Barchester Towers (Oxford World's Classics)

(AUGUST 19, 2016: FIXED Book Reuploaded for Format issues and missing page numbers)Barchester Towers concerns the leading clergy of the cathedral city of Barchester. The much loved bishop having died, all expectations are that his son, Archdeacon Grantly, will succeed him. Instead, owing to the passage of the power of patronage to a new Prime Minister, a newcomer, the far more Evangelical Bishop Proudie, gains the see. His wife, Mrs Proudie, exercises an undue influence over the new bishop, making herself as well as the bishop unpopular with most of the clergy of the diocese. Her interference to veto the reappointment of the universally popular Mr Septimus Harding (protagonist of Trollope's earlier novel, *The Warden*) as warden of Hiram's Hospital is not well received, even though she gives the position to a needy clergyman, Mr Quiverful, with 14 children to support. Even less popular than Mrs Proudie is the bishop's newly appointed chaplain, the hypocritical and sycophantic Mr Obadiah Slope, who decides it would be expedient to marry Harding's wealthy widowed daughter, Eleanor Bold, and hopes to win her favour by interfering in the controversy over the wardenship. The Bishop, or rather Mr Slope under the orders of Mrs Proudie, also orders the return of the prebendary Dr Vesey Stanhope from Italy. Dr Stanhope has been there, recovering from a sore throat, for 12 years and has spent his time catching butterflies. With him to the Cathedral Close come his wife and his three adult children. The younger of Dr Stanhope's two daughters causes consternation in the Palace and threatens the plans of Mr Slope: Signora Madeline Vesey Neroni is a crippled serial flirt with a young daughter and a mysterious Italian husband whom she has left. Mrs Proudie is appalled by her and considers her an unsafe influence on her daughters, her servants and Mr Slope. Mr Slope is drawn like a moth to a flame and cannot keep away. Dr Stanhope's son Bertie is skilled at spending money but not at making it: his two sisters think marriage to rich Eleanor Bold will provide financial security for him. Summoned by Archdeacon Grantly to assist in the war against the Proudies and Mr Slope is the brilliant Reverend Francis Arabin. Mr Arabin is a considerable scholar, Fellow of Lazarus College at Oxford, who nearly followed his mentor John Henry Newman into the Roman Catholic Church. A massive misunderstanding occurs between Eleanor and her father, brother-in-law, sister and Mr Arabin: they all believe she intends to marry the oily chaplain Mr Slope. Mr Arabin is attracted to Eleanor but the efforts of Grantly and his wife to stop her marrying Slope also interfere with any relationship that might develop. At the Ullathorne garden party of the Thornes, matters come to a head. Mr Slope proposes to Mrs Bold and is slapped for his presumption; Bertie goes through the motions of a proposal to Eleanor and is refused with good grace, and the Signora has a chat with Mr Arabin. Mr Slope's double-dealings are now revealed and he is dismissed by Mrs Proudie and the Signora. The Signora drops a delicate word in several ears and with the removal of their misunderstanding Mr Arabin and Eleanor become engaged. The old Dean of the Cathedral having died, Mr Slope campaigns to become Dean, but Mr Harding is offered the preferment, with a beautiful house in the Close and fifteen acres of garden.

However, Mr Harding considers himself unsuitable and, with the help of the archdeacon, arranges that Mr Arabin be made Dean. With the Stanhopes' return to Italy, life in the Cathedral Close returns to its previous quiet and settled ways and Mr Harding continues his life of gentleness and music.

Barchester Towers

'Mr Slope flattered himself that he could out-manoeuvre the lady...he did not doubt of ultimate triumph.' Barchester Towers (1857) was the book that made Trollope's reputation and it remains his most popular and enjoyable novel. The arrival of a new bishop in Barchester, accompanied by his formidable wife and ambitious chaplain, Obadiah Slope, sets the town in turmoil as Archdeacon Grantly declares 'War, war, internecine war!' on Bishop Proudie and his supporters. Who will come out on top in the battle between the archdeacon, the bishop, Mr Slope, and Mrs Proudie? The livelihood of Mr Harding, the saintly hero of *The Warden*, is once more under threat but clerical warfare finds itself tangled up in the wayward (and sometimes perverse) desires of the many courtships, seductions, and romances of the book. Who will marry Eleanor Bold? Can any man resist the charms of the exotically beautiful 'La Signora Madeline Vesey Neroni'? Will the oily Mr Slope finally get his comeuppance? Trollope's matchless handling of plot and character displays a skill whose distinctive literary qualities are celebrated in this new edition. Barchester Towers

'You might pass Eleanor Harding in the street without notice, but you could hardly pass an evening with her and not lose your heart.' John Bold has lost his heart to Eleanor Harding but he is a political radical who has launched a campaign against the management of the charity of which her father is the Warden. How can this tangle be resolved? In the novel which is Trollope's first acknowledged masterpiece, the emotional drama is staged against the background of two major contemporary social issues: the inappropriate use of charitable funds and the irresponsible exercise of the power of the press. A witty love story, in the Jane Austen tradition, this is also an unusually subtle example of 'Condition of England' fiction, combining its charming portrayal of life in an English cathedral close with a serious engagement in larger social and political issues. *The Warden* is the first of the six books which form Trollope's Barsetshire series of novels. This edition also includes 'The Two Heroines of Plumplington' - the short story which Trollope added, just before his death, to provide a final episode in the annals of Barsetshire. The Warden and The Two Heroines of Plumplington

Louis Trevelyan ... seems the most fortunate of mid-Victorian gentlemen: young, rich, well-educated, handsome, and with a beautiful wife. But his life is ruined by ungrounded jealousy. In the later [chapters], the unlucky hero has been utterly consumed by an obsession with his wife's imaginary infidelity In the sub-plot dealing with the marriages of his English and American heroines, Trollope engages head-on the issue of women's rights, a topic which was as alive for his contemporaries of the late 1860s as it is today.

He Knew He was Right

Lily Dale is sublimely happy when she becomes engaged to Adolphus Crosbie, assistant secretary in a government agency. Lily is the niece of Squire Dale, an embittered old bachelor fixedly stuck in the "Great House" at Allington. Crosbie spends a weekend away from Lily, and becomes attracted to Lady Alexandrina De Courcy, who is from a noble family. He asks for her hand in marriage, jilting his former love, Lily. John Eames, a young government clerk, has loved Lily Dale for years. He tries to get Lily to notice him after she gets jilted, but she still loves Crosbie, and maintains her love for him despite his treachery. Crosbie, however, soon finds that his noble bride brings no money into the marriage, but

continues to spend it as though she had. His "noble" marriage is a debacle from start to finish. All Lily's friends urge her toward Eames, but Lily stubbornly clings to her hopeless love.

The Small House at Allington

Barchester Towers, Trollope's most popular novel, is the second of the six Chronicles of Barsetshire. The Chronicles follow the intrigues of ambition and love in the cathedral town of Barchester. In this novel Trollope continues the story, begun in *The Warden*, of Mr Harding and his daughter Eleanor, introducing that oily symbol of progress Mr Slope, the hen-pecked Dr Proudie, and the amiable Stanhope family.

