The lives of three strangers interconnect in unforeseen ways—and with unexpected consequences—in acclaimed author Dan Chaon's gripping, brilliantly written new novel. Longing to get on with his life, Miles Cheshire nevertheless can't stop searching for his troubled twin brother, Hayden, who has been missing for ten years. Hayden has covered his tracks skillfully, moving stealthily from place to place, managing along the way to hold down various jobs and seem, to the people he meets, entirely normal. But some version of the truth is always concealed. A few days after graduating from high school, Lucy Lattimore sneaks away from the small town of Pompey, Ohio, with her charismatic former history teacher. They arrive in Nebraska, in the middle of nowhere, at a long-deserted motel next to a dried-up reservoir, to figure out the next move on their path to a new life. But soon Lucy begins to feel quietly uneasy. My whole life is a lie, thinks Ryan Schuyler, who has recently learned some shocking news. In response, he walks off the Northwestern University campus, hops on a bus, and breaks loose from his existence, which suddenly seems abstract and tenuous. Presumed dead, Ryan decides to remake himself—through unconventional and precarious means. *Await Your Reply* is a literary masterwork with the momentum of a thriller, an unforgettable novel in which pasts are invented and reinvented and the future is both seductively uncharted and perilously unmoored.

Ill Will

NATIONAL BESTSELLER • Two sensational unsolved crimes—one in the past, another in the present—are linked by one man's memory and self-deception in this chilling novel of literary suspense from National Book Award finalist Dan Chaon. Includes an exclusive conversation between Dan Chaon and Lynda Barry **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY** The Wall Street Journal • NPR • The New York Times • Los Angeles Times • The Washington Post • Kirkus Reviews • Publishers Weekly "We are always telling a story to ourselves, about ourselves." This is one of the little mantras Dustin Tillman likes to share with his patients, and it's meant to be reassuring. But what if that story is a lie? A psychologist in suburban Cleveland, Dustin is drifting through his forties when he hears the news: His adopted brother, Rusty, is being released from prison. Thirty years ago, Rusty received a life sentence for the massacre of Dustin's parents, aunt, and uncle. The trial came to epitomize the 1980s hysteria over Satanic cults; despite the lack of physical evidence, the jury believed the outlandish accusations Dustin and his cousin made against Rusty. Now, after DNA analysis has overturned the conviction, Dustin braces for a reckoning. Meanwhile, one of Dustin's patients has been plying him with stories of the drowning deaths of a string of drunk college boys. At first Dustin dismisses his patient's suggestions that a serial killer is at work as paranoid thinking, but as the two embark on an amateur investigation, Dustin starts to believe that there's more to the deaths than coincidence. Soon he becomes obsessed, crossing all professional boundaries—and putting his own family in harm's way. From one of today's most renowned practitioners of literary suspense, *Ill Will* is an intimate thriller about the failures of memory and the perils of self-deception. In Dan Chaon's nimble, chilling prose, the past looms over the present, turning each into a haunted place. "In his haunting, strikingly original new novel, [Dan] Chaon takes formidable risks, dismantling his timeline like a film editor."—The New York Times Book Review "The scariest novel of the year . . . ingenious . . . Chaon's novel walks along a garrote stretched taut between Edgar Allan Poe and Alfred Hitchcock."—The Washington Post

Among the Missing

In this haunting, bracing new collection, Dan Chaon shares stories of men, women, and children who live far outside the American Dream, while wondering which decision, which path, or which accident brought them to this place. Chaon mines the psychological landscape of his characters to dazzling effect. Each story radiates with sharp humor, mystery, wonder, and startling compassion. Among the Missing lingers in the mind through its subtle grace and power of language.

