the very definition of female across the globe. With the lines blurring between male and female behavior, girls are competing ferociously and celebrating wildly without apology. Women are demanding gender and racial equity, while dressing and speaking authentically, and loving however and whomever they choose. The reality is that making the National Team is about as likely as winning the lottery. Of the tens of millions of soccer players since the team was formed in 1985, fewer than 250 women have ever made it to the highest level as of 2020. In *Raising Tomorrow's Champions*, one of those players, 16-year professional Joanna Lohman, joins current soccer dad and 40-year journalist Paul Tukey to share the team members' stories, from the early pioneers like Michelle Akers, Brandi Chastain and Mia Hamm, who are now parents themselves, to modern-day household names like Abby Wambach, Alex Morgan and Megan Rapinoe. For a true picture of what makes these women champions, Joanna and Paul also talked to their parents, coaches and teammates. The result of this unprecedented access to the National Team is an intimately revealing portrait of what it takes to make it to the top, not just in soccer, but in life. Not every child will make the most elite team, but the choices they - and their families - make in the face of challenge and adversity may define their childhood, their high school experiences, their college options, and their path forward in life. Not every child will necessarily even play soccer, but the lessons shared within *Raising Tomorrow's Champions* can help him or her become accomplished, authentic, and satisfied adults no matter what path they choose.

The Intimate Adventures Of A London Call Girl

Hellboy and Professor Trevor Bruttenholm team up for some quality father-son time at a New York potter's field where they try to unravel the mystery of a spectral being haunting the packed graveyard. Upon arrival, the two of them quickly realize there may be more things haunting the buried poor at the mass grave than meets the eye . . . Celebrated writer Mike Mignola and longtime collaborator Chris Roberson bring you another exciting Hellboy one-shot, with exquisite art by Stephen Green and Dave Stewart!

Raising Tomorrow's Champions

What is it about men that drives women to distraction? Could it be the way they flick to the footie results while you're trying to watch your favourite television programme? Is it their dogged inability to admit that they might - just might - be wrong? Or is it the infuriating way that they can meticulously order and maintain comprehensive record collections but can't quite find the time to rinse the sink after shaving? From unsightly splayed legs and headache-inducing snoring to the bathroom blight of poorly positioned pee and the horrors of man-flu, *MOAN ABOUT MEN* is a brilliantly funny take on all the things men do that make women weep with frustration - and also with mirth. In an amusing and all-encompassing rant, this is a chance to get it off your chest and dare to share in a life-affirming moan about men.

Hellboy and the B.P.R.D.: 1957--Forgotten Lives

From a "hero for dads everywhere" (Daily Mirror), a hilarious, insightful, and heartfelt take on parenting based on a viral blog post that Ashton Kutcher called, "one of the best descriptions of fatherhood I've ever read." One evening, while his three-month-old son Charlie briefly slept, Matt Coyne staggered to his desk, opened his laptop, and wrote a side-splittingly funny Facebook post about early fatherhood: Comparing his diaper-changing skills to that of a Formula One pit crew, birth to a Saw movie, and the sound of a baby crying at 3am to "having the inside of your skull sandpapered by an angry Viking," he shared his observations with friends and family—and soon, to his surprise, the world. In the spirit of that post, which became an instant sensation, *Man vs. Baby* is the tale of one man's journey through the first year of parenthood, told with wit, humor, and heart. Part memoir, part tell-it-like-it-is parenting book, this is a ferociously funny, inventively foul-mouthed, and genuinely touching account of a baby's first year, filled with relatable references to Harry Potter, McDonalds, and the villain in *Die Hard*. Matt covers everything you need to know, from labor (a good time to play "profanity bingo") to what you might find in your baby's diaper, a catalogue that includes *The Phantom*, *The Expressionist*, and *The Jeff Goldblum*. Capturing both the comic helplessness of new fatherhood and his deep love and admiration for his partner Lyndsay and child, Matt's story will appeal to anyone who has a baby—or is even contemplating the idea. Whether you're looking for a reprieve from the news cycle or a reminder of

what's most important in life, Man vs. Baby will have you laughing out loud—and, if you're a new mother or father, filled with relief at being truly understood. A fresh take on the bewilderment and joy of having a baby from a rip-roaringly talented new voice, this combination memoir and advice book is sure to charm parents everywhere.