Barchester Towers

Fourth in the Barsetshire Chronicles, *Framley Parsonage* was published in 1860. In it the values of a Victorian gentleman, the young clergyman Mark Robarts, are put to the test. Like much fiction of 19th century England, *Framley Parsonage* concerns property, status, family and the conventions.

Framley Parsonage

Mary Thorne, orphaned (and illegitimate) niece of Dr. Thorne, has long been a favorite at Greshamsbury House--until Lady Arabella Gresham learns that her only son Frank is in love with Mary. The unhappy Mary is banished forthwith, because the Gresham family fortunes are so depleted that Frank must marry money. Frank, however, is one of the few completely honorable young men in Trollope's novels and remains stubbornly true to his love. Well, he does propose to another woman, at the insistence of his mother, but only with the virtual certainty that he will be rejected--as indeed he is. The lady is Miss Dunstable, one of Trollope's most delightful characters, a fabulously wealthy thirtyish heiress of an ointment company. She is a bold, witty woman, not beautiful, but attractive in her way, whose wealth invites countless proposals. After the rather complicated plot unfolds, the tables are completely turned, and Mary is eagerly welcomed by Lady Arabella (who, of course, has always loved her) as the savior of the family. - Open Library.

The American Senator

This classic study of the working life of a professional writer is one of the best - and also one of the strangest - autobiographies ever written. After a miserable childhood and misspent youth, Trollope turned his life around at the age of twenty-six. By 1860 the 'hobbledehoy' had become both a senior civil servant and a best-selling novelist. He worked for the Post Office for many years and stood unsuccessfully for Parliament. Best-known for the two series of novels grouped loosely around the clerical and political professions, the Barsetshire and Palliser series, in his *Autobiography* Trollope frankly describes his writing habits. His apparent preoccupation with contracts, deadlines, and earnings, and his account of the remorseless regularity with which he produced his daily quota of words, has divided opinion ever since. As the Introduction to this edition shows, Trollope selected and exaggerated to create his compelling narrative of initial failure and eventual success, and the inspiration that fuelled his creative imagination has too easily been overlooked. The only autobiography by a major Victorian novelist, Trollope's record offers a fascinating insight into his literary life and opinions. This edition also includes a selection of his critical writings to show how subtle and complex his approach to literature really was.

Orley Farm; Volume 2

'Frank has but one duty before him. He must marry money.' The squire of Greshamsbury has fallen on hard times, and it is incumbent on his son Frank to make a good marriage. But Frank loves the doctor's niece, Mary Thorne, a girl with no money and mysterious parentage. He faces a terrible dilemma: should he save the estate, or marry the girl he loves? Mary, too, has to battle her feelings, knowing that marrying Frank would ruin his family and fly in the face of his mother's opposition. Her pride is matched by that of her uncle, Dr Thorne, who has to decide whether to reveal a secret that would resolve Frank's difficulty, or to uphold the innate merits of his own family heritage. The character of Dr Thorne reflects Trollope's own contradictory feelings about the value of tradition and the need for change. His subtle portrayal, and the comic skill and gentle satire with which the story is developed, are among the many pleasures of this delightful novel. An Autobiography

Cousin Henry is a novel by Anthony Trollope first published in 1879. The story deals with the trouble arising from the indecision of a squire in choosing an heir to his estate. Of Trollope's shorter novels, it has been called one of his most experimental. Indefer Jones is the aged squire, between seventy and eighty years of age, of a large manor, Llanfeare, in Carmarthen, Wales. His niece, Isabel Brodrick, has lived with him for years after the remarriage of her father, and endeared herself to everyone. However, according to his strong traditional beliefs, the estate must be passed down to a male heir.

The Three Clerks (1857) is a novel by Anthony Trollope, set in the lower reaches of the Civil Service. It draws on Trollope's own experiences as a junior clerk in the General Post Office, and has been called the most autobiographical of Trollope's novels.[1] In 1883 Trollope gave it as his opinion that The Three Clerks was a better novel than any of his earlier ones, which included The Warden and Barchester Towers.

This carefully crafted ebook: "THE BLACK TULIP (Historical Adventure Novel)" is formatted for your eReader with a functional and detailed table of contents. The story begins with the 1672 lynching of the Dutch Grand Pensionary Johan de Witt and his brother Cornelis by a wild mob of their own countrymen, considered by many as one of the most painful episodes in Dutch history, described by Dumas with a dramatic intensity. The city of Haarlem, Netherlands, has set a prize of f100, 000 to the person who can grow a black tulip, sparking competition between the country's best gardeners to win the money, honor and fame. Only the city's oldest citizens remember the Tulip Mania thirty years prior, and the citizens throw themselves into the competition. The young and bourgeois Cornelius van Baerle has almost succeeded but is suddenly thrown into the Loevestein prison... Alexandre Dumas, père (1802-1870) was a French writer whose works have been translated into nearly 100 languages and he is one of the most widely read French authors. His most famous works are The Count of Monte Cristo and The Three Musketeers.

The Macdermots of Ballycloran

'Loathsomeness waits and dreams in the deep, and decay spreads over the tottering cities of men. A time will come - but I must not and cannot think!' H. P. Lovecraft (1890-1937) was a reclusive scribbler of horror stories for the American pulp magazines that specialized in Gothic and science fiction in the interwar years. He often published in Weird Tales and has since become the key figure in the slippery genre of 'weird fiction'. Lovecraft developed an extraordinary vision of feeble men driven to the edge of sanity by glimpses of malign beings that have survived from human prehistory or by malevolent extra-terrestrial visitations. The ornate language of his stories builds towards grotesque moments of

revelation, quite unlike any other writer. This new selection brings together nine of his classic tales, focusing on the 'Cthulhu Mythos', a cycle of stories that develops the mythology of the Old Ones, the monstrous creatures who predate human life on earth. It includes the Introduction from Lovecraft's critical essay, 'Supernatural Horror in Literature', in which he gave his own important definition of 'weird fiction'. In a fascinating contextual introduction, Roger Luckhurst gives Lovecraft the attention he deserves as a writer who used pulp fiction to explore a remarkable philosophy that shockingly dethrones the mastery of man.

The Cambridge Companion to Anthony Trollope

This novel, the fifth in Trollope's Chronicles of Barsetshire series, tells the tale of the Dale family, which is trying to make ends meet in the aftermath of the death of the family patriarch. A nearly impenetrable knot of romantic entanglements ensues shortly after the family moves into the small house of the book's title. Long admired by fans of Trollope's writing, *The Small House at Allington* gained more widespread attention after it was named as a personal favorite by then-sitting Prime Minister John Major.

The Three Clerks Illustrated

'If you want a picture of the future, imagine a boot stamping on a human face—forever.' 1984 *Nineteen Eighty-Four* (1949), George Orwell's final novel, was completed in difficult conditions shortly before his early death. It is one of the most influential and widely-read novels of the post-war period, and has been a huge international bestseller over many decades. Continually in print, it has long been controversial, both in its immediate Cold War context and in later history. It is in some ways a realist novel, but in others is more akin to a work of science fiction, a dystopia or a satire. It also has strong affiliations to Gothic in its plotting, motifs and affective states. Full of horror and terror, it contains prophetic dreams and a central character who thinks of himself as a 'monster', a 'ghost' and 'already dead'. Like *Frankenstein* and *Dracula*, it is fascinated by the power of a documentary remnant addressed to an unknown reader.