You Remind Me of Me

With his critically acclaimed *Among the Missing* and *Fitting Ends*, award-winning author Dan Chaon proved himself a master of the short story form. He is a writer, observes the Chicago Tribune, who can "convincingly squeeze whole lives into a mere twenty pages or so." Now Chaon marshals his notable talents in his much-anticipated debut novel. *You Remind Me of Me* begins with a series of separate incidents: In 1977, a little boy is savagely attacked by his mother's pet Doberman; in 1997 another little boy disappears from his grandmother's backyard on a sunny summer morning; in 1966, a pregnant teenager admits herself to a maternity home, with the intention of giving her child up for adoption; in 1991, a young man drifts toward a career as a drug dealer, even as he hopes for something better. With penetrating insight and a deep devotion to his characters, Dan Chaon explores the secret connections that irrevocably link them. In the process he examines questions of identity, fate, and circumstance: Why do we become the people that we become? How do we end up stuck in lives that we never wanted? And can we change the course of what seems inevitable? In language that is both unflinching and

exquisite, Chaon moves deftly between the past and the present in the small-town prairie Midwest and shows us the extraordinary lives of “ordinary” people.

Fitting Ends and Other Stories

Dan Chaon's first collection offers thirteen deft stories detailing the panicked angst of the American generation now approaching thirty. His characters are unnerved by the discrepancy between their youthful expectations and adult reality; they long for understanding and acceptance but are thwarted by failed love, family disruptions, dull work, and sexual confusion. His perfect pitch captures voices that still believe in life, but can't quite manage their lives.

Stay Awake

Presents twelve short stories among which a father's life is upended by his son's night terrors, a foster child receives a call from the past and begins to remember his birth mother, and a divorced woman experiences her own dark version of empty-nest syndrome.

For fans of Ronda Rousey's MY FIGHT, YOUR FIGHT and John Kavanagh's WIN OR LEARN comes the first book from UFC fighter and now analyst Dan Hardy, who lifts the lid on his own career and writes with insight and eloquence on all things MMA and UFC, the brutal and ever-evolving sport that launched such superstars as Conor McGregor, Michael Bisping, Georges St-Pierre, Nate Diaz and Amanda Nunes. Dan Hardy's first book is much more than a straightforward MMA autobiography. Taking the key fights from his career, Hardy explores the sport with the unparalleled insight that has made him the best analyst working today. From training in China with Shaolin monks, to how MMA helped him channel his rage, to psychedelics and the ceremony in Peru that changed his life, to tapping into his 'reptilian brain' and the psychological warfare of UFC, to his epic title fight with Georges St-Pierre. Hardy also speaks eloquently of the heart condition that forced him to stop fighting, the road to recovery, and the evolution of a sport that flies in the face of mainstream disapproval to entertain and thrill millions of obsessives around the globe.

Crossings

Every gift has a price . . . every piece of lace has a secret. Towner Whitney, the self-confessed unreliable narrator, hails from a family of Salem women who can read the future in the patterns in lace, and who have guarded a history of secrets going back generations. Now the disappearance of two women is bringing Towner back home to Salem—and is bringing to light the shocking truth about the death of her twin sister.

Part Reptile

When Linda Fallon and Thomas Janes meet at a writers' festival in Toronto, it is the first time they have seen each other for twenty-six years. Theirs is a story bound by the irresistible pull of true passion -- a love which begins in Massachusetts in the early 1960s, is rekindled in Kenya in the mid 1970s and which is about to play out its astonishing final episode . . . Written with reverse chronology, Anita Shreve's new novel is a haunting story of mesmerising beauty, with a strong narrative pull that inescapably draws the reader in, and leaves its most stunning revelation until the very last pages. Brilliantly ambitious and powerfully written, **THE LAST TIME THEY MET** is a tale not so much of life, but of a life not lived.