Moan About Men

'A masterly novel' New York Times 'Such is the exquisite, gossamer construction of Murakami's writing that everything he chooses to describe trembles with symbolic possibility' Guardian Read the haunting love story that turned Murakami into a literary superstar. When he hears her favourite Beatles song, Toru Watanabe recalls his first love Naoko, the girlfriend of his best friend Kizuki. Immediately he is transported back almost twenty years to his student days in Tokyo, adrift in a world of uneasy friendships, casual sex, passion, loss and desire - to a time when an impetuous young woman called Midori marches into his life and he has to choose between the future and the past. *Murakami's new book Novelist as a Vocation is available now* 'Evocative, entertaining, sexy and funny; but then Murakami is one of the best writers around' Time Out 'Poignant, romantic and hopeless, it beautifully encapsulates the heartbreak and loss of faith' Sunday Times 'This book is undeniably hip, full of student uprisings, free love, booze and 1960s pop, it's also genuinely emotionally engaging, and describes the highs of adolescence as well as the lows' Independent on Sunday

Man vs. Baby

****As heard on BBC Radio 4**** 'I was born on May 25, 1938, in the front bedroom of a house in Orton Road, on the outer edges of Raffles, a council estate. I was a lucky girl.' So begins Margaret Forster's journey through the houses she's lived in, from that sparkling new council house, built as part of a utopian vision by Carlisle City Council, to her beloved London house of today, via Oxford, Hampstead, the Lake District and a spell in the Mediterranean. This is not a book about bricks and mortar, or about how a house becomes a home with the right scatter of cushions. This is a book about what houses are to us, the effect they have on the way we live our lives. It is also a wonderful backwards glance at the changing nature of our accommodation: from blacking grates and outside privies; to cities dominated by bedsits and lodgings; to houses today being converted back into single dwellings, all open-plan spaces and bringing the outside in. Finally, it is a gently insistent, personal inquiry into the meaning of home.

Norwegian Wood

Explore the terrifying depths of the dungeons of Faerun! The Siegebreakers are a tight-knit group of eccentric mercenaries who boast they can safely bring down the walls of any fortress, and will do so for the right amount of coin. But when the walls of their latest job crash down on their heads, trapping them in ruins treacherous with magic, monsters, and ever-rising water, it's all they can do to stay alive. Undaunted, the Siegebreakers are determined to escape and finish the job. [Show More](#) [Show Less](#)

My Life in Houses

Heart disease kills more women every year than all forms of cancer combined. Recovering from a major heart attack, Thomas wrote this book based on her own experience and the experiences of other women with the disease, compiled through blog posts and Thomas's experiences as a participant at Mayo Clinic's medical conference on women's heart disease. She explains how to recognize the early signs, explains why so many women are misdiagnosed, and covers to what to expect during your recovery.

The Meaning of Life 2

Following last year's bestselling collection of interviews from the RTE TV series *The Meaning of Life*, Gay Byrne is back with more big questions -- and more interesting answers. With Peter McVerry, he ponders whether life is shaped by accidents or by the way people respond to accidents. Mary Robinson reveals the beliefs and values that fuel her formidable moral engine. Eamon Dunphy's early experiences led him to believe that "everyone is magnificent in their own way," and Edna O'Brien discusses her struggles with the Catholic Church after the infamous banning of *The Country Girls*. We all look for meaning in our lives and here twenty well-known public figures share what gives their lives meaning, prompting us to ponder the question ourselves and perhaps even find some answers.

The Meaning of Life with Gay Byrne

On RTÉ's *The Meaning of Life*, Gay Byrne has spoken with public figures about these questions and many others.