The Classic Horror Stories

The book centers on the character of Mr. Harding, a clergyman of great personal integrity, whose charitable income far exceeds the purpose for which it was intended. Young John Bold turns his reforming zeal to exposing what he considers to be an abuse of privilege, despite being in love with Mr. Harding's daughter Eleanor. The novel was highly topical as a case regarding the misapplication of church funds was the scandalous subject of contemporary debate. But Trollope uses this specific case to explore and illuminate the universal complexities of human motivation and social morality. This edition includes an introduction and notes by David Skilton and illustrations by Edward Ardizzone. The Small House at Allington

'She had resolved to trust in everything, and, having so trusted, she would not provide for herself any possibility of retreat.' Lively and attractive, Lily Dale lives with her mother and sister at the Small House at Allington. She falls passionately in love with the urbane Adolphus Crosbie, and is devastated when he abandons her for the aristocratic Lady Alexandrina de Courcy. But Lily has another suitor, Johnny Eames, who has been devoted to her since boyhood. Perhaps she can find renewed happiness in Johnny's courtship? *The Small House at Allington* was among the most successful of Trollope's Barsetshire novels, and has retained its popularity among modern readers. Lily Dale's stubborn constancy is a troubling reflection of Trollope's divided feelings about the need for progress and reform

in the context of liberal thought and politics. Her story is a subtle exploration of loyalty and ambition, and the pressure for change in a rapidly evolving world. Nineteen Eighty-Four

Anthony Trollope (1815 - 1882) was one of the most popular, productive and esteemed English novelists of the Victorian era. His best-loved works are the Chronicles of Barsetshire, which revolve around the imaginary county of Barsetshire. The novels focus on the dealings of the clergy and the gentry, and the political, romantic and social intrigues that go on among and between them. Enjoy these wry chronicles. The novels in the series are: *The Warden* (1855) *Barchester Towers* (1857) *Doctor Thorne* (1858) *Framley Parsonage* (1861) *The Small House at Allington* (1864) *The Last Chronicle of Barset* (1867)

The Way We Live Now

The Warden

'All Hogglestock believed their parson to be innocent; but then all Hogglestock believed him to be mad.' Josiah Crawley lives with his family in the parish of Hogglestock, East Barsetshire, where he is perpetual curate. Impoverished like his parishioners, Crawley is hard-working and respected but he is an unhappy, disappointed man, ill-suited to cope when calamity strikes. He is accused of stealing a cheque to pay off his debts; too proud to defend himself, he risks ruin and disgrace unless the truth can be brought to light. Crawley's predicament divides the community into those who seek to help him despite himself, and those who, like Mrs Proudie, are convinced of his guilt. When the Archbishop's son, Major Grantly, falls in love with Crawley's daughter Grace, battle lines are drawn. The final volume in the Barsetshire series, *The Last Chronicle* draws to a close the stories of many beloved characters, including the old Warden, Mr Harding, Johnny Eames, and Lily Dale. Panoramic in scale, elegiac and moving, it is perhaps Trollope's greatest novel. Now adapted for ITV by Julian Fellowes, *Doctor Thorne* is the compelling story in which rank, wealth, and personal feeling are pitted against one another. But Frank loves the doctor's niece, Mary Thorne, a girl with no money and mysterious parentage. He faces a terrible dilemma: should he save the estate, or marry the girl he loves? "Academic fans of Dickens's early novels will be gratified by John Bowen's *Other Dickens: Pickwick to Chuzzlewit*, a ringing defense of the novels Dickens wrote in the first half of his career.... Bowen [demonstrates] a mastery of the body of Dickens criticism.... We owe Bowen a debt of gratitude for delineating so eloquently the politically radical Dickens and for helping us better appreciate his exquisite humor, deep insight into the human condition, and consummate artistry."--College Literature.

'The fact is, Mark, that you and I cannot conceive the depth of fraud in such a man as that.' The Reverend Mark Robarts makes a mistake. Drawn into a social set at odds with his clerical responsibilities, he guarantees the debts of an unscrupulous Member of Parliament. He stands to lose his reputation, and his family, future, and home are all in peril. His patroness, the proud and demanding Lady Lufton, is offended and the romantic hopes of Mark's sister Lucy, courted by Lady Lufton's son, are in jeopardy. Pride and ambition are set against love and integrity in a novel that has remained one of Trollope's most popular stories. Set against ecclesiastical events in the Barchester diocese and informed by British political instability after the Crimean War, Trollope's fourth Barchester novel was his first major success. A compelling history of uncertain futures, *Framley Parsonage* is a vivid exploration of emotional and geographical displacement that grew out of Trollope's own experiences as he returned to England from Ireland in 1859. The Last Chronicle of Barset

Frances Trollope, mother of the great Victorian novelist Anthony Trollope, wrote more than 40 books in her lifetime, including landmark novels dealing with important social issues. She is best known today, however, for this witty, entertaining, and controversial account of American life and culture. Published in 1832, this book presents a lively portrait of early nineteenth-century America as observed by a woman of rare intelligence and keen perception. The author left no stone unturned, commenting on American dress, food, speech, politics, manners, customs, the landscape, architecture, and more.

The Mysteries of Udolpho

'Her present life appeared like the dream of a distempered imagination, or like one of those frightful fictions, in which the wild genius of the poets sometimes delighted. Reflections brought only regret, and anticipation terror.' Such is the state of mind in which Emily St. Aubert - the orphaned heroine of Ann Radcliffe's 1794 gothic Classic, *The Mysteries of Udolpho* - finds herself after Count Montoni, her evil guardian, imprisons her in his gloomy medieval fortress in the Appenines. Terror is the order of the day inside the walls of Udolpho, as Emily struggles against Montoni's rapacious schemes and the threat of her own psychological disintegration. A best-seller in its day and a potent influence on Walpole, Poe, and other writers of eighteenth and nineteenth-century Gothic horror, *The Mysteries of Udolpho* remains one of the most important works in the history of European fiction. As the same time, with its dream-like plot and hallucinatory rendering of its characters' psychological states, it often seems strangely modern: 'permanently avant-garde' in Terry Castle's words, and a profound and fascinating challenge to contemporary readers. The Mysteries of Udolpho

Excerpt from *The Mysteries of Udolpho: A Romance* And in all the dreariness of enchantment. The characters in Mrs. Radcliffe's Romances are as original and well-drawn, as the incidents are striking and impressive; and few writers ever succeeded so well in sustaining the interest of a long tale, as this powerful writer. Her works are also interspersed with several pieces of poetry, which are elegant and fanciful, displaying the riches of a well. Melmoth the Wanderer EasyRead Edition

This is the biography of the Gothic novelist, Ann Radcliffe (1764-1823), author of "*The Mysteries of Udolpho*".