The Lace Reader

An otherworldly short story collection that shines “a glaring light on the complexities of human personality and family relationships” (Kirkus Reviews). “Paul Griner is a daredevil storyteller. . . . Anyone who cares about the short story—or just loves good writing—should make a beeline for this remarkable collection.” —Tom Perotta, author of *The Leftovers* The stories in *Hurry Please I Want to Know* invite urgent curiosity as Paul Griner spins between quotidian worlds infused with the foreign and the familiar. A man brings his mother back from the dead, only to find her most irritating quirk magnified. A low-ranking soldier is forced to milk a cow within enemy range. A cartoonist's daughter waits each morning to see how her father's mood dictates how he will draw her face. Grieving siblings wait to inherit one of their father's physical features after his death . . . Griner's endings shift between the shocking and quiet. The result is a meditation on capturing the intangible, and the human fascination with realms that are not our own. *Hurry Please I Want to Know* gives us the sensation of falling into someone else's world and an immediate future spent sorting out its thrilling peculiarities. “Griner approaches everyday tragedies by building elaborate machines and shaky structures in the hope of creating a facsimile of life that might somehow become real . . . A pleasure.” —The New York Times “Griner overlays tales of family, artistry, and parent-child relationships with elements of the surreal, in order to create, in the words of one character, ‘an undercurrent of mournfulness’.” —Publishers Weekly “The writing is careful, precise, shocking—stylistically brilliant.” —Bobbie Ann Mason, author of *The Girl in the Blue Beret*

The Last Time They Met

The first novel in over a decade from perhaps the most admired writer in America.

Hurry Please I Want to Know

Imprisoned in his tyrannical uncle's ruined mansion, the young hero of Adalbert Stifter's *The Bachelors* must confront his past in order to regain control of his life

The Last Thing He Wanted

Sometimes - perhaps only for an instant - we fail to recognise a companion; for a moment their identity ceases to exist, and thus we come to doubt our own. The effect is at its most acute in a couple where our existence is given meaning by our perception of a lover, and theirs of us. With his astonishing skill at building on and out from the significant moment, Kundera has placed such a situation and the resulting wave of panic at the core of the novel. In a narrative as intense as it is brief, a moment of confusion sets in motion a complex chain of events which forces the reader to cross and recross the divide between fantasy and reality. Profound, sad and disquieting but above all a love story, *Identity* provides further proof of Kundera's astonishing gifts as a novelist.

The Bachelors

An occult Nazi program is threatened by a philosopher's letter to a friend in this “stunning work, full of mystery and strange tenderness” (Dan Chaon). In the waning days of World War II, Nazi Germany is coming apart at the seams. Yet the death machine continues to churn. The Third Reich's obsession with the astral plane has led to the formation of an underground compound of scribes—translators charged with answering letters addressed to concentration camp inmates who are most likely dead. Into this covert compound comes a letter written by eminent philosopher Martin Heidegger to his optometrist, a prisoner of Auschwitz. Goebbels himself has demanded a response. But the mere presence of Heidegger's words—one simple letter in a place filled with letters—sparks a series of events that will ultimately threaten the safety of the entire compound. With this debut novel that is part thriller and part meditation on how the dead are remembered—and with threads of Heidegger's philosophy

woven throughout—Thaisa Frank deftly reconstructs the landscape of Nazi Germany in “a spellbinding, innovative, intellectually compelling tour-de-force” (Michelle Huneven).

Identity

A mysterious postcard's arrival forces a newly-single mother to choose between her commune past and her future with her daughter.

Orion's Daughters

“These stories were my kind of stories--a little weird and magical and bittersweet.” --Roxane Gay, New York Times bestselling author of *Bad Feminist* and *Hunger* A middle-aged masochist in love with a comatose man. A gay birthday clown lamenting the loss of his beloved dog. An amateur veterinarian keeping watch over his suicidal daughter. And a bikini model with a barnacle stuck to her butt cheek. These are just a few of the characters who populate the quirky, offbeat world of *If You Lived Here You'd Already Be Home* a world that feels at once alien and strangely familiar. In these twenty-one brief, funny stories, John Jodzio documents his characters disappointment, frustration, and longing for a home that seems forever out of reach. By turns bleak and hopeful, cruel and tender, this is an exciting literary debut by a writer to watch, a writer with a unique and compelling voice. “John Jodzio is the best kind of modern fiction writer: a thematic traditionalist who feels totally new.” —Chuck Klosterman, New York Times bestselling author