The Meaning of Life 2 – More Lives, More Meaning with Gay Byrne

More big questions – and more interesting answers – from Gay Byrne's hugely popular RTÉ TV show *We all look for meaning in our lives* and here twenty well-known public figures share what gives their lives meaning, prompting us to ponder the question ourselves and perhaps even find some answers. Following last year's bestselling *The Meaning of Life*, Gay Byrne is back with more insightful discussions on the big themes that bind us all: childhood, love, faith, disbelief, morality, religion, grief. Based on his popular and long-running RTÉ TV show, *The Meaning of Life 2* explores life's big questions with an array of fascinating public figures, among them Ronan Keating, Micheál Ó Muircheartaigh, Ian Paisley and Imelda May. With Peter McVerry he ponders whether life is shaped by accidents or by the way people respond to accidents. Mary Robinson reveals the beliefs and values that fuel her formidable moral engine. Eamon Dunphy's early experiences led him to believe that 'everyone is magnificent in their own way', and Edna O'Brien discusses her struggles with the Catholic Church after the infamous banning of *The Country Girls*. 'There are many pearls of wisdom to be harvested from the human oysters featured here who share with me the beliefs, values, thoughts and experiences that have shaped, or been shaped by, their lives.' Gay Byrne *The Meaning of Life 2: Table of Contents* Preface by Gay Byrne - Imelda May - Peter McVerry - Mary Robinson - Brian Cody - Ian Paisley - J. P. Donleavy - Emily O'Reilly - John Loneragan - Ronan Keating - Maureen Gaffney - Sean O'Sullivan - Christina Noble - Micheál Ó Muircheartaigh - Fionnula Flanagan - Colm Tóibín - Mary Byrne - Colm Wilkinson - Celine Byrne - Edna O'Brien - Eamon Dunphy For each book sold, a donation will be made to The Peter McVerry Trust and The Christina Noble Children's Foundation.

The Meaning of Life

What's it all about? Why am I here? Is there a God? Why do bad things happen? What happens when we die? All the big questions - and some interesting answers - from Gay Byrne's popular TV show.

The Time of My Life

Using letters to the editor, media articles, recent studies of Irish culture, quotes from Byrne himself, and a re-examination of the original broadcasts, *The Gaybo Revolution* explores how Byrne and his talk shows, on both radio and television, provid

The Gaybo Revolution

On the Meaning of Friendship Between Gay Men takes readers beyond a traditional exploration of gay sexuality and romantic relationships, into the realm of recognizing the importance of friendship to gay men.

One Day for Life in Ireland

Republished for its 50th anniversary, *Sit Down and Be Counted* is an account of the establishment and early years of RTE television, by the people at the heart of defining what Irish television would be. With direct relevance to current debates on the role of public service broadcasting, and the impact of technology and advertising on its funding model, the authors set out a critique of broadcasting policy and practice which speaks to today's hottest issues.

On the Meaning of Friendship Between Gay Men

For 25 years, Gay Byrne received thousands of letters from listeners all over Ireland. Some of these letters were light-hearted and innocent, but others were more challenging. While many people didn't feel comfortable sharing their issues with their closest family and friends, they felt that they could trust Gay. And, so, they wrote in their droves ... With his trademark balance of compassion, empathy and humour, Gay read out letters on subjects such as women's rights, domestic and institutional abuse, mental health and homosexuality, sparking nationwide conversation and debate. The letters here have been lovingly compiled by Gay's daughter Suzy, who provides commentary about the impact they made, on a personal and national level, once they were read on air. *Dear Gay* is a sweeping handwritten history of a radically changed Ireland and a fitting tribute to Ireland's best-loved broadcaster.

Sit Down and be Counted

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands

of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Dear Gay

'Late Poems' brings together Thomas Kinsella's five most recent Peppercanister volumes. Each is a coherent whole and also constitutes a section of the ongoing project of his writing. He explores the great themes of the spirit, the body and the body politic.