The Castle of Otranto

Macabre and melodramatic, set in haunted castles or fantastic landscapes, Gothic tales became fashionable in the late eighteenth century with the publication of Horace Walpole's *The Castle of Otranto* (1764). Crammed with catastrophe, terror, and ghostly interventions, the novel was an immediate success, and influenced numerous followers. These include William Beckford's *Vathek* (1786), which alternates grotesque comedy with scenes of exotic magnificence in the story of the ruthless Caliph Vathek's journey to damnation. *The Monk* (1796), by Matthew Lewis, is a violent tale of ambition, murder, and incest, set in the sinister monastery of the Capuchins in Madrid. *Frankenstein* (1818, 1831) is Mary Shelley's disturbing and perennially popular tale of young student who learns the secret of giving life to a creature made from human relics, with horrific consequences. This collection illustrates the range and the attraction of the Gothic novel. Extreme and sensational, each of the four printed here is also a powerful psychological story of isolation and monomania.

Ever wondered how the quintessential bully acted during the Holy Inquisition? Look no further. In her unnerving gothic novel "*The Italian*" (1797), Ann Radcliffe explores individuality in a culture dominated by the church as the happiness of the young couple Vicenzo di Vivaldi and Ellena di Rosalbe is thwarted by the evil ways of the selfish and peremptory Father Schedoni. The last novel to be published during Radcliffe's lifetime, this fast-paced gothic novel is packed with romantic rendezvous, nocturnal danger, kidnappings, murder, and mysterious characters lurking in the shadows. Hidden away in this sublime novel of concealment and disguise is an undying and triumphant light that emanates from the hearts of Vicenzo and Ellena who are sure of one thing: no one is above the law – not even the church. Ann Radcliffe (1764-1823) was a British fiction writer, best known for her pioneering role in the English gothic tradition. She married a journalist and in his long absences, she began to write. Her works exhibit

a preference for exotic and sinister places, where her female protagonists often suffer supernatural occurrences. Her best known novels include "The Mysteries of Udolpho"

The castles of Athlin and Dunbayne

Elizabeth Gaskell's chilling Gothic tales blend the real and the supernatural to eerie, compelling effect. 'Disappearances', inspired by local legends of mysterious vanishings, mixes gossip and fact; 'Lois the Witch', a novella based on an account of the Salem witch hunts, shows how sexual desire and jealousy lead to hysteria; while in 'The Old Nurse's Story' a mysterious child roams the freezing Northumberland moors. Whether darkly surreal, such as 'The Poor Clare', where an evil doppelgänger is formed by a woman's bitter curse, or mischievous like 'Curious, if True', a playful reworking of fairy tales, all the stories in this volume form a stark contrast to the social realism of Gaskell's novels, revealing a darker and more unsettling style of writing.

Mistress of Udolpho

Spectres of Antiquity is the first full-length study of the relationship between Greco-Roman culture and the eighteenth-century Gothic. In fascinating and compelling detail, James Uden's book rewrites the history of the Gothic genre, demonstrating that the genre was haunted by a deeper sense of history than has previously been assumed.

Melmoth the Wanderer: a Tale

As British women writers in the late eighteenth and early nineteenth centuries sought to define how they experienced their era's social and economic upheaval, they helped popularize a new style of bourgeois female sensibility. Building on her earlier work in Romantic Androgyny, Diane Long Hoeveler now examines the Gothic novels of Charlotte Smith, Ann Radcliffe, Jane Austen, Charlotte Dacre Byrne, Mary Shelley, and the Brontës to show how these writers helped define femininity for women of the British middle class. Hoeveler argues that a female-created literary ideology, now known as "victim feminism," arose as the Gothic novel helped create a new social role of professional victim for women adjusting to the new bourgeois order. These novels were thinly disguised efforts at propagandizing a new form of conduct for women, teaching that "professional femininity"—a cultivated pose of wise passiveness and controlled emotions—best prepared them for social survival. She examines how representations of both men and women in these novels moved from the purely psychosexual into social and political representations, and how these writers constructed a series of ideologies that would allow their female characters—and readers—fictitious mastery over an oppressive social and political system. Gothic Feminism takes a neo-feminist approach to these women's writings, treating them not as sacred texts but as thesis-driven works that attempted to instruct women in a series of strategic poses. It offers both a new understanding of the genre and a wholly new interpretation of feminism as a literary ideology.

Four Gothic Novels

A research guide for specialists in the Gothic novel, the Romantic movement, the eighteenth- and nineteenth-century novel, and popular culture, this work contains summaries of more than two hundred novels, reputed to be Gothic, published in English between 1790 and 1830. Also included are indexes of titles and characters and an extensive index of characteristic objects, motifs, and themes that recur in the novels -- such as corpses, bloody and otherwise, dungeons, secret passageways, filicide, fratricide, infanticide, matricide, patricide, and suicide. The novels described, including those by such writers as Charlotte Dacre, Louisa Sidney Stanhope, Regina Maria Roche, Charles Maturin, and Mary Shelley, are for the most part out of print and circulation and are unavailable except in rare book rooms. Thus this book provides the researcher with ready access to information that would otherwise be difficult to obtain.

The Castles of Athlin and Dunbayne

Readings of Shakespeare were both influenced by and influential in the rise of Gothic forms in literature and culture from the late eighteenth century onwards. Shakespeare's plays are full of ghosts, suspense, fear-inducing moments and cultural anxieties which many writers in the Gothic mode have since emulated, adapted and appropriated. The contributors to this volume consider: Shakespeare's relationship with popular Gothic fiction of the eighteenth century how, without Shakespeare as a point

of reference, the Gothic mode in fiction and drama may not have developed and evolved in quite the way it did the ways in which the Gothic engages in a complex dialogue with Shakespeare, often through the use of quotation, citation and analogy the extent to which the relationship between Shakespeare and the Gothic requires a radical reappraisal in the light of contemporary literary theory, as well as the popular extensions of the Gothic into many modern modes of representation. In Gothic Shakespeares, Shakespeare is considered alongside major Gothic texts and writers – from Horace Walpole, Ann Radcliffe, Matthew Lewis and Mary Shelley, up to and including contemporary Gothic fiction and horror film. This volume offers a highly original and truly provocative account of Gothic reformulations of Shakespeare, and Shakespeare's significance to the Gothic. Contributors include: Fred Botting, Elizabeth Bronfen, Glennis Byron, Sue Chaplin, Steven Craig, John Drakakis, Michael Gamer, Jerrold Hogle, Peter Hutchings, Robert Miles, Dale Townshend, Scott Wilson and Angela Wright.

The Italian

This selection of Poe's critical writings, short fiction and poetry demonstrates an intense interest in aesthetic issues and the astonishing power and imagination with which he probed the darkest corners of the human mind. The Fall of the House of Usher describes the final hours of a family tormented by tragedy and the legacy of the past. In the Tell Tale Heart, a murderer's insane delusions threaten to betray him, while stories such as The Pit and the Pendulum and the Cask of Amontillado explore extreme states of decadence, fear and hate.

Gothic Tales

'It is time to die, Madame: there shall be no mercy for you...!' It was one of the most shocking crimes of the seventeenth century, and would provide Sade with the inspiration for the last novel he published. The beautiful and virtuous Euphrasie, admired by the King himself, falls in love with the young and handsome Alphonse, Marquis de Gange. Within the forbidding walls of his castle in Provence, however, sinister forces are conspiring against the young couple. Alphonse's brothers, the Abbé and the Chevalier, want Euphrasie for themselves. Published in English for the first time, The Marquise de Gange is a neglected Gothic classic by one of the most notorious authors in the literary canon. Although a departure from his earlier pornographic and libertine works, beneath the novel's thin veneer of respectability lurks the same subversive presence of an author plotting against virtue in distress.