The Bend of the World: A Novel

“Fried’s stories are laugh-out-loud hilarious and wonderfully weird, yet his many strange worlds also have the power to haunt.” --Dan Chaon In “Loeka Discovered,” a buzz flows throughout a lab when scientists unearth a perfectly preserved prehistoric man who suggests to them the hopefulness of life, but the more they learn, the more the realities of ancient survival invade their buoyant projections. “Frost Mountain Picnic Massacre” meditates on why an entire town enthusiastically rushes out to the annual picnic that ends, year after year, in a massacre of astonishing creativity and casualty. The title story illuminates the desires and even the violence that surges beneath the tenuous peace among the animals in the Garden of Eden. Equal parts fable and wry satire, Seth Fried’s stories suggest that we are at our most compelling and human when wrestling with the most frustrating aspects of both the world around us and of our very own natures—and show why he has been called “one of the most exciting new voices in fiction” (Charles Yu, author of *How to Live Safely in a Science Fictional Universe*). “He’s channeling Saunders by way of Barthelme and Kafka, but also clearing a whole new territory of his own . . . Seth Fried is the future of fiction.” —Hannah Tinti, author of *The Good Thief*

Reconstructive facial surgery after a car crash so alters Manhattan model Charlotte that, within the fashion world, where one's look is oneself, she is unrecognizable. Seeking a new image, Charlotte engages in an Internet experiment that may both save and damn her. As her story eerily converges with that of a plain, unhappy teenager - another Charlotte - it raises tantalizing questions about identity and reality in contemporary Western culture. Jennifer Egan's bold, innovative novel, demonstrating her virtuosity at weaving a spellbinding, ambitious tale with language that dazzles, captures the spirit of our times and offers an unsettling glimpse of the future.

The Great Frustration

'Sensuous and transporting... filled with the colours, tastes and fragrances of life in 17th century Isfahan. Amirrezvani clearly knows and loves the ways of old Iran, and brings them to life with the cadences of a skilled story-spinner' Geraldine Brooks *THE BLOOD OF FLOWERS* is a mesmerizing historical novel about a young Iranian woman whose destiny changes on the sudden death of her father. Forced to leave their village, the woman and her mother travel to the beautiful city of Isfahan, where they are taken in by an uncle, a wealthy carpet designer, and his unsympathetic wife. When an ill-considered action

results in the heroine's fall from grace, she is forced into an extraordinary secret marriage. Spirited and rebellious, she wants to be free to live a life her own choosing, if she can find a way. 'The most wonderful book... Fascinating, totally original and utterly gripping' Esther Freud 'The prose... positively glows on the page, and the characterisation is similarly acute, notably of the wonderfully drawn heroine. As a journey into a society that will be alien to most readers, this is a remarkable achievement' Barry Forshaw

The Blood Of Flowers

Judge Oliver Garland has just died in suspicious circumstances. Conservative and controversial, Garland had many enemies. Many years ago, he'd earned a judge's highest prize: a Supreme Court nomination. But in a scene of bitter humiliation in front of a televised audience and before the eyes of his family, he had to withdraw his nomination. It was a national scandal, and a private agony, one from which he never recovered. Now, year's later, The judge's death raises even more questions than his life did and seems to be leading to a second terrible scandal. Could he have been murdered? He has left a strange message for his son Talcott, a professor at an elite Ivy League law school, entrusting him with 'the arrangements' - a mysterious puzzle that only Tal can unlock, and only by unearthing the ambiguities of his father's turbulent past. "Braids the stories of a family in three distinct voices: Amy, who leaves her Texas home at nineteen to start a new life with a man she barely knows, and her two children, Jackson and Lydia, who are rocked by their parents' abusive relationship ... At its heart, this is a novel about family, our choices and how we come to live with them, what it means to be queer in the rural West, and the changing idea of home"--