To Whom it Concerns

Create and maintain a stunning and fragrant garden with Ireland's favourite garden designer Diarmuid Gavin and plantsman extraordinaire Paul Smyth as your guides. Find out when to prune your hydrangea, which soil suits potatoes, how to keep your lawn green and moss-free, and learn how to plan ahead with this beautiful and practical gardening book. Packed with gorgeous photos, simple tips and tricks, and inspirational advice on plants, this book will show you month by month how to achieve striking colour schemes, enchanting scents and fabulous foliage, as well as how to plan and create a garden design to suit your lifestyle. Inspired by Diarmuid and Paul's TV show and online conversations, *Gardening Together* follows the pair in a garden year from January to December, with a monthly look at what you need to do to enjoy and appreciate your outside space like never before.

The Negro Motorist Green Book

Charles Ryder, a lonely student at Oxford, is captivated by the outrageous and decadent Sebastian Flyte. Invited to Brideshead, Sebastian's magnificent family home, Charles welcomes the attentions of its eccentric, artistic inhabitants the Marchmains, becoming infatuated with them and the life of privilege they inhabit - in particular, with Sebastian's remote sister, Julia. But, as duty and desire, faith and happiness come into conflict, and the Marchmains struggle to find their place in a changing world, Charles eventually comes to recognize his spiritual and social distance from them.

Late Poems

One of the BBC's '100 Novels That Shaped Our World' 'My favourite book of all time... it stays with you long after you have read it - for your whole life, in fact' Billy Connolly A monument to sloth, rant and contempt, a behemoth of fat, flatulence and furious suspicion of anything modern - this is Ignatius J. Reilly of New Orleans, noble crusader against a world of dunces. The ordinary folk of New Orleans seem to think he is unhinged. Ignatius ignores them, heaving his vast bulk through the city's fleshpots in a noble crusade against vice, modernity and ignorance. But his momma has a nasty surprise in store for him: Ignatius must get a job. Undaunted, he uses his new-found employment to further his mission - and now he has a pirate costume and a hot-dog cart to do it with... Never published during his lifetime, John Kennedy Toole's hilarious satire, *A Confederacy of Dunces* is a Don Quixote for the modern age, and this Penguin Modern Classics edition includes a foreword by Walker Percy. 'A pungent work of slapstick, satire and intellectual incongruities ... it is nothing less than a grand comic fugue' *The New York Times*

Begin

Students and staff from KCL's Social Sciences BA programme turn the research lens back on their own world and together explore the many challenges of 'trying to do things differently' in Higher Education. In doing so, they grapple with fundamental questions in education such as: how to meaningfully foreground democracy, partnership, and emotional care; the role and limits of free speech; and how to deconstruct enduring inequality and marginalisation. In a period of considerable change and challenge for education, there is surely no better time to be critically analysing the principles guiding our universities through the lens of real-life practice. "In a period when university arrangements are being rethought in the wake of COVID-19 and the resurgence of Black Lives Matter, this compelling text is both timely and forward looking. 'We're trying to do things differently' successfully brings together first year undergraduates and lecturers to research, analyse and document how students and staff co-create meaningful educational experiences. The authors offer a nuanced picture of the centrality of

relationships and recognition to the degree course. It shows how the students foreground love, kindness and social justice, rather than curriculum and outcomes, while being alert to the politics of difference and absence in higher education classrooms. The book draws on well-worn and innovative writing styles to produce analyses and arguments that are eye-opening, persuasive and raise difficult questions for future educational practices. This book is a must for anyone interested in championing excellence and social justice in higher education." Ann Phoenix, Professor of Psychosocial Studies, UCL Institute of Education "This is a book with a difference. It is based on critical scholarship and draws on reflexive analysis but – and this is the important and unique part - it is a book written mainly by university students about how to enact meaningful relationships in the academy. It takes as its substantive focus one new undergraduate programme but the agenda is about change, social justice and the hard work of real inclusion. This book stands as a wake-up call to all of us who care deeply about socially just education and democracy in our institutions of higher education. It is also a wonderful example of how to write something that really matters!" - Meg Maguire, Professor of Sociology of Education, King's College London