Annotation 'Novel Machines' explores the ideas of technological modernity and the machinery of narrative fiction in the eighteenth-century British novel.

Gothic Feminism

The Italian (1797) is a gripping tale of love and betrayal, abduction and assassination, and incarceration by the Inquisition. Radcliffe's last and most unnerving novel exemplifies her definition of 'terror' writing, combining Romantic and Gothic elements and influencing countless later writers.

Vathek, an Arabian Tale

The Gothic is wildly diverse. It can refer to ecclesiastical architecture, supernatural fiction, cult horror films, and a distinctive style of rock music. It has influenced political theorists and social reformers, as well as Victorian home décor and contemporary fashion. Nick Groom shows how the Gothic has come to encompass so many meanings by telling the story of the Gothic from the ancient tribe who sacked Rome to the alternative subculture of the present day. This unique Very Short Introduction reveals that the Gothic has predominantly been a way of understanding and responding to the past. Time after time, the Gothic has been invoked in order to reveal what lies behind conventional history. It is a way of disclosing secrets, whether in the constitutional politics of seventeenth-century England or the racial politics of the United States. While contexts change, the Gothic perpetually regards the past with fascination, both yearning and horrified. It reminds us that neither societies nor individuals can escape the consequences of their actions. The anatomy of the Gothic is richly complex and perversely contradictory, and so the thirteen chapters here range deliberately widely. This is the first time that

the entire story of the Gothic has been written as a continuous history: from the historians of late antiquity to the gardens of Georgian England, from the mediaeval cult of the macabre to German Expressionist cinema, from Elizabethan Revenge Tragedy to American consumer society, from folk ballads to vampires, from the past to the present. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. The Gothic Novel 1790–1830

This is the first major full-length study of Victorian Gothic fiction. Combining original readings of familiar texts with a rich store of historical sources, *A Geography of Victorian Gothic Fiction* is an historicist survey of nineteenth-century Gothic writing—from Dickens to Stoker, Wilkie Collins to Conan Doyle, through European travelogues, sexological textbooks, ecclesiastic histories and pamphlets on the perils of self-abuse. Critics have thus far tended to concentrate on specific angles of Gothic writing (gender or race), or the belief that the Gothic 'returned' at the so-called fin de siècle. Robert Mighall, by contrast, demonstrates how the Gothic mode was active throughout the Victorian period, and provides historical explanations for its development from late eighteenth century, through the 'Urban Gothic' fictions of the mid-Victorian period, the 'Suburban Gothic' of the Sensation vogue, through to the somatic horrors of Stevenson, Machen, Stoker, and Doyle at the century's close. Mighall challenges the psychological approach to Gothic fiction which currently prevails, demonstrating the importance of geographical, historical, and discursive factors that have been largely neglected by critics, and employing a variety of original sources to demonstrate the contexts of Gothic fiction and explain its development in the Victorian period.

The Marquise de Gange

While poetry has been the genre most closely associated with the Romantic period, the novel of the late eighteenth and early nineteenth centuries has attracted many more readers and students in

recent years. Its canon has been widened to include less well known authors alongside Jane Austen, Walter Scott, Maria Edgeworth and Thomas Love Peacock. Over the last generation, especially, a remarkable range of popular works from the period have been re-discovered and reread intensively. This Companion offers an overview of British fiction written between roughly the mid-1760s and the early 1830s and is an ideal guide to the major authors, historical and cultural contexts, and later critical reception. The contributors to this volume represent the most up-to-date directions in scholarship, charting the ways in which the period's social, political and intellectual redefinitions created new fictional subjects, forms and audiences.

'The Romance of the Forest' evokes a world drenched in both horror and natural splendor, beset with abductions and imprisonments, and centered upon the frequently terrified but still resourceful and determined heroine Adeline.

Memoirs of Emma Courtney

In a world where the value of a liberal arts education is no longer taken for granted, Mark William Roche lucidly and passionately argues for its essential importance. Drawing on more than thirty years of experience in higher education as a student, faculty member, and administrator, Roche deftly connects the broad theoretical perspective of educators to the practical needs and questions of students and their parents. Roche develops three overlapping arguments for a strong liberal arts education: first, the intrinsic value of learning for its own sake, including exploration of the profound questions that give meaning to life; second, the cultivation of intellectual virtues necessary for success beyond the academy; and third, the formative influence of the liberal arts on character and on the development of a sense of higher purpose and vocation. Together with his exploration of these three values—intrinsic, practical, and idealistic—Roche reflects on ways to integrate them, interweaving empirical data with personal experience. *Why Choose the Liberal Arts?* is an accessible and thought-provoking work of interest to students, parents, and administrators.

The applications of Artificial Intelligence lie all around us; in our homes, schools and offices, in our cinemas, in art galleries and - not least - on the Internet. The results of Artificial Intelligence have been invaluable to biologists, psychologists, and linguists in helping to understand the processes of memory, learning, and language from a fresh angle. As a concept, Artificial Intelligence has fuelled and sharpened the philosophical debates concerning the nature of the mind, intelligence, and the uniqueness of human beings. In this Very Short Introduction, Margaret A. Boden reviews the philosophical and technological challenges raised by Artificial Intelligence, considering whether programs could ever be really intelligent, creative or even conscious, and shows how the pursuit of Artificial Intelligence has helped us to appreciate how human and animal minds are possible. A Geography of Victorian Gothic Fiction

This handbook provides a comprehensive overview of research on the Gothic Revival. The Gothic Revival was based on emotion rather than reason and when Horace Walpole created Strawberry Hill House, a gleaming white castle on the banks of the Thames, he had to create new words to

describe the experience of gothic lifestyle. Nevertheless, Walpole's house produced nightmares and his book *The Castle of Otranto* was the first truly gothic novel, with supernatural, sensational and Shakespearean elements challenging the emergent fiction of social relationships. The novel's themes of violence, tragedy, death, imprisonment, castle battlements, dungeons, fair maidens, secrets, ghosts and prophecies led to a new genre encompassing prose, theatre, poetry and painting, whilst opening up a whole world of imagination for entrepreneurial female writers such as Mary Shelley, Joanna Baillie and Ann Radcliffe, whose immensely popular books led to the intense inner landscapes of the Bronte sisters. Matthew Lewis's *The Monk* created a new gothic: atheistic, decadent, perverse, necrophilic and hellish. The social upheaval of the French Revolution and the emergence of the Romantic movement with its more intense (and often) atheistic self-absorption led the gothic into darker corners of human experience with a greater emphasis on the inner life, hallucination, delusion, drug addiction, mental instability, perversion and death and the emerging science of psychology. The intensity of the German experience led to an emphasis on doubles and schizophrenic behaviour, ghosts, spirits, mesmerism, the occult and hell. This volume charts the origins of this major shift in social perceptions and completes a trilogy of Palgrave Handbooks on the Gothic—combined they provide an exhaustive survey of current research in Gothic studies, a go-to for students and researchers alike.

