The Lost Glory

Millie Bird, seven-years old and ever hopeful, always wears red gumboots to match her curly hair. Her struggling mother, grieving the death of Millie's father, leaves her in the big ladies' underwear department of a local store and never returns. Agatha Pantha, eighty-two, has not left her house – or spoken to another human being – since she was widowed seven years ago. She fills the silences by yelling at passersby, watching loud static on the TV and maintaining a strict daily schedule. Karl the Touch Typist, eighty-seven, once used his fingers to type out love notes on his wife's skin. Now that she's gone, he types his words out into the air as he speaks. Karl's been committed to nursing home but in a moment of clarity and joy, he escapes. Now he's on the lam. Brought together in strange circumstances, the three will embark upon a road trip across Western Australia to find Millie's mum. Along the way, Karl wants to find out how to be a man again; Agatha just wants everything to go back to how it was. Together, they will discover that old age is not the same as death, that the young can be wise, and that letting yourself feel sad once in a while just might be the key to a happy life.

A Dream and a Prayer (One Mans Journey) is the refreshing of my spirit through prayer and meditation. I am alone and lost in a cold dark world with no place to turn except to the author and finisher of life its self. I am exploring myself and the means to change the tattered and torn wretch of a man that I had become. I can only hope that my life experiences, strengths, weakness, successes, and failures help others to reach out and take hold of their lost dreams and make them into a reality.

A Dream and a Prayer

It was the day before Independence Day, 1831. As his bride, Lucie, was about to be "sold down the river" to the slave markets of New Orleans, young Thornton Blackburn planned a daring—and successful—daylight escape from Louisville. But they were discovered by slave catchers in Michigan and slated to return to Kentucky in chains, until the black community rallied to their cause. The Blackburn Riot of 1833 was the first racial uprising in Detroit history. The couple was spirited across the river to Canada, but their safety proved illusory. In June 1833, Michigan's governor demanded their extradition. The Blackburn case was the first serious legal dispute between Canada and the United States regarding the Underground Railroad. The impassioned defense of the Blackburns by Canada's lieutenant governor set precedents for all future fugitive-slave cases. The Blackburns settled in Toronto and founded the city's first taxi business. But they never forgot the millions who still suffered in slavery. Working with prominent abolitionists, Thornton and Lucie made their home a haven for runaways. The Blackburns died in the 1890s, and their fascinating tale was lost to history. Lost, that is, until a chance archaeological discovery in a downtown Toronto school yard brought the story of Thornton and Lucie Blackburn again to light.

I've Got a Home in Glory Land

The Partition of India in 1947 tragically ripped Bengal apart with a large proportion of the Hindu population departing Dhaka for India. The borders of the new countries were to follow religious lines; India would be for Hindus , Pakistan for Muslims. What is now known as Bangladesh, previously East Pakistan, saw many of its rajbaris or mansions abandoned, a situation further compounded by the independence war of 1971. In Kolkata, and regional Bengal the family owners of lavish colonial houses also experienced dramatic upheaval and a loss in fortunes following Independence.Both the nation of Bangladesh and the Indian state of Bengal are a treasure store of little visited architectural wonders that seem lost in an earlier time. Photographer Kip Scott, noted for his architectural images, here captures the lavish mansions of Bangladesh and Bengal in all their glory. Ruined , restored , lost and found, the magnificent mansions are an often eclectic blend of Mogul and Classical styles. And here those images are so often accompanied by the street life, work or nature that surrounds and sometimes threatens to encompass them.A foreword on the architecture of the amazing mansions is also included.

Old Glory

Beginning in the 1920s as a lowly crop-dusting operation in Louisiana, Delta Air Lines had, by its fiftieth anniversary, down to become one of the largest companies in the industry and one of the most consistently profitable. First published in 1979, this is a comprehensive account of the growth and development of Delta's strategy and style, the steady expansion of its routes, its relationship with federal regulatory agencies, and the everchanging composition of its fleet. Because the underlying spirit of the Delta enterprise owed so much to its founder, C.E. Woolman, this is also an engaging portrait of the man who came to be classed alongside Eastern's Eddie Rickenbacker and Pan American's Juan Trippe as a pioneer of commercial aviation.

A Strange Kind of Glory

Long ago, the Founding Mothers left old Earth and the Phylum Worlds, seeking a hidden place to reforge human destiny. Through genetic wizardry, they have altered human sexual patterns. For most of the year, any child born on the planet Stratos is a clone of her mother, identical to all the sisters in her veritable clan. Only in summer are 'vars' conceived - old-fashioned, gene-mixed girls, and even

sometimes boys - each one garishly, ignobly unique. Maia, one lonely young var, grows up knowing she must summon all her skill to win a place in this world run by and for high-caste clanswomen, a world far gentler than those of the old Phylum . . . except for those rare seasons of change, when the planet seems to call its people forth to glory. Rich in texture, universal in theme, monumental in scope, GLORY SEASON is a saga of remarkable passion and drama, set in a faraway place and time but shining light upon issues vexing our own confused era.

Diamonds at the Lost and Found: A Memoir in Search of My Mother

BOOK DESCRIPTIONThis is a book about leadership, which goes behind the incessant news stories for unique, never before published facts and insights from a classic success story and tragedy. The book is not the typical trip down 'memory lane', the template of many books about a corporation. Nor is it like the dozens of books today that focus on the airline industry. Instead, there are profound and valuable lessons in this book for any leader, whatever the future brings for Delta. While giving poignant examples from many companies, Delta Air Lines is the book's poster child of a Board of Directors' and a leader's dramatic effects on tens of thousands of people. It gives the reader the no holds barred, inside story of Delta's success, decline and path to bankruptcy...the lessons learned...and what it needs to do to take off again. Fresh answers are given to the often-asked question, "What happened to Delta?" It is based on extensive research, including behind-the-scenes information from 59 members of the "Delta family".