Gardening Together

David Mitchell's *Cloud Atlas* meets Octavia Butler's *Earthseed* series, as acclaimed author Monica Byrne (*The Girl in the Road*) crafts an unforgettable piece of speculative fiction about where humanity came from, where we are now, and where we're going—and how, in every age, the same forces that drive us apart also bind us together. "A stone-cold masterpiece."—*New Scientist* The *Actual Star* takes readers on a journey over two millennia and six continents—telling three powerful tales a thousand years apart, all of them converging in the same cave in the Belizean jungle. Braided together are the stories of a pair of teenage twins who ascend the throne of a Maya kingdom; a young American woman on a trip of self-discovery in Belize; and two dangerous charismatics vying for the leadership of a new religion, racing toward a confrontation that will determine the fate of the few humans left on Earth after massive climate change. In each era, a reincarnated trinity of souls navigates the entanglements of tradition and progress, sister and stranger, and love and hate—until all of their age-old questions about the nature of existence converge deep underground, where only in complete darkness can they truly see.

Brideshead Revisited

From the author of *Lost Souls*, *Drawing Blood*, and *Wormwood* comes a thrilling and chilling novel that bestselling author Peter Straub says serves as a "guidebook to hell." To serial slayer Andrew Compton, murder is an art, the most intimate art. After feigning his own death to escape from prison, Compton makes his way to the United States with the sole ambition of bringing his "art" to new heights. Tortured by his own perverse desires, and drawn to possess and destroy young boys, Compton inadvertently joins forces with Jay Byrne, a dissolute playboy who has pushed his "art" to limits even Compton hadn't previously imagined. Together, Compton and Byrne set their sights on an exquisite young Vietnamese-American runaway, Tran, whom they deem to be the perfect victim. Swiftly moving from the grimy streets of London's Piccadilly Circus to the decadence of the New Orleans French Quarter, Poppy Z. Brite dissects the landscape of torture and invites us into the mind of a killer. *Exquisite Corpse* confirms Brite as a writer who defies categorization. It is a novel for those who dare trespass where the sacred and profane become one.

A Confederacy of Dunces

Arguments for the existence of God have taken many different forms over the centuries: in *The Non-Existence of God*, Everitt considers all the arguments and examines the role that reason and knowledge play in the debate over God's existence.

'We're trying to do things differently'

There's nothing better than a book you can't put down—or better yet, a book you'll never forget. This book puts the power of transformational reading into your hands. Jack Canfield, cocreator of the bestselling *Chicken Soup for the Soul®* series, and self-actualization pioneer Gay Hendricks have invited notable people to share personal stories of books that changed their lives. What book shaped their outlook and habits? Helped them navigate rough seas? Spurred them to satisfaction and success? The contributors include Dave Barry, Stephen Covey, Malachy McCourt, Jacquelyn Mitchard, Mark Victor Hansen, John Gray, Christiane Northrup, Bernie Siegel, Craig Newmark, Michael E. Gerber, Lou

Holtz, and Pat Williams, to name just a few. Their richly varied stories are poignant, energizing, and entertaining. Author and actor Malachy McCourt tells how a tattered biography of Gandhi, stumbled on in his youth, offered a shining example of true humility—and planted the seeds that would help support his sobriety decades later. Bestselling author and physician Bernie Siegel, M.D., tells how William Saroyan's *The Human Comedy* helped him realize that, in order to successfully treat his patients with life-threatening illnesses, "I had to help them live—not just prevent them from dying." Actress Catherine Oxenberg reveals how, at a life crossroads and struggling with bulimia, a book taught her the transforming difference one person could make in the life of another—and why that person for her was Richard Burton. Rafe Esquith, the award-winning teacher whose inner-city students have performed Shakespeare all over the world, recounts his deep self-doubt in the midst of his success—and how reading *To Kill a Mockingbird* strengthened him to continue teaching. Beloved librarian and bestselling author Nancy Pearl writes how, at age ten, Robert Heinlein's science fiction book *Space Cadet* impressed on her the meaning of personal integrity and gave her a vision of world peace she'd never imagined possible. Two years later, she marched in her first civil rights demonstration and learned that there's always a way to make "a small contribution to intergalactic harmony." If you're looking for insight and illumination—or simply for that next great book to read—*You've Got to Read This Book!* has treasures in store for you.