Stefano is also drawn to Monique, the girl in a photograph on Rosalind's wall, who went missing during the war. But when he discovers letters written by Monique, a darker truth emerges. Winter of Ice and Iron

The essays in this book, written by poets, novelists, mountain-climbers and academics from all over the world, evoke the representation of mountains in the English-speaking world as artists, writers, philosophers or mountain-climbers have represented them from the sixteenth to the twenty-first centuries. From the Alps to the Pyrenees, from Mount Fuji to Mount Shasta, from the Himalayas to the Scottish Highlands, from Ikere in Nigeria to Devil's Tower in the United States, from Uluru in Australia to the most northern mountain of the Arctic, the shapes of the world speak the same language and tell the world its own story. This interdisciplinary book, weaving together mountaineering, literature, philosophy, painting, cinema, ecology, history, palaeontology, geography, geopolitics, toponymy, law, religion and myth, invites people to an innovative reading of mountains: it reveals the close relationship existing between the shapes of the world and all forms of writing and, at the same time, it shows how the representations of the imagination may be instrumental in protecting the natural world. The story told by the landscape inscribes a broken line in the shapes of the world, tearing the landscape like a fragile page whenever historical and political events (wars, mining or deforestation) leave scars in the landscape; but writers' and artists' representations of mountains constitute a path to awareness as they are not only a painting of beauty, but an image of our link to nature and a warning as well. For centuries the image of the mountain has conveyed a symbolism telling the story of human thought, and this book shows to what extent literature and art play an essential part in our awareness of nature.

The Cambridge Companion to Fiction in the Romantic Period

Henry V, War Criminal?

'Shakespeare loves loose ends; Shakespeare also loves red herrings.' Stephen Orgel Loose ends and red herrings are the stuff of detective fiction, and under the scrutiny of master sleuths John Sutherland and Cedric Watts Shakespeare's plays reveal themselves to be as full of mysteries as

any Agatha Christie novel. Is it summer or winter in Elsinore? Do Bottom and Titania make love? Does Lady Macbeth faint, or is she just pretending? How does a man putrefy within minutes of his death? Is Cleopatra a deadbeat Mum? And why doesn't Juliet ask 'O Romeo Montague, wherefore art thou Montague?' As Watts and Sutherland explore these and other puzzles Shakespeare's genius becomes ever more apparent. Speculative, critical, good-humoured and provocative, their discussions shed light on apparent anachronisms, performance and stagecraft, linguistics, Star Trek and much else. Shrewd and entertaining, these essays add a new dimension to the pleasure of reading or watching Shakespeare. 'Few modern academics are doing quite so much as Professor Sutherland to connect the "common reader" with great books' Independent

King Henry V

A thorough account of its performance history including introduction, full text of play and footnotes.

Henry V, Holy Warrior

King Henry V saw his reign and military efforts in France as a holy crusade to reclaim the French throne for his ancestors. Almost everything he did was governed by a well-thought-out philosophy that united political power, religious devotion and military success. This book includes the most up-to-date research on Henry V's reign, with a focus on historiography. His role in English history, as well as his actions as a ruler and military commander, are discussed throughout the text. This approach demonstrates how historians interact with a complicated academic literature that oscillates between hero worship and vilification of Henry. In the end, Henry V is measured by the standards of his day and was unquestionably a successful warrior king.

Typhoon and Other Tales

The four tales in this volume share autobiographical origins in Conrad's experience at sea and his exile from Poland. They vividly present Conrad's preoccupation with the theme of solidarity, challenged from without by the elements and from within by human doubts and fears. This revised edition uses the English first edition texts and has a new chronology and bibliography.

Heart of Darkness and Other Tales

HEART OF DARKNESS * AN OUTPOST OF PROGRESS * KARAIN * YOUTH The finest of all Conrad's tales, 'Heart of Darkness' is set in an atmosphere of mystery and menace, and tells of Marlow's perilous journey up the Congo River to relieve his employer's agent, the renowned and formidable Mr Kurtz. What he sees on his journey, and his eventual encounter with Kurtz, horrify and perplex him, and call into question the very bases of civilization and human nature. Endlessly reinterpreted by critics and adapted for film, radio, and television, the story shows Conrad at his most intense and sophisticated. The other three tales in this volume depict corruption and obsession, and question racial assumptions. Set in the exotic surroundings of Africa, Malaysia, and the East, they variously appraise the glamour, folly, and rapacity of imperial adventure. This revised edition uses the English first edition texts and has a new chronology and bibliography. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Signs of Identity

This volume conceives of identity constructs in a broader semiotic way, specifically within a communicational and comparative perspective. This implies a rethinking of "identity" in terms of the relationship between an individual's "way of being" and performativity. The contributions here cover a variety of pre-texts, texts and contexts, periods and genres, from Medieval clothing to multicultural discourse, and from modern poetry to postcolonial narratives, among others. Integrating research from Germany, Greece, Iraq and Romania, this collection of fifteen chapters will be of interest to all those involved in the reevaluation of identity – a central term in the social and cultural space.

The Glorious Art of Peace

Human progress and prosperity depend on a peaceful environment, and most people have always sought to live in peace, yet our perception of the past is dominated too often not by stories of peace but by tales of war. In this path-breaking study, former Guardian East Asia Editor John Gittings demolishes the myth that peace is dull and that war is in our genes, and opens an alternative window on history to show the strength of the case for peace which has been argued from ancient times onwards. Beginning with a new analysis of the treatment of peace in Homer's *Iliad*, he explores the powerful arguments against war made by classical Chinese and Greek thinkers, and by the early Christians. Gittings urges us to pay more attention to Erasmus on the Art of Peace, and less to Machiavelli on the Art of War. The significant shift in Shakespeare's later plays towards a more peace-oriented view is also explored. Gittings traces the growth of the international movement for peace from the Enlightenment to the present day, and assesses the inspirational role of Tolstoy and Gandhi in advocating non-violence. Bringing the story up to date, he shows how the League of Nations in spite of its "failure" led to high hopes for a stronger United Nations, but that real chances for peace were missed in the early years of the cold war. And today, Gittings argues that, instead of being obsessed by a new "war on terror" we should be seeking peaceful solutions to the challenges of nuclear proliferation, conflict and extremism, poverty and inequality, and climate change. This paperback edition includes a new preface, in which Gittings looks at how the world is confronted with new dangers to peace, as the election of President Trump highlights the continuing unpredictability and irrational nature of a system of international relations which could lead to new wars and even nuclear disaster.