The Last Animal by Abby Geni is that rare literary find — a remarkable series of stories unified around one theme: people who use the interface between the human and the natural world to contend with their modern challenges of love, loss, and family life. These are vibrant, weighty stories that herald the arrival of a young writer of surprising feeling and depth. "Terror Birds" tracks the dissolution of a marriage set against an ostrich farm in the sweltering Arizona desert; "Dharma at the Gate" features the tempest of young love as a teenaged girl must choose between man's best friend, her damaged boyfriend, and a beckoning future; "Captivity" follows an octopus handler at an aquarium still haunted by the disappearance of her brother years ago; "The Girls of Apache Bryn Mawr" details a Greek chorus of Jewish girls at a summer camp whose favorite counselor goes missing under suspicious circumstances; "In the Spirit Room" centers on a scientist suffering the heartbreaking loss of a parent from Alzheimer's while living in the natural history museum where they both worked; in "Fire Blight" a father grieving over his wife's recent miscarriage finds an outlet for comfort in their backyard garden and makes a surprising discovery on how to cherish living things; and in the title story, a retired woman traces the steps of the husband who left her thirty years ago, burning the letters he had sent along the way, while the luminous and exotic wildlife of the Pacific Ocean opens up to receive her. Unflinching, exciting, ambitious and heartfelt, The Last Animal takes readers through a menagerie of settings and landscapes as it underscores the connection between all living things.

The Last Animal

Critically acclaimed author David Joy, whose debut, *Where All Light Tends to Go*, was hailed as “a savagely moving novel that will likely become an important addition to the great body of Southern literature” (The Huffington Post), returns to the mountains of North Carolina with a powerful story about the inescapable weight of the past. A combat veteran returned from war, Thad Broom can’t leave the hardened world of Afghanistan behind, nor can he forgive himself for what he saw there. His mother, April, is haunted by her own demons, a secret trauma she has carried for years. Between them is Aiden McCall, loyal to both but unable to hold them together. Connected by bonds of circumstance and duty, friendship and love, these three lives are blown apart when Aiden and Thad witness the accidental death of their drug dealer and a riot of dope and cash drops in their laps. On a meth-fueled journey to nowhere, they will either find the grit to overcome the darkness or be consumed by it.

The Mysterious Disappearance of Leon (I Mean Noel)

This irresistible debut, set in contemporary New York, provides a sharp, insightful look into how the relationship between two best friends changes when they are no longer coming of age but learning how to live adult lives. As close as sisters for twenty years, Sarah and Lauren have been together through high school and college, first jobs and first loves, the uncertainties of their twenties and the realities of their thirties. Sarah, the only child of a prominent intellectual and a socialite, works at a charity and is methodically planning her wedding. Lauren—beautiful, independent, and unpredictable—is single and working in publishing, deflecting her parents’ worries and questions about her life and future by trying not to think about it herself. Each woman envies—and is horrified by—particular aspects of the other’s life, topics of conversation they avoid with masterful linguistic pirouettes. Once, Sarah and Lauren were inseparable; for a long a time now, they’ve been apart. Can two women who rarely see one other, selectively share secrets, and lead different lives still call themselves best friends? Is it their abiding connection—or just force of habit—that keeps them together? With impeccable style, biting humor, and a keen sense of detail, Rumaan Alam deftly explores how the attachments we form in childhood shift as we adapt to our adult lives—and how the bonds of friendship endure, even when our paths diverge.

Rich and Pretty

“Why are you so unhappy?” That’s the question that Zeke Pappas, a thirty-three-year-old scholar, asks almost everybody he meets as part of an obsessive project, “The Inventory of American Unhappiness.” The answers he receives—a mix of true sadness and absurd complaint—create a collage of woe. Zeke, meanwhile, remains delightfully oblivious to the increasingly harsh realities that threaten his daily routine, opting instead to focus his energy on finding the perfect mate so that he can gain custody of his orphaned nieces. Following steps outlined in a women’s magazine, the ever-optimistic Zeke identifies some “prospects”: a newly divorced neighbor, a coffeehouse barista, his administrative assistant, and Sofia Coppola (“Why not aim high?”). A clairvoyant when it comes to the Starbucks orders of strangers,

a quixotic renegade when it comes to the federal bureaucracy, and a devoted believer in the afternoon cocktail and the evening binge, Zeke has an irreverent voice that is a marvel of lacerating wit and heart-on-sleeve emotion, underscored by a creeping paranoia and made more urgent by the hope that if he can only find a wife, he might have a second chance at life.