The Problem of Meaning in Modern Gay Life

There are a lot of gratitude books out there, but none quite like this, which comes with actual gifts: a sign, a totem, an answer, and a present from the natural world! Most of us believe we can think our way out of problems. We believe that if we just exert enough mental effort, we will pull up a solution to whatever ails us. And that has gotten us nowhere. So in this book, we're going to forget thinking . . . and start thanking. This playful but easy practice has the power to reconnect us with our true nature. When we observe the world from a place of gratitude, when we use our attention to spot beauty and gaze at wonder, we tune in to a frequency of magic. This joy channel is the most powerful on the planet and has the capability to radically change our lives. Brazen gratitude provides a portal—an entry point—straight into the heart of the field of infinite possibilities described in Pam Grout's bestseller *E-Squared*. It enables you to align with the spaciousness of the cosmic energy field, the spaciousness that makes your life a love-shining prism. Thanking puts you on an energetic frequency—a vibration—that calls in miracles and will make you rich (in spirit), happy, and madly in love (with life). This book also offers a different perspective on abundance, which is not just financial capital. It shows readers how to grow and expand creative capital, social capital, rip-roaring good times capital, and much, much more!

The Actual Star

The *Breakfast Club* meets *One Day in Floored*, a unique collaborative novel by seven bestselling and award-winning YA authors: Sara Barnard, Holly Bourne, Tanya Byrne, Non Pratt, Melinda Salisbury, Lisa Williamson and Eleanor Wood. When they got in the lift that morning, they were strangers. Sasha, who is at the UK's biggest TV centre desperately trying to deliver a parcel; Hugo, who knows he's by far the richest – and best-looking – guy in the lift; Velvet, who regrets wearing the world's least comfortable shoes to work experience; Dawson, who isn't the good-looking teen star he was and desperate not to be recognized; Kaitlyn, who's slowly losing her sight but won't admit it, and Joe, who shouldn't be there at all, but who wants to be there the most. And one more person, who will bring them together again on the same day every year . . .

Exquisite Corpse

THE SUNDAY TIMES BESTSELLER 'As the Brits say: I'm gobsmacked. I devoured this book... one of the most potent examples of living the dream' DEBBIE HARRY 'A great drummer who has written a great book' BILL MURRAY 'A revealing inside account of the highs and lows of a band who looked and sounded like nobody else' OLIVIA LAING, Guardian Chris Frantz's memoir tells the story of his life with Talking Heads, Tom Tom Club and his life-long love affair with Tina Weymouth. He remembers the early performances at CBGB alongside the Ramones, Patti Smith, Television and Blondie and recording the game changing albums, Talking Heads '77, More Songs About Buildings And Food, Fear Of Music, and Remain In Light. During a break from Talking Heads, Chris and Tina formed Tom Tom Club; in the process creating a hybrid of funk, disco, pop and electro that would have a huge impact on the club scene around the world. Warm and candid, funny and heartfelt, Remain in Love charts the rise of a band that began as a dream and culminated with their induction into the Rock and Roll Hall of Fame,

and reveals the once-in-a-lifetime love story and creative partnership between Chris and Tina, one of the greatest rhythm sections of all time.

The Non-existence of God

Brendan Kennelly - poet, dramatist, professor, critic, teacher, public speaker, media personality - has captured the imagination in Ireland and abroad for more than three decades. This book offers an understanding of the cultural phenomenon which is Brendan Kennelly through often moving and funny, always penetrating personal responses from a wide range of contributors. The list of contributors bears witness to the breadth of Kennelly's appeal. They include: Bono of rock group U2, television's Gay Byrne, former Taoiseach Charles J. Haughey, rugby international Hugo MacNeill, composer Jane O'Leary, sociologist Harry Ferguson, Sister Stanislaus Kennedy, and writers Derry Jeffares, John B. Keane, Declan Kiberd, Michael Longley, Paula Meehan, and Nell McCafferty (whose description of Kennelly gave the book its title). As well as comments on Kennelly's writing, the book gives insights into areas of his career and activities which do not normally receive attention: for example, his days as a budding writer, his time as a fun-loving student, his interest in sports, his involvement in creative writing workshops in schools and elsewhere, his teaching, his encouragement of young writers, his commercial advertising, his television appearances, his inspiration to other artists. How can someone be both a distinguished professor at Trinity College Dublin and a popular contributor to television programmes? A poet and a TV quizmaster? A former footballer and now a commentator on Irish politics? A master of Greek tragedy and an advertiser of Toyota Cars, Kerrygold Butter and the Allied Irish Bank? This Fellow with the Fabulous Smile will answer all and none of these questions. Brendan Kennelly wasn't Kerryman of the Year for nothing.