Ambiguity in Shakespeare's History Play "King Henry V"

Seminar paper from the year 2012 in the subject Didactics for the subject English - Literature, Works, grade: 1,00, Staatliche Berufliche Oberschule Fachoberschule / Berufsbildungsschule Kaufbeuren, language: English, abstract: "King Henry V" has always been considered as Shakespeare's most patriotic play, one could even argue his most nationalistic play. "King Henry V" appears to be the story of the ideal English king who is brave, charismatic, honourable and pious or as Shakespeare puts it, he is "the mirror of all Christian kings" who fights for what is righteously his and leads his "band of brothers" to victory against impossible odds. However, to truly understand Shakespeare's motivations, we have to take a look at the tumultuous time in which the play was written. Under the reign of Elizabeth I., England had either been at war or at the constant threat of one for decades. It was a time of frequent conspiracies to overthrow the queen and bloody rebellions. In this context the play can be seen as an attempt to raise the morale and to rally the English around a common cause. This interpretation becomes plausible given the fact that the play's popularity increased whenever England was threatened, for example in both world wars and the Napoleonic wars. Nevertheless "King Henry V" is not just simple wartime propaganda, it's an ambiguous play which can be interpreted both as a glorification of war or alternatively as a subtle critique of the cruelty and futility of war. It lies entirely in the eye of the beholder. Someone with a patriotic point of view might identify himself with the virtuous Henry or admire that - although weakened by plague and famine - the English soldiers and their king defeats a superior French army, whereas a more critical reader might question the legitimacy of waging a war of aggression in the first place. Furthermore particularly modern readers feel disgusted by the killing of the unarmed prisoners at the battle of Agincourt. Nowadays it would be considered a war crime and even back then it was considered inhumane. On the one hand Shakespeare seems to show the ideal monarch and an English nation united in victory, on the other hand he shows the ugly face of war with all his atrocities and inhumanity. In the following essay I will show both, the patriotic and a more critical perspective and the reason why Shakespeare implemented both of them in his play.

Shakespeare Puzzles

Professor Cedric Watts discusses 25 puzzles presented by the works of Shakespeare. For instance: The Sonnets - autobiographical or fictional? What is the plot of the long-lost *Love's Labour's Won*? What are the 'glass eyes' in *King Lear*? Prospero's epilogue: is it really Shakespeare's farewell? Repeatedly, these challenging discussions reveal and resolve problematic features of the works, and demonstrate the linkage of minor and major concerns. Cedric Watts, Emeritus Professor of English at Sussex University, was co-author (with John Sutherland) of the acclaimed book, *Henry V: War Criminal?* and *Other Shakespeare Puzzles*. This new selection of puzzles was first published in *Around the Globe*, the magazine of Shakespeare's Globe Theatre in London.

This companion to Shakespeare's comedies contains original essays on every comedy from *The Two Gentlemen of Verona* to *Twelfth Night* as well as twelve additional articles on such topics as the humoral body in Shakespearean comedy, Shakespeare's comedies on film, Shakespeare's relation to other comic writers of his time, Shakespeare's cross-dressing comedies, and the geographies of Shakespearean comedy.

Shakespeare in Southern Africa

Paul A. Cantor first probed Shakespeare's Roman plays—*Coriolanus*, *Julius Caesar*, and *Antony and Cleopatra*—in his landmark *Shakespeare's Rome* (1976). With *Shakespeare's Roman Trilogy*, he now argues that these plays form an integrated trilogy that portrays the tragedy not simply of their protagonists but of an entire political community. Cantor analyzes the way Shakespeare chronicles the rise and fall of the Roman Republic and the emergence of the Roman Empire. The transformation of the ancient city into a cosmopolitan empire marks the end of the era of civic virtue in antiquity, but it also opens up new spiritual possibilities that Shakespeare correlates with the rise of Christianity and thus the first stirrings of the medieval and the modern worlds. More broadly, Cantor places Shakespeare's plays in a long tradition of philosophical speculation about Rome, with special emphasis on Machiavelli and Nietzsche, two thinkers who provide important clues on how to read Shakespeare's works. In a pathbreaking chapter, he undertakes the first systematic comparison of Shakespeare and Nietzsche on Rome, exploring their central point of contention: Did Christianity corrupt the Roman Empire or was the corruption of the Empire the precondition of the rise of Christianity? Bringing Shakespeare into dialogue with other major thinkers about Rome, *Shakespeare's Roman Trilogy* reveals the true profundity of the Roman Plays.

Forthcoming Books

This book explores the supernatural and prophetic elements within Shakespeare's ten plays of English history: *King John*, *Richard II*, *Henry IV* (Parts One and Two), *Henry V*, *Henry VI* (Parts One, Two and Three), *Richard III*, and *Henry VIII*. Treating each as a form of nonfiction, it analyzes these plays and their prophecies through the lens of free will or fate, demonstrating how Shakespeare's characters are entangled with cosmic forces and the occult. The author makes several intriguing discoveries regarding Shakespeare's plays, beliefs, and the world he lived in.

Shakespeare's Roman Trilogy

This is the first-ever book length study of one of the most important and constantly innovative 19th century book and periodical publishers. The mysterious and often elusive but enormously influential Henry Colburn (c.1784 - 16 August 1855) was the pre-eminent publisher of 'silver-fork' novels, and of many influential new writers. Colburn's main claim to rehabilitation are his troop of 'name' authors: Lady Morgan, Disraeli, Bulwer-Lytton, Captain Marryat, G.P.R James, Mrs. Margaret Oliphant, Mrs. Catherine Gore, Mrs. Caroline Norton, Frances Trollope, Anthony Trollope, Richard Cobbold, R. S. Surtees. Many

would not have had a start in the careers they later enjoyed were it not for Colburn. This is a lively, and important new work on early 19th-century publishing and the patterns for the century which Colburn set. It sketches in tantalizing outlines the Regency, early nineteenth-century and Victorian book trades - and the consequences of Colburn's impact on those worlds. In addition, the work centres on Colburn's most celebrated authors. The book - which is well illustrated - contains the first catalogue of Colburn's publications. Thus far, literary and publishing history have drawn a formidable charge sheet against Henry Colburn. In personal pedigree he is slandered as a 'guttersnipe', or a 'royal bastard'. In Disraeli's pungent description he was a publishing 'bawd', engaged in wholesale literary prostitution. A very bad thing. And yet this publishing Barabbas can be argued to have been innovative and a force for constructive change in the rapidly evolving book trade and---paradoxically---a man of taste. Various rumours circulated that he was either a bastard of the Duke of York or of Lord Landsdowne. Date uncertain. He liked to weave illustrious (typically mendacious) pedigrees for himself as much as for his dubiously aristocratic purveyors of silver forkery. What, precisely, did Colburn do that should raise his reputation and make us see him as a good thing? In the largest sense he demonstrated, by example and practice, the need for consolidation between hitherto dismembered arms of the London book world. Beginning his career at apprentice level in the London West End circulating-library business he went on, having learned at the counter what the customer wanted, to become the undisputed market leader in the publication of three-volume novels and (sub-Murray) travel books. The three-decker went on to become the foundation-stone of the 'Leviathan' library system (Mudie's and Smith's) and created a seventy-year stability in the publishing, distribution and reception of English fiction. In 1814 Colburn founded the New Monthly Magazine. In 1817, he set up England's first serious weekly review, the Literary Gazette. In 1828 he helped found the Athenaeum (distant parent of today's New Statesman). His behaviour, as a magazine proprietor and editor at large was typically outrageous. But the link he forged between higher journalism and literature was momentous.