Lost and Found is a story about families, about finding love as you find yourself, and about reconciling everything - situations, relationships, and even history - all to the glory of God.

Maximum city

Lost and Found: A Tale of Tiger Meets Unicorn is a story of redemption. Through allegory, it shows that there is truly a God, Christ Jesus who is our maker and provider, wanting to know us and be a part of our lives. Though our lives may be stormy, there is always a safe place where we can go and be with our Creator. This story illuminates how the Lord can bring others and circumstances to intervene for us even in our darkest hours when we fear there is no way out.

Lost and Found

Carney Lake served for six years in a Royal Marines Commando Unit and in this book tells his story - the names of those men involved have been changed to protect their identities, but the events happened as described. The result is arguably as vivid and accurate a depiction of Britain's fighting men as has ever appeared in print. What we can see from the television screen of war and terrorism leaves us with no doubts as to the reality of modern warfare, but what it can't share with us is the feelings of the personalities on the ground as the bullets fly. There are nail-biting descriptions of patrols on the streets of Belfast, of facing an invading army on British sovereign territory in Cyprus and the strain of border duty in South Armagh where every silent rural ditch may prove an explosive and bloody grave. An unputdownable view of what it takes to be a member of the Royal Marines, of the sacrifices to do the job well.

Delta

'A lovely debut from a gifted young author. Violet Moller brings to life the ways in which knowledge reached us from antiquity to the present day in a book that is as delightful as it is readable.' Peter Frankopan, author of *The Silk Roads* In *The Map of Knowledge* Violet Moller traces the journey taken by the ideas of three of the greatest scientists of antiquity – Euclid, Galen and Ptolemy – through seven cities and over a thousand years. In it, we follow them from sixth-century Alexandria to ninth-century Baghdad, from Muslim Cordoba to Catholic Toledo, from Salerno's medieval medical school to Palermo, capital of Sicily's vibrant mix of cultures, and – finally – to Venice, where that great merchant city's printing presses would enable Euclid's geometry, Ptolemy's system of the stars and Galen's vast body

of writings on medicine to spread even more widely. In tracing these fragile strands of knowledge from century to century, from east to west and north to south, Moller also reveals the web of connections between the Islamic world and Christendom, connections that would both preserve and transform astronomy, mathematics and medicine from the early Middle Ages to the Renaissance. Vividly told and with a dazzling cast of characters, *The Map of Knowledge* is an evocative, nuanced and vibrant account of our common intellectual heritage. 'An endlessly fascinating book, rich in detail, capacious and humane in vision.' Stephen Greenblatt, author of *The Swerve: How the World Became Modern*

Airline Without a Pilot

Have you ever wondered if there is more to life than we can see? Are there really other dimensions within our world? If so, who or what resides there? Do angels and demons truly exist? If so, where are they, and how do they function in our world? What does the Bible say about angels and demons? Is there a biblical mystery that has been overlooked? *Lost and Found-My Journey to a Saved Soul* will answer these questions and more through uncovering one of the mysteries that has been hidden since the fall of mankind. This mystery is broken down through God given biblical revelation regarding the unseen world. This mystery became a living reality when Michelle Damico and her husband, Chris Damico, entered into the unseen realm on a forty-day journey. They had experienced firsthand what it was like to function within another dimension, also known as the spirit world. It was through, unknowingly, opening a door into forms of witchcraft that entered them into the spirit realm, being led to a shaman and tricked into a ritual that they believed was a marital ceremony. This led to her mother being spiritually attacked, therefore, triggering a subarachnoid hemorrhage and her mother's near-death experience; Michelle's husband's possession and cry to be institutionalized; and her children being attacked by spirits that desired to possess their soul. Their home was overpowered with evil and deep darkness, and there was nobody they could turn to but Jesus. All glory and honor to our Lord and Savior Jesus Christ for delivering us out of the darkness and into his marvelous light. Giving thanks to the Father, who has qualified us to share in the inheritance of the saints (God's people) in the Light. For He has rescued us and has drawn us to Himself from the dominion of darkness, and has transferred us to the kingdom of His beloved Son, in whom we have redemption [because of His sacrifice, resulting in] the forgiveness of our sins [and the cancellation of sins' penalty]. He is the exact living image [the essential manifestation] of the unseen God [the visible representation of the invisible], the firstborn [the preeminent one, the sovereign, and the originator] of all creation. -Colossians 1:12-15 (AMP)

The Map of Knowledge

With warmth, lucidity and good humour, Pagnol, a boy from the city, recounts the glorious summer days he spent exploring the sun-baked Provençal countryside. He vividly captures the atmosphere of a childhood filled with the simple pleasures: a meal, a joke, an outing shared with his close-knit and loving family. These heart-warming stories remind us of how children can invest the smallest event or statement with incredible significance, how mysterious the workings of the adult world can seem to them and how painful the learning process can often prove. However, Pagnol's writing is filled with enormous optimism and delight. And his triumph in these classic memoirs is to have created that rare thing, a work suffused with joy. 'Pagnol's place in the history of French culture is secure. The Prousts and Sartres may be admired, but Pagnol is loved' Times Literary Supplement