You've GOT to Read This Book!

'Binchy weaves her magic once again in an addictive story about families and people who aren't always quite what they seem' Woman & Home 'It'll restore your faith in humanity' Essentials 'Maeve Binchy is a master storyteller' New York Times Baby Frankie is born into an unusual family. Her mother is desperate to find someone to take care of her child and she doesn't have much time. Noel doesn't seem to be the most promising of fathers but despite everything, he could well be Frankie's best hope. As for Lisa, she is prepared to give up everything for the man she loves; surely he's going to love her back? And Moira is having none of it. She knows what's right, and has the power to change the course of Frankie's life...but Moira is hiding secrets of her own.

Thank & Grow Rich

Despite predictions of continuing secularisation, the twenty-first century has witnessed a surge of religious extremism and violence in the name of God. In this powerful and timely book, Jonathan Sacks explores the roots of violence and its relationship to religion, focusing on the historic tensions between the three Abrahamic faiths: Judaism, Christianity and Islam. Drawing on arguments from evolutionary psychology, game theory, history, philosophy, ethics and theology, Sacks shows how a tendency to violence can subvert even the most compassionate of religions. Through a close reading of key biblical texts at the heart of the Abrahamic faiths, Sacks then challenges those who claim that religion is intrinsically a cause of violence, and argues that theology must become part of the solution if it is not to remain at the heart of the problem. This book is a rebuke to all those who kill in the name of the God of life, wage war in the name of the God of peace, hate in the name of the God of love, and practise cruelty in the name of the God of compassion. For the sake of humanity and the free world, the time has come for people of all faiths and none to stand together and declare: Not In God's Name.

Floored

'Magnificent - deeply moving' Sunday Times 'Engrossing, moving, and unforgettable' The Times In the heat of the French summer of 1910, young Englishman Stephen Wraysford arrives in Amiens to stay with the Azaire family. But soon a secret passion emerges that threatens to destroy the household. Six years later, Stephen finds himself on the Western Front with civilization itself in the balance. And in a maze of tunnels under the trenches he will fight for everything he has known and loved. An epic of love, death and redemption, Birdsong has moved millions of readers all over the world to become a contemporary classic.

Remain in Love

It was the world's greatest comic magazine - again! Not since the days of Stan Lee and Jack Kirby had a creator so perfectly captured the intense mood, cosmic style and classic sense of adventure of Marvel's First Family. Fresh off an earth-shattering and reputation-making run as penciler on UNCANNY X-MEN, John Byrne proved his writing talent was every bit the equal of his art as he pulled double-duty on FANTASTIC FOUR, launching Reed, Sue, Ben and Johnny into realms of imagination and wonder into which few creators before had dared to travel. From the four corners of the globe to the farthest reaches of space to the deepest depths of the Negative Zone, the FF face off against foes old and new - including the Dr. Doom, Galactus and Annihilus! Plus: The FF aid the Inhumans, bid farewell to the Baxter Building, don new costumes and celebrate their 20th anniversary in style as Byrne reminds us all there's a family at the heart of this team of adventurers! Collecting MARVEL TEAM-UP (1972) #61-62; MARVEL TWO-IN-ONE 2 FANTASTIC FOUR (1961) #215-218, #220-221, #232-262 and ANNUAL #17; PETER PARKER, THE SPECTACULAR SPIDER-MAN (1976) * AVENGERS (1963) é THING (1983) #2; and ALPHA FLIGHT (1983) #4.