A Secret Book

Arden Early Modern Drama Guides offer students and academics practical and accessible introductions to the critical and performance contexts of key Elizabethan and Jacobean plays. Essays from leading international scholars give invaluable insight into the text by presenting a range of critical perspectives, making the books ideal companions for study and research. Key features include: Essays on the play's critical and performance history A keynote essay on current research and thinking about the play A selection of new essays by leading scholars A survey of resources to direct students' further reading about the play in print and online This volume offers a thought-provoking guide to King Henry V, surveying the play's rich critical and performance history, with a particular emphasis on its reputation in France as well as Britain and the US. A chapter on non-Anglophone reactions to the play, alongside new essays on British identity, religion, medieval warfare and the questioning of Henry V's heroism, open up ground-breaking perspectives on the play. The volume also includes discussions of King Henry V's rich theatrical and filmic heritage, and a guide to learning and teaching resources and how these might be integrated into effective pedagogic strategies in the classroom.

Rip Roaring Adventure

This expansive four-volume work gives students detailed explanations of Shakespeare's plays and poems and also covers his age, life, theater, texts, and language. Numerous excerpts from primary source historical documents contextualize his works, while reviews of productions chronicle his performance history and reception. Shakespeare's works often served to convey simple truths, but they are also complex, multilayered masterpieces. Shakespeare drew on varied sources to create his plays, and while the plays are sometimes set in worlds before the Elizabethan age, they nonetheless parallel and comment on situations in his own era. Written with the needs of students in mind, this four-volume set demystifies Shakespeare for today's readers and provides the necessary perspective and analysis students need to better appreciate the genius of his work. This indispensable ready reference examines Shakespeare's plots, language, and themes; his use of sources and exploration of issues important to his age; the interpretation of his works through productions from the Renaissance to the present; and the critical reaction to key questions concerning his writings. The book provides coverage of each key play and poems in discrete sections, with each section presenting summaries; discussions of themes, characters, language, and imagery; and clear explications of key passages. Readers will be able to inspect historical documents related to the topics explored in the work being discussed and view excerpts from Shakespeare's sources as well as reviews of major productions. The work also provides a comprehensive list of print and electronic resources suitable for student research.

The Life of King Henry the Fifth

In this book, Vincenzo Ruggiero offers a typology of different forms of political violence. From systemic and institutional violence, to the behaviour of crowds, to armed conflict and terrorism, Ruggiero draws on a range of perspectives from criminology, social theory, political science, critical legal studies and literary criticism to consider how these forms of violence are linked in an interdependent field of forces. Ruggiero argues that systemic violence encourages more institutional violence, which in turn weakens the ability of citizens to set up political agendas for change. He advocates for a reduction of all types of violence, which can be enacted through fairer distribution of resources and the provision of political space for contention and negotiation. This book will be of interest to all those engaged in research on violence, terrorism, armed conflict and the crimes of the powerful. It makes an important contribution to criminological and social theory.

American Book Publishing Record

This is part of a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science. This work explores the business end of politics, where theory meets practice in the pursuit of public good.

Henry V

A sketch of Conrad's varied cultural background (emphasising the Polish aspect) provides a biographical outline for this study, which then concentrates on the progress of Conrad's literary career, paying particular attention to his economic circumstances and the milieu of publishing.

King Henry V: A Critical Reader

'To the English, I am "shocking"...What's more, French, which is disgusting; republican, which is abominable; exiled, which is repulsive; defeated, which is infamous. To top it all off, a poet...' Victor Hugo dominated literary life in France for over half a century, pouring forth novels, poems, plays, and other writings with unflagging zest and vitality. Here, for the first time in English, all aspects of his work are represented within a single volume. Famous scenes from the novels *Notre-Dame*, *Les Misérables*, and *The Toilers of the Sea* are included, as well as excerpts from his intimate diaries, poems of love and loss, and scathing denunciations of the political establishment. All the chosen passages are self-contained and can be enjoyed without any previous knowledge of Hugo's work. Much of the material is appearing in English for the first time, and most of it has never before been annotated thoroughly in any language.

Shakespeare's Henry V

Ned Henry is a time-travelling historian who specialises in the mid-20th century - currently engaged in researching the bombed-out Coventry Cathedral. He's also made so many drops into the past that he's suffering from a dangerously advanced case of 'time-lag'. Unfortunately for Ned, an emergency dash to Victorian England is required and he's the only available historian. But Ned's time-lag is so bad that he's not sure what the errand is - which is bad news since, if he fails, history could unravel around him ... Winner of the Hugo Award for best novel, 1999 Introduction by Pat Cadigan

The Definitive Shakespeare Companion [4 volumes]

R. B. Cunninghame Graham (1852-1936) was one of the most brilliant and mercurial characters of his day. Known as 'Don Roberto' and 'the Modern Don Quixote' because of his Spanish blood and impetuous life-style, and as 'the Uncrowned King of Scotland' because of his descent from King Robert II, he was a paradoxical man whose career was astonishingly varied. After an early period as an adventurer, when he worked as a cattle-rancher and horse-dealer in South America and Texas, he embarked on a stormy political career. He was the first socialist in Parliament, was gaoled after assailing the police at the Battle of Trafalgar Square on Bloody Sunday, 1887, later became the founder and president of the first Labour Party, and was eventually elected president of the Scottish National Party. Meanwhile he travelled in Morocco disguised as an Arab sheik and prospected for gold in Spain.

Visions of Political Violence

An engaging guide to a rich literary heritage, *The Stanford Companion* presents a fascinating parade of novels, authors, publishers, editors, reviewers, illustrators, and periodicals that created the culture of Victorian fiction. Its more than 6,000 alphabetical entries provide an incomparable range of useful and little-known source material, its scholarship enlivened by the author's wit and candor.

Bibliographic Guide to Psychology

Described by the TLS as 'a formidable bibliographical achievement ... destined to become a key reference work for Shakespeareans', *Shakespeare in Print* is now issued in a revised and expanded edition offering a wealth of new material, including a chapter which maps the history of digital editions from the earliest computer-generated texts to the very latest digital resources. Murphy's narrative offers a masterful overview of the history of Shakespeare publishing and editing, teasing out the greater cultural significance of the ways in which the plays and poems have been disseminated and received over the centuries from Shakespeare's time to our own. The opening chapters have been completely rewritten to offer close engagement with the careers of the network of publishers and printers who first brought Shakespeare to print, additional material has been added to all chapters, and the chronological appendix has been updated and expanded.

Book Review Digest

A graphic novel adaptation of William Shakespeare's play about two young lovers in Verona, whose families are enemies.

King Henry V

Many teens today who use the Internet are actively involved in participatory cultures—joining online communities (Facebook, message boards, game clans), producing creative work in new forms (digital sampling, modding, fan videomaking, fan fiction), working in teams to complete tasks and develop new knowledge (as in Wikipedia), and shaping the flow of media (as in blogging or podcasting). A

growing body of scholarship suggests potential benefits of these activities, including opportunities for peer-to-peer learning, development of skills useful in the modern workplace, and a more empowered conception of citizenship. Some argue that young people pick up these key skills and competencies on their own by interacting with popular culture; but the problems of unequal access, lack of media transparency, and the breakdown of traditional forms of socialization and professional training suggest a role for policy and pedagogical intervention. This report aims to shift the conversation about the "digital divide" from questions about access to technology to questions about access to opportunities for involvement in participatory culture and how to provide all young people with the chance to develop the cultural competencies and social skills needed. Fostering these skills, the authors argue, requires a systemic approach to media education; schools, afterschool programs, and parents all have distinctive roles to play. The John D. and Catherine T.