This Fellow with the Fabulous Smile

This guide for emerging and current practitioners, as well as LGBTI individuals, combines theory, research and practice to help readers become effective counselors. Students and clinicians will gain relevant and up-to-date knowledge about LGBTI clients and prepare them for practice in an increasingly global landscape, the author explores cultural differences around the world and discusses how LGBTI identifies change from region to region. Counseling LGBTI Clients challenges and changes beliefs about and attitudes toward each LGBTI subgroup, while preparing practitioners to provide sensitive, informed, and effective affirmative counseling to this largely misunderstood population.

It started on the 'Late Late Show'

A radical look at Jane Austen As you've never seen her – as a lover of farce, comic theatre and juvenilia. The Genius of Jane Austen celebrates Britain's favourite novelist 200 years after her death and explores why her books make such awesome movies, time after time.

Minding Frankie

The first comprehensive treatment of the history of homophobia - from ancient Athens to the halls of Congress.

Not in God's Name

'Community' continues to be a persistent theme in political, philosophical and policy debates. The idea of community poses fundamental questions about social inclusion and exclusion, particular versus general interests, identity and belonging. As well as extensive theoretical literature in the social sciences, there is a rich body of social research aimed at exploring the nature of community, and evaluating its contribution to people's lives and well-being. Drawing on a wealth of international empirical examples and illustrations, this book reviews debates surrounding the idea of community. It examines changing patterns of community life and evaluates their importance for society and for individuals. As well as urban, rural and class-based communities, it explores other contemporary forms of community, such as social movements, communes and 'virtual' gatherings in cyberspace. Truly multidisciplinary, this book will be of interest to students of sociology, geography, political science and social policy and welfare. Grounded in a wide-ranging review of empirical research, it provides an overview of sociological debates surrounding the idea of community and relating them to the part community plays in people's everyday conceptions of identity.

Birdsong

THE LESBIAN LOVE STORY YOU'VE BEEN DYING TO READ. Ash Persaud is about to become a reaper in the afterlife, but she is determined to see her first love Poppy Morgan again, the only thing that separates them is death. Car headlights. The last thing Ash hears is the snap of breaking glass as the windscreen hits her and breaks into a million pieces like stars. But she made it, she's still here. Or is she? This New Year's Eve, Ash gets an invitation from the afterlife she can't decline: to join a clan of fierce girl reapers who take the souls of the city's dead to await their fate. But Ash can't forget her first love, Poppy, and she will do anything to see her again ... even if it means they only get a few more days

together. Dead or alive ... NOT EVEN DEATH CAN TEAR THEM APART. 'Byrne is a talented writer with attitude, and a fresh, original voice' Daily Mail

Fantastic Four by John Byrne Omnibus - Volume 1

The loss of hearing - be it gradual or acute, mild or severe, present since birth or acquired in older age - can have significant effects on one's communication abilities, quality of life, social participation, and health. Despite this, many people with hearing loss do not seek or receive hearing health care. The reasons are numerous, complex, and often interconnected. For some, hearing health care is not affordable. For others, the appropriate services are difficult to access, or individuals do not know how or where to access them. Others may not want to deal with the stigma that they and society may associate with needing hearing health care and obtaining that care. Still others do not recognize they need hearing health care, as hearing loss is an invisible health condition that often worsens gradually over time. In the United States, an estimated 30 million individuals (12.7 percent of Americans ages 12 years or older) have hearing loss. Globally, hearing loss has been identified as the fifth leading cause of years lived with disability. Successful hearing health care enables individuals with hearing loss to have the freedom to communicate in their environments in ways that are culturally appropriate and that preserve their dignity and function. Hearing Health Care for Adults focuses on improving the accessibility and affordability of hearing health care for adults of all ages. This study examines the hearing health care system, with a focus on non-surgical technologies and services, and offers recommendations for improving access to, the affordability of, and the quality of hearing health care for adults of all ages.

Counseling LGBTI Clients

"The Irish actor leads the reader through his career on stage and screen as both producer and actor."--Cover
